RAINING this morning.

The colleges are all commencing their year's work this month.

Mr. ASHLEY CARLISLE has returned from his summer's work in Allegan county.

The rain of Saturday has given the atmosphere a decidedly autumnal feeling.

Three hundred girls are wanted to work in the factories of Benton Harbor.

SHERIFF CLARKE supplies "grub" to six prisoners at his hotel in Berrien Springs.

MR. AND MRS. C. ROBERT of Atlantic, Iowa, are visiting friends in Buchanan.

MR. GEORGE H. ROTCH has been seriously ill of typhoid fever, but is now improving.

The long wished for rain, came last Thursday night, but in homeopathic quantities.

The narrow gauge road is gathering up considerable freight for shipment over the Michigan Central.

MR. W. J. FOLK, who bought J. H. Roe's stock of jewelry and stationery, has arrived and taken possession.

MR. R. McCORMACK has gone for a three or four week's stroll among his friends in the West.

The Niles Democrat is advertising for a stray devil. One got out from that office recently.

\$475 will buy a fine lot and comfortable house with a good cellar and well, at this office. A bargain.

PROF. S. W. STRAUB of Chicago will hold a musical convention at Berrien Springs, commencing Sept. 19.

W. M. WOOSTER is delivering extemporaneous lectures. He was announced for Dowagiac last week.

JOSEPHUS K. TURNER promises the Era a libel suit, but that doesn't appear to scare the Era worth a cent.

The Benton Harbor Times contains the list of lands to be sold for delinquent taxes in this county, this week.

MR. MYRON MEAD has been improving his lot on Day's avenue by building a new brick walk at the street front.

MR. J. D. ROSS has one of the concrete walks built along the Oak street side of his lot. A decided and lasting improvement.

This is the first season we have known Michigan fruit trees to bear roasted apples. You can find plenty of them.

Some fine prizes are being offered for foot and bicycle races, by the Berrien County Agricultural Society at their fair.

The man who gets drunk now makes himself liable to fine and imprisonment, under the new law which is now in force.

Quite a number of Buchanan boys are now employed at the city of Pullman, the liveliest year old city in America.

MR. LEVI REDDEN, of Treat & Redden, has moved his family to town, and will probably make Buchanan his home for the future.

The boys are having lots of fun with their shot guns, and the pigeons, ducks and woodchucks have to suffer when they can be found.

QUERY.—Is the leaded matter in the column of "County Matters," in the Niles Republican, intended to be understood as original?

THREE OAKS citizens in need of legal advice should call on W. K. Sawyer at his law office, in the room next back of the post office.

ROUGH BROS. WAGON WORKS will be represented at the State Fair in Jackson next week by a fine display of their goods.

MRS. JOHN GRAHAM, of Independence, Kansas, is visiting with her many friends in this county. She arrived here Wednesday evening.

MESSRS. ROGERS & KLINE have fitted up their barber shop, opposite the hotel, in style equal to that of a fine parlor, and appear determined to have their customers deem it a pleasure to visit their place of business.

BERRIEN SPRINGS has 270 children between the ages of five and twenty years, and on the first day of school 175 of them were enrolled.

A good rain, of the kind we have been wanting a month or more, visited this place Saturday afternoon, and enveloped matters generally.

MR. GEORGE CHURCHILL is moving the M. C. R. R. water house from Dayton, he having purchased the building of the company. Price, \$50.

The already large stock in the RECORD office job department has just been increased by the addition of four fonts of new type for fine printing.

The Exhibitor says about a thousand tons of tomatoes are hauled to the canning factories in Benton Harbor per day. Rather a large business.

The Benton Harbor Exhibitor of the 9th comes to us enlarged from a seven to an eight column paper, an evidence of prosperity we are glad to note.

The Kalamazoo Accommodation Tuesday morning carried a full load of passengers into Chicago. Excursion rates is what made the crowd grow.

This has been a good year for ice dealers. About the only way a man could keep comfortable was by sitting on a cake, and it took lots of ice.

MR. FRED SCHRAY is building a new house on his lot on West street, next north of the Old Advent church, with a view of making that his home.

MR. FRANK M. HOWE started this morning to drive to Kansas to settle on his farm near Delphos, where he was blown away a year or so ago.

The firm of Tourje & Fox has been dissolved. Mr. Frank Fox having withdrawn, and the business is being continued by Mr. Tourje.

Those who were out at about nine o'clock Monday evening were treated to the most brilliant display of northern lights seen in a number of years.

W. S. McKENNEY, the Berrien Springs lawyer, has left that place to find one where his services will be needed more. The county seat is now without a lawyer.

MR. W. H. INGLETS has moved to New Buffalo. His work on the West Mich. road made it inconvenient for him to leave his family here, hence the move.

The wheat crop is being sown in good condition this year, in this vicinity, the rains of last week making the ground in excellent condition. The acreage will be as large as usual.

The blacksmiths in Rough Bros. Wagon Works have been obliged to quit work while the old shop is being torn away and the new one completed, which they anticipate will take about two weeks.

The secretary of the Cass County Agricultural Society has the thanks of the RECORD for tickets to their fair, to be held in Cassopolis Sept. 28-30. Of course we'll go.

The pocket-book and brass jewelry man who took in so many little boys with grey hairs in their heads here, last week, went all around the county. It is strange how many fools such fellows will find in a crowd.

A Benton Harbor man sent two barrels of apples to Chicago, and received \$1.30 for them. When the freight and commission was taken out, he had 51 cents left. Not very profitable.

The Benton Harbor fair will be held October 4, 5, 6, and 7. It will no doubt be a grand success, as the people of that place, like those of Buchanan, always make a success of what they undertake.

The Michigan Central company will sell tickets from all points on their line to Jackson and return during the State fair, Sept. 19 to 23, for one regular fare the round trip.

Some of the many vacant lots about this place would look much better with neat cottages built on them. And the first thing the owners knew some families would be living in them and paying good rent.

Mrs. W. I. HINES started Tuesday morning for a visit with her friends in Maine, going by way of Chicago to take the benefit of excursion rates there, and the \$10 round trip thirty-day tickets over the Grand Trunk.

A LETTER recently received from Mr. Geo. W. Dalrymple, formerly of this place, from Kirwin, Kansas, tells a story of exceedingly hard times, and leads to the belief that Kansas is an excellent State to emigrate from.

The list of delinquents on the tax sale contains but twenty-three descriptions for Buchanan village and six for the township, and some of these are too good properties to be advertised in this way. Hard times is no plea for such delinquencies now.

MR. WM. MEAD is making arrangements for building a fine new house on his lot the east side of Clark street, and his son Frank has one nearly ready for occupation on the next lot east. Considerable of an improvement to that part of town.

The new liquor law in Indiana took effect on Sept. 8, and the citizens of Michigan City informs the RECORD that last Sunday was the first time in the history of the city that the saloons were all closed on Sunday. The Hoosier State appears to have found what many of her towns have needed for a long time.

PEOPLE who will persist in sending anonymous correspondence to papers will continue to be disappointed in not seeing their productions in print. It is the unvariable and necessary rule of papers to publish no communications of that kind. It must be so as a matter of protection to the publishers.

THE Niles Democrat says Michigan has a total valuation of real and personal property amounting to \$10,000,000. The last report of the State board of equalization is to the effect that Berrien county alone has \$15,000,000.

The time appointed by the Governor as an hour for prayer for the recovery of the President, was not generally observed in this place, although the prayers of the people for Garfield's recovery is general at all times, those two hours included.

As we are pleased to note, Mr. Carney is getting considerable work in laying the concrete walks in this place. We believe them to be the best cheap walks made, and prefer them to flag stone. No skinned shins will have to be paid for by the village on account of these walks.

In the case of the people vs. Thomas Hurley, for slander, tried in St. Joseph last Thursday, the jury said not guilty. Tom's \$20,000 libel suit follows this pretty closely, and the verdict of the jury in this case will be a damper on the libel business.

The Buchanan Hose boys are working hard to prepare for the tournament to be held at Michigan City next week, and are pretty sure of bringing home some of the prizes with them. One thing certain, they will unless someone is quicker than they.

FRANK ALLEN was before Justice Dick yesterday, charged with assault and battery on his daughter, Mrs. Middleton. He was assessed \$10 and costs, amounting to \$17.25, which he paid in preference to going to jail thirty days.

FOLLOWING is a list of letters remaining in the Buchanan post-office Sept. 14, 1881: Miss Esther Bernis, Ida Graham, Jasper Ingelright, Mrs. Ella Loyd, O. D. Lyda, James Olmstead, W. M. Stevens, Miss Nettie York. Drop letter, Alfred Ehard.

TO-DAY is the time set for the sale of the personal property of the estate of John M. Gyer, but owing to the rainy weather the sale could not be continued, and has consequently been adjourned to Tuesday, September 27, 1881, at the premises in Niles township.

AN OLD SETTLER GONE.—Mr. Orrin Churchill, an old resident of Buchanan, and vicinity, died at his home on Tuesday, after a tedious sickness of several weeks. Mr. Churchill was born in Cortland county, N. Y., in 1805, and lived there until the fall of 1837, when he moved to the farm now occupied by Mr. Samuel French, and moved from there to the village of Buchanan in the spring of 1839. A post mortem examination was held and there was found a cancerous gathering in vicinity of his stomach that probably caused his death.

Programme of the Berrien County Temperance Alliance. The first quarterly meeting of this Alliance will be held at Niles, in the Presbyterian Church, Sept. 27, to continue until noon the next day. All temperance men and women of the county are invited to be present. As the friends of Niles expect to entertain us after the noon picnic on the 27th, all who propose to attend the meeting are requested to send their names to J. S. Tuttle, of Niles, that places of entertainment may be provided. The chairman of each Township Committee is requested to collect \$3 or \$4 to meet the expenses of the meeting.

Card of Thanks. We the undersigned, Executive Committee of the Soldiers' and Sailors' regiment, held at Buchanan, Mich., Aug. 24, 25 and 26, 1881, express our sincere thanks to the different committees throughout the county for their energy and ability in collecting commissary supplies and money; also to the citizens of Buchanan, Niles, St. Joseph, Benton Harbor, Berrien Springs, Dayton, Gallien, Three Oaks and the various townships of Berrien county, for their liberal donations and hearty co-operation in working for the success of the reunion; and more especially are the ladies of Buchanan to be praised for their bravery in fighting the battles of the commissary department, and it is safe to say that their tactics conquered the appetites of more hungry men than a regiment of brigadier generals could.

SAMUEL WELLS, WM. PEARLS, GEO. H. RICHARDS, J. K. WOODS, W. M. HOWES. Additional locals on second page.

THE Niles people have discovered something wrong in their car works enterprise—that it was not the intention of the company to locate there, but was using them as a cat's paw to stir up Elkhart with. They now know how to appreciate the feelings of the citizens of Edwardsburg, and can only cheer their end in silence. It appears to make all the difference in the world who such tricks are played upon. But 'twas always so when car works are built. Some one is always disappointed.

HILL'S CORNERS ITEMS.

Sept. 12, 1881. Last Saturday a nice shower visited this place. Samuel Flowers will soon leave this place to sell his new patent washing machine.

Jet Allison has lately received back pension to the amount of \$1,500. A barrel factory will soon be opened in the cheese factory by parties from Stevensville.

The new drug store, town hall, etc., mentioned some time since in the RECORD to be erected in New Troy, has collapsed and gone back to mother earth.

Farmers are cutting their corn at a lively rate, in this vicinity. Beth street is being cleared from rubbish. George Orris is doing his share. He has let the job for \$61 to Wm. Brown.

David Stevens has taken in a partner, and has placed him on top of his blacksmith shop. Ezekiel Borden of New Troy has been employed to engineer the building of the new church.

The sawmill, located in the vicinity of Peter Wolkins, is doing a lively business. Dr. Nash of New Troy has moved to Buchanan to practice dentistry. It is talked that Alvin Morley will keep house this coming winter.

A new school house will be erected in the vicinity of the Penwell mill this fall. Some talk of erecting another church at the Corners, to be called a union church, but we trust, according to agreement, the church in progress will always be open to other denominations.

School opened last Monday, with Miss Florence Hartsell teacher, for a two months term. Water getting scarce, and a number of wells nearly dried up.

We saw Lodge I. O. O. F. was visited by a goodly number of the Gallien Lodge members last Wednesday night. Our weather prophet has predicted frost several times and failed, and now we conclude that he is like some of the prophets of old.

The business of putting down new wells in this section is largely on the increase. Our merchants or farmers most of the time, consequently there is good reason for both stores being shut nearly all the time.

Some talk of a new grocery store being opened in this place soon. J. Allison has bought the south half of the Flowers' farm, near the Painter school house, for the sum of \$1,100, and Samuel Flowers takes the other half, at a cost of about \$600.

A new well is being driven on the Samuel Pennell place, and at this time a depth of 150 feet has been reached without finding water.

Jerry Painter is building one of the best houses to be found in the township, and the cellar kitchen looks more like a parlor than anything else. X.

THREE OAKS ITEMS.

Sept. 13, 1881. Cool weather. We had a fine rain here on Friday morning.

Mr. Frank Harger is making considerable improvement on his place this fall. Uncle Sherwood Martin is building a large addition to his place, and will make it one of the most desirable residences in town when finished.

A pool table has been set up in the Hess building, and seems to be doing a fine business thus far. Peter Strehle arrived home from the North feeling very much better for his trip, but the climate here does not agree, with him quite so well as the north part of the State, as he is feeling bad again.

Quite a number of our ladies went to Lake Michigan last week for a ride. No males invited.

We feel not a little proud of our village in the manner she has responded to the cry for help from the northern part of the State. On Saturday \$75 in money was sent, and on Tuesday \$25 more with four large dry goods boxes and one barrel packed full of clothing, bed clothes, boots and shoes, and things of every description. Is there a town of 600 inhabitants in the State doing any better?

Last Saturday all of our doctors went out on a begging exhibition for the suffering from the fires in the north part of the State.

Did you notice how high Mr. Henry Hess stepped, on last Tuesday, and that smile on his face? He is paid; new boy; 8 1/2 pounds.

Miss Libbie Rhinehart returned home on Wednesday, after a visit in the place of three weeks. Mr. William Chamberlain returned from the East Saturday evening.

But five of our citizens availed themselves of the cheap rates to Chicago on Tuesday. Several of our merchants are in Chicago this week purchasing fall goods. Look out for bargains. Three Oaks sells more goods than any town of her size on the M. C. R. R.

Dr. Churchill has been detained at the bedside of his father, at Buchanan, most of the time the last ten days. He died Tuesday evening.

Mr. Alfred Hickman smiles a little louder than usual since Sunday morning. It is a girl, and Alfred is happy. Miss Kate Ryther from Kensington is at home visiting parents and many friends.

You ought to read the racket the Michigan City Dispatch gives one of our former citizens. He undoubtedly deserves it, or Harry would not say so. Mr. Dell McCann placed himself behind the counter at Peter Strehle's store on Monday to smile on the ladies and wait on customers. Dell is a good boy, and we wish him success in his new undertaking.

Mrs. Thomas McCann left for Chicago last Friday morning for a week's visit among her friends in that city.

Mrs. Mary Hilton will stock up her shop with everything that's lovely and desirable in the millinery line, as she is in the city making her fall purchase this week. It would be well for our village dads to look after the sidewalk in a certain part of the town, or it might cost the village more than it would to build a new walk.

Locals.
