## The Dog Tale.

BY HURDRETH.

One night, far away in the yonder day,

A man, all battle in his homeward flight,

Along the sidewalk picked his darkened way,

And crossed the street, the street-lamp, and the

night.

Down on his head his hat he pulled on tight;

His stole was in his pocket, and his pace

Grew slower as the gas-lamps mocked his

flight.

Whistles whistled the stars upon his awkward

face.

"Did mortal man," he said, "ever live in such

a place?"

It happened, out of the nearest gate,

A tramping dog, all sleek and sly,

With savage roars, full growl and clatter

Seeking what man he might nip on the sly,

Especially the man he hated best.

And rushed to have at once by the leg.

But the brave, when as he drew away,

The man reached the hyp pocket of his star-

board leg.

And, with the sight amazed, the dog began

to beg.

Low down he crouched at the man's feet,

And would have licked them with his fawning

tongue.

But he, enraged, his suppliant back beat,

And warned him to him cheerful right along.

Whistles whistled the stars upon his

troubled face.

"By Jove," the man he said, "well nigh to

death.

Scared was I by thy fearful, clamorous yelp;

And I will lift thee hence, whither I have

breath.

Thou untaught, untaught, noisy, clamorous

useless whelp!"

With that he drew back his dexter foot,

And smote the dog, and such a sudden

blow,

Broad, and full long, and gauged like a

rope;

With loud alarm he fell the night with

him.

And like a dove before a falcon flies.

And that swift foot he sweeps the air along,

And just about midnight lighteth him,

And nimbly, with his whistles, the clouds

among.

Till lost he is to view, far in the other

land.

BEYOND RECALL.

"I think you said you were going to

drive into Grantham, Miss Morley?

May I ask you to take the trouble of

posting this letter for me? I believe

it will save a day.

"Certainly, I will do it with pleas-

ure; but what are you going to do

with your valuable time this morning

Mr. Borsdale?"

"I believe I am to help Eastwick

buy a horse."

"A most absorbing occupation! I

wish every man

Miss Morley laughed, but she was

disappointed that Mr. Borsdale had

not offered to be her companion, and

thought the new horse quite unim-

portant.

"The early post seems popular to-

day," she went on; "there are several

other letters waiting for me on the

hall table."

"I will give them to you altogether,"

said Mr. Borsdale, seeing that she

was busy. He took the letters, and

followed her through the hall and

helped her into the pony carriage.

The ponies were in a hurry to start,

and when he handed her the packet of

letters, she threw them hastily into an

inner pocket of her sealskin jacket, and

drove off without looking at them.

Catherine Morley and George Bors-

## German Women as Laborers.

In Germany and Austria women

seem to do most of the farm-work,

and often the heaviest part of it.

They pitch the hay on the wagon,

while the man if there be any of the

party, receives and stores it. I have

seen many of them plowing, and

others with scythe or sickle, holding

their wives in the furrows. The

streets of great cities, to trundle over-

burdened wheelbarrows or hand-

carts through streets crowded with

people, to carry the refuse of the

city, are the lot of many of these

laborers in glass and iron works, fur-

ries and machine shops, to carry

stone, bricks, sand and mortar to

masons and bricklayers working on

the upper stories of the highest build-

LOCALS on second page this week.

CHRISTMAS two weeks from to-day.

S. L. BEARDSLEY of Kalamazoo is in town to-day.

THE wise turkey now makes a regular diet of anti-fat.

MISS CARRIE STEPHENS has been visiting in Dowagiac.

MR. O. S. TOLME has been quite ill the past week of rheumatic fever.

SCARLET fever is making pretty bad work among the little folks of Niles.

BAD roads is the "general complaint of those who come to town with teams.

As the price of wheat rises the careful speculators gather in the options.

MR. G. W. DEYIN returned last Friday from an all summer's stay in the west.

PLEASE, gentlemen, bring in some of that wood you promised on subscription.

THE boats between St. Joseph and Chicago run nearly the year round this time.

CAPT. A. C. BARTLETT returned from his short term of sea-faring life Saturday evening.

JAMES A. KELLOGG, of Niles, was married to Miss Alice Cooper, of Cornum, December 2.

THE late heavy rains have very materially raised the water in the river and creek.

THIS morning found the ground frozen and an inch of snow over it, with more coming.

THE singing class being taught in this place by Mr. S. A. Johnson now numbers over forty members.

READ our local advertising columns if you want to know where to buy the most goods for the least money.

MR. JOHN MORRIS has returned to his old home once more, and will be found in the new clothing store.

THERE will be a dance by the Buchanan Dancing club, a new firm, in Kinyon's hall, to-morrow evening.

DEPOSITIONS in the case of Caroline Ashcraft vs. the Village of Buchanan were taken in this place Monday.

ACCORDING to the census in 1879 there were 2,880 inhabitants in Buchanan. There are more here now.

MRS. PATTEN nee Florence Bennett, of Grand Rapids, formerly of Buchanan, is spending a few days in Buchanan.

MISS IDA KNIGHT has a very fine specimen of wax-work, a masonic emblem, that is hard to beat. It is of her own handiwork.

Who said anything about the muskrats having put an extra sheet-iron lining in their houses on account of a hard winter?

No man likes to make his last trip to the graveyard. South Bend Tribune. Did you ever hear one complain after he had tried it?

There is not much use for Grant to think of a third term. Brick Pomeroy favors his election, and that is enough to damn any man.

A SECOND one of Arnold Pierce's children died last week of diphtheria. The remaining two are still in a critical condition.

RO. MORGAN came home last Thursday evening for a short stay. He thinks the butchering business agrees with him.

THE Howe school house has a new sign. A cutter astride the ridge-pole. Evidently the mischievous boys of the county do not all live in Buchanan.

STRANGE as it may seem, after all the pleasant weather we have had, a large number of farmers have a good share of their corn crop yet to husk.

ABOUT four feet of snow fell in this place Tuesday night, judging from the noise, but the trouble was it was all melted before it left the clouds.

BERRIEN, Kent and Wayne counties have the most papers of any in the State. In the first two there are fifteen each, and in Wayne there are thirty-six, but in the proportion of the population, Berrien county stamps the world.

HAVE you seen the man who has not predicted that we were going to have a winter this time? They all have it right, too.

OUR Hill's Corners correspondence came just two days too late last week. All communications should reach us as early as Wednesday forenoon to insure publication.

REPORT says that a noted breach of promise case from South Bend is to be tried in Niles in a short time. There is said to be considerable sport connected with the case.

THE scroll saw mania is catching nearly all of the young folks, of both sexes in this place, and the bracket and fancy work business is made to rush.

MASTER HARRY WEAVER has been trying his hand at painting scenery for H. H. Kinyon's hall, and he makes a very acceptable job of it for a first attempt.

HEAVY thunder and lightning Tuesday morning; also a nice rain storm; something very unusual this winter, occurring not often than once a day thus far.

THE way sugar has risen in price the past few weeks is enough to make a sour man think of home. The quality that sold for nine cents now brings eleven.

PRINT paper that two months ago could be bought for six cents now costs nine, a rise of fifty per cent. This is what makes it interesting for newspaper men, who must sell at the old price or not at all.

ALL three of the furniture factories in this place have been so driven with work, the past two or three weeks, that they have been obliged to run late in the evening every night.

IT is reported here that one man in Berrien Springs offers to give \$1,500 and right of way through his large farm, and grade one mile, toward securing the narrow-gauge railroad. That looks like business.

DEMORE'S Ladies Magazine and the Record for 1880 will be furnished at this office for \$3.75. Besides this, each subscriber to each paper may have a choice of twenty presents worth one dollar each.

THE Buchanan greenback club meets regularly, and the members swear they can out-lick any corpse in existence. —*Marquette News.*

Just about, and none to brag of either.

FOR the abatement of the raging of diphtheria in Cassopolis, the Village Board have passed a resolution asking parents to keep all children under eighteen years of age away from all public gatherings for four weeks.

A SHAWL was brought to this office last Friday by one who found it on the road between this place and Berrien Springs. The owner may receive the same by calling at this office, and proving property.

Who will be the first to move in the matter of procuring those street lamps? The Common Council made a very fair offer, and we would be pleased to see the lamps put up.

SINCE the enactment of the new law regarding the first of illuminating, we are getting that that is but little better than worthless. We have to light a tallow dip to see a lighted lamp in the dark.

WE have just received the Michigan Almanac for 1880, containing the usual amount of valuable statistics. It has come to be a necessity as a book of reference. It is published by the Post and Tribune Company, Detroit, and mailed to any address for 15 cents.

OWING to the great increase in the business of the post-office and demand for boxes, Postmaster Alexander is obliged to add to his accommodations a new section of boxes on each side, which he is doing at this time.

COL. D. BACON and F. M. GREY went to Port Huron to secure aid of the Grand Trunk Railroad Company to build a road from Edwardsburg to Niles, with the idea of extending it on north to Benton Harbor via Berrien Centre.

SEVERAL persons in this place have just invested in a copy each of Adam's Synchrological Chart, a history of the world from the birth of Adam to 1879, in a chart form. One of the finest things for the study of history we have seen.

THE post master at this place has received notice from the Treasury Department to the effect that the department would exchange gold and silver coin for greenbacks when presented in sums of \$1,000 or more, and pay the transportation both ways to any part of the country.

TWELVE steam engines are employed in this place in the different manufacturing establishments, where but seven were employed four years ago. We learn that one more is to be added to this number next spring by Rough & Pears to furnish power for running their grist mill.

A competitive examination of applicants from the 4th District, for admission to West Point, will take place at Paw Paw, Van Buren Co., on Thursday, the 15th day of January next. Mr. J. Andrews, Hon. Chandler Richards and Prof. of High Schools, Paw Paw, committee.

THE ARCADE has taken possession of the "Fancier" building, on Front street, and is filling it with a large stock of clothing. The announcement is on this page in large letters, and plainer than any explanation of ours can make it. Read and be enlightened.

ONE of the Studebaker Brothers has placed a fine monument at the grave of the mother of Abraham Lincoln, and it is expected that the wagon business will reap the benefit of at least one hundred thousand dollars worth of free advertising in consequence.

THE Michigan Central Railroad Company contemplate building a new iron bridge across the St. Joseph river, at Niles, alongside of the one now in use there, and replace the old one by a new, this giving them facilities for a double track across the river, and obviate the necessity of stopping all trains on this side of the river.

ANOTHER libel suit against a Michigan newspaper man has had the bottom kicked out of it. It is the case of Sullings vs. Shakespeare, of the Kalamazoo Gazette. It has hung fire for a long time, but yesterday they picked the flint a little and the old thing exploded. Verdict, "No cause for action." —*Evening News.*

LOST SHEEP.—In August last a flock of twenty-six sheep strayed away from the farm of Mr. J. Lawer, in Oronoko township, and have not since been heard from. Any person knowing of their whereabouts will be suitably rewarded, if he will give such information to the owner who may be addressed at Berrien Springs. 44w2

AT a meeting of the Township Board, last Saturday, the claim of John Hanover, for damage done to his threshing machine by breaking through a bridge on the town line road between this and Weasaw townships, was allowed at \$39.95. The road was laid out in 1849 and divided so as to give that portion to Weasaw, but for over twenty years Buchanan township has had charge of the road and kept it in repair, building this bridge.

DR. J. HOLLAWAY and wife, Chas. F. Howe and wife, W. J. Jones and wife, J. H. Feather and John Convis, went Monday morning to Lansing to attend the seventh annual session of the State Grange, to be held in Representative hall, commencing on Tuesday, the 9th inst., and continuing for four days.

A LADY at Niles recently lent a valuable mourning veil to another lady whose child died of scarlet fever, and upon its return quietly put the package in the store. This should serve as a useful hint and check to the widespread custom of borrowing mourning goods, especially in cases of contagious diseases. —*Evening News.*

THE Michigan Central Railroad Company contemplate building a new iron bridge across the St. Joseph river, at Niles, alongside of the one now in use there, and replace the old one by a new, this giving them facilities for a double track across the river, and obviate the necessity of stopping all trains on this side of the river.

ANOTHER libel suit against a Michigan newspaper man has had the bottom kicked out of it. It is the case of Sullings vs. Shakespeare, of the Kalamazoo Gazette. The road was laid out in 1849 and divided so as to give that portion to Weasaw, but for over twenty years Buchanan township has had charge of the road and kept it in repair, building this bridge.

DR. J. HOLLAWAY, of Kansas, late Government Physician to the Cheyenne and Arapahoe tribes in Indian Territory, will deliver a lecture on the "Wild Indians of the Plains," in Kinyon's hall, on Monday evening next. The doctor has a large collection of Indian curiosities that he will exhibit, besides coming with a lecture highly recommended. We shall be interested in hearing the doctor's account of our American neighbors.

REV. C. C. TATE, late of Fort Wayne, Ind., has accepted the rectorship of Trinity church at Niles, and will assume the duties thereof. The ladies of that church have leased rooms for the winter on Main street, where they will hold a fair every Thursday and during the holidays. Rev. Mr. McManis, late of that church, has not gone to France, but is in Cincinnati superintending the publication of his "History of the church in Niles." —*News.*

FARMERS, ATTENTION.—There will be a meeting of the farmers of Berrien county at Buchanan, Dec. 16, 1879, at one o'clock p. m., to make arrangements for the holding of a Farmers' Institute at that place the 26th and 27th of January, 1880. Let there be a large attendance at this meeting, that we may do our part toward making this Institute a success.

BY ORDER OF CORRESPONDENT FOR BERRIEN COUNTY.  
County papers please copy.

THE three Fox Brothers, of Howard, Cass county, who have been in Leland for twelve months, arrived in Niles on Thursday evening last, on their way home. They have been engaged in mining, and have been very successful. They sold, just before leaving, a half interest which they had in one mine for \$45,000 cash. They still own other claims there which promise a rich yield. They will return to Leland in the spring and develop these other claims. —*Niles Democrat.*

EVIDENTLY the woman's right question is agitating the Niles Democrat's mind. Last week of putting it Mr. and Mrs. John So-and-so, he says Mr. and Mrs. John So-and-so. —*Berrien Springs Journal.*

THE So-and-so is evidently a new family to the city of Niles, and the Doctor hasn't yet found out whether Julia or John wears the breeches. See?

THE farmers are requested to keep a careful memorandum of amounts of different kind of crops and stock raised by them during the year, for the aid of the Supervisor of the census who will be around early in the spring for collection of such statistics. A little trouble on the part of the farmers will expedite the work of taking the census to a great extent, and render the work more valuable when done by being nearer perfect. Let every one attend to it.

NILES, Mich., Dec. 8.—E. Morris, of Kilbourne City, Wis., who has been here for several weeks looking after a landed interest, was found dead in his bed at the Bond House this afternoon. He was taken sick this morning, and was well cared for. He evidently died in a congestive chill.

SOME boys in this place have been rather overstepping their bounds by interfering with Dr. Seely's property. They will get themselves into serious trouble some of these fine nights before they are aware of it. There is a heavy penalty imposed in this State for maliciously destroying or injuring any one's property. The law says it is a misdemeanor that calls for sixty days in jail or \$100 fine.

THE case of Mary B. Pratt vs. Horace B. Pratt, et al., appealed from the chancery courts in this county, has just been affirmed by the supreme court. The case was one in which parents deeded their property to a son, and took in return an agreement that he should give them a good and sufficient support the remainder of their natural lives. Every thing passed pleasantly until the father died, and the son married, when the mother left home and still demanded the support wherever she may be. The court held that by the terms of the contract she must remain at the home of her son in order to receive the support.

IF nothing happens to check the present fair prospect, there will be a narrow-gauge railroad built from South Bend to Berrien Springs within six months. This will constitute the first section of a road to be built from the Indiana State line to the mouth of the St. Joseph river. The articles of association have been made up and filed, and the requisite amount of stock already taken to insure the complete and early success of this new enterprise. The men who have taken hold of this new enterprise lay no stress on wind-work, but build boldly on the bed-rock of a solid capital. When the road is completed to Berrien Springs an opportunity will be given to Benton Harbor and St. Joseph, to show their faith in their works and not by their wind. —*Benton Harbor Times.*

WE can but hope the above is true, but we have thus far been unable to learn where all that stock has been subscribed.

EXTRA copies of the RECORD may always be found at the news depot in the post office room.

The best 2 for a nickel Cigar in town you will find at BARMORE BROS.

Oh! Oh! Oh! That is about those Silk Handkerchiefs at HIGHS'.
