CHARLES VANDERBERG, of Niles township, was arrested Monday by Constable Hamilton, on complaint of Mark H. Vanderberg, made before Justice Dick, for assault with intent to kill. He was bound in \$500 bail to appear for examination at 9 o'clock Saturday. A sort of family fracas.

W. G. BUD, of Niles, is truly an afflicted man. He stepped into the post-office in that place, one day last week, and was assailed and pretty rudely handled by Robert McFarley, Jr. An article that appeared in the Chicago Tribune recently, was the cause of the trouble, Budd being charged with the authorship of it.

NEW STORE.—Mr. S. W. Redden, well-known throughout this county as one of the oldest dealers in general merchandise in the county, will open a store in the room formerly occupied by A. H. Rothelme, in Dayton, with a full stock of goods, next week. This has been a long-needed addition to that place, and the people of that vicinity may rest assured it will be well done.

Mrs. HOLGATE fell while coming down the oak plank walk on Day's Avenue, next to the mill yard, one day last week, and was so injured as to confine her to her house for several days. The best thing that can be done with that walk is to tear it up and lay the boards the other way. There will certainly be some one seriously injured there unless something of the kind is done, for it is next to impossible for any one to walk over it, when the boards are wet, without falling.

ATTEMPT.—Tuesday evening Mr. Charles Black brought a ham into Ingelwright Bros' shop, and while he was gone up street for a few minutes, hung the ham on one of the hooks in front of the shop. Shortly after Gollieb Smith came along and thinking the ham had been left out through neglect, took it home to keep it from being stolen, returning it next morning. When Mr. Black returned he missed his ham, and thinking it was stolen, bought another, and now considers himself one ham ahead.

THE noted sensational temperance lecturer and reformed showman, well-known in this place as "Brother Haskell," has again fallen into rough hands. A special from Fort Wayne, Ind., to the Inter Ocean, Sept. 9, says: "The Rev. Jonathan Haskell, the sensational temperance lecturer, has stirred up the people of Monroeville, this county, to such an extent that he was subjected, last night, to a shower of rotten eggs, on his way home from church. After he went to bed at the Indiana House, the hotel was stoned and eggs, breaking a great many windows, and otherwise damaging the building. Last week he ejected Miss Lizzy Miller from the church where he was returning, because she took exception to some of his remarks. Miss Miller keeps a saloon here, but is otherwise a young lady of irreproachable character. She caused his arrest to-day for assault and battery. He furnished bail, and is now going on with his meetings."

A man in Antrim county married his niece while she was in a state of intoxication, the knot being tied away from home, on a lonely beach, by a justice of the peace, and now the couple have the prosecuting attorney after them. The girl's father threatened to shoot the man who accompanied the couple and called the justice to marry them, and for this threat he has been arrested.

FROM the Chautauqua, Kansas, Journal, published at Sedan, we clip the following item regarding our fellow townsmen's improvements: The stone work on Mr. Merrill's house is now complete, and the carpenters are busy putting the roof on.

A NUMBER of ladies of Benton Harbor have been taken in by an "agent" for a magazine called the Dining Room Friend. He offered the magazine and a lot of valuable premiums for 50 cents. Well, he could amount fifty in that place who thought to believe that he was worth enough to sell two dollars worth of goods and reading matter for fifty cents, and subscribed. They are now looking after the fine-looking man six feet tall, about twenty years old and with the slickest tongue in America, and other people can do likewise to their own advantage.

DIED, Monday morning, Sept. 8, Della, daughter of Josiah Striker, aged 17 years and 4 days. She was taken with a severe attack of croup, pneumonia, the inflammation of which, assuming the character of diphtheritis, extended into the trachea and bronchia. All the symptoms of the disease were ameliorating, but not having been in good health for some time and being of a scrupulous habit, her system was unable to recuperate and she sank from exhaustion.

THE latest case of dampboozery is exhibited in the article in the Greenback column of the Reporter of last week, which says the decrease in the number of children in this school district during the last year was the direct effect of the resumption act. So far as people having moved away is concerned, there probably never was a time when there was more difficulty in finding a house to rent in this place than now. No houses have been burned or drawn out of town. We are very glad to know that Dr. Roe is the author of that article, and it is he who claims it to be the direct effect of the resumption act that there were not so many children born in his and other families five years ago as there were the year before. That is about as consistent as several other articles that have emanated from the same source the past few months.

OLD FELLOWS' PICNIC.—The picnic of the Old Fellows of Berrien county, held at Berrien Springs on Thursday last, was not (on account of the inclemency of the weather for several days previous, and the threatening clouds of that morning) so well attended as was expected. Nevertheless enough were out to make a very creditable showing, and they report having a good time. A permanent organization was effected with the following officers: President, R. F. Rounds, of Benton Harbor; Secretary, W. J. Hines, of Buchanan; Treas., George W. Rough, of Berrien Springs. A Vice-President is to be named by each Lodge in the county. It was decided to hold the next annual picnic at the same place on the third Wednesday in May next.

Red Ribbon Club. The members of the Buchanan Red Ribbon Club convened at the Advent chapel, Friday evening, Sept. 6, 1879. The meeting was called to order by the President, and prayer was offered by the chaplain, pro tem. Nettie J. Bainton was then elected secretary, and the minutes of previous meeting were read and approved. The questioner was opened and the questions discussed were: "Is moral suasion the better means to uproot the sale of ardent spirits?" "What are the most successful methods for reclaiming one who has violated his pledge?" "Is it right to license the sale of intoxicating liquors?" Discussions followed the reading of these questions, and were participated in by Messrs. Worthington, Eychaner, Mrs. Carlisle and Miss Jones. Mr. Crane, a temperance worker from Indianapolis, then addressed the club, followed by a few impressive remarks by Mrs. Crane. Adjourned to meet at Old Advent church on next Friday evening.

NETTE J. BAINTON, Sec. pro tem.

THE COUNTY SEAT.—Last year the question of removal of the county seat was quite extensively discussed, and the Board of Supervisors asked to allow the question to come before the people for a vote. This they refused to do, but passed the following resolution: Resolved, That it is the sense of this Board of Supervisors of Berrien county, that unless in the near future there is some means provided more in accordance with the progressive spirit of the age, to make our county seat more accessible, it will become an imperative necessity to remove said county seat to some point on the line of railroad.

At that time the Record opposed a removal, for several reasons. The only place that made any effort to get the county seat was Niles, and they did work for dear life. The effect of moving the county seat to either Niles or St. Joseph, or any other place in those two corners of the county, would most certainly lead to a division of the county and this we object to. There was then a tolerably fair prospect for a railroad through Berrien, but has turned out to be a wind squall. There is but one place in the county that would very materially improve the present condition, and that place is New Buffalo, which can be reached from any part of the county by railroad conveyance with greater ease than any other point. The question is likely to be again brought up at the October meeting of the Supervisors, and we trust their action will be in favor of moving to that place. There is nothing very attractive about that place, but as we understand it the only reason for moving is to facilitate the mode of travel to and from the county seat, from all parts of the county, and New Buffalo is the place that most nearly supplies that want.

PINAFORE TO-MORROW night. General admission, 25 cents. Reserved seats, 35 cents. Tickets for sale at Roe's.

ITEMS FROM DAYTON, Sept. 10, 1879. Dayton is improving. A. H. Rothelme has moved his drugs and mortar one door south, in store lately occupied by J. Young & Son, and given the store a cleaning and painting inside.

Mr. White Redden, we understand, is going to occupy the post-office building, lately occupied by Rothelme. Mr. Redden has the store nicely cleaned inside, and will give it a thorough cleaning with paint and whitewash. With the efficient clerk, C. C. De Armond, he cannot but win. We wish him success. We understand he will keep a general store of dry goods, groceries, &c.

Crek Weaver has left the State and took his wife with him. He moved out south, in the Reynolds district. A great deal of sickness at this time of year. Johnny Needham is under the care of Dr. Henderson, we learn, this forenoon.

Our railroad agent has improved his sanctum by painting offices and rooms inside. He has taken in 1,993-\$85 pounds new wheat since July 17, or about 100 car-loads. How is that for grain. Would like to know who beats it.

Our fall term of school has commenced under the leadership of Miss Mattie Jakways. She has a full school so far.

COUNTY PRESS. [St. Joseph Republican.] On Monday last, Wm. B. Cogswell, a bridge repairer on the C. & W. M. R. R., fell from a bridge to the logs below, 30 feet, at Riverside station, and sustained serious injuries.

Niles District Conference of the M. E. Church, at St. Joseph, next month. ... E. M. Stevenson, of New Buffalo, is now a Baptist "Rev."... The "concocting parties" raked in about \$2,200 by the soldiers' reunion at Diamond Lake. ... R. A. DeMont has bought an 80 acre farm in Bainbridge, we are told. Dick deserves to do well.

Frank Beall and Oliver Curtis, while moving on James Beall's marsh, Tuesday of last week, found the skeleton of an elk, a little ways below the surface of the ground. The horns, bones of the head, and one of the bones of the legs were in good preservation. The other bones were more or less decayed. The bones indicated a large sized animal. It is supposed that he became mired and died where the bones were found.

The school property of this county is valued at \$284,103. Number of teachers employed, 341, at the expense of \$18,764. ... Wesley Griffith, late editor of the Bay City Observer, and formerly "level" in Cook's printing office at Niles, has gone out of the newspaper business and will go into the banking business at Lake View. This is the first instance on record, we believe, of a country editor starting a bank.

County Treasurer, Geo. W. Rough, was in the city this morning, the first time he has been out since his recent attack of fever. He lost 23 pounds by his sickness, but is still able to kick the beam at 200. ... Last Sunday persons could walk on dry ground to the base of the middle pier of the iron bridge, which extends about the middle of the river. The fact is not very encouraging to those who claim that the St. Joseph is a navigable stream. ... The Rev. Dr. McCurdy, for several years past Rector of Trinity Episcopal Church of this city, tendered his resignation to the Vestry on Tuesday last, to take effect on or before the first of January next, giving as his reason, ill health and exhaustion of mind and body. The resignation was accepted.

Mrs. Z. Rice met with quite a severe accident on Wednesday afternoon. While on the way from her house for a pail of water her foot slipped from a wet board and she fell, striking in such a manner as to cause a compound fracture of the two bones of her right leg, just above the ankle-joint. ... The survey of the St. Joseph river from Elk-hart to this port was completed by the arrival of the surveying party here on last Saturday. The gentlemen remained here over Saturday night, and on Sunday were given a ride up the river, with several of our citizens, on the May Graham. We were unable to interview the party, but we are informed that so far as the survey is concerned, and that an appropriation of \$25,000 for the improvement of the river will be recommended. ... Four boys, aged from 12 to 16 years, were arrested on Monday and arraigned before Judge Brown for stealing grapes, etc. From Mr. Traux's grapey, back of his dwelling, on Sunday night. One of the boys was assessed a fine and costs, amounting to \$8; another paid \$0, and the other two, each \$1.05. We understand that the canal boat, Dr. Hanley, which has been a source of much annoyance to the people in the south part of the county for some time past, has been sold to the State of Michigan, and will engage in the fruit trade at that point.

STATE ITEMS. J. W. Hornon, in the St. Joseph county jail awaiting trial for forgery, made his escape on the 1st.

Isaac Clapp Barlow, well-known in nearly every portion of St. Joseph county, died at White Pigeon, Aug. 13, of mania a potu. He had been a resident of the county for 30 years and must have been 70 years old. He led a popular life. He was born to wealth. He was educated at West Point, and had all the opportunities to have become distinguished, honored and useful ever offered the most favored. He could have had an army appointment, or procured any position which wealth could obtain. But he had a raging thirst for liquor and spent all that his friends would give him to gratify it, and brought up in the poor house where he had lived for years past.

A greenbacker came to town the other day and, meeting a prominent member of that party, said: "I hold to the greenback faith yet, I don't give it up. I hate to see a farmer sell his apples for 30 cents a bushel, when they ought to bring 50." A few minutes after he went into a store to buy some shooting, and the merchant asked him 9 cents per yard. He thought that too much and pay such prices. If he could have sold his apples for 50 cents a bushel, and paid 75 cents a yard for shooting, he would have gone home perfectly satisfied. Greenback consistency!—Harford Day Spring.

"Dave" Terry, the notorious ruffian who slew Senator Broderick in 1859, sending a thrill throughout the country by his crime, is now the Democratic candidate for Attorney General of California. Terry was a fierce pro-slavery man, and fastened a quarrel on Broderick without provocation, murdered him, escaped trial through the connivance of public officers, went to Mississippi, and headed a rebel brigade during the war. His reward from the Democracy has been some time going, but they do not forget those who serve the party. Like those twin copper-heads in the U. S.
