Keeping Apples Through Winter.

Mr. Alexander Hyde, a well-known agriculturist, of Massachusetts, has communicated some useful information to the New York Times, in regard to keeping apples through winter.

Unwholesome Meat.

It is estimated that about six per cent of cattle, and about nine per cent of sheep and swine, nearly 600,000 in all, annually die on the passage to market from the West, and a large portion of these are sold in the Eastern markets, either as meat, or rendered into cooking lard.

Salt for Hogs.

The unrestrained appetite of swine will often lead them to consume things that are highly injurious to them. Cases of poisoning by partaking of excessive quantities of salt often occur among hogs at the season of the year when beef and pork and barrels are emptied of the old brine and refuse salt.

Get a tight ring off your finger

thread a needle fat in the eye with a strong thread, pass the head of the needle with care underneath the ring, and then pull the thread through a few inches toward the hand; wrap the long end of the thread tightly around the finger, regularly all down to the nail, to reduce its size.

For Mince Pies, take one cup

of powdered crackers, one cup of molasses, one cup of chopped raisins, two cups of sugar, half cup of warm water, one cup of vinegar, half cup of melted butter, tablespoon of cloves, cinnamon, allspice, and nutmeg.

Canned tomato pudding is very

nice. Peel and slice good rich tomatoes, and place in a can in alternate layers with one-eighth dry rice, sweetening to the taste in every layer. Fill up with tomato juice, cook in a boiler of water one hour after it commences to boil, and seal up for fruit alone.

To make cream candy, take a pound

of loaf sugar, a teaspoonful of cream tartar, a tablespoonful of vinegar, a teaspoonful of ginger, two-thirds of a tumbler of water, the candy will spoonful of flavoring. When it will drop hard in a buttered dish or cool. Then pull it the same as molasses candy.

Be ready to throw in an odd half-

hour or two hour work will be a good accommodation. Do it heartily. Though not a word be said, your employer will make a note of it.

To keep seeds from the depreciation of mice mix some pieces of camphor with the seeds. Camphor placed in drawers or trunks will prevent the mice from doing them injury.

WHAT did you get for a Christmas present?

THE days are now increasing in length.

It is almost time to "turn over a new leaf."

THE RECORD for 1875 for \$1.50 in advance.

BOARD Supervisors meet next Wednesday, Jan. 7th.

AFTER to-day you must remember to date your letters 1875.

CHRISTMAS was a very nice day in this vicinity but no sleighing.

THE recent thaw and still more recent frosts have made rough sleighing.

THE next regular term of Court convenes on Tuesday of next week, January 5th.

HAS the backbone of winter been broken or hasn't the winter had any backbone yet?

"So is Christmas coming!" This expression is full of meaning at this time of the year.

THE now County officers elect will commence their official duties the first of the coming year.

WE will be very apt to have some stormy weather after the State Legislature convenes.

WATCH meetings will be held at different churches in this village on Thursday evening next.

MONAY is scarce now. Tax times, you know. It comes at a very bad time of the year.

WE extend to our readers the compliments of the season and wish each and all a "happy new year."

IF you will read Redden & Graham's local in another column, you will see they mean business.

NEXT week we shall give a new table of advertising rates, charging by the inch instead of by the square.

THE advertisements in this issue will be found of interest to our readers. Give them a careful reading.

SALT.—Mr. Henry Storm has purchased a farm of Ira Willets, just across the river, known as the Clapp place.

MARK OF PRAYER.—The week of prayer commences next Monday, Jan. 4th. It will be observed by the churches in this village.

CHAS. DAY and Joseph Trinker have each find ten dollars before Justice Alexander, for indulging in pigsticker exercises on Christmas day.

FOX wants of space several interesting communications are unavoidably crowded out of this issue. They will appear in next week's issue.

IT is expected that the Legislature this winter will make an effort to have the Prohibitory Liquor Law and the law creating the office of County Superintendent of Schools repealed.

OUR merchants are more than pleased with their trade during the holidays. Goods are sold cheaper in Buchanan now than at any other place in this county.

THE Prohibitionists have a convention at Lansing, Jan. 20th, to nominate a candidate for the Supreme Court, and Regents to the State University.

THE marriage of several parties in our midst was not consummated during the holidays as was expected—they are waiting, doubtless, until the finance bill becomes a law.

PAY UP, pay up, and on the 1st day of January let it be said of you, "He has look the whole world in the face, for he owes not any man."

QUITE a number celebrated Christmas in this village by getting drunk. They will celebrate New Years the same way and keep it up, perhaps, for some time yet.

PERSONAL.—We received a call Christmas from Bro. Allison of the Cassopolis Democrat. Mr. Allison has correct ideas in regard to the proper way of conducting a newspaper, and the people of Cass County should appreciate his efforts to give them a first class local paper.

PERSONAL.—We were happy to meet Justice Glover, of Cassopolis on our village on Christmas. He attended the annual reunion of the family at his mother's in this place. The family, we learned, were all present, the Christmas tree well loaded with valuable presents, and a social time enjoyed by all. These family reunions ought to be more common than they are.

AFTER this week we shall have to prepay postage on all newspapers sent outside the County. Subscribers who live outside the County will please pay their subscription in advance, including 15 cents for postage, as soon as possible. After the first of May next we shall require all subscribers who live outside the County to pay for the paper in advance. This is timely warning. We can't pay the postage and run the risk of losing the subscription besides.

COPARTNERSHIP.—Mr. James Duncan and Mr. Samuel Miller, of this place, have formed a copartnership, and will manufacture Duncan's Folding Lap-Table. It is not yet decided whether they will establish a factory in Buchanan or in Warsaw, Ind. It is a good invention, and we trust our village will possess sufficient inducements to influence them to have their factory and headquarters here. The only advantage they claim in favor of the location in Indiana is the cheapness of timber, and better facilities for shipping.

MR. C. HALLOCK, living about 2 1/2 miles from this place and who lost his building last spring from the severe wind storm, has the same rebuilt and is now living in it. Mr. Hallock sustained considerable damage on account of this misfortune.

IT is now ascertained that many of the county papers fill a large share of their local columns from the last page of Rowell's Newspaper Reporter.

THE SCIENTIFIC AMERICAN is one of the most valuable publications in the United States for the mechanic or the practical engineer. It contains a description of all new inventions, and the names of the patentees. It occupies a field peculiarly its own, and needs only to be seen to be appreciated. Read prospectus elsewhere for particulars, prices, &c. The Scientific American and the RECORD one year for \$4.20, cash in advance.

WE publish this week the prospectus of the Chicago Tribune. It is rather lengthy, but it will repay a careful perusal. Since the change in its management it is a straight out Republican journal, and stands at the head of Western papers, both as a political and a family newspaper. The acknowledged ability of its managing editor, Joseph Medill, is a sufficient guaranty of its real merit. Every Republican should take the Chicago Tribune, as it is the faithful exponent of Republican principles in the Northwest.

SINCE we published a problem in the RECORD a few weeks ago for solution, we have received a number of others for publication. They have not appeared in our columns for this reason: We have no column devoted to this purpose, but if the teachers and others who would take an interest in educational matters desire a space in the RECORD for this object they can have it. The problems that have been sent were very difficult and required a knowledge of geometry and trigonometry in order to give them a proper solution. We would advise that problems be offered that are practical and that will interest those who are not advanced in the higher mathematics.

THE Cassopolis Democrat gives an account of the way farmers were swindled in that County recently. It is the old, old story. These farmers were in favor of the grange principle, you know, and ordered their goods through agents, direct from the manufacturer—no middle-men to take up the profits. They had presented them in margin in convenient shape to be torn off. They bit. The only difference in this instance from most of others is that the parties were detected in the fraud before selling the notes and clearing the country. They were arrested and brought before Justice Glover who committed them for trial. They were taken out on a writ of habeas corpus, but the proceedings were held valid and they were remanded. Hopes they will get their just deserts. When will our farmer friends learn this trick?

THE Christmas Tree at the Christian Church, on Christmas eve, was a success. The exercises were opened starting the most direct and complete at St. Louis, at which point the Mississippi is crossed by the "most magnificent Steel Bridge in the World," and traverses the whole length of Central and South-west Missouri, and a portion of Kansas and the Indian Territory, and thus furnish to the business-man, pleasure-seeker and the emigrant, the most direct and complete connection to all points in Missouri, Kansas, Texas, Colorado, New Mexico, Nebraska, Utah, Wyoming, California, Oregon and the whole Pacific Slope. Superior inducements are offered for those seeking new homes in the Far West, and the transportation facilities are unequalled by any other route. Everybody going West should give these roads a trial, and be convinced that the Michigan Pacific Through Line and the Atlantic & Pacific Short Line are the really popular thoroughfares of travel. For maps, time-tables, information as to rates, routes, etc., address J. P. Thompson, Northern Passenger Agent, 187 Exchange Street, Buffalo, N. Y., or E. A. Ford, General Passenger Agent, St. Louis, Mo. Questions will be cheerfully and promptly answered.

NOTICE.—Those knowing themselves indebted to the late firm of Black & Storms, or to the undersigned on account or otherwise, are requested to make immediate settlement. Prompt attention to this notice will save further trouble, and greatly oblige.

BUCHANAN, Dec. 23, 1874.

SPENCER & WILLARD are continuing adding to their large stock of furniture, and sell at greatly reduced prices. They have a nice furniture store, such as Buchanan needs, and it should be well patronized. They invite the public to call and examine their goods, even if they do not purchase. Store on Main Street, third building north of Block.

EXTRA copies of the RECORD can be had at the news depot of J. H. Roe in Union Block.

Go to Messrs Hall & Merrill's to purchase your holiday goods.

PERSONAL.—We received a call Christmas from Bro. Allison of the Cassopolis Democrat. Mr. Allison has correct ideas in regard to the proper way of conducting a newspaper, and the people of Cass County should appreciate his efforts to give them a first class local paper.

The County Press.

THE MILLS Republican says: Fred H. Bacon, Esq., now of St. Louis, is sojourning under the maternal roof during the Holidays. State Superintendent of Fisheries, G. H. Jerome, is off in the Saginaw region, planting fish in some of the rivers in that part of the State. The Passenger House of the Central Road has been called throughout, which adds greatly to its appearance and makes it quite comfortable for cold weather. J. R. Crandall's team walked down Main street, on Thursday evening last, at a lively pace, collided with a farmer's wagon, dumped a couple of boys out and smashed the vehicle they were riding in to smithereens. John Rush, of this City, a veteran soldier of the war of 1812, has been granted admission to the National Asylum for Disabled Soldiers at Milwaukee. Mr. Rush is a native of Virginia, and is now over 84 years old.

THE MILLS Democrat says: The ladies of the Presbyterian Church were quite successful with their entertainment at the Bond building, last week, realizing the handsome sum of \$215.00. Among the ladies are of French and Irish origin and on long time—terms in fact, made to suit purchasers, who are furnished Free Transportation from St. Louis to the lands, at the Company's Office in St. Louis.
