BRATE VIKORST has returned home for a visit. He has been sick for some time.

The Marcellus News is getting anxious about that bed-bug, and seems to have missed one, but to divert attention asks if we exchange with the other paper it names. Don't be too inquisitive.

Mr. N. JOHNSON will open his select school in the old school house on Tuesday, April 8. It is important that pupils should be present at the beginning of the school.

There will be a public examination of teachers for Buchanan township at the old school house on Saturday, March 23. Teachers, make a note of this and be on hand.

SEVEN trade is opening up lively, and the merchants are happy. The streets are lined with teams every day and the prospect for a largely increased business over last year is exceedingly good.

MR. HOWARD SMITH who left this place three weeks since to try his hand at feather reworking reports a thriving business, he having done over \$100 worth of work this far.

The Treasurer of Benton township lacked only \$1,246 of collecting all of the taxes of that township, and the people brag on him, for this is never that it has been done before for several years.

MR. J. H. ROE is missing and otherwise reporting his building on Main street, preparing it for Sweaver & Bamcoe's furniture store, which will be moved in that building about the first of April.

FRANK BERRICK was arrested and brought before Justice Sparks Saturday on complaint of Mrs. Flood, charged with assault and battery. He pleaded guilty and was fined \$5 and cost.

We have made arrangements for clubbing with the Chicago Daily and Weekly News, on such terms as to enable us to furnish the Weekly and the Record for \$2, and the Daily and Record for \$4.50 per year.

M. W. BLAIN, a former employe in the Niles Democrat office, has struck a rich lead in silver and gold mining in California, and is in a good way to become independently rich. He left Niles, a short time since, with nothing.

GEORGE SMITH was brought before Justice Sparks, yesterday, charged with assault and battery on complaint of Mr. Hopkins (colored). Mr. Smith settled the affair by paying Hopkins \$5 and the costs, which amounted to \$3.75.

SEE HERE.—To any person sending us two new subscribers and \$5 we will give one year's subscription to the Homekeeper, a monthly magazine for the household. It is a valuable journal for young house-keepers.

TREASURER Lister went to Berrien Springs yesterday morning to settle with the County Treasurer. He lacked only \$377.70 of having the entire amount of the taxes of the township, which is considered as doing exceedingly well.

MR. FRANKLIN MEZZY, one of the oldest and at one time the most prominent lawyer in Berrien county, died at his home in Niles, last Friday, of paralysis, from which he had been suffering but a short time. The funeral service, Monday, was attended by the members of the bar from this place.

MR. WRIGHT SMITH, of this place, foreman of Montross' handle factory at Galien, was seriously injured this morning. He was standing near a large wooden pulley which burst, a piece of it striking him on the head. He was brought home on the mall train and Dr. McLean called.

ACCIDENT.—Mr. Merritt Wilson, while at work in Needham & Wilson's mill, in Dayton, last Friday, had one of his hands badly mangled by the large circular saw. The doctor thinks the hand will not need to be amputated, but if saved will always be stiff. The great wonder is that a hand can get against one of those saws and not be taken off.

MR. Wm. News found his pocket-book containing the notes, check and money, that he thought had been stolen from him one night last week. He had lost it out of his coat pocket in the barn-yard and the next time he passed that way found it. He was one of those tickled chaps about then.

The Finance Committee, in looking over the Marshall's last year's account with the village, Thursday evening, found it to be correct as compared with the tax-roll, within a few cents, which was in Mr. Hathaway's favor. It has been several years since the similar accounts have been made to balance to within several dollars.

A good number of Old Fellows of this place who went to Berrien Springs Monday afternoon to attend the institution of the Berrien lodge come strolling along home about daylight Tuesday morning, and judging from what they say "good" would not describe the time they had. It looks queer, though, to hear people talk so much about the moon rising and such other like topics on such occasions. N. B. None of them were drunk.

FRIDAY last was the last of the school in the Women's district. The school was closed by a pleasant entertainment under the supervision of the school, Mr. Joel Gilette. There was a good attendance of the parents, showing that in that district the parents take an interest in the school. The valedictory by Master Ira Long was a well written article, and elicited a good amount of applause.

THOSE of our subscribers who receive the Record at Galien and who are in arrears are requested to call on Tim Smith, who has their accounts, and settle.

MARION JENNINGS, of Pipestone, had \$78 worth of sheep killed by dogs recently. The actual value of all of the dogs in the county would fall far below this.

THE Lake Shore people are jubilant over the prospect of a large crop of fruit in that section. The only danger now to the crop is the possible late frost.

FRANK BROWNELL, the Supervisor of the 2d and 3d wards of Niles city, whose sickness was mentioned in these columns a few weeks since, died on Monday last.

ELDER GEORGE COLE, of Boston, will preach in the Oak Street Advent Chapel, on Sunday next, morning and evening. An invitation is extended to all to come and hear him.

THE Y. W. C. T. Union will give a literary entertainment in Grange Hall, on next Saturday evening, March 22. The programme will consist of readings, essays, recitations, speeches, etc. Something to interest all. Admission 10 cents.

ACCIDENT.—Tuesday, Mr. Wm. Haslett had one of his feet badly injured by a log rolling against a hand-spike in such a way as to whip it down on the top of his foot, and striking across the instep. No bones were broken, but he has a sore foot in consequence.

THE McGibney family gave one of their entertainments in Rough's hall last evening. The hall was crowded, as is usually the case when it is announced that this family will be present.

REMAINING in the Post Office at Buchanan, Wednesday, March 19, 1919.

Coburn, A. L. McDonald, M. McHarvey, David Moran, Jane Misses Hugh, Irving, S. Rose, Samuel G. Howland.

This list is published here for the information of the readers of the Record, therefore there is no charge for delivery of letters addressed herein. Persons will, however, in claiming any of the above, call for "advised letters." L. P. ALEXANDER, P. M.

TO-DAY a resolution before the Supervisors to investigate the accounts of the County Superintendents of the Poor, received only three votes—and that was three more than was necessary. The "investigation" move was only a bulking dog of some "reformers" who obtained the delusive hope that they could scare Messrs. Palmer and Chamberlain into obeying "the clique," the character of which is not too pure. The Supervisors could scarcely have treated the clique with more contempt. Messrs. Chamberlain and Palmer, nor Mr. Murs, never made the customary charges for their services, etc., and this is the reason why the "investigation" got such a cool reception.—Era, March 12.

THE following additional notices for this county have been confirmed by the State Senate: B. F. King, H. I. Coolidge, Wm. Landon, M. H. Landon, Thos. Love, O. W. Coolidge, E. M. Plimpton, W. E. Plimpton, R. V. Landon, Geo. Tibbitts, C. V. R. Pond, G. S. Clapp, G. H. Weed, J. F. Hawkins, J. H. Matthews, Hiram Brown, E. L. Kingsland, J. O. Holmes, F. Orcutt, S. Taylor, Thos. Aul, L. F. Alexander, G. F. Edwards, C. E. Howard, G. A. Lambert, J. W. Orr, A. A. Worthington, M. Hillburg, R. A. DeMont.

BENJAMIN SPENCER Lodge No. 323, I. O. O. F., was instituted on Monday last at the county seat by W. I. Himes, of this place, assisted by about seventy-five members of the order from the neighboring lodges. Everything passed off in good order, and all who were present pronounced the affair to have been a complete success in every respect. The members of the new lodge did everything in their power to make the occasion enjoyable to their visitors, providing everything in abundance. The lodge started off with six charter members, and six more were initiated at the first meeting. The following were the officers installed: E. D. Cook, N. G.; Geo. Carothers, V. G.; D. G. W. Gaugler, Sec.; Joel Benson, P. S.; G. W. Rough, Treas.; A. J. Mealey, W. G.; Norman Nihil, Com.; J. H. Stover, R. S.; James W. Smith, L. S.; and R. A. DeMont, O. G.

THE Supervisors.

The Board of Supervisors met at the court house on last Tuesday.

The report of the committee appointed to settle with the late County Treasurer, was referred back to the committee, and Messrs. S. L. Van Camp and A. D. Brown added to the committee.

The time for the collection of taxes in Niles city and St. Joseph was extended twenty days.

Horses and hogs were prevented from running at large in Benton township.

Thomas Love was appointed to perpetuate government corners in several localities.

It was ordered "that the Superintendent of the Poor for Berrien county present all their claims for services, of whatever kind, rendered for and in behalf of said county, to the Board of Supervisors of this county, for allowance."

The committee to settle with the late County Treasurer made a report substantially the same as the former report.

The Board, by a vote of 13 ayes to 0 nays, passed a resolution in opposition to the bill pending in the legislature to repeal sections 22 to 25 inclusive, of chapter 50, of compiled laws of 1871, providing for the support of poor by townships.

A demand was made on the administrator of Mr. Tate's estate for balance due the county.

A resolution was adopted opposing the repeal of the present law regarding township superintendents of schools.

E. D. Cooke was appointed the agent of this county, to present the claims of the county against Cass county in the Lilly case.

Silas Ireland was appointed Surveyor to establish section corners on Sections 19 and 20, in town 4, south of range 17 west.

"After the allowance of a number of claims the Board adjourned sine die."—Berrien Springs Journal.

DIED.—Mrs. Nancy Rough, wife of Jacob Rough, and mother of our county treasurer, died at her home in Berrien township, on Tuesday morning, March 18, aged 73 years. Thus one of the old pioneers who toiled in the early days to make this beautiful county what it now is, are passing away. Mrs. Rough had a large number of relatives and friends who will now sorely miss the old familiar face, and to them we extend our heartfelt sympathy.

OUR OFFER.—To any young couple who have been married since January 1, 1870, sending in \$1.50 for the Record one year, we will make them a present of a year's subscription to the "Household," one of the best papers for housekeepers published in America, and the price of which is \$1.00. Any one of our present subscribers who know of such a couple are requested to show them this notice, and thus confer a favor upon us and your young friends.

PROG BAKERTOWN WEEK, March 14, 1870.

On last Tuesday evening Mr. Henry Farren and family treated their friends and neighbors to a splendid supper, consisting of roast turkey, oysters, and cakes and pies too numerous to mention. Evening socials seem to be quite common among the good people of this little suburban village.

Last Wednesday was the last day of the Bakertown school and a general good time was had by all those that favored us with their presence. The day was beautiful as March generally affords, and the school house was well filled by visitors and pupils. Our exercises consisted mostly of reviews, class drill and rhetorical performances, which were interspersed by vocal and instrumental music. Prizes were awarded to Willis Trent and Estella Jaker for excelling in the first spelling class, they being a tie; and Dwight W. Baker excelled all his competitors in the second class and received a nice autograph album.

Wm. J. JONES.

SHAWNEE LOGS, March 14, 1870.

Mrs. Sarah A. Jones, of Ononogo, started for Ohio Monday last, to make a visit to her parents and relatives. She will be gone about three weeks.

Phillip Sattler has bought the Tom Hastings farm in Berrien township. His son George expects to take possession of the farm the 1st of April.

Henry Miers has sold his farm and removed with his family to Texas. He expects to make that State his future home.

Lewis Waal has sold his farm to Joshua Feather and gone near Lake Michigan to try his luck, at fishing in company with Nicholas VanDusen.

Our enterprising neighbor, George F. Wiedman, is preparing to build a commodious farm residence this coming summer.

Chester Fisher is not satisfied with his house and has concluded to give it a general overhauling and build an addition to it. Mr. Fisher is one of our most prosperous farmers and desires to have things look about right on his farm.

The wheat looks favorable for a good yield the coming harvest.

The Shawnees are to have a new school house erected during the coming summer, and now they are happy.

NEWS FROM THREE OAKS, March 18, 1870.

Three Oaks decidedly healthy. Mr. McGeis is the only one on the sick list. He is no longer in bed, but is recovering his strength. He has been in bed for over three months; he cannot lie down, but sits upright in bed.

There has been no cases of diphtheria, scarlet fever, small pox or itch in Three Oaks this winter, nevertheless there has been some close scratching done.

Business is improving. I presume to state there will be twice as many goods sold in this place this spring as there were sold last in the same length of time. The farmers come from Indiana and buy large quantities of goods and go home happy, but they buy kerosene on the Indiana side of the line at fourteen cents per gallon, and a better quality than they can get here at thirty cents, and this one item cuts off considerable trade from this place.

Daniel Cheney will soon move south of the railroad, where he will have pleasant rooms.

E. K. Warren, one of the south side merchants, has bought the stock of goods of Henry Chamberlain. Mr. W. will occupy the building now occupied by Mr. Chamberlain. He is now putting up partitions, papering, whitewashing and fitting up the store room in grand style.—He will have one of the largest stocks in Berrien county.

Mr. W. is an active and energetic young man, and we predict that he will draw a large trade.

It will be hard to keep track of people about the 1st of April—so many are on the move.

We, the Greenbackers, will go into the political fight this spring on the greenback issue, and of course, the opposition will meet us on that issue, "you bet!"

Mr. Edwin W. Smith and her daughter left for Osborn county, Kansas, yesterday. Mr. Smith and his two sons are there. Mr. S. has a homestead and a timber claim.

Thos. McCann has his new boiler inside the mill, and will soon have the mill in running order.

There are men here who have worked in the factories in this place since the factories first started, and they have received good wages and steady employment, and have from their earnings built homes for themselves and families. These factories have built up our place more than any other branch of business.

We yet want a tailor and a forty-stone flour mill.

Mr. Stang has just arrived with his family from Dallas, Texas. He traded with J. Sheffield for his property here. Mr. Sheffield will go to Missouri in April.

Stephen Martin will go to California, Mo., this spring.

A five-minute speech was delivered in Three Oaks last night, giving to a small audience about one hundred fifty dollars and upwards to the building of a church where their families were destitute of the necessities of life.

A. B. WHITE, goes to Buchanan to look after Mr. Churchill.

The Bishop returned to Buchanan with a high silk hat. We presume he met with a grand reception.

COVING PRESS.

[Benton Harbor Palladium.]

E. M. Chittenden left this week for Roseland Agency, Dakota. He goes in the employ of Fletcher, Jones & Sumner who know how to appreciate the services of a good salesman. His wife will join him in a short time.

[Berrien Springs Era.]

A public sale, J. Madison Jones has purchased a part of the Michael Hand farm at \$25 per acre. A boy at Buchanan whistles through his nose, with his mouth open, in such a way as to whistle most any tune. Miss Anna Brenner, of Berrien Centre, had the misfortune to run a pebble into her foot. The pebble broke off, and the foot was the better for it. The broken piece is still in her foot.

[Niles Mirror.]

The officers of the Berrien Co. Mutual Fire Insurance Company the coming year are as follows: Jas. Badger, President; Wm. Haslett, Secretary.

Directors—Samuel Thompson, Samuel Messinger, Chas. F. Howe, O. Henderson, Wm. R. Rough, Jas. Truett, Dr. J. Mansfield, Thos. Mairs, Cooper, and Burns Helmick.

[Berrien Springs Journal.]

Dogs have been slaughtering sheep in Pipestone township at a fearful rate lately. Geo. O'Brien, Jas. Burke, J. O. Clark and others have been sufferers from their depredations. ... Dad Luck comes all at once to the demerol of the town. ... Being being required to swallow an over dose of greenbackism, D. B. Cook says: "The Niles Mirror is now the only democratic paper worth reading. ... If those few unfortunates circumstances should compel the old party to 'turn up its toes,' we hope no blame will attach to brothers Horn and Bieby."

[St. Joseph Republican.]

A schooner passed this port last Sunday morning, going north. ... Dr. Webster was called to Grand Junction on Thursday to attend a lady named Frank Beck who was suffering intense pain from a frightfully mangled arm. The lad while running on the top of a train of cars, had between two cars in such a manner as to have his left arm run over. The doctor found amputation necessary, and left the patient feeling as well as possible under the circumstances.

[Niles Republican.]

A few mornings since, at an early hour, Mr. C. Emerson, while passing the marsh near the residence of Chas. Rosemar, east of the city, saw a large wildcat. The animal followed his buggy quite a distance along the road and seemed to be not in the least alarmed by his presence. ... John Bates, who lives on the peak farm two miles east of the city, met with a singular though serious accident, Wednesday morning. While driving a fire in the stove, a spark lodged in a cotton flannel shirt he wore, and was not noticed. On going out the door the wind fanned the spark into a flame, and a moment the whole shirt was in a blaze. By the prompt assistance of his wife and son, the fire was smothered, but his breast and side were badly burned, so much so that serious results are feared.

LOCALS.
