TURKEY AND FRUITS.

A correspondent supplies a curious record of events, which has special interest at the present time. He says: A century is not much in the life of a nation, and the following dates may be of interest to your readers.

1740. Austria and Russia agreed to divide Turkey. Great Britain and Sicily.

1770. England and Russia fight Turkey.

1790. Austria and Russia fight against Turkey, and Turkey loses 200,000 men.

1798. England joins Turkey against France, and drives the French out of Egypt.

1807. Russia joins Turkey against England, and almost destroys the English fleet in the Dardanelles, under Sir John Duckworth.

1827. English and Russian fleets destroy the Turkish fleet at Navarino.

1828. Russia and Turkey fight Turkey, and the "sacred standard" is unfurled in the "sacred standard" in the Crimea.

1854. England and France and Turkey subdue Russia in the Crimea.

1877. Russia defeats Turkey, and this time England looks on.

THE QUESTION OF HORSE SHOES.

The slipping of horses on the asphalt pavements of London has given rise to some discussion as to the proper form for shoes, and the writer has been asked to come forward with the recommendation that no horse shoes shall be used!

CORN MEASURES is getting well under headway in some parts of the county. A weather signal station is in full working order at St. Joseph.

The erection of the new house on Mr. Wood's lot is progressing finely. Ripe strawberries are still being gathered from vines in this place.

The season has arrived when bad weather may be expected. In some places the potato crop pays for digging.

The Board of Supervisors met in Berrien Springs on Monday. Two weeks from next Tuesday will be election day.

The luscious bivalve is again an object of importance. Mrs. CHARLES HOWARD, nee High, is in town on a short visit.

CAPT. A. C. BARTLETT was in town Monday morning. Let everybody come to Buchanan Wednesday afternoon, without fail.

Come out next Wednesday afternoon and hear Hon. Thomas W. Ferry. NEXT Wednesday afternoon, Oct. 23rd, Don't forget the date.

SEE notice of private sale of furniture in another column. Hon. E. W. KEIGHTLY will speak in St. Joseph to-night.

Mrs. HATTIE BROWN, nee Weed, is in this place visiting relatives and friends. PARTIES wishing to sell or purchase real estate are referred to our column of bargains in another column.

Remember that Emory A. Storrs, of Chicago, and Senator T. W. Ferry will speak in Buchanan next Wednesday. A daughter was born, last Saturday night, to the wife of George Scott, of Mishawaka.—South Bend Tribune.

T. J. JONES' horse ran away in Niles last Friday, throwing Mrs. Jones from the buggy and badly injuring her. SHERIFF DELMONT was in town Saturday with John Young. Mr. Young's examination is set for Monday next.

THERE were about 2,000 persons at the Soldiers' Reunion at Berrien Springs, last Thursday. CROCIER COURT of this county will adjourn Saturday to Monday, November 25.

We call attention to the column advertisement of the People's Store, in this issue. We learn that Mr. Blaine will return to this district, making speeches at Paw Paw and Three Rivers.

If the National party is such a friend to the poor laboring man, why is it that the laboring men are all leaving it? THE Dye Brothers keep the cooper shops at work full force making apple barrels.

ONE of the greatest treats of the season may be expected in the Hall tomorrow evening. COME to Buchanan next Wednesday and hear one of the best men in the country, Thomas W. Ferry.

THOSE of our subscribers who take the Western Rural, we shall be pleased to have renewed with us for that paper. BLACK & WILLARD are so driven with work that they can hardly get it done fast enough to meet the demand, by working full time and full force.

BILLY MARSTON, the jolly little rooster who runs the office of Register of Deeds, is a father some more.—Z. S. Daily News. Hon. E. M. PRITTON has been engaged to speak in Three Rivers, White Pigeon, Sturgis, Burr Oak and Leonidas, next week.

NEARLY all of the Republican Greenbackers, who have not taken so active a part of the doings of that organization as to make them appear ridiculous, are withdrawing, and now announce their intention to vote with the Republicans for a currency of greenbacks, National Bank notes, silver certificates, gold certificates, and gold and silver coin of equal value, and interchangeable at par the world over. What better currency than that any one would want, is hard to define.

The Directors of the Berrien County Co-operative Association held their regular quarterly meeting in this place on Tuesday.

REPORT now has it that the Niles Waterworks are to be pushed to completion by a joint stock company. We trust it may be true.

THE Evening News Company will soon issue a weekly paper to be called the "Echo." Subscriptions are solicited at \$1.00 each.

Don't forget that next Wednesday Hon. Thomas W. Ferry and Hon. Emory E. A. Storrs will speak in this place. Come and hear them.

Mr. W. H. CURTIS is on his way back from Kansas. He has got enough of that State, and is willing to put up with the many inconveniences of Berrien county once more.

SEVEN years ago this month Chicago was lying in ashes, and it would puzzle a stranger now to tell where there had ever been a fire there.

Does the Republican Committee of this Representative District expect to go to election without a candidate? Only two weeks before election and no convention called yet.

THE Democrats in the first Representative District, in Berrien county, met in convention at Benton Harbor and nominated Lewis Earl for Representative to run against Gen. L. M. Ward.

THE one-horse steamer "Hanley" that made so much fuss about having the river bridge at Berrien raised, ran up to Niles, hitched to a tree, and been there ever since.

ONE institution in Benton Harbor is said to be putting up 30,000 cans of tomatoes per day. Not much of a crop for tomatoes either.

HANCOCK is famous for waterworks. He attempted to build some in Niles, and "busted" when they were half done, and now he proposes to try Ann Arbor on the same game.

HAVE you noticed the difference in the speed of trains through this place since the Common Council ordained that they should not go faster than five miles an hour?

THE Democrats in the twelfth Senatorial District have met with the same difficulty as in this. The regular nominee has utterly refused to run, and the committee has been obliged to fill the place by appointment.

DUNCAN AND COOK are now in a dispute about which is the poorer writer. It would require the practice of an ancient Hebrew to translate the ethnography of either.

A. J. SMITH, the Republican candidate for Circuit Judge, was in Berrien this week making the acquaintance of the bar of this county before assuming the duties of the office, which he is sure to do.

THE RECORD is getting the benefit of an immense amount of free advertising just now, and the new subscribers come rolling in. George, why didn't you commence that libel suit long ago?

WE learn that there is entirely too much promulgating by the young folks on the streets, in this place, late in the evening. We imagine it would be better for all concerned if there were less of it.

NOTICE has been given the creditors of the estates of Geo. W. Noble and S. Smith & Sons, that a meeting will be held for the purpose of considering petitions for a discharge from bankruptcy. The former has paid 50 and the latter 30 per cent.

A SUBSCRIBER to the National who had paid his \$1.50 in advance, exchanges his interest in that paper to his neighbor for the RECORD to Jan. 1. Giving about eight months of the National for two of the RECORD. He was a Greenbacker last spring.

ABOUT the sickest man, politically, there is in this county is D. B. Cooley. He gives up the battle to the Republicans without a struggle. He lays it all to the "Nationals," refusing to take a back seat on the Democratic ticket.

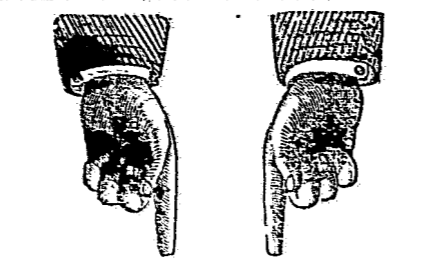

THE "Trent" district in Niles township has just purchased a new Webster's Unabridged dictionary for use in their school. No school should be without this book for a moment. They can be had at this office for \$10.

THE Cassopolis Vigilant states that the Rev. A. J. Eldred was in attendance at the horse races last week, and "from a moral point of view" appeared to enjoy them hugely. Can it be that the acceptance of a nomination on the Democratic ticket has commenced its demoralizing effects already?—Post & Tribune.

THE South Bend Register has been sold to the Marsh brothers, the Fassett brothers and Mr. Eugene Herr. Two of the new company have for a long time past been connected with the Tribune of that place. Mr. Marsh as one of the editors and Mr. Fassett as local. The new firm will make a strong team, and we wish them great success in their new venture.

ACCIDENT.—Mr. Adam Hahn, come near losing his life yesterday afternoon while at work in Spencer & Barnes' shop. He was walking through the shop when one of the other hands in moving a step ladder caught the ladder in one of the belts, when the ladder was thrown against Mr. Hahn, striking him across the nose and over the right eye, cutting considerable of a gash. No bones were broken.

Mrs. LUCRETIA HARRISON, familiarly known by all our citizens as "Grandma Harrison," died at her home in this village of old age, on Monday evening, Oct. 14, aged 94 years. Mrs. Harrison was born in Shawnee, Pa., Oct. 20, 1784. Fifty-seven years ago she joined the Free Will Baptist Church, at Sheldon, N. Y., of which she continued a member until her death. She removed to this State in 1835, and we believe has resided in this place during all the years from that time to the present.

THOS. W. FERRY, Michigan's Distinguished Senator, AND

HON. E. A. STORRS, OF CHICAGO. Will address a Grand

Mass Meeting, BUCHANAN, Wednesday, Oct. 23d,

On the political issues of the campaign. Come, and tell your neighbors to come with you.

HON. WILLIAM CHAMBERLAIN, of Three Oaks, is the most able man for Senator now before the voters of Berrien county for that office. He has served two years with ability, and was the unanimous choice of a large convention. Remember this on election day.

THERE was a public meeting of the Lady's Temperance Union, in the Hall, Sunday afternoon. The new temperance song, "Save the Boys," lately composed by J. J. Roe, was sung by the Roe family. The music and sentiment are both equal to that from the most noted authors, and will, it is published, take its place among leading temperance songs.

Mrs. P. B. DENNING has returned from Kansas and seems to be pretty well pleased with the country. She brought with her a few of the curiosities of the country, consisting of some of the varieties of rocks, an antelope horn, a jack-rabbit's ear, and some other things. The rabbit's ear is over five inches in length, and she says this is a small one.

PROF. HOWELL is making it hot for a class of boys who are in the habit of circulating obscene cards among the scholars of our school. These cards are printed by a boy in our town (for the sum of twenty-cents per hundred), who needs advertising, and who, if he continues in this dirty business longer, will receive a full ventilation.

THE persons who stole the geraniums from the lot on the corner of Fourth and Main streets, will greatly oblige us if they will return them. We would willingly give any one who would take the trouble to ask, slips from the plants, or if the one who has them will do as well by us they may have the plants.

ONE of the most enthusiastic and attentive political meetings ever held in this county was that held in Niles, on Friday last, held at Senator Blaine and Hon. J. C. Barnova. The day was beautiful, and everything passed off perfectly satisfactory. There were over one hundred teams from this place, and the entire crowd was estimated at about 10,000. The conclusion is that Republicans are not all dead yet.

If any man has the audacity to get up in public and tell you the tax in this State, for State expenses, is from 1 1/2 to 2 per cent on the assessed value, and we learn that this is being done, tell him that he either does not know anything about it, or is telling a willful lie. The assessed valuation of this county is \$16,025,000, and on this we pay a State tax of \$28,488.16, which amounts to less than 1 1/2 mills on the dollar or less than one-sixth of one per cent, and we mistrust it will puzzle any one to point to a State where the State tax amounts to less.

THE RECORD, in alluding to two young men and two young ladies, &c., closes the paragraph as follows: "There are others, not quite so young, who may well take the benefit of this case as a matter of warning." Will the RECORD please explain who the others are?—National.

Well, we might name one if the editor of the National insists upon it, but we advise him not to insist.

NEW HORSE.—Mr. John Pears returned last week from Quebec, Canada, with a four-year-old colt which he purchased there. The new horse is by far a better looking one than the "Imported Prince," and a monster. He was but lately imported from England, and is of the same stock as the other horse. Mr. Pears had his colt on exhibition at Smith's barn Saturday.

THE South Bend Register has been sold to the Marsh brothers, the Fassett brothers and Mr. Eugene Herr. Two of the new company have for a long time past been connected with the Tribune of that place. Mr. Marsh as one of the editors and Mr. Fassett as local. The new firm will make a strong team, and we wish them great success in their new venture.

ACCIDENT.—Mr. Adam Hahn, come near losing his life yesterday afternoon while at work in Spencer & Barnes' shop. He was walking through the shop when one of the other hands in moving a step ladder caught the ladder in one of the belts, when the ladder was thrown against Mr. Hahn, striking him across the nose and over the right eye, cutting considerable of a gash. No bones were broken.

Mrs. LUCRETIA HARRISON, familiarly known by all our citizens as "Grandma Harrison," died at her home in this village of old age, on Monday evening, Oct. 14, aged 94 years. Mrs. Harrison was born in Shawnee, Pa., Oct. 20, 1784. Fifty-seven years ago she joined the Free Will Baptist Church, at Sheldon, N. Y., of which she continued a member until her death. She removed to this State in 1835, and we believe has resided in this place during all the years from that time to the present.

Last evening we were treated to a good talk on the political issues by Hon. Z. Chandler and Hon. E. W. Keightley. Mr. Chandler proclaimed that the Republicans were going to elect nine Congressmen in this State, and the Greenbackers the rest. Mr. Chandler's abilities a political prophet is too well known to make comment necessary.

This village pump is receiving considerable attention at the hands of the millwright, by way of new frame work for the machinery and a new lever for the turbine wheel. The tinners were in a bad condition, being so badly decayed as to render them too weak to hold the machinery. It is to be hoped that the pump may be made to do its most efficient work after the repairing.

The last public debate of the series between Hon. E. M. Plimpton, of Buchanan, (Rep.) and W. W. Howe, of Burr Oak, (G. D.) upon the financial issues of the campaign, was held last evening at Edwardsburg, before a large and appreciative audience. We may be prejudiced, but it certainly seems to us that Plimpton was a full size or size and a half too large for Howe. The latter is not a debater; his style is a cross between the burlesque hard-shell exhorter of the minstrel shows and a monkey in convulsions. He made neither admissions nor converts on the route and the committee will have to regret that they were led to load such a cannon as Plimpton, to shoot so small a grasshopper as Howe.—Cassopolis Vigilant.

THE M. Gibney family will give their musical entertainment in this place, for the benefit of the Lady's Aid Society, on Friday and Saturday evenings next. The family comes highly recommended by the press from all parts of the country. The Des Moines Daily News says that the concert of the Gibney family last evening is praised by all. A more meritorious entertainment has not visited this city for years. The natural gifts and remarkable musical versatility of the children, coupled with the skilled and artistic manner in which they render each performance, leave nothing wished for by the most fastidious critic.

THE Woman's Christian Temperance Union of this State has issued a circular, calling upon them to observe the afternoon of Thursday, Oct. 31st, as a concert of prayer, for the purpose of praying for the temperance men—that they may carry their principles to the polls on the next Tuesday, and that by their power temperance men may be elected to the offices. The Union of Buchanan will, in accordance with the instructions of the circular, have a session in the Advent Church for the purpose named.

Ox the day of the Greenback Convention it was announced that Dr. Derrick had tendered the Democratic Committee his refusal to allow his name to appear as candidate for Senator on account of not having received the Greenback nomination, but as the Democratic party still kept his name at the head of the ticket, but the story is confirmed by the appointment by the committee of Henry W. Williams, of Benton township, to that place. This more certainly ensures the election of Hon. William Chamberlain, as there are but few who know Mr. Williams, while Mr. Chamberlain is widely known throughout the county, and no man can say aught against him. He has served two years in the State Senate with efficiency, and will be returned at the coming election.

THE Reunion of Soldiers at Berrien Springs, on Thursday, Oct. 10, was a grand success, notwithstanding the prating of the irredeemables who would have the affair a "hard money" political gathering. Upwards of two thousand persons were present, all taking an active part in the exercises. At one o'clock the Association was permanently organized, placing Col. Bacon, of Niles, in the position of President; Capt. Finley, of Niles, Secretary, and Chas. E. Terriere, of Buchanan, Treas. Our Vice-President in each township was elected. At the close of the business meeting addresses were given by Gen. Morrow, Gen. Robinson, Chaplain Eldred, Gen. Ward, Dr. Horn, and others. These addresses were lively and spirited, interspersed with anecdotes of the late war, and brought forth from the soldiers hearty responses. The dinner was soldiers' life to perfection, and was enjoyed immensely by the boys who knew just how to get it up. We learn that representatives from regiments of very many States were present who now reside in Berrien county, thus demonstrating that regimental reunions must give place to county reunions. Arrangements will be completed for a more interesting meeting in Sept. next, when the boys will camp out, and enter more fully into the excitement and sport in camp life, which none but old soldiers can successfully carry out and enjoy. Success to the old soldiers.

THE following extract we clip from the Milwaukee Sentinel. It needs no explanation from us, the facts being too well known in this community: "The two gay and dashing young couples who put up at the Kirby House last week ended their stay here under very peculiar circumstances. They had registered as brothers and sisters and were looked upon as such until deceivers before they left their apartments on the following morning. "The disciple of Blackstone informed the boys that parties had arrived at their apartments on the previous evening. They had learned of their course in Chicago and were determined to prosecute them. Observing that the young men trembled, Mr. Blackstone continued to give them intimations of danger between marrying the girls or being delivered to your pursuers. You must choose quickly before it is too late." The boys thought discretion the better part of valor. In a moment after-

ward Blackstone beckoned the justice of the peace, who had been advised to await the result of the mission, and the girls were made happy to the degree that a marriage certificate confers. The boys deserted their wives after the ceremony, and they were obliged to telegraph home for the means to return to Buchanan. The Chases were satisfied with the result of their intervention in behalf of the young ladies, and the lawyer was happy at thought of the success of his ruse."

What countenance should be given to such rascals as the above shows these two young men to be?

Locals. Persons whose blood is thin, digestion weak and liver sluggish, are extricable to the attacks of malarial disease. The most trifling exposure may, under such conditions, infect a system which, if healthy, would resist the miasmatic taint. The only way to secure immunity from malaria in localities where it is prevalent, is to tone and regulate the system by improving weakened digestion, enriching the blood, and giving a wholesome impetus to biliary secretion. These results are accomplished by nothing so effectively as Hostetter's Stomach Bitters, which long experience has proved to be the most reliable safeguard against fever and ague and kindred disorders, as well as the best remedy for them. The Bitters are, moreover, an excellent invigorator of the organs of urination, and an active purgative, eliminating from the blood those acrid impurities which originate rheumatic ailments.

FRANK LESLIE'S POPULAR MONTHLY FOR NOVEMBER.—This admirably conducted Magazine for November is, as usual, filled with interesting articles on a large variety of subjects; and the opening one of the great question of the day, "The Land and the Sea," undoubtedly command special attention. The writer gives some general ideas of how the contest between coin and paper has been waged here and elsewhere in the world, and traces the history of coinage from the earliest period; the introduction of paper money, etc. The article is profusely illustrated. The magazine contains 128 quarto pages, and 210 engravings.

The single copies of the Popular Monthly may be obtained for 25 cents, a very small price when we consider the sterling merit of the periodical. Annual subscription, \$3.00. Address Frank Leslie's Publishing House, 53, 55 and 57 Park Place, New York. Subscriptions taken at this office.
