

## Berrien Co. Record.

THURSDAY, JANUARY 24, 1878.

## To Advertisers.

The "Record" is the best Advertising medium in the western Michigan, having the largest circulation of any other paper in this part of the State.

## Agents.

Geo. F. Powell & Co., 41 Park Row, N. Y., St. M. Pettigill, 37 Park Row, N. Y., and Rowell & Chesman, St. Louis, Missouri, are authorized agents to contract for advertising at our lowest rates, for the columns of the Berrien County Record.

BERRIEN COUNTY ranks tenth in the State as a tax payer. The taxes for 1878 are \$27,248.04.

THE St. Joseph Republican entered upon the fifth year of its existence with the last issue.

We are indebted to Hon. E. W. Keightley for the presentation of valuable public documents.

The Catholic fair recently held in Niles was a success, the receipts being over \$600.

AN interesting and lively religious revival is now in progress in the M. E. Church at Dayton.

A PATENT coffee roaster was among the novelties in this place yesterday morning. He roasted one mess and went his way rejoicing.

GEORGE M. VALENTINE, of Benton Harbor, was married to Miss Sophia Gibson, of New Carlisle, on Friday of last week.

A SOCIAL, where oysters, fun, etc., were promised, was held at Miss Mary Arthur's, Tuesday evening. The proceeds were for the Presbyterian church.

IN another column will be found an interesting letter from a former resident of this place, now in the South Sea Islands.

FROM the Evening Telegraph we learn that Dr. A. M. Collins, of Grand Rapids, has suddenly lost his hearing.

ED. BATCHELOR came around to see the folks again Saturday. He still sticks to railroading, takes the Record, and is growing fat.

OUR friend Ed. C. Barnore, of New Buffalo, has lately received a patent on bed-springs. S. D. Butler, of the same place, has patented a bedstead fastening.

IN another column will be found the prospectus of St. Nicholas for 1878, the leading children's magazine of the country. St. Nicholas and the Record will be sent for \$1.

SEVERAL persons will go from this place on 30th inst. to Kansas. There being an excursion at that time, thus giving those who go there to remain the advantage of low fare.

THE Niles M. E. church was in debt \$4,000, but at a meeting last Sunday the entire amount was raised, and the members now feel relieved and jubilant.

THE St. Joseph Republican advocates the building of a street railroad between that town and Benton Harbor. It would no doubt be a paying investment, and is just what the two towns need.

ORVILLE D. CARLISLE has been detailed by the greenback squad to go to Dayton next Saturday night and enlighten the Daytonites on the currency question, and there he will go. Go, all ye and hear him.

AN exchange says that at St. Joseph, Friday, Owen McAuliffe outrageously assaulted a helpless old woman of 70 years, named Mrs. Murphy, and that the ruffian escaped.

Two suspicious looking individuals, who had in their possession eight bags of wheat, were arrested at Cassopolis on Friday last. One of the bags was marked J. H. Abbott, the name of a farmer in that vicinity.

MARSHAL EVANS' hotel, in the Engine House, has become so popular with tramps, that he has been compelled to furnish additional bedding for the accommodation of his guests.

The Mirror says that it learns that Mayor Twombly, of Niles, has established himself in the business of buying and selling real estate, and will take up his permanent abode in Texas.

MESSRS. N. HAMILTON and Edwin Morgan, of Summit Lodge, No. 192, and Seth Smith, of Buchanan Lodge No. 63, are at present in Grand Rapids, attending the Grand Lodge of F. & A. M.

The Buchanan Fire Company consists of forty-five of as fine looking men as can be found in any town, and when duty calls they are always on hand, ready to brave any danger to assist their neighbors in extinguishing fires.

The Lodge of Good Templars in this place has 165 members, and among them some good, earnest workers for temperance. Their hall is nicely furnished, and is a cozy place to spend an evening in.

ONE of the meanest capers an editor can perpetrate is to write a lot of abuse upon some person and sign the article by some name not his own, thus throwing the responsibility from his shoulders, and especially to accuse others of lying and of breaking the law, when he knows nothing about the matter whatever.

TUESDAY evening the ladies of the Rebekah Lodge, I. O. O. F., of this place, went early to the residence of Mr. A. L. Simonds, and after the Subordinate Lodge adjourned, the meeting there also. It was a complete surprise, and all say they had a grand good time.

CHARLES POINTER, of Benton Harbor, has in his aquarium a rare animal, caught some time ago in the St. Joseph river. It is a species of monobranchia or mud puppy and is about a foot long.

MARSHAL EVANS is doing a good work for Front street in removing the mud that was placed there by his predecessor, and replacing it with sifted gravel from the Niles hill.

JOHN ABBOTT, of St. Joseph, is boarding at the Hotel DeMont, in Benton Springs, at the expense of the people, and it is because Samuel Granger, of Lake township, says Abbott stole clover seed, and other articles, from Granger's house.

ON Monday last, forty-five trains passed over the Michigan Central road in twelve hours. Of late the company have all of the freight business they can attend to. Engines have been taken from the branches and placed upon the main line for the rush.

THE M. E. Church of Cassopolis has sued Chas. W. Clabes for his subscription toward the payment of the church indebtedness, and the Justice lets him out of it on the ground that the contract was made on Sunday, and is therefore void. There are some small souled people in this world.

DERING the year 1877, there were but three fires in this village, as follows: March 10th, the mill of John Weisgerber was damaged to the amount of \$1,500. April 13th, Mrs. James Rose's dwelling was damaged to the amount of \$200. June 13th, A. A. Jordan's dwelling burned involving a loss of \$1,500. Total losses during the year, \$3,200.

So far, two firms in South Bend have gone "up the spout" this week. On Tuesday the Union Cabinet Manufactory Co. made an assignment to John N. Leckner. The liabilities are about \$20,000. The same day Henry Sandhuver, dealer in stores and hardware, made an assignment to Geo. W. Matthews. Liabilities not reported.

ATTENTION BOYS.—A meeting of the Greenback Club of Buchanan will be held at the office of Levi Sparks, on Wednesday evening, Jan. 30, at 7 o'clock sharp, to elect officers for the ensuing three months, and the transaction of other important business. Let there be a full attendance.

BY ORDER OF COMMITTEE.

A FEW days since Mr. Blodgett, of this place, made the prize fish haul. He says he took from the river over one thousand fish at one drawing of the seine. He would not draw again for he said he was a Dutchman, and when he got enough he was satisfied. The fish were taken at South Bend for sale.

TRAY bear of Zach. Johnson's was shot for "4th" on Friday last. None of the "4th" were won by our shootists, though Gus White got sixth prize, \$2.00, and Fred White got last prize, \$1.00. The bear will probably be bought by Buchanan parties, when more sport may be expected.

THE Lakeside Horse Thief Association held its sixth meeting in St. Joseph, on Tuesday of last week, 51 of the 130 members being present. Not a horse has been stolen in the nine township this association keeps watch over for the last six months. The next meeting will be held at Bridgman, April 16, 1878.

A St. Joseph dispatch to the Detroit Post and Tribune, dated Jan. 21st, says:

"Two Swedes, named Jensen and Ledesoff, hat manufacturers of this city, were discovered to-day to be insane, on the subject of religion; and commenced clearing their store by throwing their goods into the street. Jensen declares that he is the Lord Jesus Christ. His case is hopeless."

LAST Saturday Fred. Gablick went to Benton Springs to see his brothers John and Anthony, confined in jail there, and being left alone a few minutes in the Sheriff's office, stole a watch belonging to Jas. Smith, and skedaddled. Dick DeMont started in pursuit and overhauled the thief before he reached Niles, and took him back to be company for his brothers.

Our friend West. Wilkinson, of the Seneca (Kan.) Courier, has been awarded the blank printing for his county by the County Board. One sensible resolution of the Board was that they would allow no bill of a non-resident printer, and county officers who gave orders to them, must foot the bills themselves. This is as it should be in every county. The home offices do as good work, and very often much cheaper; but with some men it sounds big to send to a city for every little thing they may need, when just as good can be obtained at home.

THE second trial of the case of the people of Benton Township vs. Drs. Dutt and George Bellows, of Benton Harbor, for mal-practice in setting a dislocated arm, has just been completed by the Circuit Court at Berrien. The first trial resulted in the jury awarding damages to the plaintiff in \$2,500. A new trial was granted the defendants, which resulted in a disagreement, the jury standing eleven for plaintiff and one for defendants.

AN opportunity will present itself to-morrow evening for the citizens of this place to hear an entertainment such as they have never before heard. The Original Tennessee Jubilee Singers are coming and will give one of their entertainments in Collins & Weaver's Hall. This troupe have the best of recommendations from all parts, from such men as the pastor of the M. E. Church at Benton Harbor, at Cassopolis, and other places where they have been. We are convinced that if you go to hear them you will not be humbugged. This troupe has never been here.

REV. COLE OPELAND, of this place, has taken a "hop" and come out as a greenbacker. At the silver meeting last evening he announced himself as the "champion" of the laboring men, and "down" on the "blasted bondholders" and aristocrats! What a noble (or) acquisition he is to any party. At present the greenbackers are ashamed of their new convert, and the Democrats glad that they have got rid of him.

I DESIRE to say to all interested that I have made arrangements to exchange pulpits, on next Lord's day, with Elder Irving A. Sears, of Paw Paw. He will therefore fill the pulpit of the Christian Church in this place next Lord's day morning and evening. My lecture on "The Tabernacle," that I announced for that evening will be deferred until the next Lord's day evening.

H. T. MORRISON.

C. C. McCABE, D. D., familiarly known as "Chaplain McCabe," will deliver his lecture, "The Bright Side of Life in Libby Prison," in the M. E. Church, in this place, on Tuesday evening next. This lecture is highly spoken of by those who have heard it, some pronouncing it to be the best they ever heard. The Chaplain is also a fine singer and will favor the audience with some choice selections of music. It will amply repay any one to go and hear him. Admission 25 cents.

REMAINING in the Post Office at Buchanan, Wednesday, Jan. 23d, 1878.

Amick, Sarah C. Morgan, Clara Ross, David Roper, George Freeman, James J. Sylvester, Sarah Harris, Harvey Walker, John Justice, G. R. Whitney, Melville.

This list is published here for the information of the readers of the Record, therefore there is no charge for delivery of letters addressed hereto. Persons will, however, in claiming any of the above, call for "advertisers' letters."

GEORGE W. NOBLE filed a petition in bankruptcy yesterday. The act is voluntary on his part. A few of the principal creditors were about to proceed against him by attachment, and the proceedings in bankruptcy are for the protection of the rest of the creditors. The liabilities are between \$9,000 and \$10,000, and assets said to be about the same. The attorneys in the case are Van Riper & Hinman.

THE subject of "hell or no hell" having been pretty generally discussed of late by eminent Divines all over our land, the mania has struck Buchanan, and Rev. H. Worthington has announced that he would preach three sermons on the subject of "Future and Endless Punishment," the first sermon to be preached next Sunday evening. As Mr. Worthington has a plain way of telling and explaining what the Bible says on any subject he may choose to preach from, without regard to what the opinions of men may be, these sermons will no doubt be very interesting, and we advise all to go and hear him.

MANY suppose, when they want a larger job of printing, that it cannot be done except in some city. If there are any such in this vicinity, we wish to say to them that the Record office is supplied with steam power presses, new type for book and pamphlet work, and that in letter press printing we cannot be excelled anywhere. Our prices are low, and in many instances much lower than the same quality of work can be done for in any city. Call and examine our specimens.

THE danger of carrying fire-arms was exemplified at the Presbyterian church on Saturday night. All Fairfield went into the gallery with a loaded revolver or pistol in his overcoat pocket. After remaining there awhile he took off his overcoat, and while in the act of doing so the weapon fell out upon the floor and was discharged, the ball entering the floor, fortunately, instead of somebody's person. Fairfield claims that a fellow named McCracken cocked the weapon while it was in his (Fairfield's) pocket.—South Bend Tribune.

At a regular meeting of Buchanan Fire Company No. 1, held on Thursday evening, Jan. 3d, the following were elected officers for the ensuing year:

D. Montgomery, Foreman; Matthew Ball, First Engineer; L. P. Gillespie, Second Engineer; C. E. Butler, Foreman of Hose; H. Badgley, First Assistant; C. O. Griffin, Second Assistant; W. I. Himes, Secretary; C. E. Terriere, Treasurer.

The company also agreed to recommend to the Common Council the following as their choice for this year of the officers appointed each year by that body:

George Churchill, Chief of Fire Department; C. E. Terriere, First Assistant; Wm. H. Glover, Second Assistant.

THE Greenbackers of this place have been corresponding with George M. Dewey, editor of the Hastings Republican Banner, in regard to holding a joint discussion in this village, and Mr. Dewey has consented to come, and appointed Friday, February 8th as the day. The proposition Mr. Dewey makes is to take the affirmative of the question: That the financial policy of Secretary Sherman is for the best interests of the laboring classes; while Mr. Sparks, who will probably take the negative, wants to make the subject more general, and proposes to prove the financial policy of the Republican party, for the past ten years, to have been a failure. Whether this difference in the wishes of the speakers will quash all further proceedings or not is a question yet to be decided, of which our readers will be duly notified.

A town in Kansas, paid \$90 to a Chicago firm for four wood cuts of their Court house and three Churches, that are about as useful as a last year's bird-nest, and did not grumble, but when charged \$10, the legal rates, by the village newspaper for publishing an ordinance, they appointed a committee to wait on the printer and find out the reason for such extortion!

IN regard to the "talked about" railroad, the St. Joseph Traveler-Herald has the following sensible remarks:

"We give up considerable space this week to remarks from our exchanges on the proposed railroad from some point in Indiana, via Elkhart or South Bend, Niles or Buchanan, and Berrien Springs, to St. Joseph or Benton Harbor. The clippings will give our readers some idea of the sentiment of the people at different points, and so far as the people of St. Joseph are concerned we have this to offer: Our citizens believe there has been already enough 'talk' on this subject; that if the projectors of this road MBAN BUSINESS, and desire assistance from the towns along the line, now is the time to make their wishes known in order that all concerned may act intelligently in the matter. The route that would suit our people best is the one running from South Bend through Buchanan and Berrien Springs to St. Joseph, and if Mr. Wells or other parties interested are seeking a GOOD bargain on Lake Michigan, with ample docking facilities—at the least possible cost, they will not hesitate a moment to decide in favor of this line. Our citizens are strongly in favor of the building of this road, and stand ready to do all in their power, both financially and otherwise, to aid the enterprise. Now let the prime movers in this project lay their propositions before the citizens of this place for consideration. They are ready for business."

THE people are healthy, wealthy, hard up, yet happy, with but few exceptions.

THE dust on the streets is getting unbearable. It sticks to everything. It is spread over the floors, sidewalks, and some in the streets mixed with water. It deters the farmers from coming to town. They have been housed up, and so have the merchants. Yet at the Methodist social last Friday evening, at the residence of Mr. McGee, we found merchants and other classes of business men, who seemed to enjoy life as well as ever. It was really an enjoyable occasion.

THE red ribbon meeting on Sabbath evening last, at the Baptist church, was well attended. The house was crowded. It seems that each meeting, from the first, grows more interesting. The Good Templars are doing a good work also.

THE German people occupy their new church each Sabbath. They have, I am told, an interesting Sabbath school. The Sabbath schools at the various churches are well attended.

WE hear that part of a cheese factory has been shipped here, and that a flour mill is about to be built. The farmers have finally convinced the consumers that we need more producers, and therefore the consumers are about to real several farms adjoining town, and divide it up from one to ten acre lots, and each consumer to undertake to raise part of its sustenance, if not more than a few castor beans, peanuts, or artichokes.

FROM HILL'S CORNERS.

EDITOR RECORD:—We are having some sickness in our vicinity, and in one instance has proved fatal, and that was in the case of little Chlooe Morley. Diphtheria seems to be the prevailing complaint. Several of the pupils of the Hill's Corners school are being troubled with the throat disease. Mrs. Gottlieb Boyl has been very sick, but at the present we were glad to learn that she is convalescing.

Our hog dealer, Wm. Hanover, is making shipments to the Chicago market. He sent a car load over the road last Wednesday, for which he paid \$3.50 per hundred.

A protracted meeting was held at the Baptist Church, conducted by the Reverends Smith and Meacham, but was brought to a focus on last Sunday evening without any conversions. Ministers cannot bring sinners to the fold of Christ by abuse. They must resort to some other method, at least so the preachers of the sinful worldlings around the Corners.

The dancing club had forty-six couples in attendance at its last dance. I suppose it is in consequence of their having good order in their exercises. Our school is prospering finely, and the attendance is very good, notwithstanding so much sickness.

FROM DAN, 23d, 1878.

Stow wants a position on that new railroad.

Business is picking up on the M. C. R. R., one hundred and twenty trains having passed over this division of the road in the last forty-eight hours.

Mrs. Kelley, living a mile or two from this place, fell a day or two ago and broke or badly sprained her ankle.

Minnieola Stow, Estelle Brewer, and G. Bradley Hawthorne were baptized at the church last Tuesday evening, by Rev. W. L. Jakways.

Sebastian, one of the track men, has bought D. T. Outbaker's farm. Billy Rankley has bought Sebastian's place.

Both of Wm. Brewer's horses got down in the harness, while hitched at the church, Friday night.

Johnny and Freddie Young, children of John Young, are dangerously sick with scarlet fever. We hear of a few cases of the fever on the "Buffalo road," among them four children in the family of C. Dodds.

BUCHANAN, Jan. 23, 1878.

EDITOR RECORD:—The article in your issue of January 17, in reference to the taxes paid by the "men who own the stock of the First National Bank, in this place," not only does injustice to a large number of your readers, but is calculated, also, to mislead the remainder, and I ask, therefore, that you will in justice to all concerned, give this communication a place in the columns of your next issue of equal prominence with the article alluded to.

I am not aware that there are any who are, or have been "rabid" in their course against the National Bank, because they are not taxed. There are those, however, and it is this class which your article does injustice to, who believe that the National banking system is injurious to the best interests of the country, and should be totally abolished. It is the system, and not the bankers personally, to which we object. We believe, also, that whilst permitted to operate, the entire capital of National Banks ought to be taxed the same as is the capital invested by our merchants, farmers, manufacturers, and others in their several lines of business. If every other occupation and industry is taxed—the farmer on his land and tools, the merchant on his stock of goods, the manufacturer on the amount of his investment, and the householder on his house and lot—why should the bonds of the National Banks and bondholders be exempt from taxation?

Whatever property individual stockholders of National Banks may possess, outside of their investment in bonds which constitute their bank capital, is subject to, and should pay, in just proportion of taxes, as if the stockholders of the bank, in this place, "pay one-fourteenth of all the taxes of the entire township (township I suppose is meant) it follows that they own one-fourteenth of the entire taxable property of the township, exclusive of the bank investment, i. e., U. S. Bonds which draw six per cent. interest in gold per annum. Consequently these "national bankers" are entitled to no more credit for the amount of taxes they thus pay out of their abundance, than is the poor widow, who, of her scanty income, contributes her mite toward the expenses of the township.

A Correction.

South Bend Register:—"The Cincinnati, Washab and Michigan road, running from Goshen to Anderson, within a short distance of Cincinnati, has fallen into the hands of the Lake Shore road." N. Beckley, Asst. Sup. of the Michigan Division, has gone to Anderson to take charge. This will make an important branch to the Lake Shore."

The inclosed slip was taken from the Goshen Democrat. Please correct. This road has not gone into hands of the Lake Shore road, Mr. Beckley, of the Lake Shore road, has been appointed General Manager of the C. W. & M. road. Perhaps you got your idea from that fact. I am going to put in my time the coming year in building a road from some point on the C. W. & M. road to the mouth of the St. Joe river. My opinion of the line is from Warsaw to Millford Junction via South Bend, Buchanan, and Berrien Springs, and have no doubt but the road can be built this coming summer, if the above citizens respond liberally with aid to the road. Such a road would be one of the best in the State, in my opinion. Please let me hear from you through the paper.

Respectfully, A. G. WELLS.

The above we clip from the South Bend Register. This should settle all doubt that may have entered the minds of some of the citizens along the route, as to the disposition of the C. W. & M. R. R. and the future intentions of the Company. We think that Buchanan will not be left wanting when so valuable an enterprise as this shall present itself.

THE COUNTY PRESS.

[Niles Mirror.]

The dogs got among A. Corell's sheep, on Wednesday night last, and killed three and mangled six more. It is an impossibility for farmers to raise sheep in this country, in consequence of the miserable dogs. Two wagons loaded with wheat, belonging to Samuel French, in coming to Niles, went down, each with a broken axle, and another wagon, loaded with wood, belonging to Levi Redden, went down with a broken wheel; all on Wednesday last, in the same neighborhood. A large railroad meeting was held at Berrien Centre, on Saturday evening. Berrien Centre is determined to have a railroad pass that way and will do much for it.

Carl Anderson has purchased the Yore lot opposite Lee & Wells' flour mill, and commenced the work of erecting thereon a four-story and a half building. The building will be 24 by 60 feet, one and one-half and two stories high. Mr. Anderson is a first class practical machinist, is blessed with plenty of energy, and, being possessed of a sober and economical disposition, he cannot fail to make a success of his enterprise.

[Niles Republican.]

Mrs. William Miller, who resides on Front street, while going up stairs last Saturday night, was seized with faintness and fell backwards down the steps, injuring herself quite seriously.

The Board of Directors of the Berrien County Agricultural Society has appointed the following committees: Executive Committee—Dr. Bonine, Wm. B. Davis and David Schnorr; on Premiums—Wm. H. Miller, Samuel Marrs and George W. Rough; on Regulations—Jas. Badger, Capt. S. A. Denison and Capt. J. F. Peck; on Finance—Col. David Bacon, J. B. Metzger and N. Hamilton.

A property change of importance took place on Tuesday last. The old Hydraulic and Niles Improvement Companies' property, consisting of one-third of the water power at the dam, and the old Jacob Beson farm, of about ninety acres of ground, were sold at chancery sale, for \$22,852.41. The property was purchased by the Niles Water Power Company, a new organization of our most substantial business men.

[Berrien Springs Era.]

A. H. Morrison, who is authority on such subjects, says that the second year after the C. W. & M. R. R. is built to St. Joseph, 50,000,000 feet of lumber would be shipped over the road from St. Joe alone.

COMMON sense, what kind of dry goods Highs are selling less than cost.

CLOCKS, CLOCKS, SHAWLS, SHAWLS, less than cost. Good clocks for \$5.00, old price \$7.00, at T. M. Fulton & Co's.

Among the Dead Failures

Of the past, how many bogus nostrums may be numbered! Beginning their careers with a tremendous flourish of trumpets, disclaimed for a time in the public opinion, and on a sudden, soon, but not too soon, were they relegated to the limbo of things lost on earth. But Hostetters Stomach Bitters is a living and thriving remedy. It goes on, curing and curing. Neither underhand nor open competition affect it. On the contrary, contrast with inferior rival preparations, only increases its popularity. It has been repeatedly imitated, but without success. Counterfeits of it have been surreptitiously introduced, but have fallen flat. Everywhere it intrenches itself in the confidence of the people; and well it may, for it is a thoroughly reliable invigorant of the feeble, business dyspepsia and constipation, cures the nerves, cures rheumatic ailments and kidney complaints, and eradicates and prevents intermittent and remittent fevers.
