

The Berrien County Record

OUR readers will notice by the names at the head of this paper that another change has taken place in the firm name of the publishers. The change is now made in the one that was anticipated from the start, but as our readers were perhaps led to infer differently, from some things which have appeared in the paper, we wish to explain.

Mr. Lindley had bargained for one half interest in the office on the event of selling his farm to Mr. Marble. When they came to draw up the writings there was a misunderstanding between them as to a certain piece of timbered land, and although the trade was not entirely abandoned it did not take place at that day as expected.

The subscriptions and advertising accounts of the RECORD office had all been divided up to that day, in view of the fact that the office made out, contract of sale written up, and everything ready to sign and pass over.

Mr. Marble proposed to purchase a half interest, as stated, for his nephew. The farm trade between Messrs. Lindley and Marble was concluded on Wednesday last week, and Mr. Lindley now holds a half interest in the office, and shares in the proceeds as such from the date of the first sale, on the 27th day of April, 1874.

The firm, therefore, which shall publish the RECORD in the future, will be known by the name of Kingery & Lindley.

Mr. Lindley is well known to many of our readers, having lived within six or seven miles of this place for upwards of twenty years. Mr. Lindley will move with his family to our village shortly, with the expectation of making his home permanently with us, and will take charge of the financial interests of the paper.

If you want Circulars, If you want Handbills, If you want printed Envelopes, If you want Business Cards, If you want Bill Heads or Statements,

If you want any kind of job printing, plain or in colors, leave your orders at the RECORD office.

If you want to advertise, remember that the RECORD has double the circulation of any paper in the County.

TEMPERANCE MEETING.—As usual, the meeting on Monday evening was largely attended. The address by Mrs. Dr. Barth, of South Bend, was a good one, full of good thoughts, and delivered in a very pleasing manner.

DR. EDDY, of Niles, will speak in Buchanan, on the subject of temperance, next Sunday afternoon, instead of next Wednesday evening, as previously announced. This change is made to accommodate Dr. Eddy, as he has engaged to preach in Buchanan next Sunday morning.

THE LECTURE.—The lecture, at Collins & Weaver's Hall, on Thursday evening of last week, by Ex-Vice President Colfax, under the auspices of Buchanan Lodge No. 75, I. O. O. F., was well attended. In fact we believe, we never saw more people in the hall at any one time before. The seats were placed close together and the aisle and every available corner in the hall was filled. Several of the brethren from the Niles, Dayton and Dowagiac Lodges were present. The lecture was fully up to the expectations of all present, and this is saying a good deal, for if Mr. Colfax was only a student himself in the estimation already placed upon him as a lecturer and a statesman, he will certainly have a reputation, at least in the West, second to no other person in the country, and one of which he and his friends may justly feel proud. After the lecture Mr. and Mrs. James Matthews received their friends at their home, who many enjoyed the pleasure of a personal interview with Mr. Colfax and his estimable lady.

DENTISTRY.—Dr. J. M. Wilson, of Buchanan, is now making full upper and lower sets of teeth for the extremely low price of thirty dollars. All other work done by him at correspondingly low rates. Give him a call. 11v9\*

A friendly match of "The national game" of base ball was played between the Stars and Empires, both of this village, on last Saturday, May 23. The following is the score:

Table with columns: STAR, C, R, EMPIRES, O, N. Rows include players like Parkerson, C, F, M, etc.

The game was well played on both sides, and much interest manifested. Time of game, 2 hours and 20 minutes. R. S. RUSSELL, Scorer. W. E. PRINPTON, Umpire.

ZINC COLLAR PADS.—The Zinc Collar Pad Factory is running full force. The demands for these pads are constantly increasing as their good qualities become more extensively known. These pads have been introduced into nearly every State in the Union, and have proven a success in all the different climates, and their virtue tested in all the different branches of labor to which their use could be applied.

TO SUBSCRIBERS.—The terms of the RECORD henceforth will be as follows: \$2 per year; \$1 for six months; 50 cents for three months. If paid yearly in advance, \$1.50 per year. No reduction made when paid in advance for a less period than a year. No paper will be continued after the expiration of one year unless paid for. If the paper is paid for before it is over 60 days in arrears it will be considered as advanced payment. We hope all will understand the above. All who pay us \$1.50, on or before the 6th day of July next will receive the paper one year from May 7th, 1874.

RELIGIOUS.—Effort is being made, with a fair prospect of success, to have the National Conference of the Advent Christian Church held in this village sometime next month.

SHEEP KILLED.—Mr. Solomon Rough informs us that on Tuesday morning he found five of his sheep had been killed by dogs, and eighteen wounded so that they would probably die. He has issued hand-bills, warning people owning dogs, who have not already procured the license as the law directs, that unless they do so within ten days he will prosecute to the full extent of the law. This is right, and is the only course farmers can take to protect themselves from total loss when their sheep are killed by dogs. If a man owns a good dog he certainly ought to be willing to pay a small tax thereon. If he owns a poor one, a dose of "cold lead" is what he should give him, and the sooner he does this the better it is for the community. We hope Mr. Rough will "stick to his colors" in this matter.

WOOL! WOOL! WOOL!—Having just received the best stock of Spring Sumner, and general assortment of Dry Goods, brought to this market, bought at way down prices, will exchange them for wool and greenbacks on very favorable terms. I have flannels from 12 1/2 to 50 cents; South Bend, Clinton and Jonesville, Mich., Cassieres, woolens yarns, &c., &c. Tweeds, Jeans, Cottonades, Linens, English and Foreign Cloths and Suitings, (all latest styles). All kinds of Notions, Ladies Dress Goods, a great variety. 3,000 yards new Prints, Sheetings, &c., all of which will be exchanged for Wool on very favorable terms. Persons wishing to exchange will find it their interest to give me a call. 23 Main St., Niles. A. EDEBERT.

Highest price, in cash, paid for wool. Don't sell until you see me. 15v8

EQUAL SUFFRAGE.—We are requested to state that the friends of equal suffrage, without respect to party or sex, will meet at Root's Hall, on Saturday evening next, at 7 1/2 o'clock, for the purpose of perfecting the organization of a Suffrage Association for the village of Buchanan and vicinity. It is important that a good, healthy and vigorous Association should be formed in every village and town in the State, and we trust the friends will not fail to be on hand promptly at the time designated.

NOTICE.—Those wishing photographs are respectfully requested to call at H. E. Bradley's Photograph Gallery, corner of Main and Front Streets, over the Bank. All work reasonable, and satisfaction guaranteed. 18v3

THE Township Librarian has added a large number of valuable books to the library. No doubt there will be a great rush for them. We will print the rules to be observed in taking, using and returning books next week.

THE DETROIT TRIBUNE has again improved by giving to its readers, in its Saturday's issue, a quarto sheet full of news of the week condensed, and of miscellaneous reading.

THE State Sunday School Association meets at Jackson the 2d, 3d and 4th of June next.

A CALL has been made to have a County Convention of women crusaders and others interested in the cause of temperance, at Berrien Springs, the 4th or 5th of next month. We think the time so near at hand that the day ought to be determined on definitely.

THURSDAY of next week is the National prayer-meeting day for all the churches throughout the United States. A union prayer meeting will be held at the Presbyterian church in this village at 8 o'clock P. M. All are invited to attend this meeting.

NEW TIME CARD.—The new time table of the M. C. R. R. went into effect on Sunday last. The corrected time card will be found in another column.

THE Berrien Journal accuses the St. Jo. Traveler & Herald of plagiarism for stealing the directory of State and County officers, &c., from the Journal. We presume the editor of the Herald did not know who our County officers were until the Journal came to light. The Journal copied after our market report. We didn't get mad over it, but considered it a compliment to the Record. "Let us have peace."

MASONRY.—The next Regular Meeting of Buchanan Lodge No. 68, F. & A. M., will be held on Friday evening, May 29th, 1874, at 8 o'clock. As the election of officers for the ensuing year will take place at this meeting a full attendance of the members is requested. Visiting Brethren cordially invited. By order of S. ARWOOD, W. M. W. W. SMITH, Sec.

NEW BUFFALO is still crying for the county seat to be removed to that place.

OUR friend, Capt. Welch, has given us a copy of the Wilmington Advocate, published at Wilmington, Illinois, to which place Mr. Welch expects to shortly remove. Judging from the paper, (and there is no better way of getting a correct representation of a place), Wilmington is quite an enterprising, go-ahead town. It must possess superior attractions to induce Mr. Welch to leave so pleasant and prosperous a town as Buchanan.

EVERY day brings us new fresh goods and we sell them; quick and cheap. EATON & RICHARDS.

BUCHANAN LODGE NO. 75, I. O. O. F., return their thanks to the members of the quartette club and band, for services rendered May 21, on the occasion of the lecture of Hon. Schuyler Colfax. COMMITTEE.

THE 5th Annual Meeting of the State Eclectic Medical Association of Michigan will be held at the city of Marshall, commencing on Wednesday, June 3, at 1 P. M., and continue in session until Friday noon. Members and delegates will report on their arrival at Marshall, at the office of Dr. Wm. B. Church.

CORN.—Most of the corn planted in this vicinity is now up. We have not heard of any complaints on account of poor seed, but the heavy rains have washed the corn out in a few instances where the ground was hilly or rolling.

THE RECORD is only \$1.50 per year when paid in advance.

We notice that preparations in many places, are already being made for celebrating the coming 4th of July. Do not know whether our people intend to "enthusias" any this year or not. There is nothing like being in time, and if a celebration is going to be held let the announcement be made and all take hold and have such a celebration as the occasion is worthy of, and that will do credit to our village.

TAXES.—The village taxation this year will be less than one half of one per cent, upon the assessed valuation. This is certainly not very burdensome compared with other towns.

EXTRA copies of the RECORD can be had at this office, done up ready for mailing, for five cents a copy.

Few physicians in the exclusively treating chronic diseases have stood the test of years as has Dr. V. Clarence Price. The regularity of his visits, the years of experience, with energy and perseverance, has made his reputation in this department of the profession. We can but acknowledge such qualities, and advise the sick to consult him at Niles, Reading House, Saturday and Sunday, the 30th and 31st of May.

No ONE should fail to read our Kansas letter which appears in this issue. It is written by our friend and former townsman, Mr. Thos. L. Ross, and will repay a careful perusal.

PETERSON'S MAGAZINE.—Peter- son's Magazine is the best and the cheapest. It contains yearly about 1,000 pages, 12 colored pages, 14 steel plates, 15 mammoth colored fashions, and 900 wood engravings. Every lady ought to take Peterson's. It is the Magazine of the times. Only \$2.00 per year. It is now time to get up clubs. A new volume will commence with July. Specimen copies sent to those who wish to get up clubs. Address Charles J. Peterson, No. 306 Chestnut St., Philadelphia.

THE NILES REPUBLICAN says: Some sly fellow on Friday night last effected an entrance to Louis Augustine's house, on Front Street, and relieved his pants pockets of ten dollars in money.—Wm. Spinner, an old and well known colored man, died at his home three miles north of town, yesterday. Mr. Spinner was about 80 years of age, and had by industry and economy accumulated property worth \$20,000.—Thomas Willard, son of Orson R. Willard, who was Sheriff of this county in an early day, was buried in Silver Brook cemetery to-day.—A gentleman and his wife was driving through Main Street yesterday morning with their little daughter seated in a small rocking chair in the open buggy back of the seat, and when passing this office, a sudden jolt sent the well dressed little girl out of the buggy and into the mud, with the rocking chair on top of her. She fell on her face and hands and was badly besmeared with mud, but fortunately was not hurt, but greatly frightened.—The Woman's Union Temperance League holds its regular meetings every Tuesday afternoon at 3 o'clock, in the Baptist Church. All are invited. The women engaged in the work show no signs of faltering, but are on the contrary determined to accomplish what they have undertaken. Their meetings are full of interest.

THE ST. JOSEPH Traveler and Herald says: Another Temperance meeting will be held at the Congregational church next Tuesday evening.—Wm. Boyer, Jr., on Tuesday purchased from Leroy Archer, of Royalton, two four-year old steers, which tipped Marshall's scales at 2,900 pounds. They were intended for home consumption.—The people of our village on Friday night were tendered an entertainment which is not often afforded. Prof. Straub at the close of his second concert of instruction gave a second concert at the Congregational Church. We have in our community very fair musical talent, which given reasonable opportunity, furnishes a concert of merit, superior indeed to that furnished by traveling professionals.

THE ST. JOSEPH Republican says: Friday last, two women were seen in our streets who had imbibed entirely too much benzine. The parties were furnished the article should be discovered and given full effect to their violation of law.—Last year of Smyrna figs to town, which he had raised in the open air, at his place on the Lake Shore. This year the tree from which these figs were picked is full; so much of these are now as large as a good size hickory nut.

THE BERRIEN SPRINGS Journal says: The whooping cough and measles, are making their annual visit to the children of Berrien Springs.—Our townsman, Judge W. Putnam, has really gone to Congress. He left this place for Washington, D. C., where he intends to spend some three or four weeks.—Dr. Kaphart is progressing finely with his building on the corner of Perry and Main streets.

WE observe a fine addition to the list on the side facing Main street.—Great credit is due our Village Board for the position they have taken upon the temperance question. At a meeting of the Board on Wednesday evening of this week, a number of ladies, representing some of the first families in the place, belonging to what is known as the Temperance League of the place, were present, and presented a petition to the Board, bearing a great number of names of our citizens, both men and women, praying that honorable body, to aid them in entirely suppressing the sale and the use of intoxicating liquors as a beverage, in this village.—The ladies were very courteously received by the Board; and, assured by them, that they had always been ready to support them in all their efforts to suppress the liquor traffic; and, only awaiting an opportunity to make this fact known to them in discussing the subject, every member of the Board complimented the ladies for the good work they had done, and very kindly invited them, in council, whenever they had any grievance to make known.—The Ladies retired amidst the congratulations of the Board. This action of the Board is considered a perfect triumph to the temperance cause, on the part of the ladies. All hail to the Village Board.

THE NILES Democrat says: The students of the High School, with the aid of some of the Alumni and teachers, purpose to give us, on the 28th of May, the anniversary of the birth of Agassiz, an entertainment at "Peak" Hall. The teachers and scholars of the whole country have been invited to attend; and that day a fund which shall be kept separate from other donations, and in the Museum of Natural Science, in Boston, founded by Agassiz. Our young people purpose to raise their donation by this evening's entertainment.—A new engine runs on the Niles and South Bend railroad.—The dog law will be enforced at once, and "sassages" will be cheap.—P. Parmeter a mason in this city, fell backward from a scaffolding, one day last week, a distance of about six feet, striking on the back of his neck, hurting him severely, but not seriously.—Some persons whom we have investigated for years, now show their ap-

prejudice of it by getting offended when asked for what it is due us. If these people think there is no heat-

Redeeming the Time. By devoting one hour every morning before breakfast, how great a quantity of matter may be read over in the course of a few years. By adopting this practice I have been enabled to peruse, in the course of four years, the whole of Scott's quarto Bible (three thick volumes) including all the notes and practical observations, reading the whole of the Testament twice, returning to the Old Testament as far as the 39th chapter of Exodus; and blessed be God, His word has been delicious to my taste, and full of comfort to my soul.

Enthusiasm is the blossom of which all true greatness is the fruit; imagination the germ of all glorious deeds; and few are distinguished for their high practical greatness who could refer to a childhood of enthusiasm. It is the romance of the boy that becomes the heroism of the man.

Of all the weakness which men rail against, there is none they are more apt to ridicule than the tendency to believe; while of the signs of a corrupt heart and weak head, attendancy to incredulity is the worst. Philosophy inquires before it denies.

"Phungrams." A few days ago, two bankers who reside in Kingston were standing on the walk conversing with each other, when a stylish lady passed by. Said one to the other, "Who is that young woman? She cuts quite a spread, now don't she?" "What," said the other, "don't you know her? Why, that's your daughter." The banker took another long look, and then answered, "So it is."

A small boy got another boy, somewhat smaller than himself, down on the ground yesterday, and got hold of both his ears, placing his knee in the small of the boy's back, and asked him, in a very persuasive manner, if he would give him that white ally of his. The boy replied in the affirmative. How easy it is to settle things when one goes about it in the right way.—Terre Haute Express.

A young man was carving a goose at a dinner table one day, when by an awkward move he knocked it into the lap of a lady who was sitting opposite, in all the glory of a green satin dress. Instead of showing his veridicality by profuse apologies, and a confused manner he simply said: "I'll trouble you for that goose." "Alas!" Can't the annals of society furnish an example of self possession more sublime?

"Mr. Conductor, pray tell us how you hold these cars when you want them to stop," said a frightened lady while descending the almost perpendicular road from the Tiptop House on the White Mountains. "We apply the brake, Madam." "Suppose the brake should give way, what then?" "We apply the double action brake." "By what, Mr. Conductor, suppose that brake should not be sufficient to stop the cars, where should we go then?" "Madam," said the conductor, solemnly, "I can't possibly decide, that depends entirely upon how we have lived in this world."

An Irishman who had just landed, said: "The first bit of mate I ever ate in this country was a roasted potato, boiled yesterday. And if you don't believe me I can show it to you, for I have it in my pocket."

A gentleman riding on horseback came upon an Irishman fencing in a most barren and desolate piece of land. "What are you fencing in that lot for, Pat?" he asked. "A herd of cattle would starve to death on that land." "An' sure, yer honor," replied Pat, "wasn't I fence in it to keep the poor beasts out of it?"

A quarrel between husband and wife was thus settled: "Husband—'My dear, there were 30 in this room.' Wife—'As there were forty.' Husband—'I say there were not.' Wife—'Well, 30, then, and the piano, (putting her hand on the instrument,) piano forte. There."
