NOTICE TO SETTLE.

THOSE indebted to the late firm of Smith & Sons are hereby notified to call at their place of business, at Buchanan, Mich., on or before the 1st day of September, 1874, to settle their accounts. All owing to them must be paid in full, and all claims against them must be presented at the same time. After that date no account will be received, and no claim will be paid.

Smith & Sons, Buchanan, Mich., July 28, 1874.

PERSONAL.—We received a call on Tuesday from Rev. A. G. Parish, of Chicago, formerly a classmate of ours at the Northern Indiana College. Mr. Parish was on his way to attend the M. E. Conference of this district now in session, at South Haven, and expects to unite with this Conference.

RELIGIOUS.—Rev. Levi Tarr, pastor of the M. E. Church, of this place, preached at Grand Rapids on Sunday last. The pulpit was occupied during his absence by Rev. J. K. Deering.

The place to buy Groceries is at J. P. Binns & Co's, where you will be used gently and will not be found fault with if you don't buy. Goods are sold at fair profit. Call and see for yourselves.

J. P. BINNS, A. G. DAY.

NOTICE.—Mr. A. A. Rice, of Chicago, has opened a dental office in Three Oaks, where he is prepared to do all work in his line. All work done at reasonable prices and warranted. Rooms on west side of Main St., south of railroad.

THANKS.—Mr. B. S. Crawford, just over the river, sent to our office a muskmelon of the Buckeye variety, that measures 25 inches in length. It is a rare specimen.

ONE hundred and thirty thousand pounds of wool bought at the Woolen mills in LaPorte the present year. An equally large amount could be furnished a mill in Buchanan, if one was only once established here and in good running order.

LIFE IN THE ARMY.—An interesting and instructive narrative of incidents and events connected with the late war. A neat pamphlet of some 50 pages, by an invalid soldier, just published, and ready for sale. Price, 35 cents. News dealers furnished copies for sale on orders, at reasonable discount. Address, AMOS FARLING, Buchanan, Mich.

The place to get job printing of all descriptions is at the RECORD office.

We received a pleasant call from Mr. Baum, of Gibson Station, Indiana, on Tuesday. Mr. Baum appreciates the efforts of county editors, and recognizes the fact that they are often poorly paid for their services. This fact is not very generally admitted. He will accept our thanks for special favors.

FLY screens to the doors and windows can be appreciated at this season.

ATTEND the Business College at Kalamazoo. Board only \$3.50 per week. Journal sent free.

CHOOKERY and Glassware a specialty, at Smith Bros. & Co.

WIND mill peddlers are on the war path.

It takes money to pay for labor and material. Do not ask us to give credit for job printing. All jobs must be paid for when delivered. There is no variation in this rule.

FARMERS TAKE NOTICE.—B. T. Morley keeps at the Foundry, in this village, plow points for nearly all of the South Bend plows.

A LARGE lot of improved Mason Fruit Jars, at Day & Binns.

THE pasture is getting very short, and unless we have rain soon farmers will have to feed their stock.

The American Association for the Advancement of Science, will hold its next meeting at Detroit. That city is becoming a popular resort for national assemblies.

We have been turning out some excellent job work, of late. Our patronage in this department is growing very fast. Good work at living prices, are sure to win. We guarantee satisfaction in all cases.

POTATOES WANTED.—Henwood & Merrill will pay the highest price in cash for potatoes. Rooms under Howe's store.

On account of our cheap campaign rates of subscription, we have concluded to give our regular subscribers, who did not take advantage of our offer for 60 days, another chance. All subscribers who will pay us one year's subscription, by the 1st of October next, can have the paper for \$1.50. Now let all of our subscribers try to have their paper paid in advance by that time. We shall charge all \$2.00 who do not take advantage of this opportunity. This is fare warning.

We do not see any harm can be done in republishing the following from the Three Rivers Reporter: "Major Duncan, of the Niles Republican, should fix it so that the Niles wouldn't know when he comes to Constantine to call on the ladies! It lets the cat out."

L. P. & G. W. Fox have just received a full line of hats and caps for men and boys. Call and examine.

A FATAL ACCIDENT.—Eddie Gray, aged 16 years, and son of Amos Gray, living about five miles north of this village, was killed by the accidental discharge of a gun, on Thursday of last week. This accident, as reported to us, occurred as follows: A party of four were riding along the road and while they were all looking at a turnip patch which they were passing, having their heads turned to one side, a gun carried by one of the parties in the front seat, was discharged in some manner unknown, the contents taking effect in the back part of the head of the unfortunate boy, who was sitting in the back seat, killing him almost instantly. Eddie was an unusual promising young man and a great favorite with the family and all who knew him. We join in extending our sympathy to the bereaved family.

COUNTY FAIRS are being announced throughout the State.

The following which we take from the Lapeer Clarion is hard to beat: On the 14th inst., Mr. Francis Crampton threshed 460 bushels of wheat in five hours, for Geo. N. Turville of Lapeer township. The machine was a Battle Creek Vibrator. So far as we know, Mr. Crampton is the champion thrasher.

NOTICE.—Those knowing themselves indebted to the undersigned, or who stand without unnecessary delay, and settle by cash or note. All accounts must be thus settled by the first of September next. JAMES SMITH, Aug. 12, 1874.

BUY your furniture of Spencer & Allen. All orders for job work and repairing neatly done on short notice. Third door north of bank, Buchanan, Mich.

FRANK HOWARD, of Spy of Shiloh notoriety, when in this village a few weeks ago, jumped a bill at this office of \$6.50. We warn our brothers of the quill to look out for him and collect their pay for job printing in advance. We may have something more to say about his recent visit to Buchanan another time.

FULL line of pictures and picture frames at J. H. Roe's, at bottom prices.

NOTICE.—The only place in the county to get your Solid Jewelry made to order, is at Lapiere & Brown's, Niles, Mich.

Go and see the best assortment of boots, shoes and clothing in the county, at L. P. & G. W. Fox's, cheap for cash.

JUDGE COOLIDGE has decided in a case recently that a witness could not refuse to tell if he purchased liquor at a certain place, on the ground that it tended to criminate himself.

THE Berrien County Fair will be held on the 29th and 30th of September, and the 1st, 2d and 3d of October next.

We have a large number of old papers for sale at this office—60 cents per hundred, or ten cents per dozen.

THE RECORD and Detroit Weekly Tribune one year for \$8.10. Postage pre-paid after January next.

Ferri Carburetum is a superior article of stove polish, manufactured by Geo. Churchill, Buchanan, Mich. w3

THE Republican County Convention will be held at Berrien Springs Monday, Sept. 21st. See formal call in this issue.

PLUMS.—Mr. John Fender, of this village, has brought to our office some plums that the raised, and are hard to beat. The largest measures 6 inches around one way, and 5 1/2 inches the other way. Two of them weighed four ounces, and five weighed nine ounces less one drachm.

SMITH BROS. & Co. offer a liberal discount to exclusively cash customers.

A lot of all wool vests for \$1; at Estes.

BASE BALL.—The Barron Lake Base Ball Club, and the Bruisers of this village, will play a match game in this place, on Saturday next.

ONE of the old established rules of this office, is that all copy must be received as early as Tuesday morning, as we go to press on Wednesday.

Now is the time to buy Clothing cheap, at Estes. He is closing out his entire stock, being compelled to quit business on account of his health. All goods will be sold at greatly reduced prices.

GENOA White Lime and Salt at Smith Bros. & Co.

REMEMBER new subscribers can have the RECORD until the first of January next for 50 cents, in advance. Will our friends tell their neighbors of this offer?

PARTIES living in the county who get their mail regular in a post office outside the county, do not have to pay postage on the county papers.

THERE are too many contingencies yet for us to get very much excited over the prospects for another railroad at Buchanan. We believe, however, if the road is ever built north and south across this county from Allegan to Chicago, it will come via Buchanan, unless stronger inducements are offered in money, to secure the road on some other route. A direct line from here to Allegan is as close the Lake Shore as is profitable to build a road. It is better to have a large tract of productive agricultural lands on either side of the road than to have land on one side and nothing but water or unproductive lands on the other.

We have received the list of tax sales for this county for 1874. The same will first appear in the RECORD in the issue of Sept. 10th.

RECORD one year for \$1.50 in advance.

OUR merchants are preparing for a large fall trade. May they realize their fullest expectations.

COUNTY CONVENTION.—Remember the County Convention, Sept. 21st, to nominate candidates for the following offices: State Senator, Sheriff, Prosecuting Attorney, County Clerk, Register, of Deeds, County Treasurer, Township Clerk, two Circuit Court Commissioners, County Surveyor, two Coroners and Fish Commissioner. Let the caucuses be called and notices of them well circulated. We will publish such notices free if sent to us.

ON motion the delegates chosen were authorized to appoint substitutes in case they could not attend, and those present at the Convention, whether as delegates or substitutes, were empowered to cast the full vote of the township.

A resolution was adopted instructing the delegates to the County Convention to vote for delegates to the Congressional Convention who were favorable to the renomination of the Hon. Julius C. Burrows.

ON motion the delegates chosen were authorized to appoint substitutes in case they could not attend, and those present at the Convention, whether as delegates or substitutes, were empowered to cast the full vote of the township.

TEMPERANCE LECTURE.—The Temperance Meeting on Monday evening last, was well attended, and the lecture of Rev. Mr. Crawford, of St. Joseph, though lengthy, was listened to throughout with great interest and attention. These meetings cannot fail to produce the best of effects, and the importance of the temperance cause should induce all its advocates to join in the efforts being made to create public sentiment in its favor, and to suppress the sale of intoxicating drinks that are destroying the mind, health and souls of so many of its victims, causing to them and their families so much suffering and sorrow.

We call the attention of our villagers to the proceedings of the "Village Dads," in another column in regard to the collection of taxes. They need no comment. We advise all delinquents who wish to avoid trouble and expense to give their attention to this matter immediately.

THE Grand Rapids Post says, that Michigan can boast of the stallion that has made the fastest time of any stallion on record, 2:20, the Membrino Gift. The above is correct except that this celebrated horse is owned by parties living at South Bend, Ind. Michigan's boundary should, by rights, include South Bend, so it is not so much of a mistake after all.

THE new prices at Kinyon & Vincent's beat them all, being much lower than any other expected.

FOUR pounds of splendid coffee for one dollar at Kinyon & Vincent's cash store.

DON'T pay out a dollar in cash for groceries until you get Kinyon & Vincent's cash prices. You can save from 15 to 25 per cent.

NOTARY PUBLIC.—Will E. Plimpton, of this village, has been commissioned to act as Notary Public for this county, and will be pleased to transact all business in that line that may be entrusted to him.

CHROMOS.—If our subscribers want chromos, such as are offered with different publications as such "rare inducements," we have received a circular proposing to furnish us with them at the rate of 10 cents apiece, and a "liberal discount" on large orders. Use a little reason. A good chromo cannot be furnished for many times the usual price of a newspaper, and these cheap things are absolutely worthless.

PERSONAL.—We learn that J. N. Foster, formerly of this county, has been engaged as Principal of the South Haven Union School.

We have received a postal card signed "Smith," but are at a loss to know from what Post Office it was sent. Smith wants his paper discontinued, as he "doesn't want to read any more of the Beecher story." If he will let us know his "front name," we will grant his request.

REV. W. W. WELLS, pastor of the Presbyterian Church, in this village, preached a discourse on the Brooklyn Scandal, on Sunday evening last. It was in vindication of Beecher.

By the accounts of numerous arrests in different parts of the country recently, we conclude that "Weimer's Hotel" at Berrien Springs, is being largely patronized.

PROCEEDINGS OF THE COMMON COUNCIL OF THE VILLAGE OF BUCHANAN. At a special meeting of the Common Council of the Village of Buchanan, held August 22d, 1874, at the Council Room in Eugene House No. 1, Present, G. S. Black, President; Messrs. Blass, McGee, Griffin, Trustees; D. A. Wagner, Recorder.

Resolved by Mr. Blass, supported by Mr. Griffin, that the time for the collection of the Village Tax, for the year 1874, be extended thirty days from the 23d of August, 1874, and that the Assessors be directed to make the proper extension on the Tax Roll for 1874. Motion carried by unanimous vote.

Resolved by Mr. McGee, supported by Mr. Griffin, that the Marshal proceed at once to close up the collection of all taxes due the village for the year 1874, and in all cases where payment is refused to proceed immediately to levy the same by distress and sale of the goods and chattels of the persons so refusing, as provided by Section six-two of the Village Charter. Motion carried by unanimous vote.

On motion of Mr. Blass the Common Council adjourned.

D. A. WAGNER, Recorder.

Republican Township Canons.

The Republican Township Canons, of Buchanan township, was held in this village on Saturday last. The Canons was called to order by Mr. J. Van Riper, chairman of the township committee. On motion Dr. A. Wagner was chosen chairman of the meeting and W. D. Kingery, Secretary.

The object of the Canons being stated—to choose twelve delegates to the County Convention, to select delegates to the State and Congressional Conventions, the following persons were chosen as such delegates: J. J. Van Riper, D. A. Wagner, L. H. Merrill, A. L. Simonds, John Graham, Wm. Burrus, Levi Spaulding, N. Hamilton, W. D. Kingery, E. M. Plimpton.

ON motion the delegates chosen were authorized to appoint substitutes in case they could not attend, and those present at the Convention, whether as delegates or substitutes, were empowered to cast the full vote of the township.

A resolution was adopted instructing the delegates to the County Convention to vote for delegates to the Congressional Convention who were favorable to the renomination of the Hon. Julius C. Burrows.

SUPERVISORS' REPORT.—The report of the meeting of the Board of Supervisors, in October last, is now in the hands of the Clerk awaiting publication. A resolution was passed authorizing the Clerk to have the same published in some paper in the county, but not to pay over \$25 for such publication. The report covers 33 or 40 pages of legal cap, and if other publishers in the county take the same view that we do in regard to the action of the Board of Supervisors, their last meeting never will appear in print at the price offered. It will not pay for the labor required in its publication, to say nothing of the space given it in the paper. It is said that all the papers should publish the same as "news items." There are a great many items of news that people like to see appear in the papers. It is this demand for news that makes the county paper a necessity. But there are a few items of a public nature which we think the people should not only desire to have printed, but should be willing to pay a reasonable price therefor. County papers at best do not get many jobs of this kind. It would be just as consistent to say that we ought to publish the tax sales of this county as "news items," because every person in the county is interested in them. County Supervisors are elected and paid for certain duties which furnish these "news items." It is their duty to let the people of the county know what they do as their servants, by the best methods, so long as the people require it and are willing to pay for having it done.

The Supervisors advertised one year that they would give the publication of their report to the lowest bidder. The lowest bid was \$140. By an arrangement then among the papers, it was agreed that the same should be published in all the papers, either in supplement form or otherwise, and that each paper receive the sum of \$25. The paper people were satisfied with such an arrangement. In a county as large as Berrien, with the amount of business transacted by the Board of Supervisors every year, it looks a little unjust to ask a paper to publish forty pages of legal cap for the small sum of \$25.

KINYON & VINCENT commenced their cash sales on Monday last. No book keeper need there hereafter.

PERSONAL.—We are sorry that the health of our townsman, Mr. S. L. Estes, is such that he has concluded to retire from business for a while. It is a wise course in him, perhaps, and we hope he will be able to find some remedies that will speedily restore him to his usual good health.

Mr. Estes has for some time been singularly afflicted with numbness in his lower limbs, and though his general health does not seem to be seriously affected as yet, and he is not suffering from much pain, yet he is subjected to great inconvenience and annoyance in getting around, so much so that he has concluded to close out his entire stock, as stated, and quit business.

CHEAP FARMS FOR SALE.—Easy Terms. The Atlantic and Pacific Railroad Co. offers 1,200,000 acres of land in Central and Southern Missouri, at from \$3 to \$12 per acre, on seven years' time, with free transportation from St. Louis to all parts of the country. Climate, soil, timber, mineral wealth, school, churches and religious societies, invite emigrants from all points to this land of fruits and flowers. For particulars, address: A. LADIES TAKE NOTICE.—Miss Nettie Briggs has purchased the millinery store of Miss Wood, second door west of the Tremont House, where she will be pleased to see all who may need anything in her line.

THEY HAVE COME, and piles of them too. We mean Noble's new goods. He says he bought them at low figures for cash, and everybody who has money to exchange for goods can get them of him at a very small per cent. above what they cost him.

We give this week a portion of Beecher's statement before the Investigating Committee. We will give the remainder next week, and then our readers will have about as fair a statement on one side as on the other, and of what occurs hereafter we will only attempt to give a very brief synopsis. This is a sad affair, but is so generally known and talked about, and of so much importance to us all that ever person should feel enough interest in it to form an intelligent opinion as to the truth of the charge brought against "The Preacher of America," from the statements made by those who are best informed in regard to the same.

We met many of our old friends from different parts of the county at Berrien, on Monday last, and made other pleasant and desirable acquaintances.

County Correspondence.

FROM STEVENSVILLE.

ED. RECORD.—Inasmuch as your townsmen, J. A. Jones, "The American Voice Throver and Magician," came to our village and "set up," last Tuesday evening, I thought I would give you something in the way of a response. He performed to about a \$25 house, and gave unbounded satisfaction. Although he figured largely on his bills, his performance was far ahead of his pretensions in every respect. His sleight of hand tricks were truly wonderful, and his ventriloquism was certainly the best we ever heard, and we cannot conceive how it could be better. We have not got over laughing yet at the fun produced by this part of the performance. Professor, come again.

FROM SHAWNEE.

ED. RECORD.—In pursuing the columns of the RECORD I found a short communication from Eastern Ohio, the writer of which inquired after the Shawnee correspondent, and as I answer to that appellation, I will inform the anxious inquirer that I am still on the borders, possessed with a reasonable share of health and a good appetite for peaches. Everything is so preparatory to seeding the same to wheat, that the Shawnee Valley is not as good as last season. One acre yielding on an average, about twenty bushels per acre, and from present indications the corn crop will be the poorest that we have had for many years. Potatoes are bound to be scarce again another year. Farmers are not getting rich very fast this season. More anon.

GRANGER.

ANG. 20th, 1874. Much has been published recently in the RECORD regarding New Troy, its people, and its surroundings. It is the design of this article to show the value of the financial advantage the township in which New Troy is situated really possesses for the "fills of the soil," and for those depending upon them and their patronage. That we may be fully understood, we will state here that we do not claim to have a highly developed country, but one of possible wealth. It is the prospect of a bright future that makes a section of country eagerly sought after, and, if apparent, those living there are satisfied with their possessions. The facts that lead us to believe that our township has glowing prospects, are as follows, viz: It has fertile soil; it has a wide range of adaptation to the production of grass, grain, fruits, etc., and its proximity to the lake gives it an atmosphere favorable to fruit growing. It has a record in proof of these facts. Let us briefly notice this record. In the eastern part of the township where grain growing is entered into the most largely, farmers frequently raise fifty bushels of corn per acre, from twenty to thirty bushels of wheat, and of oats and grass in proportion. It is a fact daily demonstrated that tracts of land capable of bringing forth a variety of productions, bring greater wealth to its owners than an equally large tract, furnishing a lesser number of staple products. We have rich grain-growing lands about Hills' Corners, and south of Troy good meadow lands, and in the western part of the township land of light sandy soil, which is so admirably adapted to fruit growing. Some experiments which have been made during the last two years, tend to show that fruit growing can be made as profitable in the vicinity of New Troy as in the St. Joseph country. Mr. E. P. Morley has one acre of strawberries which netted him this year one hundred dollars. Mr. John Dinklerberger had one and one-half acres that yielded him proportionately well. If you were to walk through the Glidden & Brewer peach orchards and see the trees literally loaded down with peaches, we think you would acknowledge the adaptability of the soil there for the production of peaches. Apples do better, if possible, than peaches, and blackberries are the most famous and profitable feature of the soil there. A great many people have asked us of late, "How do you keep your horses looking so sleek and glossy?" We tell them it is the easiest thing in the world; give them Sheridan's Cavalry Condition Powder two or three times a week.

It cures Sore Throat, Sore Gums, and diseases of the throat and mucous membrane. It is an invaluable remedy. John F. Henry, Curran & Co., proprietors, 8 and 9 College Place, New York.

Much has been written by one from whom we should expect better things, about the deficiencies of these people. If that individual will arise from his couch, shake off the lethargy that has bound him, and go forth to labor in the strength of his might, or to become interested in some scheme of improvement, he will soon be able to write in different strains, unless, indeed, "Old Malaria" should again prostrate him. Should that occur, some more "Matter of Facts" statements may be expected. We will admit that it needs the best efforts of every individual of our township to bring us out. A few figures will show the necessity of this, also, the benefits which will accrue therefrom. We find by consulting the report of our Supervisor that there are 22,500 acres of land in this township of which there are but 6,280 acres under cultivation. This shows the enormous amount of 16,220 acres yet uncultivated, or nearly 3/4 of the whole township. If we look at the list of productions of the 6,280 acres we must acknowledge that only fertile soil would yield so bountifully. Then if this list be compared with a list showing the amount the whole number of acres would produce if cultivated, it will be seen that our township may team with wealth if men of determined wills and sturdy arms will but push forward the work of improving and cultivating the land we possess.

I have prepared a table showing the amount of some of the productions of 1873, (the items were furnished me by the Supervisor), in the first column, and the estimated capacity of the township for the same products, in the second column:

| Production                 | Estimated Capacity |
|----------------------------|--------------------|
| No. bu. of wheat harvested | 17,748             |
| " " " " " "                | 42,765             |
| " " " " " "                | 9,151              |
