DOMESTIC BLISS.—A FRAGMENT.

I am

A married lady of thirty odd.

Every evening I see in their beds

A "thunder" of only heads.

Every morning my slumbers greet

The patter-patter of twenty-six feet.

Thirteen little heads are always in a flutter

Till thirteen little mouths are filled with bread

and butter.

Thirteen little tongues are busy all day long

Twenty-six little hands are doing something

The charade was well played—too

well, the jealous lover thought. In his

estimation, Lulu was just a trifle too

real in her endearing expressions to

her pretended lover, and he imagined

it decidedly wrong for her to throw so

much expression into the part.

It was toward the close of the an-

tertainment. Oliver, weary and heart-

sick, had deserted the drawing-room

for a more pleasant apartment, the

conservatory, and, as he had studied

botany, he could not fail to be inter-

ested in his surroundings. He was

studying a strange flower when the

sound of voices struck his ear. With-

out intention he was forced to listen

to a conversation which was carried

on.

"I pity him," one voice said. "He

deserves a better fate, and I had hop-

ed to see them married very soon."

"He made a mistake. I always

said that that couple never would turn

out happily. There is not enough

love in Lulu's heart to give her a

joyous and free disposition. So she

cares more for this Dubois than for

him."

"Yes. She made my sister a con-

fidente, and she in turn confided in

me. I pity Oliver, but it can't be

helped."

"The rest was lost to Oliver, who

sank into a chair, overcome by this

sudden revelation. He was a man

who was not outwardly demonstrative,

but he loved Lulu ardently, and it was

like a death-blow to him to discover

her duplicity.

Such men as he live not for an idle

object; they have one point in view,

and strive to obtain it.

But Oliver knew too much of the

wicked ways of the world to lose hope

so soon. He would seek an explana-

tion, and then resolve upon the course

which seemed best. Accordingly he

sought Lulu, and, stepping to her

side, exclaimed:

"Miss Edwards, I am sorry that

you have so quickly changed, and

hope that your affections have been

transferred to one who is more adapted

to the taste of a coquette."

"Mr. Clare, such language from you

is intolerable! What do you mean?"

"Haughty replied Lulu, her face scar-

let with indignation.

"There is no necessity for an ex-

planation, since your change of affec-

tions is the common gossip, and you

could scarce have chosen a better con-

fidente than Miss Hake, who delights

in securing those who cross her path."

"I shall prohibit all further

conversation until you can speak as

Who said that we were going to have an open winter?

The Excelsior Manufacturing Co. was in town during the holidays.

SOUTH BEND was can-caned again last week. The place is becoming famous for this.

In "time is money," we cannot see why so many people should be without it.

One of our compositors, Mrs. Marian Bolton, is absent this week visiting friends in Three Rivers and Mishawaka.

Rev. J. F. BARNES is holding a series of meetings in Berrien Springs, to be continued during this week and next.

SUPR. OSBORN is back, after having made a short business trip for the Buchanan Manufacturing Co.

What think you of this? One of the boys had a present on the Christmas tree in the shape of a cradle and a little baby-doll.

ELECTION of officers for the Literary society will be held on New Years eve. All members are requested to be present.

THE Mrs. Wendling mentioned in a correspondence from Dayton, last week, has been taken to the Asylum for the Insane at Kalamazoo for treatment.

THE boy who got the most Christmas presents was the one that cut the toes off his stockings so that Santa Claus could not tell when he was full.

THE Watervliet newspaper bubble has burst, the company being unable to hire an editor for nothing and have him board himself. Poor Watervliet!

ONLY one more day to write 1875 and practice on 1876 before the new year, which we hope will be a happy one to all of our patrons and friends, shall have commenced.

THE Niles Democrat says that Thomas J. Jones, of this village, was elected Grand Senior Warden of the Grand Lodge of Colored Masons of Michigan, at its last session.

THE School Board has engaged Rev. A. J. Russell to fill the vacancy left by the resignation of Prof. S. A. Sessions, as Principal of the Buchanan Union School.

We have two first-class family sewing machines which we will sell cheap or trade for a house and lot, or anything to get them off our hands at a good profit. Call and see them.

ANY ONE wishing to own the best organ in Buchanan will do well to call at this office and see what we have in that line.

J. C. McEWENT put a patent crook on two of the fingers of his right hand on Thursday afternoon of last week, by getting them caught in a moulding machine while at work in the wagon factory.

BERRIEN COUNTY at the front once more! We have received the first number of the *Berrien Springs Era*, an eight-page journal published by Fred McOmber. It is printed on tinted paper and presents a neat and finished appearance.

A REWARD of \$100 is offered for the recovery of the body of a German named C. H. Shultz, who disappeared from his home in New Buffalo, November 26th and has not been seen since. He had about \$75 with him when last seen. It is suspected that he has been foully dealt with.

THE Three Oaks Echo has the following:

"We wish to make it known to all whom it may concern that we respectfully nominate General Sherman for the next President of the United States."

We learn that Dr. J. D. Sealey, of Grand Rapids, has purchased the vacant lot on the corner of Front and Detroit Streets, formerly owned by Collins & Weaver. Mr. S. and lady were in this village this week, and like the place so well that they have concluded to make it their future home, and will erect a fine residence upon this lot the coming spring.

A pleasant family meeting occurred at the residence of Mr. George H. Richards, on Christmas night, over thirty members of the family being present. A good time was enjoyed by all.

On account of the stormy weather on Friday evening, Dec. 17, the Literary Society postponed their entertainment until Friday evening, Jan. 7th. The same admission tickets will hold good, as were intended for the entertainment for the 17th.

A FEW of the parties most interested in the construction of a railroad extending from Plymouth, Ind., to Benton Harbor, met at South Bend, on Wednesday of this week, and appointed a meeting to be held at the same place, on Friday, January 14th, 1876. All who are interested in this project are requested to be present.

THE meetings being held in the Advent Chapel, on Oak Street, are well attended. The Church filled every evening, and many being unable to gain admission. The interest manifested seems to be on the increase, and many are being converted. Eld. K. Shaw, of Chicago, who conducts the services, is a fine and earnest speaker.

THERE was a family gathering of the Benjamin Stevens family, at the residence of Mr. Chauncey Ashcraft, in this village, on Christmas day. To say that the persons there assembled enjoyed a pleasant time would but feebly express the facts. To make the occasion complete, a marriage took place, which will be found noticed in another column, under the proper heading.

ELECTION.—At a meeting of Buchanan Lodge No. 75, I. O. O. F., held on Tuesday evening, the following were elected officers for the ensuing term:

W. I. Himes, N. G.
C. O. Aikin, V. G.
J. D. Pennell, Sec.
G. H. Black, P. S.
B. E. Binnis, Treas.
B. D. Harper and F. C. Warren, Representatives to Grand Lodge.
B. E. Binnis, H. N. Mowrey and J. W. Smith, Trustees.
The installation of officers will take place on next Tuesday evening.

FOR the benefit of shippers who patronize the Michigan Central railroad, the General Freight Agent has issued the following notice:
"Notice is hereby given that all special rates, or arrangements differing in any way from the printed tariffs or classifications of this company, will expire Dec. 31, 1875. All agents will please notify shippers and all persons interested, that those having special rates which they wish continued, may make written application to this office before January 1, 1876."

AN entertainment will be given at the Collins & Weaver Hall the evenings of Thursday, Friday and Saturday, Dec. 30th and 31st, and Jan. 1st. This entertainment, "Tour of the Globe, or Around the World in Four Days," will be pleasing and beneficial to all ages. It is of large size pictures of scenes in Greece, Rome, Switzerland, Egypt, Ireland, and other foreign countries of interest, each photographed from nature and being twenty feet long and fourteen feet high. Each scene is fully described by Prof. W. L. Humboldt. The first night will be free to all.

MISSED HIS MARK.—A shooting affray took place on Saturday morning at C. S. Black's factory, the particulars of which are, as near as we are enabled to learn, as follows: Mr. Black is in the Eastern States on a short visit, and before going away left the general supervision of his affairs with J. L. Dunham, the foreman in his factory, and also gave the teamster the privilege of using the team to draw some wood for himself. As the team was to be idle on that day the teamster thought to get his wood and told Dunham of his intentions, and was in turn told that he could not have the team. To this, however, the teamster paid no attention, but went to the stable to harness the horses. Dunham soon followed him, with the remark that he "would put a hole through that man if he tried to take the team." Two or three of the hands that were standing near went along. When they got to the stable the teamster had the harness on one of the horses and was trying to hold it there while the foreman was trying to pull it off, and being unable to do so he drew a revolver and fired, the shot taking effect in his own hand, and probably crippling the hand for life. Dunham was arrested and brought before Justice Alexander and bound over to appear for examination upon the return of Mr. Black.

ANOTHER DIVORCE CASE.—We are not at liberty to give the names of the parties, but they are well known here, and when the case comes up it will create a sensation in fashionable circles. The gentleman is now suffering from an attack of pneumonia, but is recovering by the use of Hall's Balsam; a remedy that is unequalled for this complaint. We advise all to try it, whether they have a divorce case or not. Price \$1.00 per bottle.

FACTS.—The candid, unprejudiced judgment of the many convince the few. For twenty-five years Dr. B. DeLand & Co.'s Best Chemical Saline has been before the public, and has constantly been adding to its many friends the few who waited to see how it stood the test of time. It still occupies the position it occupied years ago. The housekeeper who has used it says it is one of the perfect articles which you will find always the same—healthy and pure. H. A. DeLand & Co. warrant it to be the best Saleratus offered for sale.

ONLY TEN CENTS FOR A \$1.25 BOOK.—We have received Jules Verne's famous book, "Around the World in 80 Days," describing the strange adventures that befell Phileas Fogg, who undertook to travel entirely around the world in eighty days, at a wager of \$100,000, leaving London on the week the Bank of England is robbed of \$250,000, he is suspected to be the thief, and followed like a shadow by a detective, who throws every obstacle in the way of his supposed flight. Although this book is sold in ordinary cloth binding, without illustrations, for \$1.25, yet the edition on our table, with fine characteristic engravings, is furnished for only ten cents. (By mail 12 cents.) Don't fail to get a copy. For sale by all News-dealers, or sent, post-paid, by DEXELLER, LLOYD & Co., Publishers of the Lakeside Library, Chicago, Ill.

STRAVED.—Notice is hereby given that I have taken up and retained at my premises, one mile north of the Wagner school house, in Buchanan township, since Sept. first, one white two year old steer, with a half crop mark on the right ear. The owner may secure the same by proving property and paying charges.

FOR SALE.
The running gears of a Sash Saw-mill all complete and in running order except the water wheel, which would require repairing—it includes all that belongs to a Sash Saw-mill—saw, shaft, pinion, fender posts, rag wheel, gig wheel feed works, &c. Remained to give place to a circular mill. Will be sold very cheap. Enquire of S. T. BAKER, Buchanan, Mich.

DR. MARSHALL'S LUNG SYRUP is without doubt one of the best preparations for Coughs, Colds, Bronchitis, Asthma, etc., ever offered to the public. Call at our store and get a trial bottle.

You can buy spool silk, cambric, dress drill, and all trimmings, as cheap as you can get them anywhere.

CHOICE goods in stock at Dodd's.

It is natural for people suffering with Consumption, Coughs, Severe Colds, or any other disease of the Throat and Lungs, to put off from day to day buying an article that they know has cured their neighbors, or relative, yet they have no faith in it until it is too late. If you will go to your Druggist, O. E. Woods & Co., and get a bottle of Bosche's German Syrup, your immediate cure is as certain as you live; it has lately been introduced in this country from Germany. Sample bottles of this medicine can be obtained for 10 cents to try its superior virtue. Regular 75 Cents. Try it, two doses will cure any case.

STRAYED.—Notice is hereby given that I have taken up and retained at my premises, one mile north of the Wagner school house, in Buchanan township, since Sept. first, one white two year old steer, with a half crop mark on the right ear. The owner may secure the same by proving property and paying charges.

THIS is the month we settle all accounts, so come in and see us.

A BOOK FOR EVERY FAMILY.
There is no book (save the Bible), of more use in a family, especially where there are children, than a good medical book—one fully adapted to the wants and comprehension of parents and the people generally. Such a work, we are pleased to say, is now being circulated in our country. Who has not heard of Dr. Gunn, the world renowned author of the "Gun's Domestic Medicine"? Dr. Gunn's work is now much larger, and being of recent date, must be much better by the same author. Do you want a physician in the house—one that you can rely on at all times? Then get Dr. Gunn. Do you wish to escape sickness or preserve the health of your family? Get a copy of this work. Do you wish to curtail your doctor's bills? Would you like to inform your mind on the subject of medicine, health, disease and the constitution, laws and operations of your own physical system? Then get this work, for we know of none so well calculated to give all the information. A new feature has lately been added to the work, which, we think, is alone worth the price asked for the entire volume. It is styled a "Guide to Diagnosis," and is peculiar to this work, being found in no other book of the kind now before the public. It is a novel and ingenious contrivance, by the aid of which any one can readily "diagnose" a case of sickness, or, in other words, tell from the symptoms what ails the one who is sick. An eminent physician recently remarked: "Too much cannot be said in praise of this 'Guide.'"

Enough to say that it completely meets the objection so often and so truly brought up against all previous works of the kind, that "they can't tell what the matter is." The work is designed to make every man richer and happier who studies it. It is well adapted to relieve the woes and sufferings of humanity. Besides the medical knowledge which it contains, it abounds throughout with sound philosophy, true practical wisdom, and the most wholesome Christian counsel. The author is a genuine philanthropist. How much suffering and pain might be avoided if the plain and simple rules of this book were generally observed! Here the young and inexperienced mother is directed at every step how to manage her child in sickness and as well in health. Every delicate and afflicted female has the symptoms of her disease clearly explained, and she is pointed to the sources of relief without telling her physician her infirmities. The book contains, in fact, a whole library of Medical Knowledge. Physicians have not hesitated to recommend it, and many even to rely on it as a wise counselor with whom they might consult in difficult cases. There is not, within the compass of our knowledge, another volume of like size that contains such a fund of valuable and practical information. The work is not for sale in book stores, and can only be had of the agent, Mr. J. A. Radack, whom we are pleased to recommend as a general gentleman. He is now taking orders for it in this country.

A FEW more of those oysters on the shell, at Morris & Dick's. They are splendid.

Now is the time to get good bargains in boots and shoes at L. P. & G. W. Fox's, as they are closing out at Low Prices, getting ready for a new spring stock.

It is natural for people suffering with Consumption, Coughs, Severe Colds, or any other disease of the Throat and Lungs, to put off from day to day buying an article that they know has cured their neighbors, or relative, yet they have no faith in it until it is too late. If you will go to your Druggist, O. E. Woods & Co., and get a bottle of Bosche's German Syrup, your immediate cure is as certain as you live; it has lately been introduced in this country from Germany. Sample bottles of this medicine can be obtained for 10 cents to try its superior virtue. Regular 75 Cents. Try it, two doses will cure any case.

STRAYED.—Notice is hereby given that I have taken up and retained at my premises, one mile north of the Wagner school house, in Buchanan township, since Sept. first, one white two year old steer, with a half crop mark on the right ear. The owner may secure the same by proving property and paying charges.

THIS is the month we settle all accounts, so come in and see us.

A BOOK FOR EVERY FAMILY.
There is no book (save the Bible), of more use in a family, especially where there are children, than a good medical book—one fully adapted to the wants and comprehension of parents and the people generally. Such a work, we are pleased to say, is now being circulated in our country. Who has not heard of Dr. Gunn, the world renowned author of the "Gun's Domestic Medicine"? Dr. Gunn's work is now much larger, and being of recent date, must be much better by the same author. Do you want a physician in the house—one that you can rely on at all times? Then get Dr. Gunn. Do you wish to escape sickness or preserve the health of your family? Get a copy of this work. Do you wish to curtail your doctor's bills? Would you like to inform your mind on the subject of medicine, health, disease and the constitution, laws and operations of your own physical system? Then get this work, for we know of none so well calculated to give all the information. A new feature has lately been added to the work, which, we think, is alone worth the price asked for the entire volume. It is styled a "Guide to Diagnosis," and is peculiar to this work, being found in no other book of the kind now before the public. It is a novel and ingenious contrivance, by the aid of which any one can readily "diagnose" a case of sickness, or, in other words, tell from the symptoms what ails the one who is sick. An eminent physician recently remarked: "Too much cannot be said in praise of this 'Guide.'"

Enough to say that it completely meets the objection so often and so truly brought up against all previous works of the kind, that "they can't tell what the matter is." The work is designed to make every man richer and happier who studies it. It is well adapted to relieve the woes and sufferings of humanity. Besides the medical knowledge which it contains, it abounds throughout with sound philosophy, true practical wisdom, and the most wholesome Christian counsel. The author is a genuine philanthropist. How much suffering and pain might be avoided if the plain and simple rules of this book were generally observed! Here the young and inexperienced mother is directed at every step how to manage her child in sickness and as well in health. Every delicate and afflicted female has the symptoms of her disease clearly explained, and she is pointed to the sources of relief without telling her physician her infirmities. The book contains, in fact, a whole library of Medical Knowledge. Physicians have not hesitated to recommend it, and many even to rely on it as a wise counselor with whom they might consult in difficult cases. There is not, within the compass of our knowledge, another volume of like size that contains such a fund of valuable and practical information. The work is not for sale in book stores, and can only be had of the agent, Mr. J. A. Radack, whom we are pleased to recommend as a general gentleman. He is now taking orders for it in this country.
