Treasury officials estimate that \$20,000,000 of foreign gold has arrived in the United States since July 1.

It has been discovered that chairman Barnum's mule in Indiana had the glanders, a surely fatal disease.

It looks now as if the confederate control of the United States congress is about at an end. With a big E, which means forever.

"I am opposed to nigger domination."—W. S. Hancock, in his reply to C. S. Grant when questioned regarding the famous order No. 40.

The flag of our nation now floats from the dome of the new State capitol in Lansing, 265 feet from the ground.

They nominated Bill English because his money would help carry Indiana. Can't they find more men who have some money?

If both those states go for the Republicans, Garfield will be elected in November.—New York Sun.

Several Democratic papers last week appeared with flaming headlines glorifying over the Indiana election, 5,000 to 10,000 for Landers. They take their crow this week.

"I am a Democrat."—Jefferson Davis. "I am a Republican."—C. S. Grant. Whole columns could not describe the situation better.—Inter-Ocean.

National Bank notes pass at par with gold in every part of the country, and no one can lose by holding them if the bank does break. The Greenbacker says, "Down with them."

Solution to the 329 puzzle: Three years in the war; twice elected to the Ohio State Senate; twice elected to Congress.—W. J. Graphic.

It will be 3291 next month.

"Why should the Democratic party, which has been steadily wrong upon every great issue for 20 years, because it now confesses that it was wrong, be called to administer the government?"—Harper's Weekly.

While Democratic speakers and news papers are explaining how many soldiers of their party were in the union army, why don't they put in the claim that the whole rebel army was unanimously democratic.

Six rebel flags have been displayed in Democratic processions during this campaign. There, we forgot that we ought not mention any such things on account of the sectional feelings it engenders.

Hancock's letter announcing that he would veto all rebel claim bills, if elected, is very aptly answered by Bob Toombs. He says: "If Hancock is elected he will run things to suit the boys in the South or they will run the machine themselves." But, psah! What's the use of fooling with such things. He will never be elected, and that's the end of it.

Before his nomination Hancock wrote that he would never accept a nomination for the presidency on a platform that he could not sustain. In his letter of acceptance he unreservedly accepted the platform with the "Tariff for Revenue only" plank in it. His recent letter to Senator Randolph, denounces the Free Trade principles laid down by his party. He had discovered by the vote of October 12 that they were not popular and would not make him President.

The Democrats grow because the U. S. Marshall guarded the polls in Indiana, and their repeaters were intimidated from voting in accordance with the New York Democratic custom, "Early and often." What the election in that State would have amounted to had the confederates in Congress succeeded in their attempt to repeal the election laws, during the extra session, is made painfully apparent by this Democratic wall because the polls were protected.

Hurd is the wonderfully smart man who undertook by a bill in Congress to prevent all traffic from one part of this country through Canada to another. His constituents by their votes invite him to remain in the bosom of his family and meditate.

A railroad war has been going on between the roads leading west from Chicago, during the past ten days, that has resulted in cutting down the passenger fare to a considerable extent. The last we heard the fare from Chicago to St. Louis was 20 cts. or 40 cts. the round trip, with good symptoms of a further decrease.

Col. C. V. De Land, of the Saginaw Herald, has just been sued for \$20,000 damages for showing up the character of some of the parties who are slinging mud at Hon. R. G. Horr. Col. De Land is not a man to be scared in any such way, and proposes to sustain all he has said if they are fools enough to ever bring him into court.

The conference between the Democrats and Greenbackers in Detroit, did not end satisfactorily to the Democrats. The Greens refused to agree to vote for the Democratic presidential electors, notwithstanding the Democrats were willing to get down on their knees and eat any kind of dirt they might place before them. The G's thought they were not quite that green and propose to manage their own state campaign.

Voters, remember that the total losses of all kinds to the government, during the present administration, have amounted to only four-fifths of one million to each \$1,000 handed by the government, in both receipts and expenditures. Such a thing has never before been known in any country. Do you want to change this for a party whose losses and stealings have amounted to over \$14 for each \$1,000, or 17,300 times as great?

On Tuesday, Oct. 11, there was an election in Jersey City, a city that has always been counted upon as among the certain Democratic strongholds. This time, however, there was a grand revolution. The business men turned out to the polls and voted almost to a man for the Republican ticket, giving as their reason for doing so that they do not favor a "tariff for revenue only," as is demanded by the Democratic platform, but prefer protection to American industries and trades, whatever may become of European industries. This result, and that in Indiana and Ohio, call for immediate action, and Gen. Hancock comes to the rescue with another of his letters, this time denouncing all ideas of free trade that have heretofore been so industriously advocated by his party. This leaves the party in rather a bad predicament, they having said they were in favor of free trade, and now their head-light says they lie about it. The people will decide that neither is to be trusted, when it is so uncertain what they do advocate.

Last year the people of Indiana voted to adopt amendment to their state constitution making their state election come on the same day as the national election. Indiana, however, was a Democratic state and the influence of its vote in October was wanted by the Democratic managers, for the national election and accordingly the Democratic Supreme court decided that the amendment was not legally adopted, because a majority of all of the voters in the state had not voted for it. The influence did not turn to suit them and now they are quibbling about the legality of the election just held. It is yet uncertain whether another election will be held or not but if they are not satisfied with this result and another election is made necessary by this, the Republicans will count about 20,000 for their majority next time.

The Democratic leaders have set up an unearthy wall over the "corruption" used by the Republican managers to carry Indiana, and at once set themselves about informing the people what a "terrible calamity to our free institutions is the Democratic failure." One of the "terrible" effects of the Indiana and Ohio election is the advance of three to five per cent. in American securities of all kinds, in the advance in price of farm produce, especially wheat, of about ten cents per bushel. This appears to Democrats that the business world is satisfied with the Republican administration, and consequently prospering in all branches of business and that the result of the elections is a guaranty that the same policy is to be continued. People who have commercial interests at stake and those who are dependent upon such men for employment do not want a "change," and the only ones who do are the hungry set of office seekers who have for so long a time been kept from the public crib.

The total amount of gold coin in this country Oct. 1 was \$366,881,003, and of silver coin \$149,799,833. Of these amounts there are 67,204,293 gold dollars in the Treasury, and there are 302,676,709 dollars in circulation or held by banks. There are \$724,540,000 in silver in the Treasury, and \$77,844,733 in circulation. The Treasury holds \$68,040,540 of gold bullion and \$5,557,750 worth of silver. All this will be immediately turned into coin. The importations from Europe have largely increased the amount of specie, which is now the largest ever held in this country.

The Williamson Enterprise sets forth Mrs. "Tip" Arnold, of that place gave birth to a healthy baby about September 1st, and four weeks afterward another child was born to her. The second and would-be twin is also sound and healthy.

One "Dr." Brown has been scooping the western part of the state "bad." He arrives in town with his painted wagon and proceeds to give a lecture upon veterinary surgery, and then asks for scholars to a school at \$10 apiece. He took Decatur in for \$70, Dowagiac for \$80, Pokagon for \$100, Niles for \$90 and St. Joseph for about \$100. He went around twice, got the aforesaid amount from each place and has not been heard of since.—Ann Arbor Courier.

GENERAL ORDER NO. 329.

Nullification.

REPUDIATION. WE DIDN'T JOIN. In its issue of Sept. 2, the South Bend Herald contained an article stating that Maj. Samuel Wells, of this place, had joined the Hancock club, which brings forth the following from the Major, published in the last issue of the Register:

Buchanan, Mich., Oct. 4, 1880. To the Editor of the Register, South Bend, Ind.

DEAR SIR:—Referring to a statement published by the editor of the South Bend Herald in his daily issue of September 2, I will state that I have never joined the Hancock and English Democratic club of Buchanan or any other place, and will further state that I never joined, but one political club, which was in 1860, and we carried banners with the immortal names of Lincoln and Hamlin emblazoned thereon, at which time I became identified with the Republican party. Since that time I have supported all the party measures and platforms, and voted the party ticket with but one exception, when in 1878 I voted for the Democratic candidate for county treasurer, John Hay, a man whom I believed to be honest, in preference to the Republican candidate, who has since been disgraced. Referring to

MY PRESENT POLITICAL OPINION, I will state that my preference of the candidates before the national convention at Chicago was for U. S. Grant for President, and I acknowledge that I was disappointed and even dissatisfied with the nomination and used strong language against the nomination of Garfield. The result was I commenced an investigation of the different platforms, and to compare their antecedents, and the antecedents of their party candidates on both tickets. My first impulse was to vote for Hancock, but the more I investigated the more I was convinced that the Republican party was right in principle. Therefore, I shall vote for Garfield and Arthur, and support the party that during the past days of the rebellion dared to assert the true principles of

CIVIL AND RELIGIOUS LIBERTY, and had the courage to defend the sacred rights of life, liberty and the pursuit of happiness, which rights

were guaranteed to us by the framers of the constitution of our government, and dared to defend the sacred rights with fire and sword against the conspiracy of the Democratic party, secession and rebellion, which were so closely allied that a political expert could not explain the difference between them. My principle objection to the last Democratic platform is that it glories in its past history and endorses all the wicked and wicked means of Andrew Jackson down to the present day.

WHAT A RECORD TO BE PROUD OF! Future history will concede to them the authorship of the "fugitive slave law," and the doctrine of "State rights," and the right of secession, the right to plunder the United States arsenals, dismantle the fortifications, and to remove all the arms and munitions of war to southern territory and place them in the hands of traitors, the worst of all to rob the United States treasury of the last cent, and invest the same in rebel commissary and quartermaster supplies, do all this under a Democratic administration, and then rejoice and feel proud of it, endorse and embody it in their platform of 1880.

CONSIDER FOR ONE MOMENT that the Democratic party perpetrated and enacted thousands of damnable deeds of blood and the loyal people were enjoying the palmy days of their "glorious past." They were the cause of the late rebellion, involving the loss of hundreds of thousands of fathers, sons, husbands and brothers, who laid down their lives for the Union, and are responsible for the loss of millions of treasure expended in conquering rebel democracy. They are the cause of our enormous national indebtedness, and still the hands of traitors, who control our government. The solid South is seated in our national assembly dictating laws and pointing out pretended reforms for the government to enact, and the loyal people of the North. To-day their party contains the same

ELEMENTS OF REBELLION and conspiracy that was promulgated by them during the early days of the rebellion. It cannot be otherwise. The majority of their party leaders were in the rebel army or members of the confederate congress, and were traitors to the government they now control and are trying to destroy by encouraging riots and strikes in the cities, and by the aid of their even in the workshops at South Bend their newspaper organ is trying to sow the seeds of discord and discontent between the mechanic and the employer.

They assume the cloak of modesty and the solid South places Northern politicians and a few maimed union soldiers in the front of the battle as figure heads to give their treacherous schemes

A SHOW OF LOYALTY. Horace Greeley was their victim in 1868. He was infatuated with their silver and oily tongues, and became their apostle of purity and virtue. He stood between them and an indignant people until he fell into their cesspool of deceit and corruption, and finally died in a mad-house with curses on his lips. They now try a new figure head, WINFIELD S. HANCOCK. He was a good soldier during the rebellion, was loyal to his country, and obeyed the orders of his superior officer. They now use him as a screen to cover their designs and hold him up as an example of the purity of the SOUTHERN DEMOCRACY. Yes, they use him as a figure head to catch the votes of the honest and unsuspecting Democrats of the northern States. Poor old and demerited man. His doom is sealed. If elected he will die with the infection of their leperous slime. If defeated he will die as Greeley did, in a mad-house with curses on his lips. He resolves itself into the following conclusion. If I should vote for Hancock, I would endorse their past record, and will be compelled to stick the slime from their "CLEAN" SKINS.

I will never join hands with traitorous athletes of Democratic saints, such as Jeff. Davis, John C. Calhoun, Mason, S. J. Tilden, Jesse D. Bright, Benedict Arnold, Dan Voorhees, J. Wilkes Booth, Thomas A. Hendricks, Mrs. Sarah, Ben Hill, Lamar, and the Knights of the Golden Circle, including James Buchanan, late President of the United States, and will never waltz with them around the Democratic throne of his satanic majesty.

Therefore, I will say that I find myself to be a Republican. It suits my taste, and does not smell so strong of sulphur and carrion. Yours truly, SAMUEL WELLS.

ADDITIONAL LOCALS.

The South Bend Tribune of last Friday contains the account of the shooting of George Van Aken, a lad of nine years, by John Vinson, aged 16 years, near that place the evening before, and all because Van Aken would not hurrah for Hancock and throw off a Republican badge he was wearing. Forty-two shots marks were found on the little fellow's body, and he is severely wounded, but it is hoped not fatally. Vinson was arrested and claims that he did not intend to shoot the boy and did not know the gun was loaded. The story appears doubtful from the testimony that another boy who was with him was in the act of loading it, and was just putting on the cap when Vinson took the gun out of his hands and fired.

There was a joint discussion of the currency question in Rough's hall, Friday evening between Leo Miller the leading Greenback orator of this part of the country, and F. D. Orcutt, of Benton Harbor, a former Greenbacker. A well matched team for ability. Mr. Miller plainly displayed the foundation upon which his party is built upon, that it is a crime for any man to be wealthy and live without work by the day, and an amusing part of the scene was to see men of considerable wealth applaud such stuff. Because a man has been poor industrious and frugal than his neighbor, and has amassed a fortune he is a "Shylock and a Robber of the poor, a Gold Bug and Nabob." How do the Roughs and others of means like it?

The storm, Friday, resulted in great damage to property and especially to lake shipping. Among other losses was that of the steamer Alpena of the Goodrich line, between Grand Haven and Chicago, with about thirty passengers and a crew of as many more. The loss is of especial interest in this country from the fact that the Alpena was mastered by Captain N. W. Napier so well known at St. Joseph, and that N. A. McMillan, of St. Joseph, son-in-law of Hon. A. H. Morrison was among the passengers. The storm was one of the worst that has been known for years. In Minnesota, the snow fell to a great depth, and in nearly the whole of this State there was enough snow to make sleighing.

\$22 to \$26 per month, is being paid for laborers in Michigan pines this winter.

So near as we are able to learn from the managers of the St. Joseph Valley railroad, since the people of Benton Harbor have shown themselves so much interested in the competitive road on the opposite side of the river, it is about decided to run the narrow gauge up through Pipestone township to South Haven, in case the enterprise on that side of the river prove a success. So far as Buchanan is concerned, it will make but little difference to us whether the road reaches the lake at South Haven or St. Joseph, but prefer St. Joseph, that being in our own county. For the road the South Haven route would be the most profitable, passing, as it does, through the rich farming and fruit growing, and lumber district between this place and the lake at that point, and striking several good sized villages along the route. It now depends upon the success or failure of that project to decide which of those two routes will be chosen by the St. Joseph Valley railroad. The South Haven route will be an almost air line, and is very much in favor with the company at this time.

Common Council Proceedings. A special meeting of the Common Council of the village of Buchanan was held at the Council room, in Exchange No. 1, on Friday evening, Oct. 15, 1880. Present—J. D. Ross, President; B. D. Harper, Recorder; Trustees Mowrey, Powers and Weisberger. Mr. Powers, from the Committee on Streets, Side-walks and Bridges, offered the following resolutions and moved their adoption, which motion was supported by Mr. Mowrey:

Resolved, That side-walks be constructed on the following property of lots described herein: On lots 1, 2, 3, 4 and 4, Block E, west side of Oak street, Day's addition; lots 2, 3 and 4, Block F, west side of Oak street, and lots 1, 2 and 3, Block G, west side of Oak street, in the village of Buchanan, 12 inches thick, and walk to be 4 1/2 feet wide, unless built of brick, which is hereby recommended.

Resolved, That a new crossing be built from T. J. Jones property, on West side of Portage street, across McCoy's creek, running north to property owned by J. Imhoff, the present one being unsafe and past permanent repairs. The resolutions were adopted. Moved by Mr. Mowrey, supported by Mr. Powers, that the time for the collection of the taxes of the village of Buchanan for 1880 be and the same is hereby extended to the 1st day of October, 1880, and the Assessor directed to make the proper extension on the tax-roll accordingly. Motion adopted. Moved by Mr. Powers, supported by Mr. Mowrey, that the Common Council adjourn. Adopted. B. D. HARPER, Recorder.

Walter I. Himes, candidate for county clerk, visited us on Wednesday. He is a fine looking young man, and ought to be elected by 40,000 majority.

SALEM, N. Y., Sept. 20, 1870. WELLS, RICHARDSON & CO. Your Kidney-Wo or acts like a charm. Please send two packages receipt of this and oblige. Yours truly, J. E. FISHER.

Do You Live in a Malarial District? Wear the Lion Malaria and Liver Pad And Body and Foot Pasters. It is a certain preventative against Chills or Malarial Fever of any kind, and if it is any trace of it in the system it will thoroughly eradicate it. The whole treatment for one dollar. For sale by druggists. 50c per package. Cashier Wetzell Office No. 10, Lancaster, Pa., having been a great sufferer for years with Kidney disease, requests us to say that after using this medicine he feels better than he has before in fifteen years.

Baby Saved? We are so thankful to say that our baby was permanently cured of a dangerous and protracted irregularity of the bowels by the use of Dr. J. C. West's mother, which at the same time restored her to perfect health and strength.—The Parents, Rochester, N. Y. See another column.—Buffalo Express.

A Queer Notion. Many people think it cheaper to buy 25 cent sizes of a proprietary medicine. But they make a mistake. For instance, Dr. Wistar's Balsam of Wild Cherry contains about eight times the quantity of ordinary 25 cent cough balsams. Besides it takes a less quantity of Wistar's Balsam than 25 cents. A single dose is often sufficient. For deep seated Colds and Consumption it has proven itself to be the best and quickest cure ever discovered.

Don't Make a Mistake. Why not use salves and lotions, and other outward applications for the cure of skin diseases? The relief thus obtained can only be temporary. Why not strike at the root of all skin diseases by getting your blood and liver in a healthy, vigorous condition? This can only be done effectively and thoroughly by the use of Dr. Guyssot's Yellow Dock and Sarsaparilla.

Old, Tried, and True. Remember Dr. Guyssot's Yellow Dock and Sarsaparilla is not a new, untried compound. It has stood the test of forty years' use, and has proven itself to be the best vegetable compound ever discovered for curing scrofula, syphilitic disorders, skin and blood diseases, liver complaints, urinary troubles, etc.

A BABY CAB with canopy top, as good as new, can be bought cheap for cash. Apply at this office. INSURANCE. The undersigned now represents the following Insurance Companies in Buchanan and vicinity: Aetna, Home, Phenix, Underwriters, Niagara, North America, British America, and Manhattan. Special attention given to insuring farm property. Call at the Record office, Buchanan, Mich. JOHN G. HOLMES, Agen.

The Supervisors. The Board of Supervisors of Berrien County convened at their annual meeting in Benton Springs, on Monday, Oct. 12, 1880, and the following members of Benton township in the chair. All the townships were represented except Lincoln and St. Joseph. On motion the chair appointed Messrs. Kingsland, Howe, Gray, Carleton and Howlett as a committee on assessments and equalization. Resolutions were passed. 1st, Authorizing Thomas Love to procure the field notes, or copies thereof, of all surveys made in Berrien county that perpetuate corners; 2d, Authorizing the County Treasurer to borrow money until the collection of taxes on the assessment rolls; 3d, Appointing a committee of three to investigate the laying out of a road through Bertrand township; 4th, Requesting the Superintendents of the poor to enclose the grounds now used as a burying ground on the poor farm. The chair appointed the following committees: On Finance—Messrs. McKie, Edwards and Howlett; On Officers Salaries—Messrs. McKie, Edwards and Kingsland; On County Poor—Messrs. Engdlesbee, Ulery and Stemm; On Bridges—Messrs. Lister, Norris and Landon. On Towns and Villages—Messrs. Dewitt, Howlett and Drew. Alexander B. Leeds, Judge of Probate, reported that a complaint had been issued by him admitting the following named persons to the Kalamazoo insane asylum, as indigent insane persons: Sarah Knight, of Oromoko, Maria Wood, of Galien, Rosetta Thebo, of Souths, James Egan and James Crowley, of Niles city. The amount of state tax as appointed to this county, under the various acts of the Legislature are as follows: Unusually high. \$125,000 00 Museum. 500 75 General expenses. 324 32 Normal school current exp. 145 14 Normal school. 7 68 Military purposes. 1187 66 State Public School. 1117 93 New State Capitol. 38 19 State Normal School. 25 00 Deaf, Dumb and Blind Inst. 1020 00 Agricultural College. 306 26 Fish commission. 127 38 Normal School girls. 254 37 General purposes. 11370 11 Co. indebtedness to state. 000 00

Decrease for 1880. \$858 64 It has been shown from the above account that our present efficient Treasurer, Geo. W. Decrease for 1880. \$858 64 It has been shown from the above account that our present efficient Treasurer, Geo. W. Rough, has paid up all indebtedness of the county to the state during the past year, and further, that under a Republican administration of our state affairs, the taxes of this county have been reduced over eight thousand dollars. These facts speak volumes for a Republican administration, and Republican officers. Let every voter see himself in what manner can a "change" be beneficial.—Berrien Springs Era.

Registration Notice.

Mr. G. B. M. Cutcheon in Roughs.

Miss Mary Grover is visiting in Elkland and vicinity.

NINE weeks from next Saturday will be the first day of 1881.

The North Bend Daily Herald died a natural death October 12, 1880.

Mr. CHAS. EVANS has been quite sick during the past few weeks.

As a cold weather approaches front rates will be at the prospect of a rest.

STRAW will buy one of the best 50 acre farms in Weesaw township at this price.

SEE registration notice in this paper, and let every Republican see to it that he is registered.

ELD. J. M. PATON will preach in the Old Advent Church next Sunday forenoon and evening.

The cotton stores are already being well filled with Holiday goods that are attractive and rich.

The blading winds brought out overcoats Saturday, and a lively snow-storm similar to nothing.

MR. FRANK M. HOWE expects to return to his farm in Kansas, this fall, starting in a short time.

COURT is in session at Berrien Springs this week. There is a quite extensive criminal calendar.

The early snow is a reminder to farmers who have not got their fall work done that it is about time for them to do it.

Mrs. E. W. GARRETTSON, of Grand Rapids, has been visiting with Mr. W. A. Severson and family, in this place, the past week.

A door key found on Oak street near this office, Tuesday, was left at the Buchanan Marble Works for the owner.

HON. E. W. KIGHTLEY, third auditor of the Treasury will speak for the Republicans in Three Oaks to-morrow Friday evening.

The temperance sermon by Elder Cole, at the Old Advent Church, which was to have been given last Sunday, is postponed until next Sunday at 3 P. M.

MR. J. H. ROE has just invested in a new regulator. It is just like the one mentioned last week, so it will make no difference which the sun runs by.

A NUMBER of the friends of Elder Bidsall gave him surprise, last evening. Each took a pound of some useful article.

REMEMBER that Gen. B. M. Cutcheon, one of the best orators of the state, will speak in this place on Saturday evening. Give him a full house.

FOUR of the Republican candidates for county office in this county were in the Union army: W. I. Hines, J. R. Clark, E. R. Havens, and J. A. Kellogg.

GOLD coin is being paid out for wheat in this place by the hundreds of dollars. Do you want to change this for a "This is one dollar" paper experiment?

In the bicycle race in the Dowagiac fair Barnard, of Niles, won first money, S. O. Dibble, of Michigan City, second, and M. L. Parker, of South Bend, third.

THE new advertisement in this paper headed "General Order No. 329," is of special interest to those who expect to vote the Democratic ticket this fall.

MR. FRANK SPENNETTE left a Mohawk potato at this office that was enough for the whole family to live on a week, more or less. It weighed 45 ounces.

COMING—Friday evening, Nov. 12, 1880, Master G. Paul Smith, the boy impersonator, the wonder of the nineteenth century. Don't fail to hear him.

"COL." COPELAND has offered to deliver this Michigan Greenback speech in this city any time before election, if provided with a hall and audience. Some Republicans, thinking it will benefit their cause by continuing Cope-land on the stump in this county, are about to "hire a hall" for the "gallant warrior"—South Bend Tribune.

Gen. B. M. Cutcheon.

One of the best of Orators in Michigan, will address the people of Buchanan and vicinity, at Rough's Opera House, Saturday Eve., Oct. 23.

We hope there will be a good attendance. A special invitation is extended to the ladies.

Let all remember, also, that there will be a grand Republican Mass Meeting held at Buchanan, on Saturday, Oct. 30, which will be addressed by Hon. Schuyler Colfax, Hon. J. C. Burrows, and probably others. Let all make their arrangements to come to Buchanan on that day.

BY ORDER OF COMMITTEE.

A DEMOCRAT said last Friday that in cost him twenty cents to get a shave, his face was so long. On the same principle it will cost him a dollar after the next election.

As Mr. and Mrs. James Scott were coming to this place Sunday, a spark caught in Mrs. Scott's hat and almost completely destroyed it before they discovered the fire.

MR. W. I. HINES may with equal propriety with Hancock be called a Hero of Gettysburg. He was there, obeyed his superiors, and did some hard fighting with the rest of the boys.

GENERAL TROWBRIDGE spoke for the Republican in Gallien, Monday evening, and will speak in New Troy Saturday, next October 23. Mr. Trowbridge is a good speaker and there should be a good attendance.

In the list of northern states mentioned by the Berrien Springs Journal that "Hancock will carry in November" it forgot to mention Iowa and Michigan. You are too modest altogether Mr. Murdoch.

Be very sure that your chimneys and stove pipes are in a perfectly safe condition. The season of high winds, cold weather and hot fires has arrived, and too great caution cannot be exercised.

As will be seen by the proceedings of the Board of Supervisors in this paper, this county has over \$3,000 less to pay this year than it had last year. This will make a very material difference in the expense column.

GEN. M. STEARNS wishes to get the address of two former members of Co. D, 4th Ind. Vol., who were with the Company at the close of the war. Please address him at Buchanan, Mich. Indiana exchanges please copy.

MR. CHAS. FOX of this place expects to start in a few days for Florida. He will go by way of St. Louis, Mississippi river, and the Gulf, taking the benefit of the cheap railroad fare to St. Louis.

MESSES. TIPPY AND MILLER formerly of this place, are starting a new mill for the manufacture of lumber and handles, at New Carlisle, Ind., and will have it in operation in a short time.

A grand Republican Mass Meeting will be held at Gallien on Wednesday afternoon, Oct. 27. Hon. J. C. Burrows, Capt. E. P. Allen and Gen. B. M. Cutcheon, are expected to address the people. Let there be a good turn out.

MR. HENRY VITE has dug a radish in his garden that beats the world. He had to dig around it and roll it out with a lever, and afterwards fill up the hole lest some of his children fall in and not be able to get out. It measures 29 1/2 inches in circumference.

RECEPTION.—Rev. J. D. McCord and wife will welcome their friends of Buchanan and vicinity at their home—the late residence of Mr. De Wing, on Portage street—on Tuesday, Oct. 26, at 7 P. M. Not only church members and society, but all are cordially invited.

A chimney in the wagon factory burned out Saturday, setting fire to a board that was nailed over a stove-pipe hole. Had there been no one near to keep a close watch of proceedings, a serious fire would undoubtedly have been the result.

Up to nine o'clock on the night of Oct. 12, the Democrats of South Bend said they had just had the most perfectly quiet and honest election ever held. No illegal votes cast by either party, but what a change has there been since they learned the news!

It is interesting to see an old Democratic cursing the Republican party because it doesn't pay of the National debt any faster. Who made that debt Mr. Democrat? which party made war against the nation and caused it to be so in debt? Ask yourself these questions the next time you think about it.

PRESENTS.—Miss Nellie Jones has been made the recipient of some fine presents: A fine neck-chain from the Disciple and an amethyst ring by the Advent Church. She has for some time furnished the instrumental music for these churches, and expects to go with her parents to Walkerton, Ind., for the winter or longer, starting from here next Tuesday.

MR. O. S. TOTEME returned yesterday from Jackson, where he has been to visit his niece, Miss Della Spencer, and her father, both of whom were quite badly injured by a collision on the railroad at that place last Thursday, while on their way home to the east from this place. Mr. Tourje says Miss Spencer is badly bruised and there is some doubt of her recovery.

The St. Joseph Valley Railroad Company expect to have the McCoy creek trestle up and ready for use by next Saturday, if the weather is such that the carpenters can work. The company has very sensibly decided to make it several rods shorter than was at first contemplated, which will very materially speed the time of completion.

HOUSEHOLD ECONOMY.

JOHNNY TAKES IN CUPS.—Three cups of Indian meal, one cup of wheat flour, three cups of corn meal, two large spoonsful of shortening, one teaspoonful of salt, one teaspoonful of soda; bake in quick oven twenty minutes.

CRACKED WHEAT.—Soak it the same as the oatmeal, and as it is apt to burn, put it in a little water and add the oatmeal to a kettle of boiling water; cover closely, and let it boil half or three-quarters of an hour. Stir this into boiling water, the same as the oatmeal.

MOLASSES TAFFY.—Two cupsful of molasses, one cupful of sugar, but the size of a grape-leaf egg. Add half a teaspoonful of soda. Try if it is brittle; if not, boil a few minutes longer. Pour out into two buttered dishes. Nuts may be added, if you like, just before the soda.

PERFUMES FROM ROSES.—Tincture of roses.—Take the leaves of the common rose; place them, without pressing, in a large-mouthed bottle; pour some good spirits of wine over them, seal the bottle securely, and let them remain in a dry place for a month or two.

REMEDY FOR FRECKLES.—The following remedy has been found efficacious in Europe for freckles: Finely powdered sulphate of zinc, one part; oil of lemon one part; pure alcohol five parts; codliver, forty-five parts. To be mixed well together by trituration and applied to the skin.

EGG PUDDING.—Boil a pound of rice in new milk; when it is cold, mix half a pint of sugar, half a pint of cream, and ten well-beaten eggs. Flavor with finely-pounded cinnamon and nutmeg. Bake in a pudding dish for one hour, and just as you draw it from the oven, pour over the top a wine-glassful of sweet wine. To be served without sauce.

CREAM CAKES.—Melt as much butter in a pint of hot milk as will make it rich as cream. Mix in flour enough to form a dough, roll out on a floured board, and knead it well, not forgetting to add a pinch of salt. Roll out rapidly on your board several times, cut into small squares, and bake on a griddle. These cakes are considered to be a suitable accompaniment to oysters.

EGG-NOG.—Take the yolks of sixteen eggs and sixteen table-spoonsful of pulverized loaf-sugar and beat them to the consistency of cream. To this add nearly a whole nutmeg grated, half a pint of good brandy or rum, and two glasses of Madeira wine. Beat the whites to a stiff froth, mix them in, and finish by adding six pints of milk. No heating is necessary in this formula, and the quantity should suffice for a party of twenty.

OUTRAGE SALT.—Put a pint of oatmeal to soak in warm water a few hours before cooking; just water enough to cover it; then pour this mixture into boiling water, fill at a time, and add a good pinch of salt, and let it cook slowly, the same as corn-meal lather pudding, for half an hour or longer. A pudding can be made of it by using eggs, milk, sugar, raisins, and cinnamon, the same as for other puddings.

ENGLISH GINGER BEER.—Two and a quarter pounds of loaf sugar, one ounce of cream of tartar, one and a half ounces of ginger root, two table-spoonsful of fresh brewer's yeast, two lemons and about three gallons of water; bruise the ginger, put it into a large earthenware pan with the sugar and cream of tartar; peel the lemons, squeeze out the juice, strain it, and add, with the peel, to the other ingredients; then pour over them three gallons of boiling water. When it has stood until it is only just warm, add the yeast, stir the contents of the pan, cover with a cloth, and let it remain for three or four hours. Then skim off the yeast and pour the liquor off into another vessel, taking care not to shake it, and to leave the sediment; bottle it immediately, and keep it three or four days it will be fit for use.

USEFUL INFORMATION.

REMEDY FOR MOLE PATCHES.—Saleratus dissolved in whisky, in the proportion of a teaspoonful of the former to a pint of the latter, is said, by a lady who has tried it, to be a very ready remedy for mole patches. After being well wet with the preparation, it is asserted that the spots will rub off, leaving the skin as fair and soft as an infant's.

TO REMOVE RUST FROM STEEL.—The steel to be cleaned should be washed with a solution composed of one-half ounce of cyanide of potassium in two ounces of water; then brush with the following recipe: Cyanide of potassium, one ounce; whiting and water sufficient to form a paste. Cyanide of potassium is a most violent poison, and persons using it should be particularly careful.

TO STAIN WOOD BROWN.—Get an ounce each of acetate and lactate of potash. Break the acetate into small fragments, place it in a glass or earthenware vessel, with a piece of washing soda as large as a walnut, and pour on it a pint of boiling water, and stir until dissolved. Put the bicarbonate in a bottle with a pint of cold water, and dissolve with occasional shaking. Let the water stand to be strained, first with the acetate solution, and let it dry; it will be of a dull, dirty brown. When dry, go over it with the solution of bicarbonate, and it will turn to a very rich chocolate color. By varying the strength of the solutions, the depth of color will be varied. When quite dry, apply shellac, or other varnish. Very cheap, easily applied and satisfactory.

HAIRY SCALD FACTORY.—No water that has been in open vessels during the night should be used for drinking or cooking. By exposure to the air it loses its "aeration," and has absorbed many of the dust germs floating in the apartment. If convenient, require water to be kept in vessels for several hours before use, it should be covered, unless the vessels are tight. Wherever practical, all distributing reservoirs should be covered. Filtering always adds to the purity of the water. Drinking-water should not be taken from lakes or rivers on a low level. Surface water, or water in lakes, pools or rivers, which receive the surface water, should be avoided as much as possible. Do not drink much water at a time. More than two tumblerfuls should not be taken at a meal. Do not drink when meals are less than two hours apart. Drinking water weakens the gastric juice and overworks the kidneys. Excessive water, whether of water or other fluid, relaxes the stomach, impairs its secretions and paralyzes its movements. By drinking a little at a time all injury is avoided.

ENGLISH Ivy.—English ivy will succeed better in our dry, warm rooms than almost any other plant, and it requires very little care. If 2-year-old plants are secured they will begin to run after that time. It is not necessary to give the plant a large pot or to change this often. It grows best in plenty of water as all that is required, a weak wipe off all the leaves carefully with a large wet sponge, fastened to a stick, and then wash the leaves with a soft cloth. It can be grown anywhere, and makes a charming frame-work for doors, windows and pictures. Sometimes it is planted in large tubs and trained up a stairway, forming a very cozy nook, and a small snapping turtle found in the maw of a still more voracious batman.—West Chester Village Record.

European Railways.

In 1847, when the development of railway business was still in its infancy on the European continent, and lines existed only between the great national capitals, the Directors of the German railways formed an association for the purpose of establishing perfect harmony in the administration of their respective lines. In 1850 this association comprised representatives for thirty-seven lines; in 1878, for 110, the Austro-Hungarian, Italian, Dutch, and Scandinavian railways having joined in, and it has worked with great success, to the benefit both of the companies and the public. In several cases it has acted as a mediator between rival lines, and prevented an outbreak of that end-throat competition which generally is ruinous to the companies and detrimental to the public. It is also due to its efforts that a freight car can now be rolled from the southernmost point of Italy to the northernmost point of Jutland without unloading.

MARGARET ROBERTSON, of Duncan, the oldest woman in Scotland, died at Copnar Angus a few days ago. She was born in 1773, and lived husband, and died fifty years ago and left her with a daughter, who is still alive and over 60. Mrs. Duncan was a heavy smoker, and until recently, when she became blind, was in possession of a large quantity of her pipe. Her last illness was only of a week's duration.

It is a startling fact, that quinine, arsenic and other poisonous minerals, form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. These preparations made from these mineral poisons, although they are palatable, and may break the chills, do not cure, but leave the malarial and their own drug poison in the system, producing quinine, dizziness, ringing in the ears, headache, and other disorders more formidable than the disease they were intended to cure.
