BERRIEN SPRINGS is clamoring for a new town hall.

The daily term of daylight is perceptibly lengthening.

Good dry stove wood is in good demand in this place this winter.

A new advertisement for S. P. &amp; C. C. High on the first page this week.

A Marcellus man has just invented a new mailing machine for newspapers.

No man is allowed to live in peace on Front street unless he keeps a dog.

There are several young men in this place who contemplate attending the State Agricultural College at Lansing, next year.

The very open winter is having the effect to raise the price of lumber to a good extent.

This is a rather tough winter on the man who sells overcoats and heavy clothing for a living.

Hillsdale county talks of having a \$16,000 jail built. Just what they have needed these ten years.

Dandelions in blossom, is the report from this place now. Did you ever hear the like in January?

Boys, get out your rifles, a Chicago glove factory offers \$3.50 each for dog pelts. "There's millions in it."

The Rough Brothers have commenced work on their new building by way of hauling stone for the foundation.

Mr. Leonard and Will Eastman, of Kewanee, Ill., have been stopping in this place, the past few days, for a visit.

WELL! How many have ordered street lamps to be placed in front of their residences or in the immediate neighborhoods?

A special invitation is extended to the ladies to attend the Farmers' Institute in Rough's Hall next Tuesday and Wednesday.

The two cases against Ritzler, the Galien saloonist, mentioned a few weeks since, were withdrawn by complainant. Repeated.

Mr. GEORGE ROBINSON, of Benton county, Iowa, an old resident of this place, is here on a visit with his mother, Mrs. J. Buckles.

FOR SALE.—A house and lot pleasantly located on Portage street, can be bought very cheap for cash. Inquire at this office.

RAT skins are coming fashionable in Paris. Buchanan could furnish fashionable fur of that sort for a good-sized nation, and not half try.

EDWARD BACON, of Niles, has been employed by the Board of Supervisors to prosecute the Banbury case in the Supreme Court.

THAT wonderful headless rooster was on exhibition at Jones' barber shop, in this place, last Friday. The proprietor gathered in a few ten cent pieces at the expense of the rooster.

BILLY DICK spent a few days past with his people in this place. We are glad to learn that the firm of Lyon &amp; Dick is doing a growing business at the "Big Village."

MR. SAMUEL WITTER, a brother of Mrs. E. J. Roe, of this place, was buried in South Bend last week. He was one of the oldest residents of that vicinity.

The meeting of Berrien County Teachers' Association, appointed to be held in Berrien Springs January 24, has been postponed until further notice.

An advertisement in the Chautauque, Kansas, journal announces the fact that Mr. B. E. Binns, formerly of this place, has just opened a grocery and provision store in Sedan, with the intention of doing a driving business.

CIRCUIT COURT will convene at Berrien Springs, for the trial of civil cases without jury, next Monday. There will be no jury trial until the next regular term.

A NEW Republican paper, christened The Tribune, has recently been started in Allegan. If the proprietors expect to run Don Henderson out of the business, they have guessed the wrong man.

We hear more complaint from rheumatism this winter than ever before. Nearly everybody seems to be troubled with it, and those who are at all subject to it have been laid up.

SNAIK.—Mr. John Redden brought to this office the rattles from a rattlesnake that he killed while plowing on his farm, south of Bakerstown, Monday. He says he plowed his snakes out of the ground, and that there were housed up with him two striped snakes. This kind of animals in January is not usual for this country.

THERE will be a social dance by the Buchanan Hose Company No. 1, in Kinyon's Hall to-morrow (Friday) evening. They should have a good company.

The following item from St. Joseph appears in the Post and Tribune of Saturday: "Capt. Henry Stines accidentally shot his little son to-day while out hunting. The wound is dangerous and may yet prove fatal."

THE case of Catherine Ashcraft vs. The Village of Buchanan, in the United States District Court, has gone over to the next term. The same of the case of The Village of Buchanan vs. B. M. Pennel, in the Circuit Court in this county.

MASTER HARRY Weaver went to Chicago Monday to receive instructions in scenic painting. He shows a decided taste for this art, and there is no reason why he should not make a success of it.

A good number of farmers in this vicinity have taken advantage of the exceedingly mild weather of this winter to do a good share of their spring plowing. Not a bad practice where the ground is not too wet.

THERE was a meeting of the directors of the Berrien County Co-operative Association in Grange Hall, Tuesday and Wednesday, for the purpose setting up the business of the firm for the year 1879.

THE price of stove wood has gone up, clear out of the reach of common people, since the bad roads commenced. One consolation is, we have pretty warm weather and but little is necessary.

A NEW street lamp was placed at Jones', corner of Front and Portage streets, Monday. It is the same pattern as that at the corner of Kinyon's block, and is for the use of kerosene. Let the good work go on.

A petition is being circulated in this place and signed by those who live in the neighborhood of the slaughter-house in the north-west part of town, asking to have that establishment removed. They don't like the delicate aroma that arises therefrom. They say it's too sweet too mention.

We learn there is a man who proposes to come here to start a saloon, if he can get a room, and wants the room under this office. He can have that room, when Schray &amp; Co. gets through with it, for \$50 per day on a contract for one year, payable in advance, and we will move out.

MARRIED.—Mr. Edward Beatie, of Niles Township, was married last Thursday evening, to Mrs. Nancy Rinker, at the residence of her mother, Mrs. M. Mansfield of this place, Rev. J. White officiating. "We all toast to Mr. Beatie's good health, to his family's good health, and may they all live long and prosper."

ARRANGEMENTS are being made to hold a Musical Convention, in which all of the singers of this county who wish to engage in such an entertainment will take part, in this place at the close of the present term of lessons by Prof. Johnson. More definite notice will be given in due time.

A NEW choir consisting of a double quartette has been selected from Prof. Johnson's class to furnish music for the evening services at the Presbyterian church. As they are all new beginners, this is a pretty good word for Mr. Johnson as a teacher of singing.

THE Niles papers are advertising a Doctor Wood, of Flint, who visited Niles a few times. This doctor did his studying of medicine in a carpenter shop, and is denounced in various parts of the State as a professional dead-beat. He tried to victimize the Record to the amount of about \$60, but it didn't work.

We learn that we were in error last week in stating that Mrs. Amos Evans had received \$3,000 from the Jacob Lear estate, and that thus far she has failed to receive any of it. The suit to break the will, tried in Goshen, was decided in favor of the will, but is not wholly settled, and will be taken to the Supreme Court.

LAST Thursday Mr. Geo. H. Rough had some men and teams at work in the cellar of his old house, when the brick wall of the cellar, about seven feet high and twenty-five feet long, fell into the cellar and came very near catching two of the men under it, but by some pretty lively climbing they managed to keep clear from it.

At the examination of candidates for the cadetship to West Point, held in Paw Paw last Thursday, Clarence A. Brown of St. Joseph was recommended by the committee, with Warren L. Simpson of Hartford for alternative choice. There were three applicants from this place.

List of Letters.  
Remaining in the Post Office at Buchanan, Wednesday, Jan. 21, 1880.  
Bailey, T. F. Ives, Mr. Amos  
Craig, G. E. Smith, Mrs. Mary J.  
Lambert, Miss Alice White, Miss Helen  
Marr, Miss Eva M.

This list is published free for the information of the readers of the Record, therefore there is no charge for delivery of letters, advertising herein. Persons will, however, in claiming any of the above, call for "advertised letters." L. P. ALLEN, P. M.

THE Buchanan Manufacturing Company have secured the basement of the old Advent printing building, and will use it as a finishing room. The second floor of the building is used by Spencer &amp; Barnes for the same purpose, and the upper story by J. F. Hahn.

THERE is a talk of getting up a petition at the next meeting of the Legislature to have Niles City set off as a county by itself. As a matter of economy, it would be a good idea, for it is notorious that Niles costs the county more than all the balance, with her Bimbury cases, illegal jurors, etc. *ad infinitum*. But to set them off by themselves and oblige them to bear all of the expense of their wrong doings would be a little mean in the rest of the county.

THE warm weather is starting the buds quite prominently, so that should we have some sharp cold weather before another winter it will make rather bad work with them.

HARVEY HASKINS was arrested last Friday on complaint of his wife's sister, Mrs. Voorhees, charged with assault with intent to commit rape. He was taken before Justice Dick and admitted to bail in \$500 to appear for trial next week.

SOLD AGAIN.—Mr. H. N. Mowrey has bought the Russell property, on corner of Lake and Third streets, now occupied by ye editor, which the same means that ye editor must "git out," and if any one knows of a \$10,000 house to be rented at about \$2.50 per month they will oblige by speaking.

AN interesting religious revival has been in progress at the Gifted school house, north of Avery's. Twenty-five conversions are reported thus far. Fourteen were admitted to the Three Oaks Baptist church last Sabbath by baptism, Rev. I. Wilkinson officiating.

A SPECIAL from Keeler, Van Buren county, states that on Monday last Mr. Orrin Hill, of that place, came home and found another man in bed with his wife. He shot both of them, killing her instantly and mortally wounding her paramour. Mr. Hill is well known in this vicinity, being a son of Mrs. Benj. Franklin and brother of Mrs. Leonard Weese of this place, and has the reputation of being a quiet, inoffensive man.

ANOTHER NEW FACTORY.—Mr. A. C. Day has purchased the right for this State for the manufacture of the "Boss" churn, and has erected a shop near Day's avenue, opposite Spencer &amp; Barnes' factory for their manufacture, on a large scale. This is one of the best churning in the market, and we see no reason why their manufacture may not be a profitable business if properly managed.

NEXT Tuesday and Wednesday will be grand days for Buchanan. The Farmers' Institute, to be held here, will draw people from all parts of the country, including Cass county, and we may expect as large a crowd as has been in Buchanan in several months. The committee on arrangements has left nothing undone that will make the Institute one of interest, and such as will induce all who are interested in agricultural pursuits to attend.

A card hanging in the front window of the room occupied by John Graham the past few days, announces the result of his former announcement. When he first opened the stock there he advertised "Kansas or Bust," and this card contains the sequel, "Bust by thunder; now for Kansas." He moved out such of his goods as were left and will turn his attention Westward.

LAST week the committee for the location of the State Asylum for the blind visited Niles for the purpose of examining the various locations our neighbor city had to offer. They were met by a local committee appointed for the purpose, and shown about the city, but judging from the ratings on the subject, in the Mirror, we judge the editor was not invited to ride around with them. It was a huge joke on him.

THE entertainment in Kinyon's hall last evening, by Mrs. Mina G. Slayton and Miss Ella Marsh, of Chicago, was well attended, the hall being filled, and all appeared satisfied that they had received the worth of their money. The thanks of the community are due Mr. Kinyon for the introduction in this place of a different class of entertainments than usually come here. The change is a healthy one, and that will be appreciated by those who visit entertainments.

A NEW ENTERPRISE.—Montgomery &amp; Eaton of this place have commenced the manufacture for the wholesale trade, imitation of English walnut veneered panels for bedsteads or other furniture. Their panels are an excellent imitation of walnut burl, and cost less than the raw veneering to say nothing of the work of laying it on. They purpose furnishing manufacturers with the panels already finished to place in the beds. This enters one more firm in the list of wholesale manufacturers in Buchanan, and we see no reason why this one should not grow to good healthy proportions.

A NEW catch in book advertising is to describe some valuable work, such as the Domestic Bible that retails at \$12, and is well worth that amount, and then end the advertisement by offering the Holy Bible for 75 cents. The advertisement is so arranged that the careless reader is led to think he is to receive the book described when he will get a cheap pocket edition. The only swindle there is about it, the purchaser thinks he is going to get many times the worth of his money and does not learn until he gets the book that there are other people in the world besides himself who are not fools. One man in this place, who should know better than to walk into such a cheap trap, has learned the lesson.

THE chap who exhibited the headless rooster in this place, last Friday, did not stay long after being asked to pay a license. The best advice we could give such fellows is that they be made to cut off the rest of the rooster's head and put it out of misery, or be prosecuted to the full extent of the law for cruelty to animals. Enough of the head is gone to take away the bill, eyes and a portion of the crest, leaving the brain uninjured. The proprietors of such shows cannot be treated too severely.

ONE of the most cowardly phrases of journalism is for the editor of a paper to place his condemnation of any person or corporation in form of a communication and sign it with some anonymous name. It shows that the editor has not the moral stamina to stand the blunt of fault-finders, but seeks to shoulder any blame that may occur on some correspondent that does not exist. There are two such editors in Berrien county.

**FARMERS' INSTITUTE.**

Following is the programme of exercises for the Farmers' Institute, to be held in Rough's hall next Tuesday and Wednesday, January 27 and 28. The subjects are those that are of importance to every farmer in the land, and have been placed in competent hands by the committee who had the arrangement of the programme in charge:

Closing Remarks and Resolutions.

LAST year the Supreme Court decided that a tax roll that was made out at less than the full cash value, was not a legal tax roll and null and void. The effect of this decision was to bring the supervisors of some seven or eight counties to their senses enough to make out their last spring assessments in accordance, but the rest of the supervisors of the State, this county included, seemed to think they knew more about the laws than did the Supreme Court, and kept right on violating it as usual, by making their lists at 40 per cent, or thereabouts. Now comes the after-clap. Each supervisor is required to testify that his roll is made out at the true cash value and in accordance with the law of the State; and now those who have made out 40 per cent. rolls are being prosecuted for perjury. It looks like a huge job to prosecute two-thirds of the supervisors of the State for perjury, but it has been commenced.

It is not because of any wish that Niles should not have the county seat, if that were the proper place for it, that the Record opposes the question of removal, as it now appears before the people, but that Niles is not the most convenient point for the county seat, nor the most accessible by railroad. New Buffalo is the place that will best accommodate all sections. Persons having but a few minutes business at the county seat could reach it from either this or the north part of the county by train, either in the morning or afternoon, and return at noon or in the evening, or if it be necessary to remain all day, one can go in the morning and return in the evening, while to reach Niles from this direction one can go at about noon or late in the evening and return in the middle of the afternoon or early in the morning; in either case making it necessary to remain in Niles over night, besides the trouble of delays to those who live on the line of the Lake Shore road. It is not left with the people to decide between these two places, but it is removal to Niles or no removal at all, and the only way to reach the question is to defeat it as it now appears, and then try again for New Buffalo. It may be argued that there are not ample hotel and other accommodations at New Buffalo; but this is no argument at all, for there will be no trouble but that they will come fast enough. So far as the interior townships are concerned there are none who wish to avail themselves of the railroad as a means of reaching the county seat, but that can reach New Buffalo with better facility than they can Niles; and so far as those who go with their teams are concerned, they may as well drive to Berrien Springs as to Niles. These are not only the conditions now but have been for several years and are likely to be for years to come.

No More White Butter.

No dairyman can afford to make and sell white butter. People who buy butter want it yellow, and are willing to pay several cents per pound more for it than they would for the lard looking stuff they often have to take. By using Wells, Richardson &amp; Co's Perfect Butter Color, every dairyman can have the golden color of June the year round. It is sold by druggists and merchants generally.

Physicians use Kidney-Wort in regular practice and pronounce its action perfect.
