
Berrien Co. Record.

THURSDAY MORNING, JUNE 1, 1876.

To Advertisers.
The "Record" is the best Advertising Medium in South-western Michigan, having the largest circulation of any other paper in this part of the State.

Agents.
Geo. F. Rowell & Co., 41 Park Row, N. Y., S. M. Pettigrew, 37 Park Row, N. Y., and Rowell & Chapman, St. Louis, Missouri, are authorized agents to contract for advertising, at the lowest rates, for the columns of the BERRIEN COUNTY RECORD.

FARMERS have commenced plowing their corn.

A LIVELY paper, that grows in Bay City.

PASS around your ice cream. We take ours cold.

A BIRD man was on the streets yesterday seeking aid.

SCHOOL closes in this place to-morrow (Friday).

A COOLING shower fell in this place yesterday afternoon.

This image peddler was on the streets on Tuesday.

The streets of this place were crowded on Saturday afternoon, last.

Don't forget the Fourth of July meeting at the Collins & Weaver Hall, Saturday evening next.

NEW BUFFALO is making preparations to celebrate the coming Fourth of July.

GOV. BAGLEY will deliver an address to the Pioneers of Cass County, at Cassopolis, June 21st.

We received a short visit by D. B. Cook, of the Niles Mirror, on Saturday last. He was gathering items, subscribers, &c.

Don't forget that you can get your job-printing done at this office as cheap as anywhere. Shipping tags a specialty.

This finance committee had raised over one hundred and fifty dollars for the celebration of the Fourth of July, yesterday, by noon.

For first class pianos or organs at the lowest rates, call on Mrs. A. M. Weaver, Collins & Weaver block, second floor.

F. B. EAGLESFIELD would call the attention of the readers of the RECORD to his advertisement headed "Wanted," in this issue.

EVERYBODY reports an excellent crop of potato bugs this spring and the prospect good for an increased yield. Paris green and snails in good demand.

We have just received a copy of No. 1, Vol. 1, of the Grand Rapids Journal, published by E. G. D. Holden and S. P. Aspinwall.

SOME of the "school marm's" of this place are making merry over the fact that the Benton Harbor Times has rebuked about some of its hard words about them. We would ask them to read the Times once more.

JOHN BARNES is making some valuable improvements on his residence on the Niles Hill. He says that he proposes to live like a white man, now, or break trying.

ANOTHER liberal offer. A firm in Tennessee has sent us a ten dollar advertisement, and enclosed three packages of Japan Peas as payment therefor. The peas will probably invoice at about ten cents.

THE students at the State Agricultural College were furnished with return tickets, good for one week, by the railroads, at reduced rates, to be used during the present vacation.

THE Old Fellows are talking up their annual strawberry and ice cream festival, to come off soon. They all ways have good ones.

In our last issue, in giving the amount of the tax ordered to be raised for the year 1876, within the corporation, the compositor made us give the amount at \$1,550.75, when we had written \$2,550.75.

THE Old Folks' Concert was well attended and all seemed well pleased with the entertainment. The receipts of the evening amounted to forty-five dollars.

ALL persons are hereby notified not to trespass on the mill premises of C. S. Black, at the mouth of the creek, for fishing or other purposes, on Sundays or after working hours, without special permission from the owner.

CAPT. B. E. BRUNS has on exhibition at Binne & Rose's store a dilapidated rebel flag, which was captured by his brother, Thomas Bruns, during the late rebellion. It looks as if it had been where there was some shooting going on.

Grangers' picnic, which was held in the grove near Cassopolis, on the 26th inst., was not largely attended. Hon. J. J. Woodman, of Bay City, made an elaborate address, explaining the object of the Patrons of Husbandry, and going somewhat into the political questions of the day.

The Directors of the First National Bank of this place contemplate putting in a new vault, which will be the largest in the State, and necessitate the removal of the stairway leading to Bradley's photograph rooms. The Village Board, at their meeting, on Monday evening, granted them the privilege of building an iron stairway, on Main street, on the outside of their building.

We made a call at the County poor farm yesterday. Mr. Wheeler, the Superintendent, was absent, but his man Charlie kindly showed us through the buildings. Everything about the premises was scrupulously neat, and the inmates all seemed to feel that everything was being done for their comfort and happiness.

H. F. SOROG had on exhibition on the walk in front of his shop, on Tuesday morning, a nice little cat-fish which he had just caught in the St. Joseph river. It weighed twenty-four pounds. We learn that four others were caught at the same place the day before.

SOME of the Buchananians indulged in a "strawberry and cream" once in a while, but they taste pretty strong of greenbacks yet. They sell for fifteen cents a quart in Chicago, and the quarts are made short at both ends.

We learn that heavy rains fell on all sides of us on Monday afternoon and night. Mr. C. O. Cotton tells us that he met with heavy rains in South Haven, Van Buren county, during the afternoon, and we learn that during the night they had some heavy showers in Laporte, and as near us as Three Oaks.

THIS case of the village of Buchanan vs. Molabey and Dempsey, was tried before Judge Coolidge, in Niles, on Monday. The defendants feel very confident of having beaten the village, but it is hard to tell, which way the case will go until the decision is given, which cannot be done before the next term of the circuit court.

MR. E. L. YORK, a former pupil of the Union School, in this place, but who has been teaching for some time past in Hamilton, Ind., gave an exhibition, assisted by the scholars of his school, in the church at Hamilton, on Friday evening last. The church was literally packed, and quite a number from this place were in attendance. The entertainment passed off well and the participants did themselves as much credit as could be expected under the circumstances. The music was furnished by a quartette and organist from this place.

DIED.—R. V. Davidson, of Galien, died Tuesday afternoon while returning home from Dayton where he had been on business. Mr. Davidson had been sick nearly all winter, but had so far recovered as to be able to about and attend to his business. He had disposed of his property and intended moving to Texas for his health. The funeral will be held to-day.

WHILE at Buchanan, the other day we took an inside view of the office of neighbor Holmes of the RECORD and must say he has an excellent assortment of large jobbing types and can get up a power equal to the best. Also a fine variety of type for smaller jobs, and we are pleased to see him do his share of business. The farmers of Berrien county are readers and many of them rich and hundreds take from three to six and eight papers, and the RECORD is generally among the number.—Niles Mirror.

Index of Letters.
Remaining in the Post Office at Buchanan, Tuesday, May 30th, 1876.

Bunker, Charles
Engel, Charles
Godfrey, Japhet
Murphy, D. C.
Molabey, R. M.
Miller, John
Tayno, Samuel
Smith, Frank
Smith, Henry
Tuttle, J. H.
Ward, M. R.
Wheeler, Leroy

This list is published free for the information of the readers of the Record, therefore there is no charge for delivery of letters advertised herein. Persons will, however, in claiming any of above, call for "advertisements." N. H. Mearns, P. M.

MR. A. J. STARR will please accept our thanks for the copy of the journal of the General Assembly of the Presbyterian church in the United States, which is now being held in the Brooklyn Tabernacle. Mr. Starr is a member of the assembly and is now in attendance. He will visit the Centennial before returning.

THE boys had a general walkaround in Schaefer's saloon last Saturday night, much to the apparent disgust of the proprietor. He was probably afraid of having his building torn down and sent for the Marshal to quiet the rumors for him, which was soon done. Buchanan was pretty well freed from such defensible nuisances before this man Schaefer came here, and it would be a blessing to the place if he, and some others, could be induced to become sick of the business and emigrate.

DECORATION DAY.
Decoration day was generally observed in this place. A large crowd visited the cemetery on Tuesday last, ever before on a similar occasion.

A large procession, consisting of the Soldiers, Firemen, I. O. O. F. Society, and citizens, formed at the old Union School building, and headed by the Buchanan Cornet Band, marched to Oak Ridge Cemetery. At the cemetery, after music by the choir and a prayer by Eld. W. W. Wells, Mr. N. Johnson delivered an eloquent address, picturing to the audience the many scenes in which the brave soldiers, whose graves were to be strewn with flowers, had taken an active part. During the remarks Mr. Johnson exhibited a rebel flag, which was quite a curiosity to many. At a meeting of the Soldiers, held at the old school house, in the afternoon of May 30th, a vote of thanks was tendered to the following persons: To Mr. N. Johnson for his able address, and for personal kindness in giving a free use of the school house. To Rev. W. W. Wells for services rendered. To the comrades from Three Oaks for their aid in the ceremonies. To the I. O. O. F. Society and Firemen for their presence and aid rendered. To the I. O. O. F. Society for contributing the use of their hall. To Mrs. S. Whitman and her committee for aid in arranging flowers. To the ladies who kindly furnished the bouquets. To the Buchanan Bands for furnishing the music of the day, and to the Publisher of the BERRIEN COUNTY RECORD for favors rendered.

Those who have any disease, who desire to consult a physician, never known to impose upon a patient, who always treats with frankness and every case presented in a curable stage, should see Dr. V. O. Price, the well-known analytic physician, on his next visit to Niles; Clifton House, on Saturday and Sunday, June 10th and 11th. Dr. V. O. Price has cured many persons afflicted with chronic diseases, than any physician making them a specialty.

THE BIRCHEN COUNTY RECORD FOR 1876!

The citizens of this place met at the Collins & Weaver Hall on Tuesday evening, to make arrangements for a celebration of the coming Fourth of July. It was an enthusiastic meeting, and all seemed determined to make this celebration a grand success and second to none in the State.

L. P. Alexander was made Chairman, and John Graham Secretary. In taking the chair Mr. Alexander made a few telling remarks and suggestions, which aroused the feelings of all. There were speeches made by C. S. Black, B. M. Plimpton, Nathan Johnson, Capt. Richards, Capt. Binns, Wm. Pears, and others.

A committee of five was appointed to solicit subscriptions, as follows: C. S. Black, Samuel Miller, LeRoy Doy, Freeman Eggleston, and Amos P. Byers.

There were other appointments to secure speakers, music and cannon for the occasion. Adjourned until next Saturday evening, at 7 o'clock, sharp. Wait everybody out.

MORE PIGEON SLAUGHTERING.
A shooting tournament was held in South Bend, on Thursday and Friday, May 25th and 26th, by the Union Shooting Club, of that place. The first day there were thirty-five contestants for the prizes. The usual rules governed the matches, 21 yards rise, 80 yards boundary, ties shot off at an increased distance of 5 yards.

The first twenty-four participants shot in teams of six each, the first killing 41 out of their 60 birds, the second team, 31 birds, the third 32, the fourth 39. A team of four followed, killing 26 birds; a second team of four, killing 24; and a team of three closed the single rises, scoring 28.

Sam Strayer, D. A. Ewing, and Geo. Hogue were the only ones who made a clean score. They were awarded the first prize and divided without shooting off. Wm. Glover, II. H. Meeker and W. L. Kizer tied on nine, taking the second prize. They too divided. P. M. Hinkle, C. M. Runkle, H. Buzby and Smith Briggs tied on eight, and in shooting off the latter won. Seven were tied on seven, and in shooting off, G. W. Rough and Geo. Dunahoo again tied, when they divided the money. Seven tied on six, and Galloway and Middleton, both killing all their birds in shooting off, they ended the contest on single rises by sharing the prize.

Messrs. Burdard and Hain shot at five single rises, the first killing four birds, and the second three, one dropping dead out of bounds.

On double rises, six birds, the ties were Messrs. Wolverton, Briggs, Rough and Graham, and in shooting off, Rough was the winner.

The second day there were thirty-three entries. The general record made was not quite up to that of the first day, owing in part, no doubt, to the fact that the birds were in a better condition than on the first day. Only one, H. Runkle, killed ten straight birds, falling dead inside the bounds, and he was awarded the first prize. Bangman was next, killing ten birds, his sixth, however, getting beyond the line.

Sam Strayer, Henry Galloway, G. Dunahoo and J. T. Bangman tied on nine birds, and in shooting off the latter won.

In shooting off on eight birds the prize was won by D. Woodman; on seven birds, by Jacob Strayer; on six by Will Longley.

Next came a match for the sweepstakes, the participants throwing in a dollar apiece for the purse. F. P. Burdard, of Cincinnati, won first money.

John Miller took the second money in shooting off the ties on four birds, and H. Runkle on three.

FROM GALIEN.
May 29, 1876.

ED. RECORD.—It is not often I pay any attention to the twaddle of "Mother Gossip," but when I hear such base and malicious representations as is going the rounds about the doctors of this place, I think it my duty to make a plain statement of facts, that all may judge for themselves.

A man of this town has a boy whose arm was injured at the elbow joint, some weeks ago, while playing at school, and was neglected until a few days ago, when he found his boy's arm straight, or nearly so, and sufficient to be taken to Dr. W. O. Price, of this town, for surgical advice and surgical treatment. The doctor told him if he would pay his bill and give him ten dollars, or give him security for it he would fix the arm. He did not feel disposed to do so, and brought his boy to me, and I told him I must have my pay for I could not work for nothing, as the said gentleman has owed me for over two years, and I cannot get it, and I think he pays enough for whiskey every month, that he might settle a small doctor bill. But as he could not get his boy's arm "broke over" for nothing, by advice of his friends, (I) he took him to a doctor at Buchanan, and it is now well circulated that the Galien doctors were not surgeons enough to operate on the arm. Now, I would not say a word against any member of the medical profession, but I think the surgery done here will compare favorably with the surgery done in Buchanan. We think if we do live in the back woods of Galien, that we have had as good advantages to learn to be as faithfully as the most of doctors. Our hairs may not be quite so gray, our experience not quite so extensive, (I) yet we think we could give a little chloroform and reduce a dislocation, or apply a few splints to a simple fracture; but do not propose to do so for a drunken dead beat. With all due respect for the doctors of Buchanan, I am respectfully,
B. C. SMITH, M. D.

A SUCCESSFUL MERCHANT.—The successful merchant is always the one who keeps the best class of goods of all kinds, and sells full weight goods, and as many of them as are aware of the fact they keep D. B. DeLand & Co's Best Chemical Saleratus. It always suits.

THE RECORD magazine for June contains the well-deserved recognition of this excellent monthly. To all who expect to take part in the Presidential campaign, and to all who desire to form correct opinions on current political topics we earnestly commend the RECORD. It is doing a good work, has already been recognized as a power for good, and should receive the cordial support of every intelligent Republican. We trust our readers will give it that encouragement which its merits demand. This number closes the sixth volume. Among its well-considered articles for June we note: Work of the Patent Office; The Church, the State, and the Public Schools; The Truth of History as the History of a Revolution; Southern Industrial Ka-Klism; Congressional Investigations; Domestic Commerce. Incess \$2 for one year's subscription to Republic Publishing Company, Washington, D. C.

LOCALS.

The Fruits of Weak Digestion.
There is no pathological fact more clearly ascertained than that the most formidable phases of nervous disease are directly traceable to imperfect digestion. Insomnia, with its train of direful consequences, proceeds more frequently from weakness of the stomach than from any other cause. More sedatives are powerless to cure nervousness, and soon cease to palliate its symptoms. The true way to strengthen the nervous system is to invigorate the digestive and assimilative organs, upon whose unobstructed action its equilibrium is absolutely dependent. The daily use of Hostetter's Stomach Bitters will do more to brace and soothe the weakened and irritated nerves, and induce sound, refreshing sleep—a nature's grand cathartic—than all the so-called nervines to be found in the pharmacopoeia or out of it. A single glass of the Bitters should be taken before each meal.

THE COUNTY PRESS.

[Niles Democrat.]
The Richardson monument has been shipped from Scotland, and will be here in a short time. Two chaps in Elkhart knocked a man down on Monday night last, and took from him the sum of \$60. They walked over to Edwardsburg, where they hired a team and came over to this city on Tuesday morning, and they enjoyed themselves until the arrival of the Sheriff from our Hoosier city, who, with the aid of our Marshal undertook to take them in. One of the offenders was "gobbled," and the other made good his escape. The captured party, rather than to await for a regulation from Indiana's Governor, consented to return without going through with the little formality, and went back quietly with the officer to the scene of his cussedness.

[Niles Republican.]
A horse belonging to John Redick, fell on the street, near the iron bridge, Monday, and died in a short time. The child of Joseph Mitchell, about 1 1/2 years of age, during the momentary absence of its mother, fell into a cistern of water, and but for the heroic and prompt efforts of its uncle, who resuscitated it, would have been drowned.

[Benton Harbor Palladium.]
Ond by one of the pioneers pass quietly away. This we have to record the death of Martin Rice, of Bainbridge, aged 70 years, and Mrs. Ellen Hollywood, of Royaton, aged 75, both old residents.

[St. Joseph Traveler and Herald.]
Charles J. Morrison broke his arm while performing on the trapeze at Stevensville, on Monday. Mrs. J. Stankewitz, a woman from a wagon while out riding, one day last week, and sustained internal injuries and a fracture of the collar bone. Geo. B. Smith has purchased the general stock of goods belonging to P. J. Pierce & Son, at New Troy, and will continue the business at the same place. Chas. J. Smith will have charge of the store. The St. Joseph Shooting club will hold a grand pigeon shooting tournament in this place, on Thursday and Friday, June 1st and 2nd. Premiums, \$150. Each day's programme will embrace a match for \$75.00, divided in four prizes, viz: First prize \$50.00, second prize \$20.00, third prize \$15.00, fourth prize \$10.00. Class shooting, ten single rises. Entrance fee, \$5. Single rise to fill or pro rata. Chicago Prairie Shooting Club rule to govern. As an ample supply of birds has been secured, any number of sweepstakes can be made up.

Swapping Horses.
Abe Frame swapped horses with a couple of strangers, last week, and on Saturday evening three men came after the horse for which he had traded. One of the three introduced himself as the sheriff of Perryburg, O., and said he was his assistant, and that the third person was in their charge. One of the two who traded the horse, the sheriff stated that the horse had been stolen from Perryburg, and that he had captured the thieves with the horse of Mr. Frame, for which they had traded it. Mr. Frame gave up the horse, and the sheriff and his assistant went back to their own town. He got it.—South Bend Tribune.

Farming in Nebraska.

We clip the following from the "Farmers" (a paper to be had free on application to the Land Commissioner, at St. Paul, Minn., or to the Commissioner of Agriculture, at Washington, D.C.), as something likely to prove interesting to many of our readers.

We would advise all who contemplate moving west to visit Southern Iowa and Southern Nebraska before going elsewhere. Mr. E. W. Smith, of Ashland, Saunders county, came to Nebraska in 1870 from Grant County, Iowa, and bought 300 acres of land, at \$3 per acre from the B. & M. R. Co., now worth \$20 per acre. He has 250 acres under the plow, and he finds the country adapted to all kinds of grain and vegetables. The climate, he says, is the best; the winters are short; stock can be raised on a farm, and it is the best country I ever saw, for raising hogs and corn can be grown very easily. Since I came to Nebraska 31 families from Grant Co., Wis., have settled around me, and they are all doing better than ever they did back East. One of my neighbors had 30,000 bushels of wheat, 24,000 of corn, and 24,000 of oats, in three years he had doubled his capital. Nebraska is a State where a man with means may settle with great advantage.

Near Harvard, in Clay Co., John A. Biehoff settled in 1871, taking up a quarter section of land. At that time he had only a flock of horses and a plow, and very little other means. He has now a house, corn crib and granary, and owns two cows, several head of young stock, and a small herd of hogs. His wheat harvest in 1875 averaged 24 1/2 bushels per acre, 6 1/2 acres in oats, 100 bushels, reaching 300 bushels to the acre. Twenty acres of corn produced 1,400 bushels, or an average of 70 bushels to the acre; 18 acres of barley, 44 bushels per acre, and oats 65 bushels per acre. Mr. Biehoff has a young orchard of apple, peach and cherry trees, and all trees are in thrifty condition. He says, "a man with the same amount of labor, can get a larger yield from Nebraska soil than from the soil of any State east of the Missouri river."

Deaths.

DIED, May 21, 1876, in Buchanan, of scarlet fever, EDITH, youngest son of George F. and Sarah D. Niles, aged 1 year and 10 months.

We bless thee for the memories
Of this dear, loving child,
Whom thou hast, that for three short years
Upon our home he smiled.

For his pure, bright, angelic life,
His winning ways and ways;
His sweet smile, his gentle voice,
That made us feel his life was joy.

Through all our future life,
We might have dreamed that time fair
Was waiting for the skies;
That that was really light that shone
In the darkness of our life.

But still, from day to day, his life
Moved on as usual and free,
So full of health, so rich in joy,
That we did not miss him.
