MISCELLANEOUS.

THE GOLDEN WEDDING.

Wake up, wife! the black cloud of Night be-

gan to fade, and far in the east the Morning's

gray was made; and the red-hot stove of iron

gray, and stars were twinkling and blinking

the light of day.

Mind you what I was doing, just fifty years

ago!

Brushing my Sunday raiment, and putting my

best looks on;

Clothing myself in calico, so none my friend

would see;

And a good heart within, the while, was

pounding to get free.

Ten mile wooden'ramble and three mile

staid and free;

In the cold smelt of morning I walked to mar-

ry you;

Not a word but my wishes—no pilot but a

star;

But my boyish heart fancied it heard you

from afar.

So through the woods I hurried, an' through

the grasses dew;

An' 'twixt a 'twixt of 'twixt, the whole of my

journey through;

Things ne'er before nor after do so a man re-

joice.

An' 'twixt a 'twixt of 'twixt, the whole of my

journey through;

Things ne'er before nor after do so a man re-

joice.

An' 'twixt a 'twixt of 'twixt, the whole of my

JOHN G. HOLMES, Editor.

THURSDAY, JUNE 9, 1881.

During the past month the Chicago post-office delivered 2,887,298 letters, and collected \$3,692,796.

The creditors of Lawrence & Martin, the defunct Rock and Rye firm of Chicago, compromise their \$300,000 claims at twenty cents on a dollar.

A Chicago man drank three quarts of whisky at one sitting, and now people are wondering whether his stomach is lined with patent or sole leather.

The Georgia people show their enterprise this year by getting up an international cotton exposition, to be held in Oglethorpe park in Atlanta, to be opened on Wednesday, Oct. 5, and continuing until Saturday, Dec. 31.

Gen. Grant has returned from Mexico and gets the start of the newspapers by refusing to be interviewed on politics. He wrote some letters, however, stating that he thought Conkling had been misled by the President.

The Columbia Register, the state organ of the South Carolina Democracy, says that if the Democratic party of that state, unmoved by the most pathetic demands of society, the tears and entreaties of hapless wives, and the wails of innocent childhood, opposes prohibition, it ought to die. This is just what it says—a Democratic paper, and southern at that.

The situation at Albany on the Senatorial question is about as far from a solution as on the first ballot. Eight ballots have now been had, and neither Conkling or Platt have made any gains. Depew, however, has gained from 25 votes to 57 votes for the Platt vacancy, and the betting ones are certain he will be elected.

The Farr liquor bill, the substance of which has been published in these columns, has been passed by both branches of the Legislature with the amendment, striking out the words, "Nor in any room on the same floor in the same building," the two places in which they occur in the bill.

The State Senate has agreed to a joint resolution to amend Section 1 of Article 9 of the State Constitution, so as to increase the salary of Circuit Judges from \$1,500 to \$2,500. The last Legislature passed the same amendment, but placed the salary at \$3,000, and it was voted down by the people.

The New York Legislature does not appear to be engaged in endorsing Conkling's action quite so fast as he seemed to expect; and just here comes the query, if an endorsement was all he wanted, and didn't care particularly for a seat in the Senate, why does he so persistently stick to re-election, after discovering that the endorsement scheme has proven a failure?

The joint committee of the Legislature of this State to investigate the charges against Mr. Grafton, Warden of the Ionia House of Correction, made a report Tuesday, in which they say Mr. Grafton lacks largely the necessary elements to successfully manage men and preserve good discipline and command respect and confidence. Two members of the committee recommend a change in the Wardenship and entire board of management.

The Republican State Convention of Ohio convened in Cleveland yesterday, and was presided over by Hon. John Sherman. The resolutions warmly endorsed President Garfield and Governor Foster. The nominations were made by acclamation, and nearly all the present incumbents were renominated as follows: Charles Foster for Governor; G. G. Richards, of Jefferson county, for Lieutenant Governor; Nicholas Longworth, of Cincinnati, for Judge of the Supreme Court; Joseph Turner for Treasurer; Geo. Paul for member of the Board of Public Works; George H. Nash for Attorney General.

The bill to newly appoint the representative districts, reported by the special committee appointed for that purpose, gives the counties the following number of representatives: Wayne, ten; Kent and Saginaw four each; Lenewee and St. Clair, three each; Allegan, Bay, Berrien, Branch, Calhoun, Clinton, Eaton, Genesee, Hillsdale, Ingham, Ionia, Jackson, Kalamazoo, LaSalle, Macomb, Montcalm, Muskegon, Oakland, Ottawa, Shiawassee, St. Joseph, Tuscola, Van Buren, and Washtenaw, two each; Alpena, Baraga, Cass, Grand Traverse, Gratiot, Houghton, Huron, Isabella, Livingston, Manistee, Mason, Mecosta, Menominee, Newago, Oceana and Oshtemo, one each. The counties of Ontonagon, Isle Royale, Baraga and Keweenaw will constitute a district, and be entitled to one representative; the counties of Delta, Schoolcraft, Mackinaw and Chippewa, one; the counties of Emmet, Cheboygan and Presque Isle, one; the counties of Missaukee, Clare, Gladwin, Midland and Roscommon, one; the counties of Manistowick, Charlevoix, Antrim and Leelanau, one; the counties of Lake, Wexford, Benzie and Kalkaska, one and the counties of Otsego, Isabella, Crawford, Oscoda, Alcona, and Ogemaw, one.

A terrible hail and windstorm passed over Deadwood, D. T., Monday afternoon, doing great damage. Hail-stones the size of hen's eggs fell for over two hours. One stone measured twenty-two inches in circumference. The whirlwind struck in Deadwood Gulch near the confluence of Whitewater and Deadwood Gulches, completely destroying four houses, killing one woman the wife of John A. Wolcott, of St. Louis, and seriously injuring Mrs. Thomas and her two young children. Hundreds of trees on the hills were uprooted and hurled in some instances, a distance of over 500 feet. Telegraph poles were torn up for a distance of nearly a mile. The whirlwind separated before reaching the thickly-settled part of town, otherwise the damage would have been simply fearful.

NEWS AND OTHER ITEMS.

Last week 208 deaths occurred in Chicago, which was 100 more than for the corresponding week in 1880.

The Michigan Central Railroad took into Chicago 25,824 emigrants during the months of April and May.

A Chicago man named Griscom has gone about two weeks without eating anything, in an attempt to equal Tanner in the fasting business and become notorious. He will do this latter by causing people to remark, "Another fool still at large."

It is estimated that there are not more than 800 professional burglars in America, and yet to keep them out of our homes we pay \$50,000,000 a year for locks, bolts and fasteners.

The sum of \$70,000 necessary for the due celebration of the Yorktown Centennial, has been nearly all subscribed.

The steamship Glenlogan, from New York for South American ports, took fire at sea and was abandoned, the crew and passengers being saved and landed at Portofino, Brazil.

George Gorham, a lawyer in Buffalo, kept \$106,000 worth of bonds in the Erie County Savings Bank vaults. One day he called, clipped off some coupons, and left the bonds on the cashier's desk, whence they were stolen. A Baltimore lawyer named Whyte, agent for the thief, coolly offers to return the "swag" for a bonus of \$50,000. This is the golden age for thieves.

The time-keeper and starter of the Third Avenue railroad at the post-office, New York City, has sat nine hours a day, seven days in a week, for 10 years, in the little box at the Broadway end of Park row, and has never missed a single day. His duty has been to watch the clock face closely, and ring a gong every five-minutes of a minute.

A Mexican at Las Vegas, New Mexico, tied his wife firmly to a board, leaped her thus helpless against a fence, took a position 50 feet away, and used her as a target for rifle practice. He did not hit her, his object being to frighten her by imbedding the bullets in the board close to her head and body. She fainted under the frightful ordeal.

Michael Weaver, a notorious Chicago thief, robbed the house of a wealthy Chicagoan of \$4,000, and was sent to State prison. The wealthy Chicagoan, however, in negotiating with the prisoner's beautiful wife for the return of the plunder, fell in love with her though she belongs to a family of thieves, and the twin are to be married as soon as she can get a divorce from the convict.

Mrs. Lucy A. Elkins, wife of the well-known Chicago artist, is suing a saloon keeper in the Superior Court of that city for \$25,000 damages for ruining her husband's professional prospects and injury to his health by supplying him with whisky.

ADDITIONAL LOCALS.

The second installment of the donations to the St. Joseph Valley railroad company is now being paid, the road having been completed to the township line, and several of those who donated large sums have paid their notes that were to fall due after the road is completed to Berrien Springs, they having been convinced that there will be no fall to the project now.

A new building is being erected in Fulton's addition. This is one of the most pleasant plats for residences in the village, and we hope to see it built up with neat cottages and the fine lots in that vicinity made available. Lots there are being offered at very low prices and there is no reason that this should not be made the most pleasant part of town.

A CORRESPONDENT of the Post and Tribune, at Lansing, writing about the opening of the Supreme Court, pays the following well-deserved compliment to one of our citizens:

"Attorney-General Van Riper is also on hand. During the session the Attorney-General has been constant in attendance in his office, and has largely sacrificed his private business in order to devote himself to public affairs. In this respect he has proved himself a model, and has made a great innovation on the custom of his predecessors. The heads of the various departments, the members and all who have occasion for his official services, have remarked on his faithfulness and assiduity and have commended his clear and sound legal opinions."

BRIDGMAN ITEMS.

The County S. S. Convention held here last Saturday was not very well attended, owing to the busy season.

Dr. Seekel and family have just returned from a two weeks' visiting trip into Illinois, with their own "rig."

Mr. F. L. Weston and wife are visiting friends in Central New York, to be absent several months.

Our young station agent, Frank Harris, is visiting his parents at Galena, Ill.

No saloon in town since May 1. The Good Templar Lodge is in a flourishing condition.

Dr. Berringer is to practice medicine at Waterford. His family will remain here for the present.

Clay Myers has a new son, and a R. Skinner daughter, and Dr. Maullin has a pension.

LAKE SHORE.

Conceded Maribus. Cholera Morbus may be encouraged by frequent doses of pickled radishes. Thus laborers, it may be increased by eating under-plumbed, and may be cured by taking Dr. Thomas' Electric Oil. Sold by all druggists.

GALLEN ITEMS.

The weather seems to go to extremes either one way or the other. Now it is all rain.

Carpenter is going to move his restaurant soon.

Mrs. James Howell is very low. The entertainment given by the Good Templar's Dramatic Troupe was successful in every way. The drama, "Out in the Streets," was given by them in a manner not to be surpassed by old "stagers." The net proceeds were about \$30. With this the Lodge will purchase a very nice regalia. The Good Templars of Galien have reason to be proud of their Lodge and the success it has had in the place.

A new baby at J. H. Ritzler's. Also a girl baby at Frank Ritzler's since last writing. The population of Galien, as given by the census taker, is very behind now.

A. B. Blackles has a new telephone from his house to the store. He can now tell what he will have for dinner by the sense of smell.

That fine grove of maples around the passenger house have been cut down by order of the M. C. R. R. Co.

John Myles is building a new house near this place.

According to notices posted up by our Marshal, you had "better look up a little out" for your dog and keep him muzzled.

DRAW POKER and the Resignations.

New York, June 6.—The following chapter of the inside history of Conkling and Platt's resignation is told here: When the resignation of Conkling was prepared it was accompanied by a memorandum of arrangement to the following effect: If, in the opinion of Gov. Cornell, the resignation, under the circumstances, was wise and politic, and there was no doubt of his triumphal return, then his resignation was to be sent to the legislature simultaneously with the notice to the secretary of the United States Senate. Should no such action be taken by the legislature, there would be no need of any communication by telegraph or otherwise between the governor and Mr. Conkling, and, consequently, no evidence of collusion between them, and subsequently be adduced. On the other hand, should there be any good reason why it would not be safe or politic to send in the resignations—for every word here written applies also to the resignation of Mr. Conkling—Mr. Conkling was to be notified in time, and the resignations considered as unwritten, and new plans or methods devised.

These documents were entrusted to a special messenger to take to the confidence of Mr. Conkling, who left Washington Saturday evening with instructions to proceed direct to Albany. He arrived here on Sunday morning, and it soon became known that Mr. Conkling's confidential messenger was in town, en route to the State capital, and was the bearer of highly important dispatches. He was called upon and accepted the hospitalities of the hotel, but he did not think for Mr. Conkling to argue with himself that a delay of a few hours more or less would make no difference, and, as long as he delivered his dispatches to the governor, he would be satisfied. Sunday, therefore, was spent in conviviality, and Sunday night devoted to card playing and wine drinking. The many who were present were to extract from him the secret of his mission, but, even while under the influence of wine, he did not divulge it. He was even permitted, it is stated, to win several hundred dollars, in the hope that it would put him in a confident mood. The most that could be drawn out of him was: "No, boys, I can't tell you what it is, but you can rely upon it that I carry in my pocket the most important dispatches of the year. The rest of the story, however, is left to the reader. He missed the Sunday night train for Albany, and, consequently, did not reach there until about 2:30 o'clock the following afternoon. In the meantime, Senator Conkling, not hearing anything from Gov. Cornell, and supposing that the arrangement he had made in the memorandum accompanying the resignation was perfectly understood, and that everything was all right, predicted the victory of Mr. Conkling. PRESENTATION.

The people of St. Joseph, through their School Board, have paid a deserved compliment to a most worthy young lady, an efficient teacher, in presenting to Miss Adella E. Smith, who has so nicely managed the little children placed under her charge in rooms 1 and 2 of our Union School, for several years past, the following testimonial:

Miss Adella E. Smith, of Buchanan, having, for good and sufficient reasons, declined former appointment in the St. Joseph schools, we, the members of the St. Joseph Board, over our own names, unite in expressing to Miss Smith our appreciation of the five years of efficient and conscientious labor which she has rendered us, and our thanks for the same.

We regret the necessity which calls her from this field of labor, and commend her to any other to which she may go.

Should she wish to re-enter the school room, the School Board, the St. Joseph people, and particularly the St. Joseph children, will gladly welcome her back.

Dated at St. Joseph, Michigan, this 3d day of June, 1881.

MASONIC RESOLUTIONS.

The Great Architect of the Universe, having, in His wisdom, removed by death our beloved Brother, Orange Willis Rose. Therefore,

Resolved, That by the sudden demise of our Brother, we are forcibly impressed with the admonition: "Be ye also ready." And though we may be unable to understand the purposes of Deity in thus suddenly cutting down one in the prime of life and full vigor of manhood, yet we reverently submit to the Divine will, knowing that our Supreme Grand Master "doeth all things well."

Resolved, That by the death of our Brother, the community has lost a respected citizen, the Fraternity a faithful member, and his family a kind and affectionate husband, father and friend.

Resolved, That we extend to the bereaved family our most earnest sympathy, but being conscious of the futility of all earthly consolation, we would recommend them to Him who has promised to be "a Father to the fatherless" and "the widow's God."

Resolved, That these Resolutions be spread upon the Records of the Lodge, a copy thereof furnished to the family of the deceased, and that they be published in the Berrien County Record.

On behalf of the Lodge,
SETH SMITH, } Committee.

BUCHANAN does not appear to be a very good place for gift enterprises. Signor Bosco advertised to give an entertainment in legendarium, in Rough's Opera House, Tuesday, Wednesday and Thursday evenings, and that each evening he would give away 100 presents, each ticket of admission entitling the holder to a chance in the drawing, but Tuesday Marshal Hathaway informed Mr. Bosco that the laws of the State of Michigan prohibited all kinds of gift enterprises, and if he wanted to enter into any such speculation he must seek some other field. The consequence was, those who attended did not carry away the presents they expected to. Now there are several other prohibitions provided for in the Michigan law that might be enforced with very good propriety.

HON. WARREN CHAPMAN, chairman of the citizens' committee to raise funds to aid in the extension of the St. Joseph Valley Railroad to the lake, in St. Joseph, has caused the following to be published in the papers in that end of the county:

"As soon as the railroad committee appointed by the citizens of St. Joseph ascertain the exact time of the completion of the St. Joseph Valley railroad to Berrien Springs, they will notify our citizens through the newspapers and arrange an excursion on the steamer May Graham to Berrien Springs, and from that place to Buchanan by this railroad. Our business men will be invited to make this excursion. The business point is that they may examine the construction and equipment of this road."

The company say now they will try to have it done by the Fourth of July, but are yet unable to state to a certainty that they will be able to do so.
