

Berrien Co. Record.

THURSDAY, JUNE 24, 1880.

Entered at the Post-Office, at Buchanan, Mich., as Second-Class Matter.

SUBSCRIBERS' RECEIPTS.

We wish all our subscribers to be particular to notice the date against their names upon their papers, and see that the accounts are right. We always give receipts for payments made on subscription and this slip should correspond with the last date in your receipt, and denote the time to which the account has paid. If there is any mistake which will be notified at once. Never wait more than two weeks for the date to be changed after payment is made.

G. W. NOBLE.

NILES has no cornet band.

COURT in session at Berrien this week.

HARVEST will be in full blast before this month is out.

It is Merve Alvord who is disappointed this time. It is a girl.

The longest spell of day-light for this year was on Monday.

Mrs. N. FRAME went Tuesday for a frolic with her relatives in Iowa.

A HACK line has been established between Niles city and Barron lake.

MR. JAMES INGALLS has lost a two-year-old mare. See advertisement.

THE RECORD extends thanks Mrs. J. D. Ross for a mess of fine ripe cherries.

PERKINS MORRIS, an old and well-known citizen of Niles, died last Friday.

THERE has been a small army of railroad contractors in Buchanan the past week.

THE St. Joseph papers announced harvest as begun in that vicinity last week.

MR. N. JOHNSON will close his school in Dayton to-morrow, after a term of seven months.

It is an eight-pound girl that makes happy with her music the home of Mr. and Mrs. Frank Mead.

A six-months-old daughter of Mr. and Mrs. R. Morgan died Tuesday evening of whooping cough.

THE most talked of blast furnace at St. Joseph is liable to be a failure after all of the wind-making about it.

WILL. HARMAN, of Berrien Spring, came to this place Tuesday with the St. Joseph Valley Railroad Company.

SOLD.—Mr. J. H. Roe has sold his news stand stock at the post-office to George Hall, possession being given Monday.

A good number of years have passed since Berrien county has had so small a calendar of court cases as the present term.

FRANK LONDON has been appointed Principal of the Niles schools in place of Prof. Gass who held that position last year.

MR. JACOB WEAVER has an apple-tree, on his place in this township, that measures fifty-five feet across the top through the limbs.

A new stone gutter is to be laid along the north side of the street leading south-east from Dr. Woodbridge's office. A good improvement.

ACCIDENT.—Master Joseph Kidwell, a lad of five years, had three of his fingers cut off while playing about a feed-cutter last Sunday.

Did you keep your eye on the northeast corner of this page? There is something of interest there this week that will keep you busy awhile.

MR. GEORGE THOMPSON presented yesterday with a mess of new potatoes that were a little larger than large-sized hen's eggs. Thanks.

ST. JOSEPH and vicinity are making calculation on a large crop of fine peaches this year, the effect of the yellows having practically passed away.

REPUBLICANS don't forget the meeting to be held in Hamilton's new hall on Saturday evening for the purpose of forming a Garfield and Arthur club.

THE Republicans of Niles held a grand ratification meeting last evening. The meeting was addressed by Hon. J. C. Burrows, and a Garfield club formed.

MR. AL. HUNT was married by Eld George Wright, at his residence, last Thursday evening, to Miss Kate DeArmond. May good fortune be theirs, is the RECORD's wish.

By carting their goods across the country a few weeks, the Dowagiacs have succeeded in securing a reduction in freight rates over the Michigan Central that is satisfactory to them.

THREE children have been drowned in the river at South Bend within the past month. The last was a ten-year-old son of Mr. George Pileger, the post-master in that place.

Bangor has been selected as the place for the celebration of Emancipation day by the colored people of Cass and Van Buren counties to take place August 3.

YOUNG men, come to Hamilton's hall Saturday night and join the Garfield club. Let your first vote say that this is a NATION, and not a confederacy.

THE Michigan Red Ribbon Convention commenced at Jackson yesterday. Mr. A. J. Eychamer is in attendance from this place.

THERE was a lawn social Tuesday evening at the residence of S. W. Redded, for the benefit of the Presbyterian church.

MR. AND MRS. WINFIELD WILSON, and family, of Avery's, started for California last Thursday. Mr. Wilson intends to make the golden state his future home.

PLEASE remember that harvesting was commenced in this vicinity June 21 this year. Four days earlier than was known by the oldest inhabitant before.

SOLD.—Mr. Wm. Paxton has sold the south eleven rods of his lot, on corner of Front and Lake streets, to Mr. Daniel Weston, the druggist, for eleven hundred dollars.

A brick side-walk is being built on the west side of Main street, from Second to Third streets. More of the same kind of improvement would not be out of place.

MR. JACOB MILLER has one swarm of bees that gave off a young swarm last Thursday, another Saturday and still another Monday. This looks like prolific work.

MORRIS LYON, on the Stephens place in Niles township, had the misfortune to lose a horse on Friday last. It appeared well in the morning, was taken sick and died before night.

THE Common Council will hold its regular meeting for June to-morrow evening. If you have any bills against the village that you want to apply on your taxes, then is the time to present your statement.

THE C. & W. M. Railroad ran an excursion train from St. Joseph to Holland, Grand Rapids, Flint, Fruitport and Muskegon yesterday, in which one dollar paid the bill for the round trip.

THE Michigan Central Company have made arrangements to sell tickets between all stations on their road or any of its branches at one fare for the round trip. Tickets to be sold July 3, 4, or 5, good to return not later than July 6.

MR. GEORGE G. ROTCH bought the new cord binder that Than. Hamilton has had on exhibition at his ware rooms the past few weeks, and has it at work in his wheat to-day. This is the only one Mr. Hamilton has been able to secure, as the company could not fill the orders.

THE Michigan Central Company sells tickets to Diamond lake and return for half fare. The tickets are not good for the return trip unless it bears the stamp of the agent at Forest Hill. Persons wishing to visit the lake can secure this reduction at any time.

THE census-taker says he can stand it very well to have one dog come at him with a full display of dentist work, but when three of them tree him up a hitching-post, as they did last Friday, is when he longs for a full artillery regiment.

THERE is strong talk of the Buchanan Manufacturing Company adding to their present capacity for manufacturing furniture. They are now unable to fill their orders as fast as they receive them, although they run night and day.

FRED. MOON was in town Saturday putting up some fine double-sheet posters announcing the grand election that is to take place at Diamond Lake July 3. A special train will be run from this place and half-fare rates charged.

As will be seen by reference to the new time card of the Michigan Central railroad, a new train has been added on the road, leaving Detroit at 4 a. m. and passing this place at 11:29 a. m., making regular stops at all stations.

MR. JOHN E. BARNES, of the firm of Spencer & Barnes, had the end of the second finger of his right hand cut off on their planing machine Saturday last. It was a close call for the whole hand, and he considers himself very fortunate on his escape.

THE tax-payers of this village will please remember that next Saturday is the last day for the Marshal to be at the post-office to receive taxes at one per cent. for collection. After that time the fee will be four per cent.

A company of twenty-two or more in this place are making preparations for going to Diamond lake, about July 6, for a two or three week's trial of camp-life, spending a greater part of their sojourn in having a good time.

A MR. CARSKADDEN is in this place looking after the interest of the Chicago Times. He appears well pleased with our town, and it is not at all certain but that he may have some remarks to make regarding the industries pursued here.

MR. NORMAN NILES, of Berrien township, celebrated his fifty-fourth birthday, Sunday, by treating a goodly number of friends to a rich dinner and a social chat. They left with him, however, a few quite fine presents. There was a fine watch and chain presented by his wife.

THERE was a meeting of the directors of the St. Joseph Valley Railroad in this place, Tuesday, according to advertisement. At this meeting eight bids for the contract were taken under consideration, but as telegrams were received from two other contractors stating that it would be impossible for them to get here until Wednesday, the meeting was adjourned to this afternoon, and is in session as we go to press. A decision will probably be made and the contract let before the meeting adjourns.

REPUBLICANS, a meeting will be held at Hamilton's new hall on Saturday evening for the purpose of forming a campaign Garfield and Arthur club. Let every Republican be present. Good music and speaking.

MR. N. WILSON reports having found a turtle on his place that has plainly cut in its shell the name of Wm. Mowrey, 1863, showing that his turtle-shap has been a resident of that farm for at least seventeen years.

OUR authority for the following is the Niles Republican:

"Wm. E. Platt has a cow that gave birth to a calf one day last week which had no eyes. The calf is well formed and of good size, but has not the semblance of an eye, or nothing about its face that indicates where the eye should be."

THE Michigan Central company now bills all freight to Dowagiac at the same rates as to Cassopolis, where there is a competing line. We learn the same is true regarding Niles, which means a decided shock in the raising of funds for a cross road at that point if it does not entirely stop it.

THERE appears another change in the Michigan Central time card in this issue of the RECORD. By the present arrangements there are seven passenger trains making regular daily stops at this place.

MR. JOHN MORRIS is making some decided improvements in the restaurant business in this place. He is building a kitchen on the rear of the building now occupied by him, enlarging the dining room and arranging a side entrance for the better accommodation of ladies besides other rearrangements of the building. He goes at it as if he meant business.

SOME items from the profile of the St. Joseph Valley Railroad are of interest: The track of the Michigan Central is the highest point in the whole line. The bottom of McCoy's creek is 80 feet lower than the top of the M. C. R. R. and on the level with the surface at the pound in Berrien Springs. The highest point between the creek and river is about midway of Horace Black's farm, which is 31 feet lower than the M. C. road. The steepest grade will be eighty feet to the mile. Almost one-third of the distance is a perfect level line.

WE note the following items of improvements at Hill's Corners and vicinity: A new hall for the Odd Fellows' Lodge, that is about ready for the plaster. An addition to Dr. Sober's house. A new store for W. J. Hanover, which will be well filled with goods August 1, 1880. A fine new fence around the residence of D. S. Stephens and a brand new separator with which the Hanover Brothers propose to make the wheat fly as soon as it is ready for them.

A rather uncomfortable complaint comes from the western part of this township, Bertrand, Wesaw and Gallien townships. It is to the effect that the wheat and grass in that vicinity is dropping to the ground, caused by the stalks apparently rotting off just above the ground, and of course this completely destroys the crop. No one appears to be able to account for this new affliction, excepting that it is caused by the exceeding wet weather of the last month.

DIEN.—A young Frenchman known here as David Mason, and a painter by trade, died Sunday evening at Mary Arthur's boarding house. He was born in Montreal, which place he left about ten years ago, and has since neither heard from nor communicated with his people, who were then living there, a respectable family in good circumstances. His French name is Oved Besney, and his age thirty-four years.

THE annual camp meeting of the M. E. Church in the Niles district will be held on their beautiful grounds at Crystal Springs, near Pokagon, commencing on Tuesday, Aug. 10, and continue ten days. A new boarding hall, 22,000 feet and two stories high, is to be erected for the better accommodation of those who are in attendance. The first story to be occupied as a dining room, and the second story to be arranged into sleeping apartments. Several other improvements will be made on and around the grounds which will add to the attractions of this pleasant and popular camp ground.

THE announcement that the Marshal would be required to shoot all dogs found on the street without muzzle had some strange effects. Quite a number went fourth and procured good wire muzzles for their pets, some simply buckled a strap on, as if they thought it made no difference which end of the dog it was on, so long as he wore a muzzle, while still others declined on their dignity and said they'd be — if they were going to muzzle their dog, and let any Marshal shoot him if he dared. Well, so far we hear of none that have been shot, although about half of those on the street are muzzled. The ultimate effect of the special order is awaited with curiosity.

BADLY BITTEN.—A little girl of Mrs. John Mitchell was badly bitten about the face by their favorite dog this morning, just before starting to town. Mrs. Mitchell says she has never known the dog to show any symptoms of being cross, and seems to have no fear of serious results from the bite. The little girl's face has several ugly wounds about different parts of it and is badly swollen. Those who have been in the habit of making light of the action of our Village Board toward suppressing this dog nuisance, may well make a note of this case. It may not be out of place for the Marshal to jot down a few items in his note book for future reference.

AMOS CARPENTER deserves the premium. Anticipating the visit of the census enumerator, Amos prepared answers for the questions on both the farm and population schedules, all in proper order and neatly written on paper, thereby detaining the enumerator, Mr. Himes, but a few moments. We might add that this is the only case in the township where the matter has received so much attention.

NEARLY A CROPPY.—Saturday forenoon Matt. Dalrymple met with a rather peculiar and painful accident. He was at work with his bull when the bull gave his head a sudden turn, striking Matt. beside the head, and tearing his left ear off close to the head, and tearing the scalp loose about two inches back from the ear. Drs. Slocum and Berick dressed the wound and are trying to coax the ear to grow on again.

If the Times is to be taken as a gauge of the feelings of the Benton Harbor people, they do not want the narrow gauge railroad to come to their town nor would they have it under any circumstances. For instance, note the following from that paper of June 18:

"The Narrow Gauge folks still keep promising that the road will be built from Buchanan to Berrien Springs. These repeated promises by the 'officials' rather indicates a lack of confidence in the project. Of course we would like to see the road built. It can be of no use unless extended to this place or St. Joseph. Even then, all the advantages a plug road like that would afford us would be a little easier access to the county seat; and if anyone thinks the northern part of the county is going to subscribe materially, to bring about that single advantage, their imaginations will be severely shocked when they try it on."

LOCALS.

FOR SALE AT A BARGAIN ON LONG TIME.—Lots 4, 5, 6, 8, 9, 10, Collins' addition to Buchanan, will be sold on small payment down, balance on time at low rate of interest. Inquire at this office.

STRANGE BUT TRUE.—Stephens Bros. have bought the Ingelright Bros' Meat Market, and we understand propose fixing up a neat market and guaranteed to keep choice meats of all kinds, and would solicit a share of the patronage of the people of Buchanan and vicinity. No trouble to sell goods.
