No paper will be continued after the expiration of one year unless paid for. If the paper is paid for before it is over 60 days in arrears it will be considered as advanced payment. We hope all will understand the above. All who pay us \$1.50, on or before the 6th day of July next will receive the paper one year from May 7th, 1874.

We guess the weather has been so

hot lately as to damage the thermometer in this village. No two will indicate precisely alike.—All the way from 90 to 105. Too hot for comfort anyway.

Photographer, of this village, is attending the sixth annual meeting and exhibition of the National Photographers Association, held in Chicago the present week.

The place to buy Groceries is at J.

P. Bins & Co's, where you will be used with gentleness, and will not be found fault with if you don't buy. Goods are sold at fair profit. Call and see for yourselves.

time, or having friends absent for a few weeks, can have the Record sent to them for five cents per week, by leaving their orders at this office.

THIS tax of Jackson, just levied,

amounts to \$110,000, or 43 cents to the dollar. It is good reading for our villagers to see these statements from other places.

papers for sale at this office—60 cents per hundred, or ten cents per dozen.

PHOTOGRAPHS.—Those wishing pho-

tographs will find it to their interest to call at H. E. Bradley's new Gallery, over the Bank, Buchanan, Mich. 1874

NOTWITHSTANDING farmers need

all the help they can get at this time, we have yet a few able-bodied men who loaf around town. What a detestable set, and how deserving of sympathy.

PERSONAL.—Mr. A. A. Rice, for-

merly of this place, but more recently of Chicago, called upon us on Tuesday last. He expects to locate permanently in Three Oaks in this county, and open a dental office. Success to him.

RECORD and Weekly Inter-Ocean

SPECIMEN COPIES.—During the

next few weeks we send specimen copies of the Record to some who are not regular subscribers. The terms of subscription can be learned by reading a notice in another column.

ing and instructive narrative of incidents and events connected with the late war. A neat pamphlet of some 50 pages, by an invalid soldier, just published, and will be ready for sale this week. Price, 85 cents. News dealers furnished copies for sale on orders, at reasonable discount. Address, AMOS FARING, Buchanan, Mich.

TO THE LADIES.—Peterson's for

August is an unusual good number. Do not subscribe for any Magazine until you have examined Peterson's. The reading matter alone is worth the price of subscription many times over, to say nothing about the patterns, fashion-plates, music, &c., &c. Send for a copy to Chas. J. Peterson, 300 Chestnut St., Philadelphia, Pa.

hats? Why, at L. P. & G. W. Fox's, of course. Plenty more of them, and cheap.

PERSONAL.—Ex-Vice President Col-

fax and lady were visiting in Buchanan on Tuesday and Wednesday of this week. Mr. Colfax is looking well and says his recent labors, lecturing, have been really harder on him than any campaign, and he has grown strong and vigorous by the exercise. He will certainly enjoy the rest which he now contemplates taking for a short season.

TIME! TIME! and again C. B.

Churchill is on time, repairing time pieces, and he makes them come to time, and warrants them to keep time. He works well and warrants his work.

The Herald and Traveler has

double the circulation of any country newspaper published in this section of Michigan.—St. Joseph Traveler and Herald.

The Grand Rapids Post contains the following: "We hear it rumored that Voigt, Herpolsheimer & Co. will occupy, when completed, one of the mammoth double stores now being constructed on the former site of the Catholic church, on Monroe street." Our friend and former townsman, Henry Herpolsheimer, is a member of the firm of Voigt & Co. Henry's many friends are glad to learn of his success and prosperity in his new business relations at the Rapids.

It takes two persons of different

sex to look at the comet from Buchanan, with any degree of satisfaction. The two generally stand in close proximity to each other, and the patience with which they study the starry firmament will result in an increased demand for marriage certificates, after the comet's tail has disappeared.

The Furniture Factory is again at

work with full force. Most of the old hands have gone to work on what pay we could not learn. The matter was compromised in some way, and if they are all satisfied now, other people ought to be, surely.

The remains of Mrs. Jennie Car-

rol were brought to this village for interment on Tuesday last. The funeral took place from the house of her mother, Mrs. Terriere, on this (Wednesday) morning. We did not learn definitely as to the cause of her death, but learn that she was sick only a few days, and her death so unexpected makes it all the more sad to her relatives and numerous friends.

At an election on Tuesday last, the

following were elected the Board of Directors of the Buchanan Wagon Manufacturing Co. for the ensuing year: A. C. Day, Pres.; Solomon Rough, Vice Pres.; B. E. Binns, Treas.; J. L. Richards, Sec'y.; Alonzo Sherwood, H. T. Briggs, S. L. Beardsley.

JOB PRINTING.—We have been

rushed with job printing during the past few weeks. We got behind our orders in moving office and fixing up our machinery. We are now prepared to fill all orders promptly, and, in many cases, at greatly reduced rates.

THE wheat is now nearly all se-

cured in the shock, and many have commenced stacking. The crop in the southern end of the County is the heaviest that has been raised for years.

IT CAN'T BE BEAT.—The Jap T

at Smith Bros & Co.

New postal cards are soon to be is-

sued, superior in quality and design over the present ones.

A LARGE amount of hay has been

sold in our market during the past two weeks. The demand at present is about supplied.

OUR subscribers will not have to

pay postage on the Record after January 1st, 1875.

This crop of whortleberries is re-

ported good in various parts of the State.

THE Fourth has passed. The next

big thing on the programme is Robinson's Great Show, on Monday, July 27th. This is a first-class show, and no one should lose the opportunity of visiting it. Read their advertisement, elsewhere, which is very modest, and does not read like an advertised humbug. Robinson has been years combining and collecting this, one of the largest and best shows now traveling.

TOWN LIBRARY.—The new books in our township library are being put to good use. We ought to have a reading room and the library increased to ten times its present size. Most of the towns as large as Buchanan have a library association. The library fund of Lapeer, as we are informed, recently had a donation from a single individual of \$4,000. We fear (?) if something of the kind is not organized in this place before long, some of our rich people will die, and for want of some better purpose, will donate a part of their fortune to the Record.

AVOID overloading the stomach with

berries, green vegetables, and especially green apples, at this time of the year. We hear of a number of severe cases of cholera morbus and dysentery.

THE only way to accomplish much,

this hot weather, is by rising early in the morning and pitching in before the sun's scorching rays takes all the life and ambition out of you.

THE fund raised for the purpose of

having lecturers and distributing tracts and documents in the interest of woman suffrage, by the associations in various places, is quite large, and shows that they intend to take hold of this matter with a will and determination commensurate with its importance. Several counties have already over \$1,000 to expend in the canvass this fall.

THE recent showers did incalculable

benefit to this section of country, but it has all been drank up, and the ground is quite dry again. More rain is needed, and is looked for anxiously.

A NEW ordinance is recommended—

to muzzle the boys during the green apple season. Physicians and undertakers will remonstrate against the enforcement of such a law.

MERCHANTS and business men occu-

pying the shady side of the street, enjoy quite an advantage such weather as this.

MOSQUITOES are holding conventions

and mass meetings nocturnally. Their deliberations are continued until the "free, small hours," and a fearful amount of business transacted.

CANNING fruit is now in season.

Raspberries, currants, huckleberries, cherries and other fruits, are now ripe and appear to be plenty and cheap.

PERSONAL.—Mr. James Arthur, of

Baxter Springs, Kan., is spending a few days with friends and relatives in Buchanan.

THROUGH the labors and efficiency

of Mr. S. L. Beardsley, the McCormick Reapers have become quite generally introduced throughout this and adjoining counties this season. They are a good machine, and give general satisfaction.

THE Entertainment which was to

have come off on the evening of the 4th of July, consisting of the popular plays entitled, "The Irish Tutor," and "My Neighbor's Wife," will be given at Collins & Weaver's Hall, on Saturday evening next. For particulars see small bills.

OUR reduction to subscribers who

pay in advance is to cash subscribers, and not to those who pay in wood and other articles.

HORSE-THIEVES abound. Keep your

stables well looked, and be on the watch.

DR. V. CLARENCE PRICH is a man

of integrity of character, candid in his medical examinations, and possessing an experience in chronic disease. Persons having old chronic ailments will do well to give the Doctor a call. He has won many encomiums from those suffering from various diseases, and the press everywhere speaks of him in high praise. On Saturday and Sunday, the 25th and 26th of July, Dr. Price will make his next visit at Niles. Office at the Reading House.

Beardsley's Musical World.

The July number of this favorite Musical World contains the usual collection of good, interesting musical selections, including a full report of the great Singing Festival, recently held in Cleveland. No one interested in music can afford to be without the Musical World. It costs but one dollar a year, while the music alone is worth ten times that amount.

Send S. B. Brainerd & Sons, Publish-

ers, Cleveland, O., for specimen copies, and their large catalogue of popular music, which is sent free to any address.

DR. BAKER'S PAIN PANACEA, for Rheu-

matism, Neuralgia, Cramps, Colic, Diarrhoea, Cholera Morbus, Cholera Infantum, Sprains, Bruises, Chills, Chills, Chills, Swellings, Soreness of the Joints, and all painful affections of the body, external and internal. For Colds, Sore-throat, Quins, and diseases of the throat and mucous membrane, it is an invaluable remedy. John F. Henry, Curran & Co., proprietors, 8 and 9 College Place, New York.

Sin is often the result of physical ill-

health and feeble stomachs. During one third of our time, the process of digestion continues. To be dyspeptic is to be miserable; dyspepsia is the foundation of fevers and all the diseases of the blood, liver, skin and bowels. Dyspepsia yields to the virtues of the vegetable ingredients in that great purifier of the blood and restorer of health, Dr. Walker's Vinegar Bitters.

Be Your Own Physician.

There is no case of Dyspepsia that Green's August Flower will not cure. Come to the drug store of James Smith and inquire about it. If you suffer from Costiveness, Sick Headache, Sour Stomach, Indigestion, Liver Complaint, or derangement of the system, try it. Two or three doses will relieve you.

AGUS CONQUESTOR is the only remedy

in the United States that contains no Quinine, Aconite, or other poisons injurious to the system, that will cure Fever and Ague, Intermittent or Bilious Fever, and the chills not return during the season. It permanently cures Fever and Ague, long standing. 15c.

Buffalo.

County Correspondence.

FROM THREE OAKS.

July 18, 1874.

EDITOR RECORD.—Please allow me the privilege of replying through your valuable paper to a portion of a letter which you were good enough to publish in the last issue of your paper. Nearly a verbatim copy of said letter was published in the *Lapeer Argus* last week. The portion of the letter I wish to call attention to reads as follows: "The Crusaders had a Special Committee of 25 to look after the drunken Dutch." In no motion, resolution or speech in the proceedings of the Three Oaks Temperance Association was ever heard the above paragraph, and I presume to say that no such foul aspersion has been uttered by any member of the association unless the said "Ned" belongs to it. The association have decided to take lawful and honorable means to suppress the illegal sale of liquors in this place, and through kind feelings and without malice. He has certainly taken a peculiar course of showing insincerity in the temperance cause by having the foul insinuation published as truth; what motives he could have had for publishing the statement I cannot imagine, for had he been much exercised in mind over the proceedings of the temperance association he could easily have ascertained as to its deliberations. Now I call upon the said "Ned" to give his authority for the statement or go through a process of purgation by retracting them, for certainly if he does not do either it will be a disgrace to his pure unsullied Christian character, which he professes to have. An association should defend itself against such unqualified statements as well as an individual. Perhaps the Secretary of the association would dispose of the matter in fewer words, by saying the statement is an unqualified untruth. Truly yours,

J. BAKER.

FROM BRIDGMAN.

July 6, 1874.

EDITOR RECORD.—As the name of our Post Office has been changed from Laketon to Bridgman, (that being the name of the R. R. station), heretofore all correspondence sent to Laketon will be lost. We respectfully request that all correspondence sent to Laketon be sent to Bridgman. On last Tuesday evening, the Bridgmans made a donation, for the benefit of Rev. V. H. Helms. Although gotten up on short notice, there were a goodly number present, some sixty or seventy sitting down to supper; netted about \$25 cash, and lots of remnants. California school district has also held a festival for the benefit of Rev. Wm. Penland, of Royalton, which, we understand, went off in good style. On Wednesday, July 1st, quite a number of Odd Fellows, and others, took excursion to the St. Joseph to see Hon. Schuyler Colfax and hear him speak on the merits of the Order. On the trip to St. Joseph the Rail Road Company afforded the best of accommodations. But coming home, the most miserable of second class coaches, which were crowded, and very poorly lighted, some not even having solitary tallow dip. If Hon. A. H. Morrison would have the blessing, instead of the curses, of the good people along the C. & M. L. S. R. R., he will have to change his style of returning excursions. On a recent Sunday morning, Dr. J. F. Barringer's horse was treated to a dose of shot, by "Hank," for being in the corn, without a license, for which the Dr., with the aid of a "Cold Navy," promptly took the aforesaid "Hank" into custody, until he could procure a warrant for his arrest. A preliminary examination took place the following day, before Justice Giles, when the case was adjourned until the 9th. The day we celebrate was observed very quietly here; there was a Sabbath School picnic in the grove, some St. Joe tangle foot on the streets and a Ball in the evening at Smith's Hotel. One of the sensations of the Fourth was the advent of our prominent (?) lumberman, H. F. Mead, with his young wife No. 2. It is now over two months since he was left a widower. And such is life. The officers elect of Laketon, N. Y., 143, are to be installed Saturday eve, July 11. They are: Joseph Giles, N. G.; O. Myers, V. G.; C. O. Jeffries, R. Sec.; Wm. Williams, Treas.; Dr. Mandin, P. Sec. Some of our able bodied men have struck out for the harvest fields south of Buchanan. Mercury upon the nineties! Mosquitoes on the war path, and—nuff ced.

Yours, X. X. Z.

FROM WILKINSON.

July 11, 1874.

MR. EDITOR.—Nearly every place along the lake shore has been noticed through your columns except this—Wilkinson. It is situated about six miles from New Buffalo on the C. & M. L. S. R. R. There are two stores, two cooper shops, a saw-mill, blacksmith shop, express office and a brick schoolhouse. The petition for a post office, Lakeside, has been granted, and I. Gibson appointed postmaster. But the latest and best thing was the Granger's Picnic. The Chickaming Grange here was notified that there would be a picnic on the Fourth, in the grove on the bank of the lake; and everybody was coming and the rest were invited. Early in the morning they gathered to arrive, and by ten o'clock the grove was gathered then her beauty and her chirality. And when music arose with its voluptuous swell" (said music consisting of five wooden pipes and a pile of grangers with blue books) "soft eyes looked love to eyes set in softer heads, and all went merry as a married bell." Don't know as I have quoted just right—but to continue: "But hush! hark! a deep sound"—not a bug horn from famed Waterloo, but some smaller ones belonging to the Grangers, such as the Hon. Wm. Chamberlain and a few others of similar mark. After
