# fore existing, relative to graded school

districts. This chapter is devoted to the subject of libraries, and makes several radical changes. It provides for a township library in each township, to be placed in charge of the board of school inspectors, with permission to any school district having a census of not less than 100 children, to establish by a two-thirds vote, at any time, a district library.

On the establishment of such district library the district is to receive its share of the books then in the township library, and thereafter its proportion of the library fund. The township board is generally authorized to take for libraries, to be raised as other moneys. School inspectors and district boards are to make annual reports of the district library to the township board.

When a township or district board fails to report, or shall report any misappropriation of library moneys, such township or district shall forfeit its share of the library fund, and the same shall be appropriated to the several other townships and districts in the county; provided, that in townships where the township board shall determine of August, January 1, 1882, and report to the superintendent that the public will be better served by using the said money for general school purposes, no such forfeiture shall occur.

Chapter XII.—This chapter relates to the examination of teachers and the supervision of schools. The changes made by it being so thorough and radical, it is not possible to give a correct idea of its provisions, it is here appended in full:

Sec. 1. The chairman of the boards of school inspectors of the several townships in each county shall meet at the county clerk's office on the first day of the month of August, in the year eighteen hundred and eighty-one, and elect three school examiners for the county, one of whom shall hold his office for one year, one for two years, and one for three years, and annually thereafter, on the first Tuesday of August, shall claim of the several boards of school inspectors in each county shall meet at the county clerk's office, and elect three school examiners for the county, one of whom shall hold his office for one year, one for two years, and one for three years.

Sec. 2. The school examiners shall meet at the office of the county clerk on the first Tuesday of August of each year by the grant of the board of school inspectors, and shall be the executive officer of said board. The school examiner, other than the secretary, whose term of office is but one year, shall be the chairman of said board.

Sec. 3. The board of school examiners, for the purpose of examining all persons who may offer themselves as teachers for the public schools, shall hold regular public examinations in each year at the county seat, and if any have been suspended or revoked the date of such suspension or revocation.

To visit any school in the county and examine into its condition whenever he shall receive notice from the chairman of the board of school inspectors of the township in which such school is located, and to report the result of his investigation to the board of school examiners. If, after such investigation, he deems such teacher to be incompetent in any respect, he may call a special meeting of the board of school examiners for the purpose of suspending or revoking the certificate of said teacher, and give said teacher notice of such meeting.

To be subject to such instructions and rules as the superintendent of public instruction may prescribe; to receive all blanks and communications from the superintendent of public instruction, and to dispose of the same as directed by the said superintendent; and to make annual reports at the close of the school year to the superintendent of public instruction, and to the board of school examiners, and of the general condition and management of the schools of the county, and to the board of school examiners as may be required of him.

To perform such other duties as may be required of him by law, or the board of school examiners; and to deliver all reports and documents belonging to his office to his successor.

Sec. 10. It shall be the duty of the chairman of the board of school inspectors of each township:

1. To visit each of the schools in his township at least once each term, and to examine carefully the discipline, the mode of instruction, and the progress and proficiency of the pupils.

2. To counsel with the teachers and district boards as to the courses of study to be pursued, and as to any improvement in discipline and instruction in the schools.

3. To note the condition of the school houses, and the appliances thereto, and to suggest plans for new houses to be erected, and for warming and ventilating the same, and for the general improvement of school houses and grounds.

To promote by such means as he may devise, subject to the advice of the board of school examiners, the improvement of the schools in his township, and to the general condition of the teachers and officers thereof.

To notify the secretary of the board of school examiners of any school within his township that is not being conducted in a successful and profitable manner.

To make such reports of his official labors, and the condition of the schools, as the superintendent of public instruction may direct.

Sec. 11. Each member of the board of school examiners shall receive \$4 for each day actually employed in the duties of his office; provided, that the number of days in any one year shall not exceed the number of special public examinations appointed by the board, and 10 days for attendance upon the regular public examinations and other meetings of the board, as may be required of him by law, or that the superintendent of public instruction may direct.

Sec. 12.

**Berrien Co. Record.**

THURSDAY, JUNE 2, 1881.

Entered at the Post-Office, at Buchanan, Mich., as Second-Class Matter.

**SUBSCRIBERS' RECEIPTS.**

We wish our subscribers to be particularly notified that the date upon their names upon their papers, and see that the account is right. We always give receipts for payments made on subscription and this receipt corresponds with the last date of subscription paid. If there is any mistake we will be notified at once. Never wait more than two weeks for the date to be changed after payment is made.

## NOBLE

For Spring. We have a new departure—

**No Trust!**

But will sell goods for a less per cent., trusting that we can better

**Please Ourselves and our Customers Thereby.**

WHEAT \$1.12 to \$1.16.

FARMERS, bring your wool to Buchanan to sell.

DRY weather has a rather sad effect with the strawberry crop.

A SAILOR named Henry Phillips on the Cora of Benton Harbor, was drowned in St. Joseph last Friday.

REV. W. W. WELLS will preach from the Presbyterian church in this place next Sabbath, morning and evening.

NEXT Monday is the time for the Marshal to receive the tax book, and you can be making calculations on his visit.

BISHOP Castle will preach in the United Brethren church in this place June 12, morning and evening. All are invited. Come and hear him.

THERE will be a meeting of the Buchanan Singing Association to-morrow (Friday) evening. Very special business, and every member requested to be present.

PROF. J. A. JONES of this place has been employed by the Walkerton, (Ind.) school board as principal of their school for another year, at a salary of \$60 per month.

ACCIDENT.—Mr. J. P. McEwen had his shoulder dislocated while carrying a heavy box on his shoulder yesterday afternoon. The dislocation was reduced by doctors Baker and Pierce.

THERE is talk of a grand opera house to be built at the corner now occupied by the old Paine bank building, in Niles, soon, that property having been recently sold for \$2,000.

THANKS.—The undersigned wish to tender their thanks to the friends and neighbors who so kindly assisted us during the sickness and at the death of our father, Mr. Frank Honiker.

MR. AND MRS. I. BROWN.

THERE will be a strawberry and ice cream social on the lawn at the residence of Mr. Horace Black, to-morrow evening, for the benefit of the Presbyterian church. Go and enjoy yourself.

MR. HAYNES, of Dowagiac, has purchased the residence now occupied by John Curtis, on Fourth street, near the head of Oak street, for a home for his daughter, Mrs. Melinda Stephens.

THE burning out of a chimney in the hotel Sunday morning was the occasion of a fire alarm. Fortunately no damage was done. It was one of the worst things imaginable for a fire as everything was as dry as tinder.

A LIGHT rain fell in this place Tuesday night, giving vegetation a new lease of life. Grass lawns and pastures had become more yellow and dead in appearance than they ought to be in any autumn.

WE are informed by those who were present that there was a very large crowd in attendance at the Old Folks' Picnic at Berrien Springs yesterday, and that a pleasant time was enjoyed by all. We regret that we were not able to attend.

A MAN giving the name of James Lewis, and claiming to hail from Milwaukee, was arrested in Benton Harbor on Tuesday, for sodomy. He waived examination and went to jail. He is 22 years of age, and considered partially insane.

MR. CHARLES SMITH has been adding some new carriages and the finest harness in town to his stock of livery that takes the eyes of the driving public. The harness is from Stephens' shop and is a fine specimen of workmanship.

DR. B. C. SMITH, formerly of Galien, was in this place Friday. He thinks he has found the promised land where he has settled in Southern Illinois at St. Elmo, where he has a fine farm just out of the village limits, and a happier man we have not seen in a week.

CHANGED.—The firm of Kinney & Kinney, in the flouring mill, has been dissolved by Mr. Pat. Kinney withdrawing. His place in the firm will now be taken by Mr. Stoneman, for some time in the employ of Rough & Pears.

The name of the corporation of Scribner & Co. is to be changed to The Century, the change to take effect June 21. The July issues of Scribner's Monthly and St. Nicholas will bear the imprint of the new corporation.

The steamer May Graham now manages to climb the St. Joseph river as far as what are known as the Twin Springs, about two miles below Berrien Springs. The owners have changed their minds about running to Buchanan all summer.

**FOURTH OF JULY!****SHALL WE CELEBRATE!**

A meeting for the purpose of making arrangements to celebrate our National holiday will be held at Rough's Opera House on Tuesday evening, June 7. Let there be a general attendance, and let us resolve to have a good old-fashioned celebration.

NOTICE.—The next meeting of the Home Mission Band will be held at the residence of Mrs. Totten, on Main street, on Friday of next week, June 10. As the election of officers is to be held at this meeting it is desired that every member should be present.

ACCIDENT.—While at the picnic in Berrien Springs Mrs. Anos Painter, of Weesaw township, met with a rather painful accident. She was alighting from a buggy when she caught her arm between the side support to the "lazy back" and end of the seat as she was jumping to the ground, and broke both bones of her arm.

**Lettor List.**

Remaining in the Post Office at Buchanan, Wednesday, June 1, 1881.

Albright, Mary E. Reamer, Miss Mary Borden, Wm. S. Rogers, Miss Charissa Gearhart, John S. Shraeder, Edward Johnson, Nancy-2 Whipple, E. E. L. P. ALEXANDER, P. M.

WHEAT the severe winter lacked of totally destroying the wheat crop in this vicinity has been about completed by the drouth. Many fields that a few weeks ago gave some signs of a fair average crop now appear worthless and the only reason for their not being plowed up is that it is too late for planting spring crops. One farmer proposes to devote twenty acres of his land to the cultivation of beans.

THE Shuey & Young circus found the end of its string at South Bend. The female and several of the males quit because their salaries were not paid, and the sheriff of this county put in an appearance with a bill of sale for the tent and equipments, which had been given to secure debts contracted in this state. Several attaches of the show were coming men from Valparaiso, and they loaded up their wagons and stock and struck for the vale. And now this town mourns the decease of another "Great Star Combination."

MR. GEORGE BLACK had a fine colt ruined Saturday afternoon by getting tangled in a barbed wire fence. It was the wire that is made by twisting a strip of galvanized iron, with triangular notches cut in so as to make points like the sections on a mower sickle and will cut about as readily. The colt managed to get wire wound under the fetlock and cut the frog and foot badly.

THE Niles papers complain that the vacant houses in that city are being set on fire and that there appears no way to stop this incendiaryism. It's the easiest thing in the world. Just move your vacant houses over here and we will fill them with families when they will be safe from fire. We may not be able to take care of all your houses, but can use about two hundred easily enough.

A dispatch from St. Joseph says that an almost fatal accident occurred on Friday in that village, in the soda water establishment of John Boyne. The pipe leading from the generator to the gauge became clogged, causing an explosion, and seriously injured about the head and limbs a man attending it. Three others barely escaped. The ceiling of the room has the appearance of being struck by a bomb shell.

PICNIC AND EXCURSION.—There will be a basket picnic in some shady dell along the line of the St. Joseph Valley Railroad on the bank of the raging river, Saturday afternoon, under the auspices of the Good Templar society in this place. Every one is invited to be present at the River street crossing in time for the first afternoon train, which will leave at 12:30, and bring along their baskets, filled to suit the taste of the owners. The company will return at 6 P. M.

CHARLES WOOD, a lad of about twenty years of age, hired Mr. Wm. Batson's horse to drive to Dayton Sunday morning. While there he traded the horse to John Freeland, took the horse he got of Freeland, Batson's harness and buggy, and drove away, and has not yet been captured. Freeland left the Batson horse in the care of a man named Dodd, living on the New Buffalo road, and he traded it to a man living east of Niles. Mr. Batson has his horse back, but the rest of the outfit is still abroad in the wide, wide world.

A SPECIAL to the RECORD from Berrien Springs announces that Mrs. Mary Graham, mother of George Graham of that place, was thrown from a buggy Tuesday afternoon and killed. So far as we are able to learn, it happened in this wise: She and her daughter, Mrs. Higbee, of Niles, were riding from Niles to Berrien Springs in a buggy, and when on the road they met two ladies on horseback, and their horse became frightened at them and sprang, throwing both ladies from the buggy in such a way that Mrs. Graham's head struck against one of the telegraph poles at the roadside, killing her instantly. Mrs. Higbee was somewhat injured but not seriously.

THE Editor of the Mirror rears around with the regularity of a crazy man because we copied the Dowagiac Times' notice of the Sunday foot race in Niles. It is none of your business, Brother Cook. We copied it because it mentioned some Buchanan parties who were there. If you are warm for a fight over the foot race we refer you to the Democrat, which we believe published an account of the races.

At a meeting of the ex-soldiers, held at Buchanan, Tuesday evening, May 31, 1881, on separate motions the following vote of thanks was adopted:

To O. W. Powers for his able and eloquent oration.

To Rev. Geo. Wright for services as chaplain.

To Mrs. Geo. Merrill and her assistants.

To the Glee Club.

To Mr. and Mrs. H. H. Kinyon, and Dr. and Mrs. Berriok.

To Mr. N. Johnson.

To the editors of the Record and Reporter.

To the citizens generally for many favors shown.

CHAS. E. TERRIER, Sec.

DIAMOND LAKE.—The opening of this well-known and popular summer resort will take place next Monday, June 6. The Rents-Santley Novelty Co., from Haverly's theatre, Chicago, has been engaged at a large expense for the occasion; a temporary stage and amphi-theatre has been erected seating 2,000. The Dowagiac band will be in attendance. A salute of 50 guns will be fired at sunrise by the Diamond Lake Battery. The M. C. R. R. and Grand Trunk will carry all at half fare, the Grand Trunk running specials.

Quite a number of our people, we understand, intend going from here to this opening, and we doubt not will be well paid for their time and expense.

The old cemetery at the corner of Fourth and West streets, since it has ceased to be used as a burial place, has grown into a perfect jungle of underbrush. Besides this, it has been the custom of those removing the bodies of their friends to Oak Ridge cemetery to leave the graves open, thus making the cemetery so full of pitfalls that people have to be very careful in going through the grounds lest they fall into them. It appears to us that those having friends buried there should take some interest in the matter and endeavor to make this "city of the dead" at least look as if they had not entirely forgotten their friends. A few days' work would make a vast difference in the appearance of this cemetery. Who will make the first move towards cleaning it up?

THERE has been some trouble between Caleb Wray and the St. Joseph Valley Railroad Company about the ownership of a certain wheeled scraper that both claim to have paid N. S. Williams & Co. for; Mr. Wray by having it charged to him when he took it to work on a contract for grading he made with them, and the railroad company by buying it with others of the same kind. The scraper has been hidden and found by both parties until finally the company brought the matter before Justice Dick in form of a replevin suit, which came up for trial May 20 and was adjourned to May 28, when a second adjournment was taken to June 13.

WARNING.—The fellows who used West Front street for a race course, Monday afternoon, should remember that there is a penalty attached to performance of that kind, and that the citizens who live in that vicinity, and have children who are liable to be killed in that way, feel just like prosecuting every offense of the kind they can detect. By-Law XVII of the Village of Buchanan reads as follows:

If any person shall drive or cause to be driven any cattle, or horse, or team, or horses or mules upon any sidewalk, or shall ride or drive the same immediately in any street or public place in said Village, he shall be punished by fine not exceeding ten dollars, or by imprisonment not more than ten days, or by both such fine and imprisonment in the discretion of the Court.

A word to the wise should be sufficient. Those who need more will be very apt to get it.

MORE SUCKERS CAUGHT.—About the tenth of last month a sharper came this way and as usual, found some fresh victims. His bait was a "patent wagon tongue supporter" which sold readily for \$5, of which sum his agent was to keep \$3, paying the remaining \$2 to the company after the sale was made. With a slick tongue he attacked Mr. Abram Weaver, George Huff and a half dozen or more farmers in the west part of the township, appointed them all sole agents, got them to sign a contract with the usual vigilance of such men, without reading. The sequel of the story came to light last Thursday when a second man came among them with a note against each of these men and demanded payment. Mr. Weaver's part of the lesson being \$90, which he says he will never pay, and warns people against buying the note. This, of course, will depend very much upon whether he possesses more property than the law exempts from execution. It is about once a year or oftener that we are called upon to chronicle just such an operation, and every time we hear of a new victim it leads us to laugh at his unwarranted ignorance rather than pity him.

It now appears certain that some of the citizens of Niles are determined to have a railroad as the following will verify: When N. L. Williams & Co. went away from here they left some heavy iron excavators at the farm yard of George Dunbar. They also left some unpaid debts, among which was one to Newt Batchelor for livery hire. Mr. Batchelor, in order to get his debt, attached the excavators but left them in charge of Mr. Dunbar. On last Thursday Samuel Bacon of Niles came over here and talked settlement to Batchelor but did not settle. Thinking there was something wrong in the wind Mr. Batchelor had the machines loaded on to the cars and brought to town. That night Bacon and about a dozen men and teams came over to steal them away. Coming through Niles township, across the river bridge at this place, and thence through the back streets in Fulton's addition, to avoid the traveled streets.

Went to Dunbar's but did not find them, came to town drove up and down the streets but failing to find the object of their search returned to their humble cots in the great city. The part taken up by Bacon in this matter does not show up in a very enviable light as a first-class accountant, first in trying to help a set of scoundrels beat people out of an honest debt. Second, in resorting to theft; and third, in false affidavits.

Do you know that we are selling Hammocks; every day Higgs do them up.

A nice lot of choice, fancy candy, at BARMORE BROS.

HEIFNER'S is the only place in town, or in fact in Berrien county, that the Vienna and Cream Bread can be found.

Boots & Shoes at reduced prices, away down for cash.

SUDDEN DEATH.—Our citizens were considerably startled yesterday morning by the announcement that O. W. Rose, of the firm of T. M. Fulton & Co., was lying dead at his residence. Mr. Rose had not felt well for a few days, but attended to his business as usual until yesterday morning, when he came down to the store and told his clerks that he was feeling so badly he would return home. Leaving the store he walked to his residence, and in a few minutes word came back that he was dead. There are many rumors as to the cause of his death, but even his physicians were undecided, and to ascertain the cause a post mortem examination was held this morning, when it was decided that death was caused from difficulty with the lungs and heart, with indications of congestion and of paralysis of one or both organs.

Orange Willis Rose was born at Door Village, Lapeere County, Ind., in February, 1841, being 40 years and 4 months of age at time of death. He was married to Miss Alice Ross, in Gaines, N. Y., Oct. 8, 1868, who, with two children, survive him. He came to Buchanan about seventeen years ago, since which time he has been prominently identified with the business interests of the village, except for a short time when he was in business in Berrien Springs. During his residence here he held the office of village treasurer for several years and member of the Common Council for two years. He was a member of Buchanan Lodge No. 68, F. & A. M., which Lodge will have charge of his funeral, which will take place from the family residence to-morrow morning at 9:30. As a mark of respect for the deceased the merchants of our village will close their stores during the funeral.

**Jury List.**

The following is a list of jurors drawn for the June term of the Circuit Court, to appear on the second day of the term, which will be June 27:

Niles—Edward L. Hamilton and Robt. Foster.

How delicious that Vienna Bread at BARMORE BROS.

Cretone at HIGHS is the cheapest.

THE OSBORNE SELF BINDER.

BUCHANAN, MICH., May 24, 1881. I bought an Osborne Self Binder last year. I cut 80 acres of wheat and 18 acres of clover seed, and it did the best work for me that I ever had done. I tried to rake the stubble, and gave it up. It didn't pay for the trouble. The women folks thought that we had no harvest last year, because we had no hands to board besides our own family. I think the Osborne Self Binder is the best reaper that is now made.

Respectfully, WM. ROUGH.

BUCHANAN, MICH., May 17, 1881. Last year we bought one of the Osborne machines. Our driver never drove a binder before. Had no binder in any way. It makes the bundles uniform in size. We cut wheat in all kinds of conditions—some that was badly straw-fallen, and some that lay on the ground, and the machine elevated and bound it successfully. Everything worked to our entire satisfaction. It is a lighter running machine than many others. I think it the nearest to perfection of anything yet offered to the farmer. I can recommend it to any farmer who thinks of purchasing a Self Binder. I say farmers, buy the Self Binding Osborne Machine.

ANNA TICHENOR, ORVILLE KIDWELL.

MR. J. IMHOFF, Sr.—In reply to your inquiry how I like the Binder I bought of you last year, I will say that I cut sixty acres last year, and with the best satisfaction that I have ever done a harvest. It seemed more like ordinary farm work than harvesting, and the women were more than pleased with it, as they had no more to do than when we were plowing corn.

Yours Respectfully, F. R. HARDING.

PORTAGE PRAIRIE, MICH., May 23, 1881.

In reply to your inquiry regarding the Osborne Self Binder we would say that we bought an Osborne last year, and cut 133 acres, and have cut 22 acres per day and done the best work of any binder we ever saw. If our crops were good this year we would have bought another Osborne. We think the Osborne is the best binder in the market, and would recommend it to the farmer for light draft and ease of management. Haven't been both in any way whatever in doing our harvesting.

Geo. W. HEINTZELMAN, G. W. HEEROLD.

I shocked after the Osborne Binder last year for Heintzelman and Heerold, and the wheat was bound in first-class style.

For sale at ROUGH BROS. Hardware Buy your dishes at TREAT & KLINGLER'S.

Smoke the "Unicum" at WESTON'S Drug Store.

See what ROUGH BROS. have in the line of Stove Furniture.
