Driving Home the Cows.

TO-MORROW DECOUPLON DAY.

COME to Buchanan to-morrow.

ST. JOSEPH has a new base ball club they brag on.

DR. L. W. BAKER, of Three Oaks, was in town last evening.

THE Eclectic Medical Society is in session to-day in Niles.

MR. R. MORRIS, of Chicago, arrived in town yesterday morning.

MR. GEORGE FERRELL is erecting a Perkins windmill on his farm.

A NEW roof is soon to cover the building occupied by Plimpton Bros.

THE new bridge on Oak street is a great improvement. Let the good work go on.

Mrs. V. NOYCE, of Edwardsburg, is visiting her sister, Mrs. H. J. Hall, this week.

ST. JOSEPH Common Council has placed the bonds of the liquor dealers at \$1,000.

A new bridge is to span the Paw Paw river, in Benton township, in the near future.

THE Spring fair at Benton Harbor will commence June 9, to continue three days.

THE rain early Sunday morning came in good time to give vegetation another start.

POTATOES are well up, and the bugs—Well, they are on hand with the early morn.

MR. GARRET MORRIS' house on Main street, is receiving a new coat of paint. Jonathan yields the brush.

THE few loads of coarse gravel recently placed on Front and Oak streets make a decided improvement.

JOHN HAGLEY and JOHN HESS, of this township, are each erecting a fire brick residence on his farm.

JO. DEMPSEY is doing considerable bragging because they have an eight pound boy at his house.

A NEW stone gutter is being built on the south side of Second street, between West and Oak streets.

Gen. Wm. T. Sherman is to deliver the commencement address at the Orchard Lake military Academy, June 20.

LAST Thursday was George Weaver's ninth birthday, and in the evening his play-mates gave him a surprise.

A good farm in Berrien county, of 70 acres, good buildings, small orchard, can be bought for \$30 per acre. Inquire at this office.

Mrs. LEVY SPEAKS of this place, is with her mother Mrs. Thomas R. Martin, of Niles township, who is very sick.

THE latest novelty is for a lawyer to undertake to quote scripture to the jury and start out with the first stanza of "Mary had a little lamb."

THE Record Office corps wish to return thanks for a portion of the wedding cake from Mr. and Mrs. G. H. Richards.

CORN PLANTING is over, and Saturday brought the farmers to town. There were more teams on the streets than before for several weeks.

MR. LEVY BATES returned last Friday from Kansas, where he has been the past few weeks. He seems well pleased with the country.

STRAWBERRIES made an appearance in this market last week. An imported article. If you had fifteen cents you might have what goes for a quart.

TUESDAY three cows belonging to Mr. D. Dutton were struck by the M. C. train, at the Bakertown crossing, and now he has less cows than before.

MR. JAMES HOUSE on Portage Prairie, dragged with one team, 33 acres of corn in eleven hours, last Monday. Who can beat this for one day's work?

ST. JOSEPH has caught the pedestrian craze. They all fall behind the ones held in Buchanan a few weeks since. When those are beaten we will send for our champion again.

WE learn that the little steamer May Graham is to be on hand for excursions at Berrien on the day of the old settlers' picnic.

Mrs. DERINDA WEAVER'S new monument was placed in position in Oak Ridge cemetery Tuesday.

A bunch of keys have been left at this office for the owner who may secure them by proving property and settling for this notice.

The special attention of our readers is called to the advertisement in another column, of J. T. Vares, proprietor of the Barron Lake Pleasure Park.

MESSRS. WAITE & WOODS have a few words to say to you in their new advertisement, as it appears in another part of this paper. Go and see them.

OVERCOATS and mittens were not uncomfortable articles of clothing Monday. To change clothes to keep up with the changes of the weather will keep one busy.

MR. AND MRS. JAMES WRAY, are the happy possessors of a bouncing baby boy. Grandfather says that adds one more good Republican to Weasaw township.

The ninth volume of the Encyclopedia Britannica has made its appearance, and been added to several of the libraries in this place, among others our public and school libraries.

CHURCHILL & FOX announce that their gymnasium will be open to the public next Monday evening. All who are in need of muscular development are invited to be present.

DON'T forget the entertainment Friday and Saturday evenings by the Buchanan Dramatic Company. The new drama, "The Lottery of Life," will be presented with good effect.

ALEX. CORTILLARD, of South Bend, has donated \$500 toward the re-erection of Notre Dame University. He was one of the first students in that institution.

A NEW and valuable addition of type has been recently made to our already large supply, and we are now better than ever prepared to do all kinds of fine printing.

THE man with the paste pot gave this place a call Monday, and left some flaming posters announcing the fact that Foreigning will be in South Bend June 10. So far we hear of no one who objects.

THE hands in Weisgerber's mill, in this place got out 14,225 feet of lumber from elm and beech logs on May 21. They think this pretty good work for one gang of hands and a single saw, in such loads.

THERE was an Ice-cream and Strawberry festival in Rough's Hall, Tuesday evening, for the benefit of the Good Templar lodge of this place. The total receipts, amounted to about \$27, and expenses to about \$15.

THE Benton Harbor saloon keeps petition the Common Council to allow them to keep open Sundays, or to compel others to close places of business, to all of which the Palladium objects.

THERE was a fire in South Bend, last Thursday night, caused by a lighted coal-oil lamp. They use the low test oil that costs a shilling a gallon. It is cheap, and then it is such a luxury to have a fire once in a while.

C. O. GRIFFIN has a new sail boat launched on Clear Lake, and we learn that several others will be taken out there and buildings erected on the grounds adjoining, to make everything comfortable for a pleasure resort.

MR. J. D. ROSS keeps a shot gun about the house, and one day last week he was fooling with it when it was discharged, the shot taken effect in the dining-room door. It always was considered dangerous for children to meddle with fire-arms.

THE prospect is good for another saloon being started in this place in a short time by a German from Niles. This enterprise has been tried several times, but for no great length of time. Not custom enough.

By reference to a card in another column, it will be seen that the Niles officers of the Soldiers' and Sailors' Assn., have concluded they have taken the wrong track, and announce the postponement of the Reunion called for to-day and to-morrow.

The Marshal has considerably improved the bridge across the creek on Alexander street by shortening it thirty feet and filling in at the ends with dirt. This leaves a much smaller bridge to be kept up.

TUESDAY afternoon dogs got among Samuel French's sheep and wounded seven or eight of them. They were driven away once or twice, but persisted in returning to their work of destruction.

At the old Settlers' picnic to be held at Berrien, June 4, the Old Fellows' Lodge of Berrien Springs will be a table for the use of visiting Brothers and their families, and they are requested to place their provender upon it.

MR. GEO. H. ROYCE informs us that there was an error in the number of acres of wheat raised on his farm, as published in these columns last week. That instead of 140 there were 110, but that the number of bushels, 3,500, was correct. This very materially changes the average yield per acre.

BUCHANAN Lodge No. 68, F. & A. M., has been "cleaning house" for the past two weeks, and as a result now presents to the fraternity a hall to meet in second to none in this section. The interior of the room has received the attention of the carpenter, painter, plasterer, upholsterer, and general cleaner, and the result is satisfactory.

The Marshal is building a new oak sidewalk on the south side of Front street in front of Dr. Seelye's lot. Others are preparing to build anew, and it is expected that a new walk will be on both sides of the street, the full length from Oak street, before winter. A portion of the old walk has been in a bad condition for some time.

SOLD.—Last Saturday Mr. A. C. Day sold his interest in the real estate belonging to the firm of Day & Rough in the Wagon Factory, to Wm. R. and George H. Rough, and to give possession August first or as soon as the receiver can complete the manufacture of the material now on hand. It may be expected now that this establishment will be run to its full capacity and that steadily. The Rough Brothers are not men who will allow anything of that kind to stand idle on their hands any great length of time.

OUR MAIL ARRANGEMENT.—Again we have occasion to condemn the arrangement used for grabbing at the mail going west from this place each day, for not over half of the time is the grab successful. There was no mail sent west from this place this week until yesterday afternoon, when about twenty-five pounds of letters had accumulated. It has become a most intolerable nuisance to have our mails all knocked to pieces by this grab hook and about twice out of three times, brought back to the Post Office in this condition, and one that the business men of this place are becoming heartily tired of.

MARSHAL'S NOTICE.—Section 1 of By-Law XXV of the Village of Buchanan, reads as follows: "If any horses, sheep or swine are at any time found running at large within the corporation limits of said Village; or if any cattle are found running at large within said Village, between the first day of November and the first day of April following, or at any time between the hours of nine o'clock p. m. and four a. m., it shall be the duty of the Marshal to seize and take, and to receive from any person who shall bring to him any such horses, sheep, swine or cattle so found running at large against the provisions of this By-Law, and to impound and care for the same."

OWNERS of stock are requested to read and heed the above By-Law, or not complain if their stock finds its way into the pound.

M. N. HATHAWAY, Marshal.

THE managers of the Diamond Lake Island at Cassopolis, will open the season on the 10th of June, with a Grand Roving Regatta, that promises to be a great success. The Bay-Breeze Club, of Hillsdale, will be present with the four-oared shell the Show-wae-cac-mettes took to England with them last year. The Goguauc's of Battle Creek, will enter in the single scull, the double scull and the four oared contest. Captain Henry P. Darlington, of the Farquhar Club, Chicago, and other members of that club will enter the single scull contest. The proprietors of the Island will run their staunch and beautiful steam yacht, O. W. Powers, during the day, carrying passengers the round trip for twenty-five cents. The M. C. R. L. carries passengers at excursion rates, two cents per mile. Persons from this place wishing to attend can go on the main train in the forenoon and return by a special train leaving the lake at 6 p. m.

ATTENTION! NILES MIRROR. Editor RECORD.—The editor of the Niles Mirror takes exception to our resolution and the reason therefor, as published in the BERRIEN COUNTY RECORD of the 23d, and which would have been published in the Reporter had they reached that paper a little earlier. We now ask the pardon of the Niles Mirror for our negligence in this matter, and hereto add our names to this article, as also, wishing it to be distinctly understood that but for a matter of haste they would have appeared attached to the resolution commending the call for the reunion of the Soldiers and Sailors of Berrien Co. to be held at Niles May 29 and 30. Further, if the editor of the Niles Mirror is still in doubt, we will give the signatures of the large number of comrades present at our meeting on the 21st, and who are always on hand whenever occasion calls for work.

WALTER I. HINES, Chairman. CHAS. E. TERRIERE, Sec'y.

INSTALLATION.—Tuesday was one of the grand days of the Order of Patrons of Husbandry in Buchanan, being the time for the annual installation of the Pomona Grange of Berrien county. The members from all parts of the county were present, and a grand and sumptuous feast was served at 12 M. in Grange Hall. The feast over and Order repaired to Rough's Hall, where the following officers were publicly installed by Hon. J. J. Woodman of Paw Paw, Master of the State Grange: Thomas Mars, Master. Freeman Franklin, Overseer. S. J. Barnard, Lecturer. Samuel Mars, Steward. David Schornf, Asst. Steward. F. R. Harding, Chaplain. Charles F. Howe, Treasurer. Chas. Hogue, Secretary. John Cowan, Gate Keeper. Mrs. Chas. F. Howe, Ceres. Mrs. Samuel Mars, Pomona. Mrs. A. Keigley, Flora. Mrs. S. J. Barnard, Lady Asst. Steward.

The installation was followed by a few appropriate remarks by the Worthy Lecturer, S. J. Barnard, and an address by the Worthy Master, J. J. Woodman. The entire ceremony was impressive, and the meeting attended with good feeling and pleasure.

POSTPONEMENT. The official duties of several of the gentlemen who are expected to address the Soldiers and Sailors of Berrien county, on the 29th and 30th, as members of the State Boards, and their meetings on those days prohibiting the possibility of their being present, and the fact of the Legislature not adjourning before that date, preventing the attendance of the Governor of the State, who would otherwise have been present, and in deference to the wishes of many of our comrades to take part in the local observation of Decoration Day, we have determined to postpone the meeting of the Soldiers' and Sailors' Reunion until further notice. D. BACON, Pres. W. S. MELLARD, Acting Sec'y.

NILES is a grasping sort of burg, anyway. \$30,000 has been appropriated by the State for a reform school for girls, and she lifts up her hands for it. Just so she wants the county seat; and Michigan Central car shops and all the other good things. And her water works languished, and the machinery was sold at Sheriff's sale without a struggle with in the past year.—Market News.

MATRIMONIAL.

One of the most brilliant weddings that ever took place in Buchanan, was that of Miss Hattie Richards, of this place, to Mr. Wellington S. Wells, of Chicago, son of Rev. W. W. Wells, of this place, in the Presbyterian church last evening. The ceremony was performed by Rev. W. W. Wells, in a most imposing manner. The church was richly decorated with wreaths of flowers and a beautiful monogram of flowers and pampas grass, from California, hung from the ceiling over and directly in front of the altar. After the ceremony about 150 invited guests repaired to the grand reception by the parents of the bride, Mr. and Mrs. George H. Richards, at their residence, which lasted until eleven o'clock. ITEMS FROM THREE OAKS.

The school institute was held at the school house in this place, on Saturday last, and was quite well attended. Thos. McCann bought a very nice phaeton of Studebaker Bros., of South Bend. Charley Evans, of Buchanan, calls occasionally. His better half came this time. Prof. Mansfield, of Buchanan, cheered things with his pleasant countenance last Saturday. A friendly hand was laid on my shoulder, and a voice said: "Itemizer, please don't mention that I am about to move again." I refrain, of course. George Behlen has returned from Illinois. The beautiful month of May is nearly gone. It grows more lovely as it nears its end. It has been quite dry. On Saturday last many farmers were in town. All talking, hoping, and I presume praying, for rain. The rain came Saturday night and Sunday. It was quite a heavy rain and I presume, cheered the hearts of all, and no doubt all were thankful for the blessing. The wheat crop looks very promising. Oats, grass and corn very backward, on account of the dry weather, but this rain will send the crops forward. In a few days we will have plenty of strawberries, and, by appearances, we will have an abundance of fruit through the season, for here is where we raise fruit enough and to spare. Farmers brought many loads of wheat to town last week. I notice quite a number of farmers from six to ten miles distant. From Indiana, Jacob Henkman, Wilber Foster, Peter M. Hess, the popular postmaster at Hesston, Ind., come to trade and sell their produce. Mr. Hess has been a number one farmer in northern Indiana for years. They farm in a splendid farming section of country for raising grain and apples. But don't forget the lake shore if you wish to see a fine fruit country. Union Pier, four miles from New Buffalo, is a thriving, picturesque village on the shore of Lake Michigan. Near the village is a whortleberry marsh of several acres, and back of that, where the timber has been taken off are acres of blackberries, and some nice farms have been cleared out of the timber. Not far from Union Pier village are some of the best peach orchards to be found in this section. Take a look at the orchards owned by the McCann Brothers. About twelve years ago these lands were covered with a heavy growth of timber. Mr. Goodwin has a splendid residence on the banks of the lake; runs a steam handle-mill; also a store. Mr. Goodwin & Gowdy have shipped most of the timber to Chicago by boat, having built a pier at that point. And now as the forest trees are about all gone, the fruit trees are taking their places. Call on Mr. Goodwin and Mr. Frank Gowdy, the railroad agent, and they will show you around and give you attention. They are gentlemen and good business men, and what they tell you can be relied on as truthful. W. H. Breece has gone west to grow up with the country. Quite a number of our townsmen met Mr. Breece in the office of Dr. Baker, at 9 o'clock Wednesday evening last, to give him a farewell send off to his new home in Michigan City. I. W. Martin, in an appropriate speech, presented Mr. Breece with a choice gift, as a token of their esteem toward him and his family. Mr. Breece replied, thanking them for their manifest esteem and kindness. Said he yet considered this place his home. He does not leave Three Oaks because he loves the people less than those of Michigan City, but because he thinks he will have a larger practice in his profession. Mr. Breece, a graduate from Ann Arbor, came here some twelve or fourteen years ago, then quite a young man, stuck out his'ing, and had a limited amount of funds to back him. He has hoed his own row from the start. He had a good practice and has made some property; served one term as Prosecuting Attorney, satisfactory to the people; was elected Supervisor and served, representing this township. With such a record, and the expressions of the different speakers of said evening, will be vouches to the people of Michigan City, recommending Mr. Breece and family as worthy their confidence and esteem. The school closed Friday last. The children held a picnic in Mr. McCann's grove and had a very pleasant time. Miss May Holler, one of the teachers, was presented, by her scholars, with a very nice gift as a token of their esteem. The scholars and parents met in the large school-room in the evening to listen to addresses by Rev. J. B. Parry, Prof. Jakway and Prof. Stevenson, of New Buffalo, and others. The school closed very pleasantly after a satisfactory term. Four teachers were employed: Prof. Jakway, of Dayton, Miss May Holler, of Bridgman, Miss Beslie Fox, and Miss Flora Eby, of Three Oaks. The Shedd sisters, Misses Mary, Ada, and Louise, and their brother Master Hugh Shedd, of this place, gave a musical concert in the Congregational church, on Monday evening last. They had a good audience. All went away well pleased with the evening's entertainment. They have been to considerable expense, and deserve good houses. The sisters acquitted themselves in a very satisfactory manner to the audience. The pieces were admirably rendered, Master Hugh is a good actor, and brought down the house several times. The audience was enthusiastic whenever Hugh had anything to do or say. ITEMIZER.

If the crabbled old bachelor who uttered this sentiment could not witness the intense thought, deep study and thorough investigation of women in determining the best medicines to keep their families well, and would note their sagacity and wisdom in selecting Hop Bitters as the best and demonstrating it by keeping their family in perpetual health, at a mere nominal expense, he would be forced to acknowledge that such sentiments are baseless and false.
