PERSONAL.—Mr. Thomas E. Shentone, of this place, will remove with his family to Dayton next week, as he has been appointed by the M. E. Conference of this District as pastor in that village for the coming year. Mr. Shentone has made many valuable friends during his stay in Buchanan, and is highly respected by all who know him. We wish him success and trust he may meet with every encouragement while laboring for the cause of humanity and Christianity.

THANKS.—The Chief of the Fire Department, Mr. C. S. Black, desires us to tender his thanks to those of our citizens who so cheerfully assisted the Firemen Wednesday of last week, at the burning of the Foundry and Zinc Collar Pad Works. Also, to state that a few persons at that occasion deserve the censure of all good citizens for their manifest unwillingness to take hold and assist either in extinguishing the flames, or saving the property exposed to destruction.

NOTICE.—The only place in the county to get your Solid Jewelry made to order, is at Lapiere & Brown's, Niles, Mich. 144

ENVELOPES.—We have ordered a full stock of envelopes of different colors and qualities, which we will receive the latter part of this week. Those who are in need of printed envelopes will call early and get the first choice. Prices will vary from \$2.50 to \$4.50 per thousand.

WE notice that a large number of deaths reported in our exchanges, occur among children. The little ones should be guarded closely and carefully attended to.

A LARGE lot of improved Mason Fruit Jars, at Day & Binns'.

CONSIDERABLE work has been done on Front St. the past week, that improves the looks of the business portion of our town. The gutters have all been cleaned, the streets graded, and a portion of new sidewalk built on the north side, in front of Roe's block.

For a good cigar call at Central Block Dining Hall.

THE Southern Road is more liberal than the Mich. Central and carries passengers to Chicago during the Exposition, for half fare.

COMMISSIONERS advertise for proposals to build a bridge over the St. Joseph River at Berrien Springs.

WE return thanks to Mr. King, Secretary of the Berrien County Agricultural Society, for the usual courtesies. We trust that all will take an interest in the fair to be held next week, commencing on Tuesday and closing on Saturday. It will doubtless be the best fair ever held by the Society, as there are many features about it that will be particularly attractive. Let all who can, visit the County Fair.

REAL ESTATE is very cheap in our village at present. It is a good time to purchase property here.

GRAPES are plenty at three and four cents per pound. This part of Michigan is becoming more noted each year for its large yield of this excellent fruit.

ALL persons knowing themselves indebted to Binns & Rose are earnestly requested to call and settle. Our friends will remember that we need money to purchase our fall and winter stock of goods, and hope they will respond early to this notice.

OUR churches should all have lights in front of them that the boys could see what girl to choose as they are coming out. It doesn't make much difference, however, as there isn't any choice among girls who will allow young men to accompany them home in this manner, and the boys don't care which one they grab.

ABSENT.—Our Foreman, Mr. B. D. Harper, and his wife are absent this week visiting relatives and friends at Lansing, Albion and Augusta, and may extend their visit to East Saginaw. Mr. Harper has been a faithful hand in this office for years, scarcely losing a day, and is in need of the rest and recreation which he is now enjoying. His absence leaves a "vacuum" in this office which we are not able to fill, and if prolonged to any great length of time would be of great detriment to us.

ONE of our correspondents from Berrien Springs furnishes us a glowing account of the annual roll-around on the streets of that usually peaceful and quiet village, in which L. B. Barnard, Editor of the Journal, and Hon. George Murdoch, Justice of the Peace, were the chief participants. For certain reasons not necessary to state, we withhold the letter from publication, but will give the substance of it as follows: It appears that Mr. B. and King George got into some controversy in regard to certain mistakes that appeared in the Democrat, and the excitement ran so high that George forgot the dignity of his official position, sprang like lightning upon Mr. B., and was wallowing him on the sidewalk when the Marshal appeared and took the Hon. Geo. by the nap of the neck and seated him gently on the railing, where he remained in perfect "contentment," and listened to the vituperations and abuse of Mr. B., whose anger got to such a pitch that he was about to make the second assault upon Hon. George, but his proceedings were interfered with by the Marshal, who threatened to arrest him for using obscene language if he did not desist. No prosecutions. The Journal man says:

"We were unfortunate to get near a tub of beer, or whiskey, or some other slop the other day, and it slopped over on us and nasted us up, somewhat, that's all. We were not hurt at all, only we don't like the stench. Such nuisances ought to be removed from the street."

CIRCUIT COURT.—The Court Calendar for the September term contains 118 cases.—12 Criminal, 1 issue of Law, 7 issues of Fact to be tried by Jury, 90 issues of Fact, and 3 Chancery causes.

SMITH BROS. & Co. offer a liberal discount to exclusively cash customers.

NOTICE.—All persons owing the undersigned, on notes or accounts, will find the same at the Drug Store, or the old stand, where they can pay the same, on or before the 1st of October. After that date they will be left in the hands of Judge Ballengee for collection.

JAMES SMITH, Sept. 16, 1874.

On Friday last the axle-tree of a water tank wagon, of some thrashing machine, broke right in front of our office and let the water out in a very good place. It wasn't one of our Buchanan wagons.

Baby fairs are becoming quite popular.

L. P. & G. W. Fox have just received a full line of hats and caps for men and boys. Call and examine.

The days and nights are now about of a length, after the 20th the difference in length will be in favor of the latter.

We will accept a few cords of wood on subscription. We want good wood and a cord will pay for the paper one year. The advance rates of our paper are \$1.50 in cash, and not in wood or produce of any kind. Our subscribers will all make a note of this so that there will be no misunderstanding.

DISOLUTION NOTICE.—The partnership heretofore existing between Elijah Beck and Edward Ballengee, in the Bank Wood Trunk and Casket business, is this day dissolved by mutual consent. Elijah Beck taking the entire interest of E. Ballengee, and paying all debts out standing against said parties.

Dated, September 14, 1874.

E. BALLENGEE, E. BECK.

RECORD and Weekly Inter-Ocean one year, for \$2.50, invariably in advance.

NEW PAPER.—A new paper has been started at Niles, called the Berrien County Independent, Mr. Ohas. M. Winslow Editor and Publisher. The Independent makes a very creditable appearance, and is furnished at the low price of \$1.00 per year. In regard to newspapers this county is like an omnibus—always room for one more. Success to the Independent.

REMARKS.—The hour for holding services, at our churches in the evening, has been changed from 7 1/2 to 7 o'clock.

OYSTERS.—The oyster crop is reported large, the present season, and of the best quality.

FINE French Calf Boots can be had at C. H. Rea's as low as the same quality of work can be had at other places. He has secured the services of Mr. A. Sanders, and can furnish a few more customers with those fine fitting boots. That is also the place to get your harness work, where good stock is used and all work warranted. He will not forget his warrant, nor refuse to make it good. A fine assortment of Trunks, Valises, Shawl Straps and KADIBS SATONELS always on hand.

Mr. Taylor says that he can put on a better pair of half soles than any man in town, and will do it for seventy-five cents.

ALL those who pay for their paper this month get it for \$1.50 a year. Those in arrears for 60 days on the first day of October will have to pay at the rate of \$2.00 per year. All understand this and we hope will take advantage of this offer.

FROM all reports the fair at East Saginaw was a grand success and a credit to the State.

NEARLY every boy in town has secured some relic of the late fair.

PERSONAL.—Mrs. Howe has removed to Albion, Michigan, for the purpose of educating her children at the Albion College. Master Charles Wilson, son of Mr. and Mrs. Ephraim Wilson, of this village, has also gone to Albion to enter Coll'ge.

EXAMINATION of Teachers will be held in this village on Thursday, Oct. 8th.

APPLE peering socials are now in order in the county.

If you want to advertise, remember that the RECORD has double the circulation of any paper in the County.

OUR merchants are making extensive preparations for their fall and winter trade. From present indications the trade will be much larger than last year. The number who regularly patronize our town is constantly on the increase—a fact that is very gratifying and highly complimentary to our business men.

We have never felt like complaining because our merchants and business men did not make the best use of the columns of the RECORD in advertising their business. We rely on their good sense to make proper use of these means which are far superior to that afforded in many other villages of this size. We must say, however, that we are not receiving at present that support in this direction which we merit, and which the mutual good of all justly demands.

PUBLIC Lecturers are making their engagements for their winter campaign.

TOWNSHIP CAUCUS.—The Township Caucus on Saturday was pretty fairly attended under the circumstances. Not so well however, as is desirable to see these primary meetings. Mr. E. H. Merrill was chairman and Mr. D. A. Wagner Secretary. The following persons were selected as delegates to the County Convention:

J. J. Van Riper, L. P. Alexander, Geo. W. Noble, N. Hamilton, D. A. Wagner, C. S. Black, Seth Smith, David Fisk, L. W. Spaulding, W. S. Hamlin, J. H. Roe, John Graham.

VARIOUS representations having been made as to the length of the School at the Old Union School House, I wish to distinctly state that there will be a school there throughout the winter.

J. M. ROGERS.

THE authorities of the village have requested a publication of the following, being Section 22 of Compiled Laws of Michigan Chapter 249:

"If any person shall willfully destroy, mutilate, deface, injure or remove any tomb, monument, gravestone or other structure or thing placed or designed for a memorial of the dead, or any fence, railing, curb or other thing intended for the protection or for the ornament of any tomb, monument, gravestone or other structure before mentioned, or of any inclosure for the burial of the dead, or shall willfully destroy, mutilate, remove, cut, break or injure any tree, shrub or plant placed or being within any such inclosure, the person so offending shall be punished by fine not exceeding five hundred dollars, nor less than ten dollars, or by imprisonment in the county jail not more than one year."

SEVERAL communications received Wednesday morning—too late for this week's issue.

FRESH OYSTERS served in every style, and sold by the can, at Central Dining Hall.

CURIOSITY.—Mr. Henry Curtis left in our office what would be a curiosity for many to see, a genuine Queen's Seal of the Queen of England. The Seal is of beeswax, over 20 inches in circumference, and is carefully incased in a tin box. Impressions are made on both sides of the wax which is attached to a parchment (being a patent issued in 1832), by means of a braided cord. Those who have any desire to see the same, can do so by calling at this office. The number of this patent is only 2,555, showing that the inventive genius of England is not so great as it is in America.

WE have seen a large number of our good Hoopier friends in town the past two weeks. They were on their annual trip after peaches.

The rush at Kinyon & Vincent's still continues. All who want Groceries at bottom prices, for ready pay, will save money by calling on them.

Mrs. M. A. HAZETT will lecture on "Woman's Right to the Ballot," at Three Oaks on Friday evening, Oct. 2d, and at Buchanan, Saturday evening, Oct. 3d. Further appointments will be announced next week.

THE September term of the Circuit Court for this County, opened on Tuesday of this week.

The election of officers for the Philo Pouson Literary Society, will be held in their room at the Union School Building, on Friday evening, the 25th. Let there be a full attendance of the members, as those who are interested in the Society desire to see a good and competent set of officers chosen, and hope that under their administration the Society will prosper.

A LARGE and varied assortment of Lamps; Lamp Goods; Glass-ware and Crockery, very low for cash, at Smith Bros. & Co.

ABOUT BITTERS.—At certain periods of life a tonic is necessary; but there is danger in using stimulants that injure the organs of digestion while giving temporary relief. To obviate this, and present to the public a tonic free from ALCOHOLIC POISON, Dr. Greene prepared the OXYGENATED BITTERS, a sure cure for DYSPEPSIA and all kindred complaints. Sold everywhere. JOHN E. HARTY, CUNY & Co., Proprietors, 8 and 9 College Place, New York.

OUR town has attractions sufficient to induce several who have been examining different places throughout the county for the most favorable location they can find. Mr. Eastman, of New Buffalo has purchased property here, is fitting it up and will move with his family the coming week. Mr. Mason, also of New Buffalo, has decided to move to this place and will purchase property soon. These gentlemen are good citizens and we gladly welcome them to our midst. Five or six other families of New Buffalo also contemplate moving here. Mr. P. N. Weaver and Mr. Hays of Loda, Ill., after visiting all through Northern Indiana and Southern Michigan, have concluded to remove to Buchanan. We learn that these gentlemen have considerable means, the former having been engaged in the mercantile business and the latter a druggist. We hope that they will be pleasantly situated here, and that they and their families will never have occasion to regret selecting our beautiful village for their home. Let us all do our share to make the surroundings desirable and life agreeable and pleasant to those who cast their fortunes among us. If each will contribute something to this end, it will not be long before they will assimilate with the people of the place and the vicinity, become attached to the town and its interests and feel perfectly at home.

A full and complete stock of boots, shoes, hats and caps, cheap for cash. Call before you buy, at Noble's. Talk cash and down they go. w2

Judge Ballengee will have to take the premium this year on potatoes. He left one in our office, raised in his field, in this village, that weighs one pound and one ounce.

WE noticed the smiling face of our old friend Henry Marboof on the streets one day this week.

THE first social hop of the season was held at Collins & Weaver's Hall on Friday evening last.

THE Literary Department of our State University, opened Wednesday with a good attendance.

REPUBLICAN County Convention last Monday and Democratic Convention on Tuesday following. See proceedings elsewhere in this issue.

THE place to buy Groceries is at J. P. Binns & Co's, where you will be used gentlemanly and will not be found fault with if you don't buy. Goods are sold at fair profit. Call and see for yourselves.

J. P. BINNS, A. O. DAY.

Go to Redden & Graham's and see their new stock of fall and winter goods. They have everything you want, and will sell at the lowest prices.

THE CHAMBERLAIN ESTATE.—The Judge Benj. Chamberlain heirship suit, which was tried the fore part of July last, has just been decided in favor of the Simon Chamberlain heirs, but whether the defeated party will be willing to let the matter rest as it is now decided or appeal it to a higher court, we cannot say. However, it is evident the more the case is investigated and the true evidence got at, the more plainly it is to be seen that the late Simon Chamberlain heirs are legally entitled to a share of the Chamberlain estate.

Go and see those new Boots and Shoes just received at L. P. & G. W. Fox.

PERSONAL.—Miss Clara A. Dodd is absent from town visiting relatives in Des Moines, Iowa.

LAND agents and railroad companies that are interested in sale of lands, often have the generosity (?) and liberality (?) to write a "special correspondence to newspaper publishers, giving a glowing description of the country, seeking to induce immigration for their own personal interests at the publisher's expense. We have found that parties engaged in this business value and appreciate these notices and are willing to pay a reasonable sum for their publication. Publishers should unite solidly against this class of dead heads and not permit advertisements, which have a tendency indirectly to injure their own business, unless they are well paid for it.

SEVERAL nights of late have been cold enough for frost. We have not discovered any except one morning, and that very light.

PETERSON'S JOURNAL OF POPULAR LITERATURE.—Messrs. H. Peterson & Co., of Philadelphia, having relinquished their connection with the Saturday Evening Post, announce their intention to publish a new Monthly Magazine, to be called Peterson's Journal of Popular Literature. It will commence with the December number which will be issued early in October. It will be a fine copy of Contributors have been engaged. Every story in each number will be complete—no serials will be published. Terms, \$3.00 a year. Specimen number 25 cents. Address, H. PETERSON & Co., 920 Walnut St., Philadelphia.

THE Editor of the Lowell Journal consoles himself thusly:—"Money begins to come to us again, thank fortune, and those stockings we bought last spring are about paid for."

GRAND OPENING.—Miss DeLambrand has associated with her, in business, Miss Merrill and Miss Hall. The new firm will open with a large and new stock of Millinery and Ladies' Furnishing Goods, on Saturday next. Ladies of Buchanan and vicinity are respectfully requested to call and examine their new stock, and learn what bargains they will offer.

ABOUT BITTERS.—At certain periods of life a tonic is necessary; but there is danger in using stimulants that injure the organs of digestion while giving temporary relief. AUCTION.

I would respectfully inform the citizens of Buchanan, and vicinity, that I have brought to this place a large and well assorted stock of fine first class Clothing which I propose to sell at Auction, without reserve, to the highest bidder. These goods are the balance of the stock of the large merchant tailoring firm of Seligman & Co., late of Kalamazoo, Michigan, and consist mostly of garments made to measure and left on their hands, manufactured out of the finest of imported Tricots and Crepe Coatings, English Cassimeres and Imported Woolens generally. They are of that finest of quality that must be seen and examined in order to be appreciated. The Auction sales will be held regularly every afternoon and evening, for the next few days, in Redden's Block, first door east of Redden & Graham's store, Buchanan, Michigan. The Public are cordially invited to call and examine the goods before bidding. Sale to commence Wednesday evening, September 23d, 1874. A fit guaranteed in every instance.

H. M. SELIGMAN, Buchanan, Mich., Sept. 23, 1874.

Cord of Thanks.
ED. RROOD:—We desire through your columns to tender our sincere thanks to our friends who labored so faithfully to preserve our property from destruction by fire, on the 16th, and especially to the few who drew the engine and cut up the hill.

County Correspondence.

FROM BERRIEN SPRINGS.

The St. Jo. bridge looks rotten above, but is said to be sound below. The commissioners propose to rebuild it, provided they can get anybody to accept money in these burlesque times.

Brayman has launched his new ferry-boat. It looks as though it will "hold water."

Dr. Kephart's drug store has moved up town. The silence at the old center seems to say, "not at home."

Fine run of custom and easy times at Stowe's saloon.

Clear has the "tin," and plenty of revolvers.

Dr. Wheeler fills our mouths with teeth, but his small and sweet doses of medicine fill our stomachs with emptiness.

Ayers has an airy saloon, and marble balls there seem to roll by the mysterious motive power of "steam."

Much wonder is expressed as to what Mr. Case will make of his fine new building on Perry St. If it should be rented by the Young Men's Christian Association and the Berrien County Bible Society, I will let you know.

Our jail is full. We have one minister in town who goes in and prays with the prisoners.

Our streets are in fine condition, in consequence of the absence of rain and the rush of teams, the past season.

Monte Nichols and Graham's clerk, take bullets from the store without leave, and throw them most carelessly at burglars.

Charlie Nichols was a delegate to the "Universal Suffrage Convention," and stood well there.

Filkins is building a millinery shop—neat as a pin.

Parker will soon be ready to photograph the shadows of our own immortal relics.

The sick times are better—"set up some," and begin to inquire about business and victuals.

This is the glorious morning of the County Convention—a time of deep feeling. Scores are anxiously inquiring—"What shall I do to be saved?"

More, if you be, anon.
Ever Yours,

FROM BERRIEN SPRINGS.
Sept. 21, 1874.

ED. RROOD:—The communication in your paper of last week, signed "D. Fisk," relating to a certain monument in your cemetery, has been read by all Christian people here with a painful interest. Mr. Fisk says:—"The monument itself is beautiful and artistic in style and finish, but covered over with words of moral filth, falsehoods and obscene blasphemy, &c." Some say perhaps Mr. F. represents the intent and tone of the inscription with prejudice, and if so, does great injustice to the departed and be reviled. Some venture the remark that "Fisk may be a bigot, not knowing the meaning of the words he used, or not weighing them, and consequently becomes a defamer of the living as well as the dead." All say, "let us know what that inscription is, that we may judge for ourselves." It is due to Mr. Fisk's good or bad name, that he publish the exact words of that inscription. He says:—"But let it (the monument) stand." If then, it is to stand in your cemetery, the inscription cannot contain "moral filth, falsehoods and obscene blasphemy."

Let it be published, Mr. Editor, that the readers of the RECORD may detect the "inscription," or a bigot and slanderer—one or the other would seem inevitable. Silence looks bad.

Yours truly,
INQUIRER.

THE NILES Republican says: The examination of Thomas Bunbury, late City Treasurer, took place before Reaume Alward, on Friday last, and he was held under \$2,500 bond for appearance at the next term of Circuit Court. S. Bronson has "donated" \$210 to the County Agricultural Society, and in return has been granted the privilege of furnishing refreshments during the Fair. The next bid was \$200 by John Davis. We are right certain all who personally know the Rev. C. C. Olds, for four years past Presiding Elder of this District, will be glad to hear he was made the recipient of a silver tea-set of nine pieces, costing \$150, at the M. E. Conference, last week, in Kalamazoo. The present was from ministers under his charge, and the presentation was made by the Rev. A. R. Boggs. Mr. Olds has the happy faculty of gaining and retaining friends, wherever he goes; and the best of it is he deserves them.

He goes from town to town, and many good wishes will follow him. Just before noon on Tuesday last the plaining mill and sash and door factory of J. M. Pierson, on Sycamore street, was discovered to be on fire originated in the engine and boiler room on the north end of the building. Hope engine and hose companies being very near were promptly on hand, and the Defiance made the long run from their house near the Central depot in commendably quick time, and both went to work with hearty good will, and with the aid of Murray's steam pump, and hose, very soon got the fire in check, and were not long in fully extinguishing all traces of it. Mr. Pierson's loss is about \$400, with no insurance.

THE BERTON HARBOR Palladium says: The peach crop is much better than was expected before the rains. We regret to see hundreds of bushels of the best winter apples that should bring the farmers at least three dollars per barrel, if properly sold, brought in half that price. From the orchard of Mr. Lawrence we have a twig of pear, containing two fruit spurs and about thirty blossoms. This orchard has borne one crop of pears this season, and is now in full bloom for the second. The South Haven Committee appointed to investigate the yellows, give it as their opinion that they do not know "whether the yellows are originated by the peach borer more or less girdling the tree."

just below the surface of the ground, overbearing, neglected pruning, the want of cultivation or manure, or trees standing in grass." We have also thought so for some time.

THE NILES Democrat says: In the section of our county known as the "Bend of the River," there is prevailing at this time a destructive epidemic of diphtheria. Many families have lost two or three of their little ones by this disease. Daniel Lingo has already lost two children, and more of his family are in a critical condition. John Irwin, in the same neighborhood, has lost two of his children, and other deaths have occurred in different families in that location. We have been favored with a preaching several nights this week. We can't imagine why the preacher located here, when South Bend is so close. An unoccupied house, belonging to Dr. S. Richardson, situated on the hill west of the Broadway bridge, was burned last Saturday night, about 9 o'clock.

THE ST. JOSEPH Traveler and Herald says: Miss Maude DePuy, daughter of Mr. and Mrs. Theo. DePuy, of this place, died suddenly on Monday of Congestive Chills. The young lady retired the night before apparently well, although we understand she had been having chills for some time past, but in the morning her mother going into her room found her in bed in an unconscious state. The physician was at once summoned, who pronounced the young lady suffering from a congestive chill. Remedies was at once applied and other physicians were called in, and every effort made to save her life, but they proved unavailing and she died at one o'clock P. M.
