Splendid weather for growing crops, but rather hot for comfort.

Fettit men along the lake shore are already looking about them in quest of berry pickers.

A first-class knitting machine, as good as new, can be bought at this office for \$15, cash.

An improvement association has been formed in Niles. Not a bad thing to have in this place.

Eld. J. M. Stevenson will preach in the Old Academy Church in this place next Sunday.

St. Joseph people complain because their cemetery is used as a cow-pasture. Good reason for complaint.

"California" hams form a part of St. Joseph merchandise. They have a row of teeth on the small end.

Hon. J. J. Van Riper has been invited to deliver the memorial address at Sturgis, next Sunday, May 30.

Mr. Osmond Howe was home last week for a vacation from his school at the State Agricultural college.

Our school board are receiving some very favorable applications for the position of principal of our schools.

A heavy rain storm wet things down most beautifully Tuesday. Some pretty sharp lightning accompanied it.

A foot race came off Saturday between Nix Osborn and Charlie Russell, resulting in a victory for Nix.

The wheat has been coming into market in this place the past ten days, with prices ranging from \$1.00 to \$1.06.

A third edition of the Life of Zachariah Chandler is to be printed by the Post and Tribune to meet the demand.

Toy balloons are not safe things to take too near the fire. They are filled with inflammable gas and will explode.

The Herald, of Flint, started by the proprietor of the defunct Daily News of Dowagiac has died at the age of fifty days.

H. F. Strong has been rebuilding the fence at the front of the Terriere lot. Making a new one out of the old, as it were.

Mr. H. E. Bradley has gone for a recreation trip to the West, intending to stop in Chicago and procure a supply of new material.

Mr. Columbus Dumbolton has moved his household goods to Buchanan, and will probably take up his residence here again.

Mr. Orin Woods returned from his Western trip Friday evening. He left Mr. and Mrs. Roe still Westward bound.

The clothing man who put it off

Lost money on his collars,

But he who advertised in time

Made \$30,000.

The business of the Michigan Central Company in South Bend has so increased as to require a new side-track there.

There was a rush of butter into market the past few days. The price is so low that shipping does not give a satisfactory profit.

The Dowagiac Republican is so crowded with advertisements that it comes now with a half-sheet supplement folded in it.

The attention of contractors is called to the advertisement of the St. Joseph Valley Railroad Company in this paper.

A rather ingenious advertisement of Williams & Wolverton, of South Bend, appears in this paper. Of course you can't help but see it.

Mr. William Cotton, one of the oldest settlers of this place died Monday, after a sickness of several days, at the age seventy-six years and one month.

SOLD.—Mr. George Churchill has sold his stock of hardware to S. A. Wood and George Samson. The new firm will be known as Messrs. Wood & Samson. Success to them.

Fridays and Saturdays are the days on which the railroads leading to Diamond Lake propose to sell tickets to that place and return for half fare.

Mr. A. J. Carothers is procuring his supply of ice from Chicago at a little less than half what the Niles ice dealers charge for it.

Messrs. Beistle & Evans will place in Oak Ridge cemetery, next week, one of the finest monuments in the cemetery, for the graves of Joseph and Anna Stephens.

A grand race between Jap. Murphy's pony and Frank Barr is on taps for to-morrow. The pony gives Barr ten feet the start on 100 yards with a standing start.

The Buchanan band now occupy the old school house for a room to practice in, but expect to move into Thon Hamilton's new building as soon as it is finished up.

Foot racing is getting fashionable among the large-sized boys in this place. The average is about one race a day. Stakes, 25 cents a side.

Investive genius is beginning to crop out in St. Joseph. One citizen of that place has gotten up a new store, and another an improved knitting machine.

Messrs. Black & Stray are getting out some neat circulars advertising their manufactured goods. They have every facility for making fine goods and at reasonable prices.

This Buchanan shows no symptoms of having any great and only conglomerate shows this year, and it is heartily to be hoped that the favorable symptoms will continue.

Mrs. Howland's house and lot in Wilson's addition to the village of Dayton is being considerably slicked with a new coat of paint and other repairs.

The work of making out the road warrants for the several path-masters occupied the attention of the Township Clerk, Highway Commissioner, and Supervisor, Saturday.

There still appears to be considerable doubt as to whether St. Joseph is to get the Lawton Blast furnace or not. \$10,000 looks like a good-sized pile to give away.

The three days of rain last week made the ground too wet to work, and thus hinder a large number in the west part of the county who have not yet finished their corn-planting.

The last copy of the Chautauqua, Kansas, Journal, contains an account of a very pleasant excursion to the Osage country by a company of Buchanan people now living and visiting there.

The Evening News describes the Rough Bros' new building as five stories high and 126 feet long by 70 feet wide. If they go above three stories, it will be past their own present expectations.

Mr. Enos Holmes lost a fine steer, last Friday, from bloating caused by eating fresh clover. An abundance of salt given just before turning into clover, and after a few hours of fasting is recommended as a preventative for such accidents.

We hear considerable complaint of injuries being done by current worms in this place and vicinity. If any one knows the very best thing to do for them, the columns of the Record are open for the expression of their views.

The Ada Grange troupe did not meet with very encouraging success with their two entertainments, Saturday and Monday evenings. Fifty cent in-door shows must be pretty good to draw much of a crowd in this town.

The cut-worms are making considerable trouble among garden plants. Mr. N. Johnson's remedy is to plant an onion near the plant you wish to protect, for he says no cut-worm will go nearer than ten inches to an onion. The plan may be worth a trial.

The apportionment of the primary school fund for this school district amounts to \$270.72, there being, according to the school census, 576 children of school age. The share of the library fund for this district amounts to \$41.74.

NOTICE.—All persons interested in the

Portage Prairie cemetery, near the

Dunkard Church, are requested to

meet at said cemetery on Thursday,

June 3, 1880. S. SCOTT, Secretary.

The St. Joseph Valley Railroad Company have advertised for sealed bids

for contract to build the railroad

between this place and Berrien Springs.

Bids to be opened and contract awarded

June 10. Specifications to be ready

June 1.

The house of Pat Yore and that of

Israel Woodley, of Benton Harbor,

were both struck by lightning last

Thursday. The former was completely

destroyed. The other was but

slightly damaged, but a little girl of

seven years was quite severely injured.

Byron Welch and two others had a

small runaway in Dayton Sunday

evening. They were driving along the

road next to the railroad, when their

horse became frightened at a passing

train and by a short, quick turn, upset

the buggy and leaped the fence. No

one was hurt excepting the buggy.

We learn that it is the intention of

Dr. A. X. Van Riper to leave this place

in a short time, taking up his residence

in New Carlisle. Dr. Baker will then

occupy his present office rooms. We

rather dislike to have the doctor leave

us.

The opinion formed by hearing a

few pertinent remarks by Mr. O. E.

Woods, is that he does not think

Kansas quite as good a place as this

part of Michigan, and in fact almost

no place at all in such a comparison.

Well, it is pretty hard to beat Berrien

county as a place for the habitation of

man.

The State Sunday-school association

will meet in Lansing on June 8, 9, and

10. All Sunday-schools are invited to

send delegates to the convention.

Delegates for Berrien county will

please send their names at once to the

county secretary, E. K. Warren, Three

Oaks, Michigan, in order to secure

railroad certificates at reduced rates.

BIRTHDAY.—Mr. Samuel French of

this place celebrated his sixty-second

birthday, May 15, by a pleasant social

gathering of the members of his family,

there being about thirty of the

brothers, sisters, children and grand-

children present. Mr. French is one

of a family of eleven now living, the

oldest of whom is over seventy years of

age.

It now transpires that C. E. Reeves,

of the Benton Harbor Palladium, is a

candidate for Register of Deeds. Quite

moderate in their demands, are the

Republicans of the northern part of the

county this year. They have two candi-

dates for Register of Deeds, two for

Sheriff, and one for Judge of Probate,

County Clerk, Prosecuting Attorney,

Circuit Court Commissioner, and others

to be heard from.

RECOVERED.—Dr. A. B. Spinney,

whose advertisement will be found in

this issue, we are happy to say has

fully recovered from his recent illness,

and will be in Buchanan, at the Dun-

bar House, on Tuesday and Wednes-

day, June 15 and 16, to see his patients.

To correct an error that has been cur-

rent, we state that his disease was

acute cerebral meningitis.

in this place as conductor on the M. C.
