THURSDAY MORNING, DEC. 9, 1876.

To Advertisers. The Record is the best Advertising Medium in South-western Michigan...

GRANGE election Saturday P. M. PROCEEDINGS of Common Council this week.

We will have an original story next week. There are twelve job printing offices in Grand Rapids.

There are twelve job printing offices in Grand Rapids. This dust in the roads is rather moist.

We have received No. one of volume one of the Detroit Weekly Sun. SEE prospectus of the Health and Home in another column.

We have an atlas of Berrien County that we will sell cheap for cash. We can furnish subscribers with Health & Home (price, \$2.50) for \$1.95. See prospectus.

MR. WILLIAM BURRIS has left with us a cabbage with twenty-five solid heads upon one stock. THE headquarters of the Michigan Lake Shore Railroad has been removed from St. Joseph to Muskegon.

THE Herald, of Crown Point, Ind., has "gone where the woodbine twine-eth." WEATHER prophets now prophesy an open winter. Pretty hard to tell so long beforehand.

THE weather the first part of the week was what the Yankee calls "a little leavory." THE weather prophet of Niles missed it a little when he said that we would have snow Dec. 6th.

MISS CORA EBLEY had a very pleasant surprise from her pupils, Saturday afternoon last. MR. MURRAY, of the South Bend Herald, is fast recovering from the effect of the shot received from Palmer's pistol.

WE have one of the improved Empire Sewing Machines which we will sell cheap, and take our pay in greenbacks. MR. J. W. NUTT has left with us a specimen of the Jonathan apple that was taken from the tree in October, 1874, and is still in a good state of preservation.

EIGHTY-FIVE children were admitted to the Michigan State Reform School during the last year, three of which were furnished by Berrien County. PARTIES wishing to purchase a first class \$245 organ at a great reduction will do well to call at this office.

IT is estimated that over 1,000 persons congregated in the Collins & Weaver Hall, on Sunday evening last, to listen to the sermon by Mr. Potter, of Massachusetts. THERE is to be some grading, done by the Buchanan Grange in front of their warehouse at the depot, and other improvements made that will better enable them to load and unload goods.

FRONT STREET is yet "ornamented" with wood piles on the sidewalks. WE believe there is a by-law on this subject, and that it is the duty of somebody to see it enforced. A GRAMMAR school was opened at the old school building, Tuesday evening, by J. V. Fancher, to be continued during the winter. This is a rare chance for those who wish to learn grammar, and one which should not be slighted.

THE next annual meeting of the State Teachers' Association will meet at Grand Rapids, commencing Tuesday evening, Dec. 28th, and closing Thursday evening, Dec. 30th, 1876. SOME of the people of South Bend seem to be determined upon the extermination of the Herald. The present business manager has received a polite invitation to leave the city if he values his life. He doesn't seem to value, as he proposes to stay and see it out.

HEREAFTER the trains carrying the mails will stop at this place, and we will be bothered no more with having our mail left over for two or three days at a time. By special arrangements we are enabled to furnish Harper's Bazar to subscribers for \$3.85, the subscription price being \$4.00. See prospectus in another column.

ECONOMY.—In these close, hard times, economy ought to be the word in every house. It is not economy to use adulterated baking powder at a high price or cheap saleratus, when D. B. DeLand & Co.'s Best Chemical Saleratus can be procured at only a slight advance over inferior brands.—Try Best Chemical Saleratus and you will ever use it; we know from experience.

EXTRA COPIES of the RECORD can be had at the news depot of J. H. Roe. THE religious meetings now being held in the Collins & Weaver Hall are daily attended, morning and evening, by large numbers of our people. Rev. J. D. Potter, of Massachusetts, is an earnest and forcible speaker. He will remain here only this week, we learn, as he goes to Michigan City next week.

PROCEEDINGS of the Common Council of the Village of Buchanan. A regular meeting of the Common Council of the Village of Buchanan was held at the Common Council Room, in Egan's House No. 1, on Thursday evening, Oct. 27th, 1876. Present.—Messrs. Howe, DeMont, Binns, Mowrey, Glover and Griffin, Trustees. Mr. Howe was chosen President, pro tem, and Mr. DeMont, as Recorder pro tem. Minutes of the last regular meeting were read and approved.

The following bills were read and referred to the Committee on Finance: Wm. Patten, services as Night Watchman, \$85.00. Hardy & Co., for two Fireworks, \$14.40. The Finance Committee reported favorably on the above bills, and on motion of Mr. Mowrey, supported by Mr. Binns, the same were allowed and the Recorder directed to draw orders on the Treasury for the respective amounts. On motion of Mr. Mowrey supported by Mr. Glover, the committee was granted until the next regular meeting of the Common Council to report upon the matter before them.

The bonds of C. C. Hulst, retail liquor dealer, as principal, and C. M. C. Snover, J. N. Bachelor, E. R. Tomblay, E. Bunbury and Frank Brownell as sureties, was read, and on motion of Mr. DeMont, supported by Mr. Mowrey, the same were approved. Moved by Mr. Binns, supported by Mr. Glover, that the time for the collection of the Village taxes for the year 1876, be extended thirty days from the 30th day of October, and that the Assessor be directed to make the proper extension on the tax roll accordingly. Motion carried.

On motion of Mr. Binns, supported by Mr. Glover, the Common Council adjourned. R. A. DeMont, Recorder pro tem. FROM GALLEN. December 5, 1876. EDITOR RECORD.—Mr. C. Curtis, a long resident of Galien, has sold his residence to Mrs. Green. He is now visiting friends in Chicago. I hear that he contemplates moving there with his family. Mr. Curtis was a good citizen and a good neighbor, and we are sorry to have him go from among us. One night last week, some one hurled a large rock through the front window of Mr. Walter Slater's dwelling house, smashing nearly the whole of the window glass and sash through. Mr. Slater was not at home at the time. No one was hurt, but Mrs. Slater and the children were badly scared. We have a new shoe shop in town, a German from Niles being proprietor. The old saloon building has been thoroughly painted, papered and white-washed, and business after the old style is again in motion.

There was a shooting match in town last Saturday, or rather a pony flipping match for turkeys. Two fellows from your place won three turkeys and a game rooster. Mr. Blakeslee has just finished repairing his steam boilers. Messrs. Stearns & Smith and Mr. Bent Sterns have just completed new glass fronts in their places of business. Mr. Churchill, our hardware man, contemplates moving farther up into town, where he can better accommodate his many good customers. Galien is bound to improve, in spite of all that is said against it. Respectfully, DICTUM DE DICTO.

Business Locals. A Valuable Medical Treatise. The edition for 1876 of the sterling Medical Almanac, known as Hostetter's Almanac, is now ready, and may be obtained, free of cost, of druggists and general country dealers in all parts of the United States and British America, and indeed in every civilized portion of the Western Hemisphere. It combines with the soundest practical advice for the preservation and restoration of health, a large amount of interesting and amusing light reading, and the calendar, astronomical calculations, chronological items, etc., are prepared with great care, and will be found entirely accurate. The issue of Hostetter's Almanac for 1876 will probably be the largest edition of a medical work ever published in any country. The proprietors, Messrs. Hostetter & Smith, Pittsburgh, Pa., on receipt of a two cent stamp, will forward a copy by mail to any person who cannot procure one in his neighborhood. READ J. H. Roe's business locals.

THAT Dr. V. Clarence Price is skillful, able, and successful in the treatment of chronic diseases, is granted by all who have been his patients. He has his regular appointments, and visits his patients promptly, and holds himself responsible. We do not remember to have done business with a more fair and candid man, or with a more thoroughly trained physiologist and practitioner. Very few are the chronic diseases which are curable or reliable that ever baffle him. Dr. Price's appointment for this section stands now at Niles, Reading House, during Sunday and Monday, the 12th and 13th of December.

STROVE'S GREAT REMEDY. It is nature's gift to people suffering with Consumption, Coughs, Sore Throats, or any other disease of the Throat and Lungs, to put off from day to day buying an article that they know has cured their neighbor, friend or relative, yet they have no faith in it until it is too late. If you will go to your Druggist, O. E. Woods & Co., and a bottle of Strove's Great Remedy, your immediate cure is as certain as you live; it has lately been introduced in this country from Germany. The United States Commissioner of Education in his late annual report, speaks of Business Colleges as among the "useful institutions" of the country, and in his remarks of those in Michigan says: "One of them, the Mayhew Business College, Detroit, conducted by Hon. J. Mayhew, formerly State Superintendent of Public Instruction, deserves special mention." "We cannot speak in too high terms of commendation of this institution. Young men desiring a business education will find the advantages here offered the most perfect possible."

A MALICIOUS FABRICATION.—We do not know who was so audacious in misleading the public in a case that could result only to their detriment, as to assert that Hall's Balsam is no longer in the market. DECALOMANTE.—This is the name of a comparatively new art that is attracting considerable attention at the present time. It consists in transferring pictures which have been printed upon paper in hand and beautiful colors, to a variety of one may wish to ornament, such as fans, work boxes, vases, flower-pots, articles of furniture, &c. When transferred, these pictures look as if painted on the article ornamented, and they are much more attractive and beautiful than they would be if painted with a brush, unless executed by a very skillful artist; indeed this beautiful art offers a complete substitute for the process of hand-painting for most purposes. The pictures embrace a great variety of subjects, such as heads, landscapes, animals, insects, flowers, comic figures, &c. The art is easily acquired, and even children soon become experts. Transferring these pictures is a charming pastime for old or young, and serves to cultivate a taste for the beautiful. We have received from J. L. Patten & Co., 162 William Street, New York, who are dealers in transfer pictures, some handsome samples of their goods. These gentlemen sell, for the small sum of ten cents, send full instructions in this beautiful art, together with ten handsome samples of the pictures, or for fifty cents they will send one hundred attractive pictures.

A BOOK FOR EVERY FAMILY. There is no book (save the Bible), of more use in a family, especially where there are children, than a good medical book—one fully adapted to the wants and comprehension of parents and the people generally. Such a work, we are pleased to say, is now being called for by our country. Who has heard of Dr. Gunn's book, the world renowned author of the old work, "Gunn's Domestic Medicine"? Here is a new work much larger, and of recent date, must be much better, by the same author. Do you want a physician in all the houses—one that you can rely on at all times? Then get Dr. Gunn. Do you wish to escape sickness or preserve the health of your family? Get a copy of this work. Do you wish to curtail your doctor's bills? Would you like to inform your mind on the subject of medicine, health, disease and the constitution, laws and operations of your own physical system? Then get this work, for we know of none so well calculated to give all this information. A new feature has lately been added to the work, which, we think, is alone worth the price asked for the entire volume. It is styled a "Guide to Diagnosis," and is peculiar to this work, being found in no other book of the kind now before the public. It is novel and ingenious contrivance, by the aid of which any one can readily "diagnose" a case of sickness, or, in other words, tell from the symptoms what ails the one who is sick. An eminent physician recently remarked: "Too much cannot be said in praise of this 'Guide.' Enough to say that it completely meets the objection so often and so truly brought up against all previous works of the kind, that 'they can't tell what the matter is.' The work is designed to make every man richer and happier who studies it. It is well adapted to relieve the woes and sufferings of humanity. Besides the medical knowledge which it contains, it abounds throughout with sound philosophy, true practical wisdom, and the most wholesome Christian counsel. The author is a genuine philanthropist. How much suffering and pain might be avoided if the plain and simple rules of this book were generally observed! Here the young and inexperienced mother is directed every step how to care for her child in sickness as well as in health. Every delicate and afflicted female has the symptoms of her disease clearly explained, and she is pointed to the sources of relief without telling her physician her infirmities. The book contains, in fact, a whole library of Medical Knowledge. Physicians have not hesitated to recommend it, and many even to rely on it as a wise counselor with whom they might consult in difficult cases. There is not, within the compass of our knowledge, another volume of like size that contains such a fund of valuable and practical information. The work is not for sale in book stores, and can only be had of the agent, Mr. J. A. Buddock, whom we are pleased to recommend as a genial gentleman. He is now taking orders for it in this country. 41w6

THE daughter of John Wing, who has been blind for the past eight weeks, has recovered her sight. Drs. Bonine & Dougan were called to Hill's Corners, on Monday, to look after a boy, eight years of age, who came near losing his life by the accidental discharge of a gun. A workman left a loaded gun on his work bench, and during his absence, two small boys 8 and 10 years, entered the shop, and either through handling, or from some other cause, the piece was discharged, the contents of which passed through the child's arm and directly over his head. The wound is a very painful one, although amputation was not found necessary. [Berrien Springs Journal.]

On Friday night of last week, Dr. Kephart's family were awakened by the small dog in the house barking furiously, and a man was discovered on the roof of the back part of the house, peering into the window; but the barking of the little dog in the dining room, roused the large dog in the other end of the building, and the man slid down and leaped off the roof to the ground, and so across the front stoop to the street. He was in his stocking feet or had rubbers on, probably, to avoid a noise; but his great haste caused him to make considerable noise. In the morning a silk handkerchief with a stone tied up in one corner of it was found upon the roof, and a plank was ended up against the house apparently to aid the individual in getting upon the roof.

An alarm of fire was sounded at 12 o'clock on Thursday night, caused by the burning of Mayor Graves' house. A report that the Erie House was on fire caused no little commotion for a short time. Peter Carnay, an employee at the Paper Mill had his arm somewhat injured in a cog-wheel on Tuesday. Walter Watson, of Buchanan, the young man so seriously injured by a railroad accident on the 8th of September last, had his arm amputated this morning. Dr. Bonine, assisted by Drs. Dougan and Belknap, performing the operation.

NEIGHBORHOOD NEWS. [From the South Bend Tribune.] A special from Edwarsburg, to the Chicago Times says that last week, E. Rhinehart, living about one mile north of that place found a die for making Mexican dollars. It had evidently been used for making bogus money, and no doubt, was the property of a gang of counterfeiters that lived about a mile from his residence. There were four brothers of them, and they were chased out by Sheriff Glenn, but he was unable to arrest them. This die is very nicely made. It consists of four pieces, one of them bearing the inscription, "Republiana Mexicana" around the outside, and a spread eagle in the center. Another piece bears the date 1836, and letters that are very dim. Evidently they were made to represent dollars that were considerably worn.

Quite a severe accident occurred at the planing mill, Monday afternoon, to one of the proprietors, Mr. C. Nelson. He was engaged in planing a lot of small pieces of timber for wagon jacks, and had an armful leaning the planer with the other hand, when one of them fell from his arm, struck the wheel or belt, which revolves very rapidly, and flew back striking him on the cheek and over the eye. He was knocked down and badly stunned, and he did not fully recover from the shock until near the middle of the night. Dr. Garwood dressed the wound. He found a small cut in the cheek, and a very severe bruise above the eye, but the parts swelled so that he was unable to examine the eye closely, but he thinks the sight is not injured.

THE daughter of John Wing, who has been blind for the past eight weeks, has recovered her sight. Drs. Bonine & Dougan were called to Hill's Corners, on Monday, to look after a boy, eight years of age, who came near losing his life by the accidental discharge of a gun. A workman left a loaded gun on his work bench, and during his absence, two small boys 8 and 10 years, entered the shop, and either through handling, or from some other cause, the piece was discharged, the contents of which passed through the child's arm and directly over his head. The wound is a very painful one, although amputation was not found necessary. [Berrien Springs Journal.]

On Friday night of last week, Dr. Kephart's family were awakened by the small dog in the house barking furiously, and a man was discovered on the roof of the back part of the house, peering into the window; but the barking of the little dog in the dining room, roused the large dog in the other end of the building, and the man slid down and leaped off the roof to the ground, and so across the front stoop to the street. He was in his stocking feet or had rubbers on, probably, to avoid a noise; but his great haste caused him to make considerable noise. In the morning a silk handkerchief with a stone tied up in one corner of it was found upon the roof, and a plank was ended up against the house apparently to aid the individual in getting upon the roof.

An alarm of fire was sounded at 12 o'clock on Thursday night, caused by the burning of Mayor Graves' house. A report that the Erie House was on fire caused no little commotion for a short time. Peter Carnay, an employee at the Paper Mill had his arm somewhat injured in a cog-wheel on Tuesday. Walter Watson, of Buchanan, the young man so seriously injured by a railroad accident on the 8th of September last, had his arm amputated this morning. Dr. Bonine, assisted by Drs. Dougan and Belknap, performing the operation.

NEIGHBORHOOD NEWS. [From the South Bend Tribune.] A special from Edwarsburg, to the Chicago Times says that last week, E. Rhinehart, living about one mile north of that place found a die for making Mexican dollars. It had evidently been used for making bogus money, and no doubt, was the property of a gang of counterfeiters that lived about a mile from his residence. There were four brothers of them,
