G. W. NOBLE.

Fair in Niles next week.

The entertainment season will soon open with vigor.

It is said wood that we hanker most for just now.

Mr. N. JOHNSON spoke at Painter school house Saturday evening, to a large audience.

Rev. Mr. McCOMB of Richmond, Mich., will preach at the Presbyterian church next Sunday.

Mr. JOHN SEARLES bought two fine Scotch pigs at the State fair last week. They are beauties.

SARAH DUMONT has bought J. W. Williams' Every Stable in Benton Harbor. So report goes.

PARAGRAPHS at the Christian church last Sunday by Elder Hindsall. Subject—"God's Promises."

The Niles Republican says there is a report that a straw paper mill is to be started in Buchanan.

MR. J. W. FANCHER has been engaged to teach the Dayton school six months, to begin next Monday.

MR. EDWIN R. HAVENS, the Republican candidate for Register of Deeds in this county, was in this place Tuesday.

The first of the season is beginning to show the results of the visits of Jack Frost by assuming the beautiful autumnal hues.

Wonder what has become of our Buchanan correspondent. It cannot be that he is dead, or we should have heard of it.

The work of gathering the apple crop is now occupying the attention of the farmers. There is a good crop in most orchards.

The speaker Saturday night, said that all of the aristocratic blood in the country flows in Democratic veins. He is probably knows.

COL. ROBERT INGERSOLL will speak for the Republicans, in South Bend this evening. Several will go from here to hear him.

The talk of a street railway in South Bend is assuming a definite form, or at least shape that the citizens talk of it as a certainty.

Mrs. C. BATES of Des Moines, Iowa, formerly a resident of this place, is visiting old friends in Buchanan and vicinity.

COUNTY FAIRS are making quite a specialty of bicycle races. That machine is bound to become a popular roadster in this country.

A new song entitled "Our Beautiful Home," words and music by J. J. Roe, will be sung by the author next Sunday in the Christian church.

MR. M. CATHERART has been providing his gallery with some new scenic backgrounds that add very materially to the quality of his work.

The examination of teachers for Buchanan township will be held in the high school room, in the village of Buchanan, on Saturday Oct. 9, 1880.

The new addition to Rough Bros' wagon works is gradually approaching completion, the brick-laying of the first story being about completed.

Mrs. M. A. HAZLETT, of Hudson, spoke to a large audience in Rough's Opera House, last Thursday evening, in the interest of the Republicans.

We received, this morning, a new font of type for brief work, and we invite the attention of lawyers to it. It is the best thing for that kind of work we have ever seen.

The Mirror should put an "i" in the name of its candidate for Judge of Probate. It makes but little difference, however, there is but little chance of his election any way.

MR. P. E. STUDEBAKER offers to give to the poor fund of South Bend \$500, if Indiana does not elect Porter, providing any one else will do the same if she does elect him.

We learn that we were mistaken about Miss Dutton clerking in a dry goods store. She is acting as trimmer in a new millinery store in Niles. Sorry she is not. We do not like to make such mistakes.

JOHN SEARLES and ENOS HOLMES each invested in a pair of fine blooded sheep when at the State fair last week. The Michigan farmers are taking greater pains with the quality of their stock than was done a few years ago.

HON. J. C. BURROWS,

Will speak upon the political issues of the day, in this county, as follows:

ST. JOSEPH, Oct. 13, evening.
BENTON HARBOR, Oct. 14, 2 p. m.
TIRRE OARS, Oct. 14, evening.
NILES, Oct. 19, evening.
BUCHANAN, Oct. 20, evening.

BENTON HARBOR, Oct. 20, 2 p. m.
BERRIEN SPRINGS, Oct. 20, evening

The personal estate of Hon. Henry Waldron, who recently died at Hillsdale is estimated at \$400,000 to \$500,000. Besides he held a large estate of real property.

LECTURE.—Mrs. Dr. A. Gould, of Chicago, is advertised for a free lecture, in Kinyon's hall, this evening on the subject: "Health and Common Sense." All are invited. Consultation free at the hotel.

Those of our young people who wish to join a dancing class during the coming winter, are informed in our advertising columns that a class will be started here, about November 1, by a lady from Milwaukee.

MR. M. A. PRICE has left with us a specimen of his early rose potatoes grown in the sand on the Troy ridge. One of them is seven inches long, eight inches in circumference and weighs one pound. Others were but little smaller.

MR. CHARLES WIGGIN, for some time in the employ of Spencer & Barnes, has been engaged to work on the yard engine of the C. & W. M. R. R. at New Buffalo and has gone there. This leaves a large vacancy in the Buchanan Cornet Band.

MR. B. D. HARPER has already got well along in the work of repairing his house of the damages done by the fire. He expects to build an addition on the west side of the house that makes the structure considerably better than before the scorch.

A New Carlisle Democrat writes up here, offering to bet \$50 that Copeland has a better personal character than Garfield. The only trouble with that fellow is he doesn't know Copeland, or anything else very well. His name is Klingler.

There are a number of dangerous holes in the sidewalks in this place that ought to be repaired. Saginaw will have to pay a lady a large sum for injuries received by stepping into a hole in the walk in that place.

New sown wheat is coming up finely in this vicinity, although we see reports from other parts of the State announcing that the seed is rotting in the ground, and being badly feasted upon by insects.

This season is coming when the able bodied young men will shoulder a shot-gun and start out, returning after an all day's tramp with a chipmunk, and perhaps a blackbird, if they have good luck.

A SPECIAL train will go from this place to South Bend this evening for the accommodations of those who want to hear Col. Ingersoll, leaving this place at 6 p. m. and returning at 12, midnight. Fare for the round trip will be 10 cts.

The Chicago Exposition is well filled this year, although the space is not yet all occupied, and new displays are now being added. The display of agricultural machinery is extraordinarily good, besides several new features have been added in other departments.

GEORGE KISSINGER met with an accident yesterday, which nearly proved fatal to him. He tried to board the afternoon express at the north end of railroad bridge, when the steps of the coach struck him, rolling him down the embankment, bruising him badly.—*Lake Shore News.*

A STRAW.—A vote was taken of the voters on the Kalamazoo Accommodation train yesterday morning, with the following result: Garfield, 34; Hancock, 30; Weaver, 5; Dow, 1; doubtful 1. Hancock was ahead in the smoking car. The ladies on the same train voted as follows: Garfield, 42; Hancock, 15; Weaver, 1.

THERE appears to be some complaint in regard to a few miners who are supposed to spend their time in the billiard hall over central market. Mr. Matchett wishes to state to those who do not want their sons to play, that if they will have the kindness to notify him, their boys will not only be allowed to play, but will not be allowed in the room at all.

THE Roe family have very materially improved the appearance of their lot in Oak Ridge cemetery by placing a fine new iron fence around it. A stone border is also being placed about the Banns lot near the entrance. Several very beautiful monuments have been erected in the cemetery within the past few months.

IN the last number of the Deatur Republican we find an extended notice of the marriage of Mr. J. Wallace Nott, a druggist at Watertown, New York, to Miss Allie Ward, of Little Prairie, Rondel, Cass county. Miss Ward will be remembered by a number here as a former Preceptress in the High school in this place.

WORK on the grade of the St. Joseph Valley road is now being pushed forward at a more rapid rate than before. The farmers have finished their seedling and the difficulty of getting teams experienced before is not quite so bad. Over three miles of the grade is completed with the exceptions of a few places of a half dozen rods or less in a place. We learn that another invoice of 100 tons of iron is expected here next week.

LA FAYETTE BUCK sends us word

that it was a mistake about his having walked all of the way from Kansas. We got our information of a man who has lived a near neighbor to him and whom we thought above lying about such small matters as that. We are glad to learn if that is one of his tricks, and will know him next time.

A LETTER has been received at the Rough Bros' Wagon Works from Louisville, Kentucky, announcing the death, in that place recently, of Samuel F. V. Miller, and stating that he was formerly of this place, and asking for his relatives, if he has any. The letter may be seen at the wagon works' office. It is supposed that he has a sister living in the vicinity of Galien.

THANKS.—I wish to return my sincere thanks to my neighbors, and the citizens generally, for their valuable help on the occasion of the burning of my residence, and especially to the engine and hose companies for the heroic work of saving more than half of the building under such disadvantageous circumstances. R. D. HARPER.

Remaining in the Post Office at Buchanan Wednesday, Sept. 23, 1880.

Alison, H. C. MacDonald, Mr. E. L. Epley, Mrs. Peter Smith, H. Goldman, Allie Sides, Mrs. Barbara Morehouse, Mr. J. Scoring, B.

One letter in large envelope held for address, Albert W. Hess.

This list is published free for the information of the readers of the Record, therefore there is no charge for delivery of letters advertised herein. Persons will, however, in claiming any of the "above," call for "advertisers' letters." L. P. ALEXANDER, P. M.

WEESAW LODGE No. 340, I. O. O. F., of Hills Corners, dedicated their new hall last Friday evening. Mr. W. L. Himes conducted the ceremony. The Lodge now claims to have one of the finest halls in the county, paid for, and are having a jolly time, especially at such meetings as they had Friday evening.

A thrifty Democrat in this place offers to bet \$5 that he can name 30 States that Hancock will carry, and \$50 more that he can name seven other States, half of which will give their vote for Hancock. Anybody can do that on those terms. It would not require a very smart man to name seven Southern States that will vote for Hancock, if he were to make \$45 by the operation.

The Michigan Central Company advertises to sell tickets to Chicago from this place for \$1.75, on each Wednesday, up to October 20, tickets good to go on Kalamazoo Accommodation or local passenger and return on the Kalamazoo Accommodation only, up to the first Saturday following the sale of the ticket. Quite a number will avail themselves of this cheap rate to visit the city.

By some very peculiar arrangements it costs the St. Joseph Valley Railroad Company nearly \$100 per car load to get its iron from Danville, Pennsylvania, while at South Bend those who use iron by the car load get it there from Pittsburgh for about \$40 per car. It looks as if the Vanderbilt combination intended to make what they could out of the company while in their power. They may get rich at this game in the end. Perhaps not.

The speaker, Saturday evening, admonished his Democratic friends to be at work and never get scared because the past records of the party were brought up before them once in a while. "The records of the party were not the same now that they were twenty years ago." How does this compare with the utterances of the platform of the Cincinnati Convention, where it says that the principles of the Democratic party are unchangeable, and where it reaffirms the past history and traditions of the party?

The bill boards in this place were covered with glaring colored bills yesterday announcing that Fourpaugh's show was coming to Niles. We suppose of course that those who go will ponder in their minds, list whether they can afford to or not. Those who can least afford to are usually the ones who start first, and take a five or six dollar family, and leave unpaid grocer bills at home to suffer.

The people along the line of the proposed extension of the C. & W. M. R. R. to Benton Harbor are asked to donate \$100,000 and right of way in order to secure the road. They may do it. The people at the mouth of the river can get just as good freight accommodations at half the cost by putting this side of the river, that has always stood by them in every enterprise common to both.

THE NILES IRON BRIDGE COOPERED.—A few days since a couple of the prominent citizens of Niles came over here and offered to bet their iron bridge against the narrow gauge railroad, that they could beat Uncle Ross and J. W. Fancher at croquet. The bargain was made and hostilities commenced, but the game was in Buchanan's favor by a large majority. Mr. Ross proposes now to move that bridge down the river about five or six miles and give it the place of our old wooden one. Gentlemen from Niles should know their players and practice a little more before they bet such large change.

OUR marshal is doing an excellent job of grading and graveling the 35 rods of road, next north of the village corporation on the Berrien road. Cutting down the hill about three feet and raising the hollow an equal amount or more. But there is another job that he is not doing quite as well, and that is the village business pertaining to his office. So near as the Record is able to learn about \$800, of the village tax yet remains uncollected and he keeps getting extension of time for collection granted and makes no effort whatever to collect them. A good thing for any public officer to do is to attend to the duties of his office first, or if he cannot do that resign and let some one take the place who will attend to it. The people do not like to pay a salary of \$80 or more per month and then not receive what they pay for.

Big Rapids starts a telephone exchange with 35 subscribers.

[Berrien Springs Journal.]

The steamer May Graham will make trips to Buchanan as soon as the bridge is raised so that she can pass under. The contract for raising the bridge has been let to parties near Benton Harbor, and the work will be pushed forward as rapidly as possible. James Hewitt, who has been terribly afflicted with cancer in the face, died at the post house, Thursday morning, aged about 73 years.

[Niles Mirror.]

A very serious accident occurred to Miss Nellie Lansing, on Monday evening last, while taking a ride with Mr. Wm. Fuller in a single buggy. The horse took fright near the depot, at the crossing of a locomotive, turned square around on Fourth street, tipping the buggy over, and breaking the right limb of Miss Lansing just below the knee. The buggy is a total wreck. Fuller escaped without injury.
