ACCIDENT.—On Tuesday last, while a party from this place were out hunting, Philo Smith of this village, about 18 years of age, was shot through the head by the accidental discharge of a gun in his own hands, killing him instantly. It appears that young Smith was standing on a log when he asked his companion for the gun to shoot a squirrel that he saw. The gun was handed up to him and he took hold of the barrel near the muzzle, and either the gun swung against the log, striking the hammer, or in drawing the gun up, it caught on the log, and the load was discharged, with the results as stated. An inquest was held and a verdict rendered in accordance with above facts.

ACCIDENT.—A young man by the name of Amzi Glover, aged about eighteen years, son of Jackson Glover, of this place, was killed at the depot in this village, on Wednesday morning last. He was one of the section hands, and as a freight train from the west passed the hand-car house, he jumped on and rode to the depot, where he jumped off. His feet slipped from under him and he fell backwards, the wheel of the car striking him in the back part of the head, killing him instantly.

Do not fail to read the advertisement of Duncan's Patent Folding Lap-Table, in this issue. This is pronounced the best thing of the kind ever offered. Should be in every family. Agents wanted. Rare inducements offered to those who wish to engage in a lucrative employment. Sell rapidly. For further particulars read advertisement.

OUR readers will notice Reiden & Graham's new advertisement in this issue of the RECORD. These gentlemen are honorable and reliable business men and will do all that they promise. Their large and elegant store room is being filled with the best assortment of goods in their line, and everything will be done to increase their trade by offering the best bargains, and meeting, in every particular, the wants of their numerous customers.

REPUBLICANS, look out for bogus tickets next Tuesday. Read your ticket over carefully before depositing the same in the ballot box, and be sure it contains upon it only the names of candidates whom you are willing to support.

BUSINESS is improving. The prospects, however, for the coming winter are not as flattering as might be desired, all things considered; yet there is no reason why our merchants and business men should get discouraged and think that they could better their condition elsewhere. The facts are, money is scarce everywhere and capitalists hesitate to invest their means in any enterprise. There is a general depression and dullness in all branches of business at present, which effects us no more than other localities. The most encouragement we get is in comparing our situation, and the manner in which we are sustaining ourselves, with that found in other cities and villages throughout the country.

JUST RECEIVED.—Piles of New Goods, cheaper than ever. Now is the time to buy your winter supply at Reiden & Graham's.

The Republicans of the first Representative District have made a good selection in nominating Mr. A. H. Rothwell, of Dayton, as their candidate for Representative to the Legislature. Mr. Rothwell is an intelligent, honest and worthy young man—has a host of friends in Bertrand and Galien, and also in Niles city. He will secure a large German vote, run far ahead of his ticket, and stand a fair chance of being elected.

UNCLE Jesse Helmiak, who lives a few miles south of this village, made 324 rails on Friday of last week, it being his 76th birthday. There are not many men who can accomplish such a day's labor at that age. We think that Berrien County is entitled to the banner.

FROM THREE OAKS.

Ed. RECORD.—News items from this place are scarce. No murders, no suicides, no divorces, no political excitement, except what little Bullard makes; everybody too busy to make news.

Exit peaches, and plenty of oysters. Squaw winter last week, and Indian summer now in full blast.

The pancake crop is ripe. Piles and piles of new goods in the stores. Trade good.

Corn-husking lively, and crop much better than was expected.

Wheat is being badly injured by the fly, and looks very spotted in places. R. B. Golt is packing apples. His reports not more than one-sixth of a crop in this part of the country. A full crop would bring 25,000 barrels here.

Mr. Ed. Warren has retired from the firm of McKie & Warren for a short time.

Mr. George Bennett is very happy. It is a big, fine boy.

The young people here had a very fine party at the house of Mr. Peter Streble, last Friday night. Mr. Streble is one of our most substantial merchants.

Josh Chatterton made a bet of a fine oyster supper that the M. L. S. R. R. would be taken up from Troy and run to Three Oaks. He will lose the bet, so I will invite the editor of the RECORD to participate in the supper.

Dr. Salter is happy; he sits in the big arm-chair with his hair combed and parted in the middle, with a small bunch in his arms, singing, oh, so sweetly.

Mr. J. T. ALLEN desiring to remove to California, offers his property for sale in this village. See notice in another column.

ALL kinds of Rubber Goods cheap for cash, at Noble's.

REGISTER.—Do not neglect to have your names on the register by Saturday next, if you want to vote at the coming election.

Frost grapes are now ripe and are reported abundant in this country.

MR. A. WILLARD has purchased the interest of J. T. Allen in the furniture store. The business will be conducted in the future by Spencer & Willard. These gentlemen propose to keep a first class furniture store in Buchanan and should receive the patronage of those living in our village and vicinity when in need of anything in their line.

This following we clip from the Huron County News, in noticing an article in THE RECORD several weeks since:

"If you want your potatoes grown to a respectable size, Mr. RECORD, just send your seed over to Huron county. We brought home from our last County Fair some half a dozen, a couple of which we weighed, and they both tipped the scales at one pound and eight ounces. Berrien must try again."

Berrien has tried again, and we now exhibit a potato weighing three pounds and four ounces. Berrien can beat the world on potatoes as well as on fruit of all kinds. We can also produce the best quality of winter wheat raised in the western country.

SEND US news. We want every item of any interest for publication from every township and neighborhood in the county.

THE Primary School, University and State Building lands situated in this county will be offered for sale at public auction on the 13th of next month.

THEATRES, traveling shows and concerts are poorly patronized throughout the State at present. They'd better suspend until after election.

LOCALS are not very plenty this week.

LOOK out for counterfeit \$5 notes on Traders National Bank of Chicago. They are a good imitation, and can only be detected on very close and careful inspection.

THE RECORD will be sent to any address one year on receipt of \$1.50. Trial subscribers can have the paper four months for 50 cents.

LECTURE.—The campaign for Woman Suffrage was closed in our village by a lecture delivered at Collins & Weaver's Hall, on Sunday afternoon last, by Miss Susan B. Anthony. The lecture was an able one, full of practical suggestions and pointed arguments. It could make no other than the best impressions, appealing in the strongest terms to the judgment and consciences of her hearers. Several who heard that lecture say now that they will not vote against giving the ballot to women, and may vote in favor of it.

The public literary exercises on Friday evening last are highly commended by many. We are sorry that circumstances prevented our being present.

IF ALCOHOLIC STIMULANTS are taken into the blood the heart works faster, and this unnatural speed wears out the vital machinery. All intoxicating "nootums" advertised as "tonics" "revigorators" &c., produce this disastrous effect, and should be rejected. DR. WALKER'S VEGETABLE "Tonic" is as well as gives such excellent satisfaction. All we ask is for you to go to your druggist, O. B. Woods & Co., and get a sample bottle for 10 cents and try it; regular size 75 cents. Also for sale by A. Bennett, in New Buffalo.

Wonderful Success.  
Three years ago, Dr. Boecher's German Syrup was introduced in the United States from Germany for the cure of Coughs, severe Colds settled on the breast, Consumption and other diseases of the Throat and Lungs. No medicine ever had such a success. 300,000 sample bottles have been distributed every year for three years by druggists in all parts of the United States, and nearly 1,000 letters from druggists are now on our files, saying that as well as give such excellent satisfaction. All we ask is for you to go to your druggist, O. B. Woods & Co., and get a sample bottle for 10 cents and try it; regular size 75 cents. Also for sale by A. Bennett, in New Buffalo.

PERSONAL.—We are glad to notice that our townsman, Mr. Eastman, is so far recovered as to be able to be out on the streets again. Mr. Eastman has been bleeding at the lungs of late, induced by over-exertion in the work of moving to our village, and getting settled. We trust he will be speedily restored again to the enjoyment of good health.

Yours for the right,

Woman Suffrage.

October 25, 1874.

Ed. RECORD.—It seems that there can be, or at least is, much said in favor of woman suffrage; but can anything be said against it? It seems to us that such a thing as woman suffrage is neither consistent nor expedient.

We think that only a small minority of the women desire the elective franchise. As for "taxation without representation," we have no such thing in this representative Republic. Even if we did have, which would be preferable, a few dozen cases of taxation without representation, or several millions of cases of representation without taxation? But all the people are represented—male and female, young and old.

Representatives are appointed according to the number of inhabitants, without regard to sex, age or condition. Such being the case, why force woman into the political arena?

The elector often has duties which woman is not calculated to perform. We do not wish to see the refined, respectable and respected women of our land mingle in vulgar politics with still more vulgar men. Laws imposing taxes apply to the property of men as well as that of women. We oppose woman suffrage, for these and other reasons "too numerous to mention" in this article, and hope that it will be defeated in this State by an overwhelming majority in November next.

Yours truly, J. C. C.

FROM BERRIEN CENTER.  
October 21, 1874.

Ed. RECORD.—Having spent several weeks traveling over Berrien county, visiting nearly every neighborhood within its boundary, I think I am prepared to speak knowingly of its advantages, compared to other sections of country outside of and in this State. A more beautiful country than Berrien and Cass counties in all respects is not to be found between the two oceans, and I think I am not speaking at random, for I have traveled over and lived in fifteen States of the Union. Beautiful farms, residences, school houses and churches are to be found throughout this section, and if you will allow me to particularize in one instance, I will mention the improvements of Thomas Marrs, Republican candidate for State Senator. His buildings and grounds show that a farm properly managed may afford something more than utility. Buchanan may be justly proud of her residences and grounds, and the taste displayed in the arrangement of the walks, grass-plots and shrubbery of the Marrs residence cannot be excelled in the county. Many have asked me in Buchanan: "Who is Thomas Marrs; where does he live?" etc. He is one of the most intelligent, respected and best informed Republicans the State affords, and the Republican party of Berrien may feel proud of their nominee. The weather is fine, the apple crop is abundant and the farmers are happy.

Now and Then.

AN APOLOGY.  
BUCHANAN, Oct. 26, 1874.

Ed. RECORD.—On reading the several articles from under the "brush" in your last issue, and seeing how easily they could be answered, I was rather tempted to give them one broadside and let them go; but on hearing an anecdote about Dr. Lyman Beecher, from a gentleman in town, I thought better of it. So, with your leave, I will relate the anecdote and omit the argument. I wish to say first, that in what I have said about the monument, I have not had the slightest personal, unkind feeling towards Mr. Covey, or any of his family. I thought, and still think, those inscriptions on the monument were wicked, false, and intended to hurt the religious feelings of a great majority of those who sadly roam over the cemetery, among departed friends; with thoughts, suggested thus, of the shortness of time, the certainty of death and of the great future beyond; that to erect a monument in such a place, and cover it over with words denouncing the Bible as an old "debauched" book, and blaspheming its Author, was unprecedented, and what few Christian communities would patiently submit to. Hence I have written what I have. Of course I expected to stir up a nest of Atheists, who would vent their spite some way, but I thought they would be many enough, at least, to show their colors. But it is useless to argue with them. When a man says, for instance, the Bible presents a God who can't drive men if they are in iron chariots, he knows too little about his teachings for me to argue with. Such an idea carries its absurdity on its face, and "Pah!" is the best word to answer it in the English language. God is with men just so far as they have confidence in him—no farther. So when a man or a monument undertakes to tell how "the Christian religion ends," he is talking nonsense thinner than moonshine.

So, too, when a man charges the Christian religion with "the meanest, blackest, vilest, wickedest crimes that history gives any account of," simply because vile, wicked men have committed these crimes under the garb of religion, instead of judging it by the principles of the New Testament where it is taught, he has not argumentative brains enough to last him half an hour. I will just say here that "Inquirer" has improved in style and temper. In fact I should rather like his last article if he had only told us whether he could enter into the "Congregation of the Lord" or not.

Dr. Beecher happened to be walking home one evening, carrying a large book or commentary in his hand. All at once he saw close to him (under a "brush heap," I think) a pole-cat. He thought how easily he could demolish the insignificant thing, and without a second thought he let drive at the nasty thing with his book.

The result was he finished the animal but ruined his book and his best clothes. Ever after that the old Dr. said he found it best to let such animals alone, even if they were easily demolished. So good-by, gentlemen.

A good man is kinder to his enemies than bad men are to their friends.
