L. P. & G. W. FOX have just received a full line of Boys' and Youths' Clothing, Cheap. Call and examine. No charge for showing goods.

READ THIS.—J. Brown has a portable buzz-saw with which to saw wood for the town and country. Those having wood to saw will find it to their advantage to give him their sawing to do.

Mrs. De Vine beats them all trimming and selling Fall and Winter hats.

In the hurry and press of business, several mistakes occurred in our last week's issue. They are so apparent that we offer no other apology.

Lap Robes, Lap Robes, at L. P. & G. W. Fox's.

As WILL be seen elsewhere, the President has appointed Thursday, Nov. 26th, as a day of thanksgiving and prayer.

BUSINESS is improving in our town and the amount transacted in 1874 will be a large increase over that of last year.

PERSONAL.—Our young friend, Harvey French, left on Monday last to visit relatives and friends in New York State.

MOST all of the corn in this vicinity is cribbed, and the weather was more favorable for the work than for the past two weeks.

SALE.—Mr. Weisgerber has purchased the interest of his former partner, Mr. Edwards, in all the partnership property belonging to the firm of Weisgerber & Edwards.

A MISSOURI Judge is destined to become notorious. He has decided that a lady is not an "old maid" until she reaches the age of 35.

Subscription, \$2 per year. Every citizen who desires a thorough knowledge of public affairs should subscribe.

We were disappointed in almost every arrangement we had previously made for getting election returns last week. Next time we shall institute a pony express, and not rely so much on the mail and telegraph to ascertain the result.

We notice that some editors offer to take pumpkin pies on subscription. We are a full hand when it comes to eating pumpkin pie; but we prefer to use our own recipe in cooking them, if we can only get the pumpkins.

PILES and piles of new goods, just arrived at Kinyon & Vincent's. Sugar at the same low price, and everything else in proportion. Seeing is believing. Go and see them.

PERSONAL.—We have received a copy of the Antioch Ledger, published in Contra Costa county, Cal., which brings the intelligence that our friend and former townsman, Clarence McCoy, and a Miss Christina Harper, of that city, were married on the 17th of last month. We wish Clarence and his bride many years of happiness and prosperity in the new relationship which they sustain to each other.

THERE will be additional work for the census-taker in our village another year. Quite a number of newcomers have lately been added to our population.

COALS and sea new goods and trimmings at Redden & Graham's.

We are crowded with orders in our job printing. Low prices and good work will bring customers. We have recently purchased a lot of note-paper, statements, bill-heads, etc., very cheap. Those in need of either of the above will do well by sending us their orders at once.

The place to buy Groceries is at J. P. Binn's & Co's, where you will be used gentlemanly and will not be found fault with if you don't buy. Goods are sold at fair profit. Call and see for yourselves.

A. P. BINNS, J. O. DAX.

A HINT.—It is a wise plan to take an invoice of your household goods at least once a year, and leave the same in the care of some reliable friend. In case of a fire it would be a nice thing to have in your hands when you meet one of those sharp, inquisitive adjusting agents.

JUST RECEIVED.—Piles of New Goods, cheaper than ever. Now is the time to buy your winter supply at Redden & Graham's.

LOCAL news scarce. No one cares to read or talk about anything but election news.

OUR Supreme Court has refused to issue a mandamus compelling the regents of the University to appoint a Professor of Homeopathy in our State University, as required by act of the last Legislature.

REMOVED.—Simonds & Smith have removed their Central Dining Hall to the room formerly occupied by Eaton & Richards, and have fitted it up in first class style, and have added to their business a full and complete stock of Tobacco, Cigars and Confectionery, which they propose to make a specialty. Fresh oysters always on hand, and sold by the can. Give the boys a call and see what they have.

We have just received a supply of note paper, statements, and bill-head paper, at a price much below what we have been paying, and can furnish them at prices twenty per cent. below our regular prices heretofore. Call and see specimens and leave your order.

MANY of the factories throughout the State have reduced the wages of working hands. This measure has been resorted to by force of circumstances. It is better for laboring men in an emergency to have steady employment at low wages than to remain idle and unsettled. Honorable business men are always willing to pay for hired help all that it is worth to them, and those who are dishonorable should not receive help at any price.

ALL kinds of Rubber Goods cheap for cash, at Noble's.

CORRECTION.—The new post-office law giving post-masters the rental of post-office boxes, as stated in our last week's issue, does not apply to post-masters who are paid a yearly salary of over \$1000.

THE Largest and cheapest assortment of clothing, furnishing goods, at Bates' store.

ADVERTISING SWINDLERS.—We notice that the Lansing Republican gives a long list of advertising swindlers, from all of whom we have received circulars and propositions. There were but two propositions among them at which we bit, and got sold of course. We think it would be wise practice for publishers to keep a list of these, as the Republican does, and publish them every few months for the good of the fraternity and the public generally.

Go to Redden & Graham's and see their new stock of fall and winter goods. They have everything you want, and will sell at the lowest prices.

THOSE wishing to pay for their paper in wood should remember that they now have an opportunity. We intend to have our winter's wood all engaged before many weeks. This is fair notice.

"MONEY is the root of all evil," but we need some of the root very much at present. Our friends will please remember us and pay us the few dollars owing us on job work and advertising as soon as possible.

A full and complete stock of boots, shoes, hats and caps, cheap for cash. Call before you buy, at Noble's. Talk cash and down they go.

SEND us \$1.50 and have the Record a whole year.

OSTER SUPPER and SOCIAL.—An oyster supper will be given at Collins & Weaver's Hall, on Friday evening of this week, for the benefit of the Presbyterian Department of the Union School. The public are cordially invited, and a special invitation given to patrons of the Union School. A good time is expected. Let there be a general attendance.

TALMAGE'S PAPER.—The Christian at Work (New York) ranks with the best of the religious weeklies. Dr. Talmage is its active editor, and his sermons published exclusively in its columns. The terms, \$2.25 per annum, cover everything, including postage and delivery of the new premium, a "Portfolio of Twelve Gems" or a copy of Landseer's "Twins." Without the premium it is only \$2 per annum, postage prepaid as above. Agents will find this a success.

We shall continue to remind our subscribers that when they are in arrears one year the paper will be discontinued unless paid for. We are endeavoring our best to publish a good local paper, but it costs money, and we cannot afford to let the paper run longer than one year before it is paid. This is all that can be reasonably expected.

Let our friends all make arrangements to pay for their paper in due time, and to continue to give us their support in the future.

EVENINGS are long now, and you should have the RECORD for your family to read. No family in the county can afford to do without it.

Mrs. HARRISON EPLEY had a cancer taken from her breast on Monday of this week. The operation was performed by Drs. R. B. Rogers and J. W. Niles, and is said to have been executed with dexterity and commendable skill. The cancer, although only a few weeks old, had attained a growth of over two pounds, and if left alone it would no doubt have been the cause of her death before many months.

SALE.—The Sherwood farm, about three miles north of this place, has been sold to Mr. John Claypool. Consideration, \$3,000.

THE Buchanan Wagon Factory resumed business on Monday of this week. The old familiar sound of the whistle sounds good to our ears, and we trust that business will warrant them in running all through the winter months. This company have first class seasoned lumber, manufacture one of the best wagons in the market, and with every facility at their command are able to compete with any similar institution in the country. Their wagons gain a reputation and have the preference wherever introduced.

SOME people put their advertisements on sign-boards, and on fences, that "the who runs may read," for getting that nearly one-half of the people can't read when they are running. Better put your advertisements in the newspaper, where all can read them at their leisure, and when their attention is given to what they read.

THE friends of equal suffrage do not feel discouraged over the vote in Michigan, as their first trial. The discussion will be transferred next to Iowa. If the adoption of this measure is left to the vote of the entire male population, including every renegade and uneducated boot-black over twenty-one years of age, it may be some years yet before women will be permitted to vote; but the right is sure to prevail, and sooner or later the women of America will stand on an equal footing with other citizens, and exercise the same direct influence in shaping and moulding legislation, and in the government and control of the country.

PEOPLE can not exercise too much caution about taking care of their ashes. Nearly every week we read about the carelessness of people in this particular, and the damages that result from it. Last week in Niles an ash-box caught fire, and the fire was communicated to a building by dried leaves on the ground, and the whole city was endangered. This is only one case of the hundreds that occur every week. Do not neglect to fix a safe place for the depositing of your ashes.

PRAYER meetings are very popular in some places this season. The party indulge in singing, interspersed with three or four short speeches each evening. The exercises are said to be profitable and very pleasant.

THE new post-office law giving post-masters the rental of post-office boxes, as stated in our last week's issue, does not apply to post-masters who are paid a yearly salary of over \$1000.

OUR ANSWER.—Some parties unknown to us have been annoying somewhat of late, by urging us to change the position of the Record, and saying if we do not, another paper will be started, and our business be damaged, &c., &c. Now we will say a few words in reply to the above, and hope they will be noticed by the proper parties. In regard to starting another paper in this town, we do not believe there are sufficient inducements to cause any sensible business men to engage in such a venture. If they should, it might be a benefit to the town, and of no material damage to us. As to changing the position of the Record, we will only say, that we are running this paper ourselves. It is lots of fun, but it costs us piles of money, and we propose to run it as our best judgment dictates, and never in the exclusive interest of any political aspirant or party ring. As far as parties are concerned, we state our views candidly and plainly, and those who differ with us give credit for it. As regards the local department of the Record, we endeavor to give the news fully and impartially, regardless of political prejudices, individual opinion, or personal preferences. When we hear any news that we think would be of interest to a number of our readers, we publish it, and never stop to ask if the person or persons referred to, belong to any particular church, or any particular political party, or whether they are friends or enemies to us. We have avoided, in every instance, to have the paper reflect our personal likes or dislikes, and how far we have succeeded, we leave our readers to judge. So long as we do our duty in publishing a country newspaper, and giving reliable home news, we expect to class among our supporters, as we do now, persons who belong to all the different political organizations in the country.

SUPERVISOR'S REPORT.—We notice the published report of the proceedings of the Board of Supervisors of the different counties, in many of our exchanges. The Board of Supervisors in this county adjourned until January, and their proceedings will not be published until after the adjourned meeting. We are not prepared to give our opinion as to the legality of delaying the publication required, in this way. The law seems to contemplate a publication of the year's business immediately after the close of the September meeting. The proceedings of any adjourned meeting would belong properly to the business of the succeeding year. Only one publication during the year is necessary, and the time designated by the law is at the close of the annual meeting in September.

Notes on Debt Times.
To cure dull times—apply an advertisement to the afflicted parts. A sign-board can't tell anything. It takes an advertisement to do that. All who advertise do to get rich, but precious few get rich without it. The world is full of advertising, yet every one wants to see what is new. The world's memory is short. It will forget if you do not jog it frequently. Early to bed and early to rise will all be in vain if you don't advertise. The work is sure to find an honest man; but it will find him out a great deal quicker if he advertises.—Ed.
