

The Berrien County Record.

W. N. KINGSLEY, Editors. THURSDAY MORNING, JULY 10, 1873.

DUELS.

It has taken the world centuries, by the onward march of religion and learning, to cast aside many of the customs and practices which prevailed to an alarming extent during the dark ages, and which distinguish the barbarous races.

When we take a retrospective view of the condition of mankind in ages that are past, the picture presents a most melancholy scene of intellectual darkness.

The regard for law and right, the respect shown and safety guaranteed to private property and personal liberty which the history of the present day proves to exist, are the results of a long and severe contest, during which intelligence and correct moral principles have prevailed over ignorance and superstition.

There have been two duels in this country within the past two months, both resulting fatally. One between Mordecai and McCarty, in Virginia, in which the former was killed, and last week one in Louisiana, resulting in the death of Ex-Judge Cooley, at the hands of Colonel Rhett, editor of the Picayune.

EVILS OF SOCIETY.

One of the worst evils that almost every community has to contend with is the tongue of the slanderer. Go where you will throughout the length and breadth of this fair earth and in every little town and neighborhood you find there one or more whose tongues are known and dreaded.

COUNTY PAPERS.

Many people wonder why the County papers cannot contain the amount of reading matter and be furnished at the same price of the weekly papers published at Detroit, Chicago, New York and other large cities.

Those newspapers containing news for the general reader are not limited in the territory in which they circulate. Their circulation reaches beyond the point where they have a clear profit on their subscriptions, and not obliged to rely on advertising or any other means for support.

POSTAGE ON COUNTY PAPERS.

Some persons have, by some means, come in possession of an erroneous idea relative to postage on county papers. They seem to think it is the fault of the publishers that they have to pay five cents postage per quarter.

SUPREME COURT DECISION.

There has been a case recently decided in the Supreme Court of Ohio, touching the constitutionality of the law of that State, requiring teachers to open their schools by Bible reading and singing.

THE GREAT FOREPAUGH SHOW.

The "Great Forepaugh show" with its thousand and a half wild menagerie and rare birds, its great free menagerie, its grand museum, its mammoth tent, its five vast show tents and all its immense paraphernalia, is to exhibit at Buchanan, Tuesday July 15th, afternoon and evening.

The Berrien County Record

THURSDAY MORNING, JULY 10, 1873.

To Advertisers. The "Record" is the best Advertising Medium in South-western Michigan, having double the circulation of any other paper in this part of the State.

Agents. Geo. P. Rowell & Co., 41 Park Row, N. Y., and S. M. Pettigill, 87 Park Row, N. Y., are our authorized agents for contract advertising, at our lowest rates, for the columns of the Berrien County Record.

Value of Advertising. "Without advertising I should be a poor man to-day."—H. T. Hemlock.

Fire Insurance. No man should be without insurance on his building and his goods. The undersigned is Agent for Buchanan and vicinity, for three of the best and most reliable Fire Insurance Companies in the United States, the Etna, of Hartford, the Insurance Co. of North America, of Philadelphia, and the Underwriters Agency, of New York, representing a capital in the aggregate of ten millions dollars. Office, first floor of the Record brick, Front Street, Buchanan, Mich. D. A. WAGNER.

INSURANCE. To all parties interested in sound Insurance Companies, we would say, that the Etna, of Hartford, the Old North American, of Philadelphia, The Underwriters Agency of New York and the Imperial of London, have all come out of the Boston fire triumphant, and fully able and willing to pay the last dollar of their losses, as they did in the Chicago fire. These Companies offer reliable indemnity to all who desire to insure their property. D. A. WAGNER, Agt., Buchanan.

NEW POTATOES. New potatoes do not come to our market yet in very large quantities.

SETTLED. All the great questions which have been agitating the minds of the American people have been settled recently by the graduates of the various colleges in different parts of the country—at least until another Commencement, when they will again be settled in a manner as entirely satisfactory as they were this year.

PLENTY of ladies' and gents' fine shoes at Noble's, cheap for cash.

WOOL. More than one lot of wool that passed through Buchanan to Niles, has been brought back and sold in Buchanan because of the better price paid.

NEW ADVERTISEMENTS. Great Closing Out Sale of Dry Goods.—Wm. H. Fox, Administrator's Sale.—Otis Starns, Administrator's Sale.—Notice of Dissolution and Partnership.—Nichols & Graham.

LAWN MOWERS.—One of those splendid Lawn Mowers for sale at the Record office.

HIAT.—Considerable hay has been spoiled the present season by the numerous rains of last week.

BACK.—Mr. O. H. Rea has returned from his trip through the north part of the State. He reports prospects rather flattering in the various branches of industry in vogue "up north."

TRIMMED GOODS at cost for the next thirty days, at Mrs. Fox and Wood's, Buchanan, Mich.

AT HOME.—Attorney J. J. Van Ripper and family have returned home again.

THE FOURTH in Buchanan was decidedly wet and dull. Quite a number of our citizens went to St. Jo. where they enjoyed themselves, as they report.

SETTLE.—All persons indebted to Wm. Cotten are hereby notified to call and settle the same at the store of Cotten & Fox.

INVOLVING.—The shops of the Buchanan Wagon Manufacturing Co. were closed on Saturday last for invoicing.

HARVEST WAGES.—We learn that the general price paid this year for harvest hands is \$2.50 per day. Hands are not very plenty, but as the wheat is ripening very unevenly it is believed that the whole will be cut in season.

SHIPPING TONS, a new supply, cheap at the Record office.

COMMEMORATE.—On the 4th of July Capt. Binns had his beautiful flag floating to the breeze in commemoration of the surrender of Vicksburg, July 4th, 1863, on an anticipatory attack of our forces, after communication had been cut off between Gens. Johnson and Pemberton. In getting possession of this city (an important one to the enemy) as much strategem was used, and as much good generalship manifested as at any battle, perhaps, during the whole war.

SALE, Lime and Water Lime constantly on hand at Smith & Sons.

FORBEAUM.—Remember the great show on Tuesday of next week. Don't fail to attend, for you may not in a life time have another such opportunity of attending the largest traveling show in the world. Read the description in another column.

THAT SAMPLE of cake received from our former townsmen, Mr. Henry Herpolsheimer, now of Grand Rapids, was duly received. It was delicious, and spoke to us of happy hours. Our congratulations and best wishes attend Mr. Henry and the lady of your choice. Many many happy and prosperous years be yours to enjoy together.

THE nicest line of collars, cuffs, and neck ties in Berrien Co., at Cotten & Fox's.

IN TOWN.—We noticed our former townsmen, Rev. T. T. George, in town the other day.

CURIOSITY.—We are informed that Mr. Satson, of this village, has a living curiosity—a pig with fire feet. Two feet being on one leg, perfectly formed, but one smaller than the other foot, and in the rear of the one on the same leg.

THE WEATHER, so far, for harvest labor, has been really delightful, with the exception of a rain that occurred on Monday night.

SEE in another column, advertisement about town and Nebraska lands.

GREAT CLOSING OUT SALE.—The great center of attraction now is at the closing out sale of A. Egbert, Niles, Mich. He is offering his entire stock without reserve. Some special bargains each week. Ladies do not fail to improve this opportunity. All who may want clothes, bargains, will do well to see these arrangements now offered. Remember the place is 23 Main St., Niles, Mich. 20w2 A. EGBERT.

A COUNTRY SCHOOL.—We learn that Mr. N. Johnson has made application to the School Board for the use of the "Old School House" for the purpose of teaching another term of a regular "old fashioned country school." We trust he will obtain the building, as we have heard of just such a school, and the success attending the last term of Mr. Johnson's school proves that he is the man to conduct it.

ICE CREAM AND CAKE.—The Record office is again under obligations to Miss Mary Arthur for another supply of rich, delicious ice cream and some excellent cake brought into our office the other day. All hands pronounced them splendid and say that we now know, so well as Mary how to get up ice cream and cake.

YOU can get a nice suit of clothes at Cotten & Fox's new clothing store for \$9.

BANKS.—During the fiscal year ending July 1st there were 107 new National Banks organized in the United States.

VACATION.—Our younger people seem to be enjoying the vacation, but we doubt if anybody else does.

CONCERT.—The Sabbath School Concert at the Presbyterian Church last Sunday evening, is pronounced by all who were in attendance to have been the best Concert of the kind ever given in our village. The exercises were varied, the programme wisely arranged and of just the proper length. We cannot particularize, as every part was performed in a manner creditable to the School, and with entire satisfaction to the audience. We are sorry that the house is so small it would not admit all who were desirous of attending the Concert. We are promised that a more convenient place, in this respect, will be provided on similar occasions in the future.

SEE in another column, advertisement about town and Nebraska lands.

SUICIDE.—One day last week, a young man by the name of Lawrence, some twenty-one years of age, threw himself from the Union Pier and was drowned. Young Lawrence was an only child of parents in good circumstances who reside in Chicago. He was a little wild, said to be given to drink somewhat, and at the time of this rash act was undoubtedly not in his right mind. He had been stopping in the region of Union Pier since about the first of June, and had become somewhat enamored of some young lady there. He left a note, we understand, in his hat referring to his disappointment in love affairs, as the cause of his rash step. The body of this unfortunate young man was recovered, and his father and mother informed, when they came and attended the burial.

THE RECEPTION given by Mr. and Mrs. Geo. H. Richards, at their residence, on Wednesday evening of last week, in honor of the marriage of their son, Mr. Jos. L. Richards, and Miss Mina Smith, was an enjoyable affair. The bride and groom of a week seemed the center of attraction, and received with due appreciation the numerous congratulations and good wishes of hosts of friends. The house was well filled with, we should judge, 125 to 150 invited guests, all of whom seemed to greatly enjoy themselves. The usual proceedings of such occasions—conversations, music, and a little dancing, (and among the ladies a little looks to see how this one was dressed and what that one had on. Bless their dear souls, they could not help, for we almost caught ourselves admiring this beautiful dress and that handsome bow and the other sash and polonaise, and goodness only knows what all, for we can't name all the fixin's.) Finally, came refreshments, and we are sure all did justice to this department. The cakes, rich, delicious and abundant, ice cream and other accompaniments, were dispatched with a vim that said, "Thanks to Joseph and Mina for lending their aid in getting up so enjoyable an occasion." Many were the good wishes and secret prayers that went up to the great white throne that their days might be long and the earth, and their cup of joy full to the brim as they journey together over life's billowy ocean.

YOUR PAPER.—To our village subscribers who would prefer to get their "RECORDS" at the printing office instead of the Post Office, we would say, that if you will leave your names at the printing office we will take them from the Post Office list, so that by the time another quarter comes round you can get them at the Record office and thereby save your little five cents postage.

FOUR of those splendid gems at Cathcart's gallery for fifty cents.

Owing to ill health, O. M. Beard, of Hill's Corners, Berrien County, Michigan, offers his store and stock for sale. The business has been established for twenty years, and has never changed hands, nor asked a creditor to take less than the full amount due. All health alone is the cause for selling. Any amount of reference and proof can be given to prove the reliability of the business. Address as above.

Remaining in the Post Office at Buchanan, on Tuesday, July 9th, 1873: Kramer, Annie; Bingham, J. S.; Kramer, James; Bradner, Robert; Mason, Maria; Chapman, Elsie; Gardner, James; Stewart, Sarah; Garrison, Edward; Stephens, Wilmet.

Persons calling for any of the above letters will please say "Advertisement." N. H. MERRILL, P. M.

FARMERS' CLUB met agreeably to appointment at Roe's Hall, June 23. Subject discussed "Does farming pay?" Some of the members argued that the United States is the greatest farming country on the face of the earth, and also the most prosperous country, it was clearly manifest that farming paid. Others looking at the matter in a different light, found but few cases where a strict Dr. or Ac. account had been kept by their farms, wherein the farmer realized over five or six per cent on the capital invested, and yet, some way, they were loth to exchange their farms for other property. No meeting of the club till Saturday, July 26th, 2 o'clock, p. m. Subject for the next meeting, How can farms in the vicinity of Buchanan, be managed so as to secure the best results? D. FISK.

SCHOOL MONEY.—Director Osborn informs us that he does not feel that he is to blame for the failure to get the public school money due Buchanan District. He states that when Prof. Laird went away the records of the School could not be found from which to make his report, and therefore he delayed the matter hoping to be able to get data from which to arrange his report. He waited till it was too late, expecting to hear from the County Superintendent. Since his return Mr. Osborn has written to the Secretary and learned that, with proper affidavits, setting forth the facts, that the School money to which we were entitled this year can be added to the next year's appropriation. This is much better than we had expected, as we feared that the money was irretrievably gone.

EMIGRATION TRAVELING Agency in South-West Missouri! The Atlantic & Pacific Railroad Company offers 1,200,000 acres of land in Central and Southwest Missouri, at from \$3 to \$12 per acre, on seven years' term, with free transportation from St. Louis to all purchasers. Climate, soil, timber, the great wealth of the State, and land-claiming society invite emigrants from all points to this land of fruits and flowers. For particular address A. Tuck, Land Commissioner, St. Louis, Mo.

STATE DEBT.—The interest on our State debt has decreased during the last year—\$17,370.

SUBSCRIBERS for the Record.

The County Press.

THE NILES Republican says: We hear that all the teachers in the Public Schools were made happy last week by gifts from their respective classes, and that most of them were quite generously fitted with, but as the friends of most of them have failed to furnish us with all the facts, we are unable to give particulars. We offer our congratulations to all.—The elegant residence of J. S. Tuttle, Esq., was visited on Saturday evening by hundreds of lovers of the beautiful who called to witness the annual blooming of his Night Blooming Cereus, the most beautiful of the cactus species. About six o'clock two buds burst forth into as beautiful flowers as can be cultivated in this climate. The American Cyclopaedia gives this description: "The petals are white, set in a calyx of golden yellow within, enclosing a vast number of recurved stamens, and opening to a diameter of nearly one foot. During the few hours of its existence the flowers perfume the air to a considerable distance, and is of unrivaled beauty." This is a faithful description, except the lack of fragrance, which is perhaps owing to climatic influence.

THE NILES Democrat says: Forepaugh's great show will be in Buchanan on the 15th. It leaves Niles out in the cold.—A. B. Hayward was buried last Saturday by the Masons, of which order he has long been a member.—The public schools of the city all closed last week, and the teachers are now mapping out routes for summer tours.—The gentleman who lost his pocket book in this city last week, which contained nearly four hundred dollars, has recovered the book minus the money.—Many of the dogs in this city are now sporting collars in obedience to the new dog law. As this law failed to adopt any style, the owner is left to select any fashion his fancy may dictate.—Last Sunday, Johnnie Dawn, son of John Dawn, Esq., of Howard township, Cass Co., fell from a cherry tree, fracturing both bones of the forearm and dislocating the wrist joint. Dr. Fairchild adjusted the fracture.—The alarm of fire was sounded about one o'clock last night. It was soon discovered that the fire was in the rear of Thomas' grocery was on fire. An engine was soon at work and the flames subdued. It is generally supposed that the premises were set on fire.

THE BENTON HARBOR Palladium says: We counsel our subscribers not to worry over the postage matter. Doubtless next winter Congress will restore the law in respect to newspapers as it was—and as it was nobody complaining of it. The law was passed in spite, because the papers had expressed the realty of certain Congressmen.—The special election for Justice of the Peace last Saturday, resulted in the choice of George W. Toles, Esq., by a majority of twenty. There was no caucus near the building, in fact the whole block would have been in danger of total destruction.

We advise all who desire to have a good old fashioned time, to go to Buchanan on the 15th and see Forepaugh's great first tent show. The Menagerie is free, and the Museum, double Circus and the performing Animal Show is the finest and largest in existence. It exhibits at Dowagiac, on the 16th of July. It will not visit Niles.—Niles Democrat.

VISITING.—Mr. Main, of Henry Co., Ind., has been spending a couple of weeks in Buchanan, visiting his brother Mr. Orin Main and other friends.

MR. AND MRS. M. CATHCART spent a few days last week in Benton Harbor.

DR. V. CLARENCE PRICE must have merit in his method of treating Chronic Diseases, or his various and regular visits would not witness, as they do, a continued success. On Saturday and Sunday the 12th and 13th of July Dr. Price can again be consulted at the Reading House—Niles.

RASPBERRIES.—The recent showers have been a great advantage to the raspberry crop. The berries are very large and the yield a good one. There will be no blackberries this season.

THE INTER-OCEAN.—The best paper published in the great North-West unquestionably is the Inter-Ocean, of Chicago. Never in the history of journalism has a paper risen so rapidly in the confidence of the people, and gained in so short a time such general celebrity. It stands foremost to-day in all that pertains to the advocacy of the well-being of the people—foremost in theory and practice for the alleviation of the toils of the poor. The inauguration of the free excursions for the poor mothers and children of Chicago, to which the Inter-Ocean contributed \$1,000, is a noble work that will long redound to its publisher's honor. And lastly its generous spirit towards the county press, under the present oppressive laws of Congress, in continuing the daily to its entire list of exchanges, paying postage on exchanges the same as its lesser country neighbors have to do, will not be forgotten soon by the county press.

THE GREAT CHILL Medicine. NO OTHER EQUAL TO IT; IT IS UNRIVALED.—Dr. Wilhoit's great Anti-Periodic is the poor man's friend, because it is cheap, requiring small doses to effect a permanent and complete cure.

Sunday Reading.

WINTER NIGHT THOUGHTS. The roses of summer have perished. The song birds are with us no more. A lone one so faintly we cherish, live gone to the evergreen shore.

THE REASON WHY. Profaneness is a sin, the enormity of which the imagination cannot conceive. That a puny creature of the dust, born to-day and gone to-morrow should have the audacity to pour contempt on that glorious name which seraphs adore with rapture, is enough to astonish the heavens and convulse the earth.

Preparation for Trouble. Surgeons regard the life of the body as thrown into the greatest peril by wounds received upon a full stomach. "Phunygrams." A Reporter's Credentials. The St. Louis Reporters have curious credentials to public entertainments.

"Got a ticket sir?" "No sir." "Well you can't go in then—stand aside."

"But I'm a reporter for the Globe." "Show me your credentials." "Well here are three passes on the Iron Mountain Railroad, one on the Belleview branch of the Caro Short line, one on the St. Louis and South-eastern and one on the fifth street road.

"Little Willie's eyes hold the brightness and his memories the pleasures of only four summers. During the past summer he has been very much interested in helping his grandmother to raise chickens.

"A cockney conducted two ladies to an observatory to see an eclipse of the moon. They were too late, the eclipse was over, and the ladies were disappointed.

"A reporter for a Western paper, speaking of a certain fair creature, remarked that 'the profusion and color of her hair would lead one to look upon it as though it was spun by the nimble fingers of the eury-loves, as they glided through the bright June days, whose many sunny rays of light had been caught in the tresses, and were contented to go no further.'

"A young man who went West from Danbury, a few months ago, has sent only one letter home. It came Friday. And said: 'Send me a s. c., and I'll find parents don't know whether he is scalped or married.'

"A bright little boy hearing his father say that a man ought to stick to his business," emptied a bottle of mud in the old gentleman's chair. The old man says he has not been stuck so badly since 1857, and rewarded his offspring by taking him on a whaling trip to the back cellar.

"Some time ago a Danbury man loaned an eye doctor one hundred dollars to start in business. The trade wasn't very good, and the eye doctor sunk the money. What do you suppose the banker did? Sue the doctor? Not at all. He just got an umbrella with a hooked handle, and carried it under his arm. Three weeks afterwards that eye doctor paid back the money, and next spring will lead one of our most accomplished horsemen to the altar.

"The editor of the Fredricksburg (Va.) News was asked by a stranger 'if it was possible that little town kept up four newspapers,' and the reply was, 'No, it takes four newspapers to keep up the town.'

"An exchange notices the suicide of an old man and says: 'It is singularly strange, inasmuch as he was not in the habit of doing such things.'

"An Illinois editor speaks of an eighty year old octogenarian in his town who has seen the snows of three-score years and ten. What was the matter with his eyes during the other ten years? or didn't it snow for ten winters? This is something the public are interested in.

"An unstamped letter, dropped in the Springfield post office, was recently forwarded by the Young Men's Christian Association and reached its destination. Upon being opened, it was found to contain the following: 'Send me another barrel of that gin.'

"Mrs. John Baggs, of Omaha, has left Mr. John Baggs, taking the middy bags, and leaving John to hold the little empty Baggs.

"A citizen who deserves well of his country, had a large family to which additions were constantly being made. One day one of his little boys was thus interrogated: 'Johnny, how many brothers and sisters have you got?' 'I don't know,' answered the boy, 'I ain't been home since morning.'

"Anna Dickinson says she is much annoyed, at the way the newspapers are marrying her off. Probably annoyed because the items are untrue.
