ONCE more Buchanan has a first-class band.

HAVE you been able to keep warm thus far this week?

Mrs. G. H. LAYLE, of Dowagiac, was buried at that place Tuesday.

JOSEPH McCLEUNG, of Niles, of the McClung divorce case, is dead.

A SON was born to Mr. and Mrs. Geo. Hanley of Niles township, July 27.

BERRIEN SPRINGS is becoming quite a resort for the wealthy people from Chicago.

WHISKY has the same effect on all classes when taken in large enough quantities.

MR. HENRY L. BEST's wheat crop on Wm. Pears' Ryerson farm yielded 20 bushels per acre.

WE are about ready for another rain. Not quite so much at a time as we had last week.

THE Narrow Gauge made five trips to Berrien Springs yesterday, and each time the four cars were filled.

MRS. CAPT. A. C. BARTLETT has been seriously ill during the past week. For this reason the Captain is now at his home.

ZACH JOHNSON, the big, jolly Sheriff of St. Joseph county, Ind., was in town Tuesday, hand-shaking with his hosts of friends.

THE feelings and refinement of a person or corporation may usually be determined by the specimens of literature that they produce.

A LARGE black bear was killed about six miles north of Dowagiac Monday. It had been seen about that vicinity for several days.

THE next meeting of the Berrien County Horticultural Society will be held in Antislade Hall, Benton Harbor tomorrow.

A SHIP carpenter of Benton Harbor, named Henry Boyer, was found dead in his bed Wednesday morning of last week.

THE Secretary of the State Agricultural Society has our thanks for a ticket to the fair of that Society, to be held in Jackson Sept. 19, 20, 21, 22 and 23.

A notice offering \$300 reward for the arrest of two convicts who escaped from the Northern Indiana prison at Michigan City, is posted in this place.

A PAPER from Ottumwa, Ia., reports the marriage of Miss Serena Perrott, better known here as Mrs. Serena Gilgen, of this place, to Mr. Wm. S. King, of Ottumwa, July 26.

THE new walk built along the west side of Portage street, opposite the foundry, last week, is an improvement that neighborhood has wanted for a long time.

THE only true sidewalk in Buchanan is that in front of the lot owned by F. M. Grey, of Niles, on Front street. It is so bad that people all walk at one side of it.

OUR young friend, Mr. Osmond Howe, has been appointed one of the editors of the new college paper, to be issued at the State Agricultural College.

MR. D. ANDERMAN has sold his residence property on West Front street to Mr. Frank Pennell, of Berrien Springs. Price \$4,000. Not a very large price.

THERE are two thermometers at the front of Weaver's store, on the south side of Front street. One says 99 and the other 100, or 109 in the shade. How do you like that?

MR. and MRS. D. C. SMITH and family, of Paw Paw, and Mr. and Mrs. A. C. Graves, of Lawton, have been visiting at the home of Mr. E. A. Smith the past week.

A CHEAP book store is now in operation in Grey & Scott's boot and shoe store, on Front street. The stock is from C. O. Perry & Co., of Chicago, and under their management. They will remain but a few days.

AT Mr. John Pears' sale of stallions last Saturday, only one, Prince, the Clydesdale horse, was sold. The purchaser was Mr. Rector, of Sodus township, and the price \$500.

Mrs. Kate Shoeman is deputy sheriff of Lee county, Texas, and donned male habiliments in order to completely fill the bill. She has resumed her skirts, having been fined \$25 with costs, for wearing the other things.

Mrs. McMASTER, of Galien, was buried at that place Tuesday. The ceremonies were conducted by the Good Templar's Lodge of that place, of which she was a member. The funeral was one of the largest ever held in Galien.

THE office of the Rough Bros. Wagon Works, in their new building, is completed, and it is one of the finest in Michigan. The cabinet work was done by W. A. Eaton, and the carving by Edgar Hann, and it is a credit to their well known skill as fine workmen.

THE sociable of the Advent church will be held at the residence of Mrs. J. M. Bliss, on Front street, on Thursday, August 11. A full attendance of ladies is desired. Gentlemen invited to tea.

NILES is a city of mists. She missed the new railroad. She missed the court house. She missed making a success purloining the Young People's picnic from Berrien Springs, and now in her wrath she is dissolving into mist.

MR. C. L. HOUSE, of St. Joseph Co., Ind., threshed his crop of 117 acres of wheat, which produced 682 bushels, a little less than six bushels per acre. Not a very heavy crop for Portage Prairie, which yielded as high as 48 bushels last year.

THE excursion from Benton Harbor to Racine via the steamer Messenger did not "pan out" very rich. The managers paid \$225 for the boat and sold 100 tickets at \$1.50 each. Stormy weather was the inducement for people to stay off from the lake.

A FIRE occurred at Augusta, Kalamazoo Co., yesterday morning by which two former citizens of Buchanan prove to be sufferers. Mr. T. P. Morten lost two store buildings and Mr. A. Labar a dwelling house. Neither had any insurance.

AT the business meeting of the Young People's Picnic association at Berrien Springs yesterday, Wm. S. Sessor of St. Joseph was elected President; Gus M. Dudley, of Berrien Springs, Secretary; Charles Johnson, of Niles, Treasurer, and one Vice President for each township.

IT is said that 3,000 people are living in tents the outskirts of Denver for want of houses—Mirror.

IF they will just come to Michigan we can cite them to a city in Berrien county where they can get lots of house room, at exceedingly low rents.

SOME elegant specimens of the art preservative are now being put out from the Benton Harbor Times office. It would make Franklin weep tears as large as cocoa nuts to note the advancement of the art.

THE visiting committee from St. Joseph, to examine the St. Joseph Valley railroad have made arrangements to come to Buchanan one week from today, August 11. Arrangements will be made to treat them well, and see that they are properly entertained.

MR. E. A. SMITH having sold his farm, will sell his personal property at public auction, on the premises August 6, which is next Saturday. For full particulars, read his bills which you will find posted about the country.

PROF. W. S. WEBSTER, a former teacher in the State Reform School, has been engaged to superintend the school at Benton Harbor the coming school year.

THE appearance now is that people in this part of the country will have to live on hoe cake and corn dodgers next winter, instead of wheat bread. The wheat crop failure, and a large corn crop makes this an economical necessity.

ABOUT 126 people left the city this morning on the Michigan Central train for Niles, for the purpose of joining in the young folk's picnic held there today. No. 5 hose company went over to compete in the hose race, while Frank Hatch, Charley Crouch and others took their bicycles along to interest the natives with a bicycle race.—South Bend Tribune, Aug. 3.

THE following from the Adrian Times will not be far out of the way in this section of the world: "The parental idiot who allows his boy to have a toy pistol still resides in this city. A just law of providential compensation should permit the boy to shoot him."

MR. SOLOMON ROGUE has boiled away about one gill of the water from his well near Troy station, and had remaining about two-thirds of a teaspoonful of a white residue that was mostly salt. The taste reveals the presence of some other substance, but at this time we are unable to give the correct analysis of the water.

THE Berrien Springs Band has arranged for an excursion from that place to St. Joseph and return on the steamer Twilight, next Sunday, and have invited the Buchanan Band to join them, and they have concluded to do so providing they can sell 50 tickets at \$1 each for the round trip, from this place to St. Joseph and return, via the narrow gauge road to Berrien Springs, thence by boat. Not over 100 tickets will be sold. The train will leave here at 7 o'clock A. M.

THE posters issued by the Executive Committee state that Niles district camp meeting will commence at Crystal Springs on the 9th inst., and close on the evening of the 18th. That the grounds have been better arranged, new cottages erected, old ones refitted, the water supply from the springs increased, and that everything will be done to make tent holders and others comfortable.

NILES was an excellent place to establish car works on completion of the new road. One man here proposes to put into a company, which may be formed for that purpose, \$20,000.—Mirror.

Would it not be well enough to wait until you get the road completed. Edwardsburg might want the car-works, and of course Niles wouldn't be piggy about a small matter like that. If it were a court house or a picnic, or something they could wet down with their hose, there might be some danger of it.

YOUNG WALKER, of Benton Harbor, drove one of DeMont & Fitzsimmons' horses to the Young People's picnic at Berrien yesterday, and evidently forgot that while he was riding his horse was going afoot. The horse died in Otis Reed's barn from overheating.

AS soon as it was ascertained that Buchanan could get the soldiers' and sailors' reunion, if the necessary amount was subscribed, Maj. Wells, J. F. Barmore and D. Weston immediately went to work, and before night had the necessary amount subscribed. But then this is not unusual for Buchanan when her citizens undertake anything.

THE evidences of the dotage of the old man of the Mirror continue to increase with each issue of his paper. He surely cannot last long. The last symptom was the worst he has had. It looks like spasms, and the twitches must show themselves in a short time. Quiet and rest is what he needs. Poor man! He knows not his infirmities.

THE series of illustrated sermons on Bunyan's Pilgrim Progress at the Advent Christian Church on Oak street are well attended. The paintings for next Sabbath evening will be as follows: 1. Before the Cross: his burden rolling away. 2. Met by the three shining ones. 3. Formality and Hypocrisy climbing over the wall into the narrow way. The Church and Pastor extend to all a cordial invitation.

IN accordance with the new school law the chairman of the several township boards of School Inspectors met in Berrien Springs Tuesday, and besides other business they elected the following county school examiners, whose duty it shall be to examine the teachers for the whole county and grant certificates: J. C. Lawrence of Benton township, one year; Henry Crosby of New Buffalo, two years; and C. B. Groat of Berrien township, three years.

THE Young People's picnic at Berrien Springs yesterday was a grand success. Everything passed off pleasantly, with one or two exceptions. The weather was intolerably hot, and the supply of water on the grounds insufficient to supply the demand, which was somewhat unpleasant. There was a good turnout, the crowd being estimated at from 5,000 to 10,000 persons. One who counted a share of the teams says there were over twelve hundred of those there.

THE annual reunion of the Soldiers and Sailors Association of south-western Michigan will be held in this place August 24, 25 and 26. This means that there will be a great amount of work to be done by our citizens before that time, and we trust that every one will be ready to perform his part with the cheerfulness that is always manifested at such times. The visitors to our village at that time must be made to feel that it was good for them to have been here, and that none shall complain of ill treatment or lack of perfection in all arrangements.

AS we hear there are a number of cases of cholera morbus and of other bowel complaints in this vicinity, we give the following receipt, which is said to be the best, for the benefit of those who may need to use it: "Take equal parts of tincture of cayenne pepper, tincture of opium, tincture of rhubarb, essence of peppermint and spirits of camphor. Mix well. Dose, 15 to 30 drops in a little cold water, according to the age and violence of symptoms, repeated every 15 or 20 minutes until relief is obtained."

THE Edwardsburg people think that it is not the nicest thing in the world to have the Niles people tell them that if they would donate \$5,000 and right of way for a given distance, the C. W. & M. R. R. should go through that place, and when they raise the required amount, to be told that there was never any intention of going to Edwardsburg with the road, but that Granger was the route, and over this little thing the Argus gushes over two columns. Why, bless you man! If you never have a dirtier trick than that played on you by the city of Niles, you must think yours a happy, very happy lot.

WE are informed that the hose company tournament at Niles, yesterday, failed to bring the vast crowd expected. About 150 persons, included one hose company from Michigan City, got off at Niles from the west, and that instead of there being fire companies from South Bend, there was but one. Some of the people of that city estimate the crowd present as high as 15,000, while other people report the crowd very meagre. The Battle Creek company carried away the prize trumpet.

AT a regular meeting of the Buchanan Lodge No. 856, I. O. G. T., the following officers were installed for the quarter, commencing August 1: J. M. Logan—W. C. T. Gene H. Michael—W. V. T. Loma S. Beardsley—V. S. Henry J. Hall—W. T. Lenn A. Michael—W. I. G. Wallace Riley—W. O. G. Henry Butzbaugh—W. M. Jerome Beistle—W. F. S. Archie Fowler—W. C. J. H. Roe—W. A. S. Ruth Hathaway—W. D. M. Jessie Atwood—W. R. H. S. Maud Alford—W. L. H. S.

A GOOD majority of the people who went to the regatta at Diamond Lake last Thursday, came away with the firm belief that they did not care to make that a place of pleasure seeking on future occasions of a similar character. The crowd there proved to be one of the roughest lot of thugs and pickpockets that ever convened in one place in the State of Michigan. Those who did not have their watches and purses well secured to their persons had them stolen before boarding the train. Two from this place fell victims to the ruffians. As a result of this management the officers of the soldiers and sailors of South Western Michigan have decided to withdraw the announcement to hold the reunion there, and will hold it in Buchanan. If the last regatta has not already done so, about one more such meeting will kill that place for all purposes except a rendezvous for owls and bats.

THE REUNION OF '81.

Owing to the inability of the Diamond Lake management to complete and carry out their engagement with the executive committee of the Soldiers' and Sailors' Association of South-western Michigan, it has become necessary to re-locate the encampment announced for Aug. 24, 25 and 26.

A cordial and generous proposition from the citizens of Buchanan has therefore been accepted, and the third annual encampment will be held there on the dates named.

A desirable and well equipped ground has been secured, tents and rations will be provided free, and it will only remain for our comrades to muster with blankets, and greetings and reminiscences of old times, and old victories. Turn out and fall in.

S. L. GEORGE.

Chairman Ex. Com.

SAY, you fellows, in the other end of the county who are advertising the Western Machinery Supply Depot, of St. Louis, Mo., had better stop before you go any further. This concern is rotten, and you can't get a cent from it. No bigger fraud than the head of the institution, Sidney Horn exists. Let him alone.—St. Joseph Republican.

THE work of laying iron on the narrow gauge railroad was rushed along at a lively rate from the middle of last week up to the time it was completed, yesterday morning. Two and one-half miles were laid from Friday noon to Tuesday evening, and the workmen were hindered 2½ hours Monday on account of the failure of the train to furnish iron and ties fast enough, and again about three hours Tuesday by the giving way of a bank where the road crosses a marshy place just this side of Berrien Springs. The ladies of Berrien Springs very kindly brought out a fine supper for the men, Tuesday afternoon and treated them to a picnic. If this speed of work had been adopted one year ago last June we might have been using the road all winter.

SATURDAY evening the mail that was to go west from this place did not get the grab hook, instead of taking the pouch aboard, the train threw it under the train, and it was cut in two and the mail scattered between the station here and Galien, totally destroying a portion of it. This kind of management with the mails of this place has a strong tendency to stir up the combative feelings of those who understand that the United States Government employs the Michigan Central Railroad Company to safely transport our mails, and at the same time understand that the railroad company cannot do their work successfully with that grab hook when the train is running at a speed of forty miles an hour, the speed at which that train is usually run through this place. If some man should break open our mail and induce it one thousandth part as bad as was done last Saturday, he would go to State prison for five years, or more.

A MEETING of citizens of this place was held at Rough Bros. Wagon Works office this forenoon for the purpose of appointing officers and committees for making arrangements for the Soldiers' and Sailors' Reunion to be held at this place on August 24, 25, and 26, and made the following selections: Quartermaster—John C. Farmer, Pipestone; Maj. W. F. Millard, Mayor F. M. Gray, Col. D. Bacon, Mrs. Dr. E. J. Bonine, Miss Helen E. Coolidge, Mrs. J. S. Tuttle, Niles City.

Hon. J. J. Van Riper will deliver the address of welcome, and Col. Delos Phillips, of Kalamazoo, the response. Orator—Mr. Barrett, of Detroit. Chaplain—Rev. J. D. McDord. Mr. L. P. Alexander, Chairman, and A. F. Ross, Secretary, were made permanent officers, to act at all meetings hereafter held. The meeting then adjourned to meet at Rough's Opera House, on next Monday evening, Aug. 8.

[St. Jo. Evening Herald.] Yesterday, when within 15 miles of Chicago, the steam large Burroughs, bound from Grand Haven to Chicago, caught fire in her deck load of excelsior and burned to the water's edge. Fortunately the lake was smooth and tug at hand and her hull towed into port.

[St. Joseph Republican.]

George Kinzie, the young man who was badly injured by the bursting of an enemy wheel in Preston's factory some weeks ago, is still lying in a critical condition, and all hopes for his recovery are about given up. The residence of Chas. Rogge, in Lincoln township, was entered by thieves while the family were absent a few days ago, and a pocket book containing \$8 in money, clothing, Frank Allen, a young man who came up on the excursion from Michigan City last Sunday, is missing, and it is supposed that he fell overboard on the return trip and was drowned. His parents reside in Colorado.

[Berrien Springs Journal.]

The party of gentlemen and ladies from Chicago, who have been expected on the island below this place for the past week or two, were routed up last Friday night by the sudden rise in the river. They just had time to secure their traps and get to the main land, when the river was up to the water. Ralph Magill in Berrien township owns 33 acres of huckleberry marsh, and he estimates that for 28 days past an average of 20 persons have picked berries each person gathering 16 quarts. This would make a total of 8,960 quarts. At 8 cents a quart, this is a low average price, this would amount to \$816.80—a good income for 20 acres of ground.

Grand Temperance Convocation.

A three days' convocation of all temperance societies in Northern Indiana and Southern Michigan is to be held under the auspices of the Grand Council of Indiana, on the 23, 24 and 25 of August. Gov. St. John, of Kansas, Neal Dow, of Maine, George W. Bain, of Kentucky, T. B. Denaree, G. W. C. of Kentucky, Capt. J. F. Lincoff, of Michigan, Mrs. R. J. Trego and Jas. Dunn, of Ohio, and a number of other talented speakers have been engaged for the occasion. The committee of arrangements are hard at work endeavoring to secure half-price rates on all the railroads. The convocation will be held either at LaPorte, South Bend or Mishawaka. The announcement of the place of meeting will be made next week. All temperance societies in Northern Indiana and Southern Michigan are invited to co-operate, and aid in making this one of the grandest meetings ever held in Northern Indiana. The committee are holding in your lodges, unions, and Blue Ribbon clubs. Let us give Gov. St. John and Neal Dow a right royal western welcome. Any additional information may be obtained by writing to Mrs. Emma Molloy, LaPorte, Ind., chairman com. of arrangements.
