SEVERAL persons in this place are investing from \$100 to \$500 in mining interests in the Rocky Mountains. Another way of making donations to strangers.

MR. JOHN SEARLS bought a fine Berkshire boat at the expense of \$75, while at the State Fair at Detroit. Mr. Searls is one of the few farmers in this vicinity who can appreciate fine stock.

THOSE who went to the State Fair without previous arrangement for lodgings, came home rubbing their eyes as if they had not slept for a week. All of which indicates there were several people there.

A SMALL boy looked up at one of the Buchanan boys while the procession went by and remarked to his comrade: "How is dat for high?"—Michigan City Enterprise.

WE are glad to learn that the infant daughter of Mr. Henry Storm, who has been very low with cholera infantum, is improving, with a fair prospect of her speedy recovery.

OUR manufacturing establishments are crowded with work, and some of them complain that they are very much behind with their orders and cannot get help to catch up.

DODD's drug store is undergoing considerable of a change. They have rented the upper and lower stories of that building and are spreading their selves in proportion to their business.

THE streets of Buchanan have been crowded with teams every day this week, giving them each day the appearance of a busy Saturday. Bringing wheat to market is the principal occupation of the farmers at present.

A NOVELTY in the car line was at the depot in this place on Saturday last. It had four wheels instead of eight, and it is one of two hundred built by the M. C. R. R. Co. for the transportation of grain.

MRS. PAMELIA IVES BARTLETT, mother of Capt. A. C. Bartlett of this place, died at her home in St. Joseph, on Tuesday, at the advanced age of 74 years. She had resided in that village since 1829.

WE learn that Gallien is to have a paper, with Porter Churchill as quill-driver, jour, jobber and devil. An ordinary man would have his hands full with that, but Porter runs his hardware store and tin-shop besides.

THE Oak Street Advent Chapel is beginning to show an improved appearance, and when the painters and paperers get through will look decidedly handsome. Owing to the repairs being made, no services will be held next Sunday.

THERE is a pretty good bait for two weddings at the Union fair at Dowagiac, and some of the people in that vicinity are trying to convince themselves that Major Duncan will be there. It's no use; the Major is too old a bird to be caught by any such bait as that.

DONATION.—There will be a donation for the benefit of Rev. W. W. Wells, at his residence on Front street, next Tuesday evening. Refreshments of ice-cream, cake, &c. will be there. A general invitation is extended to all to be present.

THE Michigan Central Agent at Dowagiac has put a stop to the boys boarding every train that passes that place, and the other day arrested five of them, and had them fined \$4.85 each. Would it not be a good idea if the Agent at this place would do likewise. It would certainly stop one nuisance, if not save the lives of some of the boys.

THE advance in the price of wheat to \$1 per bushel made more of a rush of that staple article into this market than has been known before for several years. There has been a steady but slow advance from 55 cents to \$1, and there are many of the shrewd who are confidently holding their crop for \$1.50, which they expect to receive before the new year.

IT is useless to call attention to the large double-column advertisement of B. Frankenberg in another part of this paper, for you cannot help but see it. It does not become us to advise people to go to Niles to trade, but if you go there and want to buy clothing, you will find Mr. Frankenberg a fair dealer, and always with a good stock of goods. Read what he has to say.

THE examination of Robert Bunbury of Niles, mentioned several weeks since, for assault with intent to kill, was brought before Justice Balleague Tuesday. Bunbury introduced no testimony, and the case not being within the power of the justice to bail, he was sent to jail to await trial at the next term of Circuit Court.

THAT favorite among the little folks, The Nursery, for October has put in its appearance. It is unusually well-filled with interesting and easy reading for the little ones. Subscriptions with the RECORD for 1880, \$2.75 for both papers. No child from five to ten years old should be without reading, and this fills the bill, at that age.

IN the papers published at Michigan City we find the following complimentary notices of the Buchanan Hose Company:

They made within a second of the best run registered, and no company upon the ground was more highly complimented.—Enterprise.

THE Buchanan Hose Company met with a stupendous reception upon their arrival home last evening. It is well their townsmen appreciate them. They are a company of gentlemen as well as first-class firemen.—Dispatch.

ON Saturday afternoon last, John Boyle, of this township, was in the Dunbar house saloon, when a friend came in, and both engaged in a friendly scuffle, and Mr. Boyle slipped and fell to the floor in such a manner as to break his leg a little below the knee. Dr. Pierce was called, who set the fracture.

WE now have our new Campbell Complete press in good running order, and the working parts properly adjusted and in their proper places. We can now say, and truthfully, that we have the press that will do as good work as any press in the State of Michigan, without any exception, and expect to make the RECORD a better looking paper than it has ever been before, besides being able to do the finest class of work in the printing line.

WE do not pretend to be a prophet, or any related to one, but it appears to the RECORD that the farmers are getting extremely too anxious to get rid of their wheat. The indications are that the price will be considerable higher. We do not take it upon ourselves to give advice upon this subject, but if we had two or three million bushels we should keep the greater part of it for a higher price than is now being paid.

HEAR YE.—There will be a meeting in this place to-morrow evening for the purpose of canvassing the prospect for a railroad through this place to St. Joseph. A narrow gauge road has been built from Columbus, Ohio, to Ft. Wayne, Ind., and the Company now want to extend the line to Lake Michigan, and it is the object of this meeting to see what can be done toward securing the line through this county. Mr. W. J. Chaplin, of Dowagiac, will be present in the interest of the road, and will tell us what is to be said regarding the prospect.

THE Michigan Central Company will sell excursion tickets to Chicago on Monday and Thursday of each week up to Oct. 16 for \$1.75 the round trip from this place. Tickets to go on the Kalamazoo Accommodation, which passes this place at 7:07 A. M., and return on same train, either the same or the following two days, leaving Chicago at 4 P. M. This will give all an opportunity to visit the exposition at an expense of but \$2.

SOME wag of this place thought to have some fun with Sid Wilcott, and sent the following dispatch to the Chicago Times:

"BUCHANAN, Mich., Sept. 18.—Mr. Sidney Wilcott, formerly proprietor of the Dunbar House, this city, very suddenly dissipated on Monday last. It is feared by many friends that he is lost in McCoy's creek. He was last seen on the bridge, and had a large amount of money on his person. Preparations are being made to drag the creek."

OUR Hose Company brought home with them from the tournament, last Thursday, two prizes to the amount of \$75. They report having made quickest running time in the free for all race, but failed to make connection with hydrant, and first prize, \$125, was awarded the South Bend Company. On their return they were met at the train by the band and escorted to Rough's Hall, where a fine supper awaited them. This was followed by a jolly dance that lasted until near morning.

A MAN named Melford, of Ohio, is trying to collect a royalty of fruit-dryers, who use sulphuric acid gas as a bleaching agent, claiming to have a patent on the process. The consequence is a combination of fruit dryers to oppose his claims, and carry the case to the highest courts. This is supposed to interest the inhabitants of this county, and A. J. Rice, of Sodus, is consequently elected Secretary of the Association.

LAST Sunday Harvey Judy was arrested by Constable Evans on complaint of John Hagley and brought before Justice Dick, charged with stealing one and one-half bushels of wheat from Hagley's granary, August 22, since which time he has been absent from these parts. As he was caught in the act, he could not well do otherwise than plead guilty, which he did, and was fined \$20 and cost, amounting in all to \$27. Eighteen dollars per bushel for wheat is a pretty good price, but such thing always did come dearer when bought by a Justice of the Peace after delivery.

D. A. WAGNER, former proprietor of the RECORD, is trying to get elected clerk of Chautauqua county, Kansas, by running on the Greenocratic coalition ticket, the one that never wins. The Journal, published at Sedan, after giving a review of the ticket nominated, has this to add of the candidate for clerk:

"This leaves Elder Wagner the only genuine, dyed-in-the-wool, smooch-pure, warranted not to rival, Greenbacker in the outfit, and it will be easy to show that it was a personal grievance that opened the eyes of the Elder to the wickedness of the Republican party."

There evidently is some one there who knows the "Elder" of old.

FIVE young men of our village were seen with guns going hunting, one week ago last Sunday. How much better they would have looked had they been going to church. Is not our people considered a church going and Sabbath observing people? Or are we drifting toward heathenism and Sabbath desecration. Blot out the Sabbath in these United States, and our republic will soon crumble, and its glorious record be only found in the history of the past.

EARLY one morning last week as B. Chamberlain's hired hand was in the barn taking care of the horses, he was considerably surprised to see seven able bodied men come down out of the hay mow, where they had been quietly sleeping during the night. Mr. Chamberlain thinks seven tramps are rather more than he cares to find lodging for so soon after threshing, and has concluded he had better have the insurance raised on his barn and its contents.

THE Benton Harbor Palladium takes up the question of the removal of the County Seat, and very urgently advocates the selection of that place as the future county seat. We next expect to hear the Niles papers claim that no place in the county is suitable but Niles. Buchanan would be as suitable as either, but New Buffalo would better accommodate the people from all parts of the county, owing to the peculiar railroad connections, than any other place. People from either of the extreme corners of the county could then have direct and quick connection by rail with the county seat, whereas, if placed at either Benton Harbor, St. Joseph, Niles or Buchanan, those who live in the opposite corner would be obliged to travel about 100 miles by rail or half that distance by team, and would ultimately end in a division of the county, by an east and west line.

FIVE YEARS.—Last evening Mr. and Mrs. Ellis H. Clark, by the aid of about one hundred of their friends, celebrated their wedding at the residence of Mrs. Clark's parents, Dr. and Mrs. J. M. Roe. The entertainment was one of the most pleasant that has been known in this place for some time. The presents of wedding were all of the nicest. Following is the list of presents and donors:

CUPID'S WORKINGS.

BADGER-WHITEADON.

On Tuesday evening, the 23d inst., occurred an event long anticipated in social circles, and brilliant in its character. The occasion was the marriage of Mr. Jacob H. Badger, of Niles, and Miss Georgia A. Wheaton, which took place at the farm residence of the bride's parents, our estimable citizens, Mr. and Mrs. Samuel S. French. The ceremony was appointed for 7 o'clock, at which time a large company of friends had arrived, and were anxiously watching for the appearance of the bride party. The bride and groom were preceded to their position by Mr. Joel H. Gillette and Miss Ida Wells, when the Rev. W. W. Wells, in an impressive and brief ceremony united Mr. Badger and Miss Wheaton with the indissoluble band of wedlock. The bride, a young lady with winning manners and a sweet disposition, was tastefully and becomingly attired in a dress of salmon luster, trimmed with satin of a blending shade; numerous and rich platings; punier draping and richness' train. The whole was exquisitely ornamented with natural flowers. The bridesmaid wore a black silk and velvet dress trimmed with pink satin and white lace, with garnitures of tube roses and delicate pink selections. The happy couple were the recipients of many hearty congratulations, as they were also made possessors of numerous mementos, evincing the high regard with which their friends held them.
