Pennsylvania gives a Republican majority of about 36,000; gains two Republican Congressmen...

New York goes Republican, including a gain of five or six members of Congress and a Republican Legislature.

Massachusetts, Tallot, Republican, is elected Governor over Butler by about 30,000 majority.

New Hampshire is solidly Republican.

In Connecticut, the Republicans gain two Congressmen and the Legislature, which will give a gain of a Republican United States Senator.

Rhode Island solidly Republican.

In Vermont, the Republicans elect their Congressmen.

THE RECORD made its appearance in a new dress last week, which improves the looks of it very much.—National.

THERE has not been a more attentive audience in the hall this year, than listened to Governor Croswell Friday evening.

GOVERNOR CROSWELL spoke to the largest audience that has been congregated in Rough's Hall during the campaign.

THE attention of our readers of the farming community is called to advertisement of Riverside, Nursery in another column.

SITUATION—A good girl can be secured to do housework in a respectable family, by applying at this office. A steady situation wanted.

CHANGE.—The proprietorship of the Buchanan House has changed. I. N. Batchelor and Mr. Sabin of Kalamazoo now have the management of the House.

Mrs. Ross of New York, is visiting with her two daughters, Mrs. O. W. Rose and Mrs. G. W. Noble, of this place.

The Presbyterian social will be held on Tuesday evening, Nov. 12, at the residence of Mr. John Geyer. All are cordially invited to attend.

The Buchanan Record has typed up anew; which has improved the appearance of the paper very much.—Niles Democrat.

A REWARD of ten quarts of fat milk is offered for the man who said the Republican party was dead. It will be so good for his stomach.

The Buchanan, Mich. Record is now printed in new type throughout, making it one of the handsomest of our exchanges.—South Bend Register.

FARMERS are making good use of the fine weather in getting their crops secured for the winter, which, if the muskrat knows any thing about it will be a severe one.

How do our Greenback friends like the way our "majority smasher" "smashed" the Greenback party of this district? His majority is only about 4,000.

The Buchanan Record has adopted the stereotype plate system, which is equivalent to a patent monopoly.—Baldwin.

Not so, friend Reeves, we have control and benefit of our advertising as of yore.

ELECTION DAY this year was a grand exception to the general rule. There was good weather all day. Everything passed off quietly with no family brawls on the street, and each did his work quietly and in good humor.

EVERY candidate on the Republican ticket in Berrien county is elected. This is something that has not occurred for many years. Do you wonder that we felt jolly over it?

Simple dresses are becoming fashionable, and the ladies will no longer be obliged to swing the bottom of that garment over their shoulder when walking on the streets. They have every reason to rejoice.

PROFITABLE—Five of the young nimrods of this place who went to the Kankakee to hunt ducks, returned Tuesday evening, and bringing with them forty-eight ducks, as the result of their labors. Five men and one team four days. Good wages, for hard times.

A CARD—I wish through the columns of your paper to return my sincere thanks to those of my neighbors and friends who tendered such valuable and timely assistance, during my wife's late illness. Such kindness and attention will not be forgotten soon. Respectfully, WM. KINSEY.

BURGLARY.—Last Saturday night, some one entered through Bro's hardware store by way of the back window, and stole an overcoat belonging to James Husson, two or three revolvers from the show case, and twelve dollars from the money drawer. No trace to the perpetrators.

That the act of the Legislature of 1877, causing all liquor dealers to close their doors on election days, is a good one, is not to be denied. We find no drunkenness on the streets those days, and if people can do without their grog on election day, why not always?

DR. GREENAMER, druggist of Niles, on returning after an absence of two weeks, found his house open, and all the silverware and other valuables heaped together on the floor. The front door had been opened by breaking a glass in it, and the back doors all left open. The plated ware was all left, and only about \$50 worth of valuables have been taken.

A CORRESPONDENT from Berrien township, in sending us the returns from that township says: "There were two straight tickets polled, and fifteen in all. Some of them had Greenback heads and Democratic tails. They were badly demoralized, and had evidently slid off the fence, but some of them were still hanging by the seat of their pants."

HAPPY THOUGHT—Election is passed, and politics are now likely to take a rest of two years, and in the mean time everybody is expected to settle down to a business and make good times by the universal practice of industry and economy. In this country, where so great abundance prevails there is no use of any able bodied man being idle. There is always work for every one who will exert themselves enough to do it.

Mrs. M. A. HAZLETT spoke for Republicanism in this place, Saturday evening. Rough's Hall was crowded to its utmost capacity with interested listeners. Mrs. Hazlett is a clear, powerful speaker and her speech was a great help to the Republicans of this place. She is fully alive to the dangers of this country from the invasions upon our public treasury by former slave holders of the South and the Democracy of the North. The effect of her masterly effort was felt in the election on Tuesday.

MONDAY AFTERNOON Front street was put into an excitement by an attempt at murder. Some difficulty had arisen between Dr. McIn and his brother-in-law, Lev. Hull, when the Dr. drew a dagger, and at sight of which Hull ran. The Dr. chased him from near A. C. Day's residence to White's Drug Store, and was fast overhauling him when Charles S. Black, who was driving past, jumped from his chaise and caught the doctor, and his victim escaped. Complaint was entered before Justice Lister and the doctor arrested. He pleaded guilty to assault with intent to kill, and was placed under \$500 bonds to appear for examination next Tuesday.

The Republicans of this township have cause to rejoice over the victory of Tuesday. Last spring the Greenbackers made a clean sweep over the Republicans and Democrats combined by an average majority of 220, polling as high as 870 votes, while the Republicans and Democrats, who supported the Union ticket, polled less than 100 votes. This fall the Republicans poll 272 votes, the Greenbackers 194, and the Democrats 116. This victory has been the result of persistent work to overcome the false teachings of the Nationalists who had, by persistent misrepresentations, so worked upon the prejudices of the mass of voters that they were induced to adopt their "idea," but as soon as the campaign opened this fall it was a strife between the Republicans and the "idea" party, the former to dislodge from the minds of the masses the false notions they had imbibed, and the latter to further hoodwink them with false and pernicious doctrines, but as the result shows, truth prevailed.

Items from Three Oaks, Nov. 6, 1878.

The election passed off very quietly and harmoniously. Solons were closed and not a drunken man to be seen. The temperance agitation of the last few years has had a decided good effect. The Greenbackers were confident of a large majority, but were sadly disappointed. The Republicans had 50 straight tickets. The Greenbackers had stated in their speeches that they would vote only for Greenback candidates, but they had 90 split tickets out of 107. Some of the Greenbackers say, "We Democrats have a majority in Congress for a fact." This morning they are at home splitting wood at the back door.

Jas. Myers "mutual friend" in Chickening is laid out. Mr. Bates lost a child yesterday. Died in a fit. Mrs. Carpenter, and old lady in Chickening was buried yesterday. Frank Rowell, of this village, lost a child two years old this morning. The new M. B. Church is now enclosed. Itemized.

There have been 12,817 deaths from yellow fever in the South since that dread disease appeared this summer. Its ravages are now about at an end, owing to the continual cold weather.

Clayton Morris, Babcock and Webber went over the bridge across the St. Joseph river near Crocker's mill, last night, and by the upsetting of their boat they were left standing waist deep in the mud and water for an hour or two, until help reached them. Their cries for help were heard as far west as Buchanan.

OUR ILLUSTRATIONS:

Our "special artist" has been at work since Tuesday, and below will be found a few of his illustrations. His special "forte" is photographing individuals, and all must admit that he is a "good one," his likenesses being so life-like that everybody will at once recognize "The Doctor" and Al. Drew. It must also be admitted that he is not "slow" on miscellaneous work. But here is the result of his labors:

The Fast-Sailing Steamer,

IRREDEEMABLE MONEY.

LEV SPARKS, Master. M. R. SCOLLIN, Clerk. L. P. FOX, Mate. J. CHITTENDEN, Steward. STEVE BENNETT, Cook. This steamer started for Salt Creek ports on Tuesday evening, and as she will reach the end of the creek, her return need never be expected. The great popularity of Capt. Sparks, (he having run only two votes behind his party ticket in his own town,) will insure a safe trip. Get on, Greenbackers!

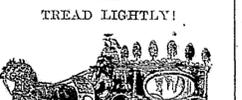

This is a correct picture of "The Doctor," (taken on the spot, when he informed the "Gnashional" County Convention that Buchanan was "good for two hundred majority over both the old parties." He probably thinks now he might have been mistaken.

The above likeness of A. L. Drew, N. C. B. candidate for Representative in the 2d District, is warranted to be life-like, and was taken by "our special artist" when Al. was telling "the dear people" all about those railroad bonds. He has concluded to let honest Alonzo Sherwood go to the Legislature by a large majority.

It was "root" or die! with the Irredeemables of this County on Tuesday, but they didn't "root" worth a cent.

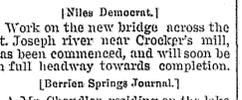

The funeral of the Greenbackers who did not survive to take passage with Capt. Sparks, will be attended to in due time. All will be notified by the ringing of the bell.

After the intonment is properly attended to, this Republican

will mount the sepulchre, flap his wings and crow loudly.

Mendon, St. Joseph county, has four couples who have passed the golden wedding day.

The Alpena Indian Chief, Henry, killed 150 deer last year, and feels "a heap bad" because he cannot do as well this year.

THANKSGIVING.

The President has issued the following proclamation, setting apart Thursday, November 28th, as a day of thanksgiving by the President of the United States. A PROCLAMATION.

The recurrence of that season at which it is the habit of our people to make devout and public confession of their constant dependence upon Divine favor for all good gifts of His bounty and of public peace and prosperity exhibits in the record of the year abundant reasons for our gratitude and thanksgiving. Exuberant harvest, productive mines, ample crops of the staples of trade and manufacturers have enriched the country. The resources thus furnished to our reviving industry and expanding commerce will hasten the day when discords and distresses throughout the length and breadth of the land will cease, and, under the continued favor of Providence, lasting general confidence and unity and assured property and peace with all nations has remained unbroken, domestic tranquility has prevailed and the institution of liberties and justice, which the wisdom and virtue of our fathers established, remain the glory and defense of their children. The general prevalence of blessings, with health throughout our land, and the maintenance of confidence and the suffering and sorrows which the dark shadow of pestilence has cast upon a portion of our people. This heavy affliction even the Divine Ruler has mercifully spared our country, and in the universal sympathy and succor which have flowed to their relief, and the whole nation may rejoice in the unity of spirit in our people when they cheerfully shared one another's.

Now, therefore, I, Rutherford B. Hayes, President of the United States, do appoint Thursday, the 28th day of November, next, as a day of national thanksgiving; and I earnestly recommend that, withdrawing themselves from secular cares and labors, the people of the United States meet together on that day in their respective places of worship, there to give thanks and praise to Almighty God for His mercies, and to devoutly beseech His continuance.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the city of Washington this 30th day of October, in the year of our Lord one thousand eight hundred and seventy-eight, and of the Independence of the United States the one hundred and third.

(Signed) R. B. HAYES. By the President: WM. M. EVANS, Secretary of State.

The following apple story is from the Hillsdale Standard: "Mr. Hugh Cook, of Hillsdale town, raised two kinds of apples on one limb, a perfect Baldwin and russet. The most singular of all is three varieties, Wagner, spy and russet in one apple." Some cynics must have walked through that orchard.

Ann Arbor was the scene of an extensive riot, last Thursday, caused by the suicide of a student named Williams, who had been induced to marry one of six prostitutes who live near the University campus. About 500 of the students went to this house and demanded that the inmates leave the city in twenty-hours, and receiving no satisfactory promise that the orders should be complied with, they proceeded to pull down the house, which brought the lady of the house to terms, when the crowd dispersed. Several shots were fired, but no one was injured. The police promise to clear the city of this den, and to prosecute all students who are known to have had a hand in the riot, but they bid defiance to all the officers in Washington county. The citizens seem pleased with the prospect of having the city in part cleared of this element, and stand by the students. The affair has created the greatest excitement Ann Arbor has ever known.

A man who is the husband of a woman known as widow Bowman, living in Owosso, recently left her, and going into one of the townships, set up house-keeping for himself in the woods, under the roots of a fallen tree. No explanation of his strange conduct is given.

It is undoubtedly the cheapest and best Sunday Magazine published in the world, and eminently fitted to be an inmate of every Christian home. The editor, the Rev. Dr. Deems, promises to continue to strive to make this the best religious monthly in America, and we would remind our readers that this is just the time to subscribe for the coming year. There are 128 quarto pages and nearly 70 handsome illustrations. The annual subscription is only \$5, and a specimen copy will be sent on receipt of 25 cents. Beautiful and substantial binding cases are ready for sale at the close of each volume, price 75 cents. Address Frank Leslie's Publishing House, 63, 65 & 67 Park Place, N. Y. Some dealers say: "Yes, we know that Dr. Price's Cream Baking Powder is the best; but we don't care if others are made of saw-dust or arsenic; so long as they afford us a better profit, we will sell them. The reason why adulterated baking powders are recommended is because Dr. Price's pays less profit.
