FOUND—A pocket-book. The owner may recover his property by calling on O. S. Blake, proving property, and paying charges.

FARMERS in this vicinity are buying coal stoves. Whether because they do not want to cut their wood, or for other reasons, we cannot say.

THE work of laying by a winter's supply of cider now occupies the attention of the frugal provider, and the mills are correspondingly busy.

MR. F. F. CLARK reports that his peach trees are in full bloom. Rather slow about it, we think. They ought to have done that last spring.

MRS. MARY BLACK has secured the rooms on the first floor of M. Cartwright's building, on Main street, and will henceforth conduct her business there.

A BURNING vessel was seen off from St. Joseph last evening, about fifteen or twenty miles in the lake, but the character of the craft could not be told from shore.

MR. I. M. VINCENT has bought the house and lot next south of the Buchanan Manufacturing Co's office, paying \$450 for it. Cheap enough at twice the money.

CORNWELL & HICKS, of the Tivoli saloon, were assessed \$18.70 by the mayor, this afternoon, for allowing minors to play pool in their saloon.—South Bend Tribune, 8th.

QUITE a number in this place are preparing for winter by putting new roofs on their houses. The RECORD office is having the work done at the other end of the building, a brick underpinning.

THE Home Mission Band will meet on Friday afternoon of this week at the residence of Mrs. Harger, on Day's avenue. It is hoped there will be a large attendance.

WM. LOUGH had 150 barrels of apples stored at the depot and when he went to ship them found that 35 of them were missing. Evidently a mistake on the part of some other shipper.

MR. AND MRS. W. H. MOORE, of Crestline, Ohio, are in town visiting Mrs. Moore's mother, Mrs. Mahala Mansfield, and other relatives and friends.

FOURTY-EIGHT persons from Berrien Springs came down on the Narrow-gauge road to attend the entertainment Friday evening, and had a jolly time.

We'll all join in smoking to the well-wish of Dr. J. W. Bestie and wife, when they return from their trip to the west, which will be in a few days. See marriage notices in another part of this paper for full particulars.

THE continued wet weather has made the roads in this township in many places next to impassable. It will take \$20,000 each for several years to get the Buchanan township roads in good condition.

MR. J. L. HILL has bought the vacant lot at the corner of Detroit and Chicago streets, next to the school house lot, and will commence at once the work of erecting a fine dwelling house thereon.

A FREIGHT train going west Monday evening ran into some empty freight cars that were standing on the track at New Buffalo, demolishing the cars and stripping the engine of her ornaments. No one was injured.

MR. SAMUEL PRIEST has traded his farm of 160 acres, in Chickaming township, to Mr. Jesse Leggett of this place, for his farm in Eastern Kansas. Mr. Leggett paying \$4,000 difference. Mr. Priest gets a first-class farm at a low price.

ACCIDENT.—Yesterday morning, while Christ Schwartz was at work at B. F. Fisk's saw mill, a log rolled against a spike in such a way as to throw the spike across his instep and crack the bones of his foot. Dr. Slocum dressed the injury.

CHANGES.—Mr. Clarence White and Mr. Pelton, the cigar manufacturer, have exchanged places of business, the former now occupying the Jones building, at the foot of Day's avenue, and the latter going into the north east corner of the Tremont building.

MISS EZZA WILLIAMS, of Grand Lodge, Mich., will deliver a lecture in the Christian church in this place, next Sunday evening. All are invited. Miss Williams is said to be an interesting speaker, and there is a promise that those who attend shall be well entertained.

CHARLES VOORHEES, who works in his father's shop, made forty four barrels in six hours, one day this week, and thinks it is fast work. And Daniel Boyd, who works in the same shop, made 1,950 barrels in ten weeks, the fastest work ever made in this town.

THE Evening News says the Mutual Union Telegraph company will have an office here. As the company's lines do not run within two miles of here it is a little difficult to see how this is to be. The Post & Tribune of the same date had its Three Rivers items headed Buchanan, hence the mistake of the State editor of the Evening News.

MR. J. D. ROSS, whose injury was chronic in these columns last week, is still quite sick, complications of a serious character having set in. Saturday and Sunday his case was considered a hopeless one. He improved some since that time, but this morning he is quite weak.

WHAT THE NEWS is to the dailies THE ECHO is to the weeklies, and it is winning by the same method, that of giving the greatest possible amount of news in the smallest possible space and at the least possible cost to the subscriber. THE ECHO gives more news and choice miscellany for less money than any other weekly circulated in Michigan. This is not a boast, but a fact. Let anyone make the comparison.

CHARLES MCCOY has had one Tom Ryan, of Niles, arrested on a charge of assault with intent to kill. Charley was over in Niles one day last week, and seeing Ryan and another fellow fighting, parted them, when Ryan turned on him and cut him in the neck with a pocket knife, and made two other thrusts at him but did not hit him.

MR. SAMUEL PRIEST, living 2 1/2 miles north of Avery and 1 1/2 miles east of Drew's school house, will sell at auction, on Friday, Nov. 19, all his personal farm property, consisting of horses, cows, sheep, hogs, grain, hay, farming tools, household goods, &c. As he intends to move to Kansas, he will make a clean sweep. It will be a large sale. N. Hamilton is the auctioneer.

MRS. LAURA E. DAINTY, one of the most accomplished elocutionists in America, has been engaged to give one of her fine entertainments in this place, under the auspices of the Buchanan Lecture and Library Association, next Monday evening, in Rough's Opera House. The admission price will be 25 cents, or 35 cents for reserved seats. A special train will accommodate those who may wish to come from Berrien Springs.

THE work of moving the village fire pump and arranging its connection with the grist mill is being done. We don't pretend to be much at mason work any way, and perhaps that accounts for our not seeing the efficacy in laying the water around it in water lime and then not more than half doing it, unless it may be so that the same work can be done again next year, and make it more expensive at first.

A DAILY newspaper should, above all things, furnish correct information on the subjects uppermost in the popular mind, as concisely as possible and without regard to political, sectarian or personal relations. It should be intelligible as well as intelligent, and even its original comments should be more in the way of explaining its news than in enforcing favorite theories. This is the aim of the DETROIT EVENING NEWS, and it seems to hit the bull's eye most of the time.

MR. SAMUEL MILLER writes about the small-pox in New Carlisle, saying that there had been no cases in town, but the talk was that Dr. Van Ripper, who was attending the cases a short distance out of town, had the varioloid. So far as danger to others is concerned this is as bad as the small-pox, and a little girl who has been staying in New Carlisle to attend school, but came here for a visit, received a notice of warning to not return because of the spread of the small-pox. It may be there is nothing of the kind there.

BRIDGMAN ITEMS.

Nov. 1, Indian summer; next day, rain; next day, snow. Daumer's mill began work on Monday, Oct. 24, after receiving repairs and improvements.

O. A. Baldwin and family have recently moved into their new house. May they stay long, and health and happiness be theirs. A. R. Weston hopes to do the same thing before winter.

Miss Grace Bradley is once more mistress of our school. All are glad to see her. The school room is very pleasant with white walls and new black-board.

Mr. David Smith, long a resident of this place, has changed his residence to New Buffalo, where he has an extensive lot of fence-building for the C. & W. M. R. R., for the new branch running to Laporte.

Marion Van Wert, son of Isaac Van Wert, has moved to Lenawee Co., Mich., where his wife has relatives. Work progresses on the new church. M. C. Traver has done the plastering, giving the work in aid of the building.

A Ladies' Missionary social meets on Friday afternoon, once in two weeks at private houses; having been instituted soon after the organization of the Congregational church two years ago, but is characterized by no sectarian or social prejudices. A nice contribution by those who attend constitutes a fund, which is at present applied in aid of the new church building. The best and happiest result of this society has been to promote a feeling of friendship and cordiality in the community. The rules forbid scandal and require that the supper shall be plain. The husbands are invited to attend. The last meeting was at the house of Mrs. Parrey; fifteen ladies present.

Mrs. F. L. Weston has lately received a letter from her only brother in Colorado, of whom she had known nothing for twenty-five years, and was long supposed to have been dead. Married, at Brown's, near Troy Station, by Rev. P. Parry, Nov. 2, Mr. Wayne Teft and Miss Ida Brown. The wedding day was also the sixteenth anniversary of the marriage of the bride's parents.

Our Lodge of I. O. G. T., which it was thought, would soon expire, has elected a good list of new officers: W. C. T., O. A. E. Baldwin; W. V. T., Mrs. H. Duart; W. S. N. W. Weston; W. T. A. Main; W. F. S., Miss C. Hobb; W. M. C. E. Whitten; W. I. G., Mrs. Main; W. O. G., M. Giles; W. R. H. S., Miss Waterhouse; W. D. M., Miss Bradley; Lodge Deputy, H. Duart; Chaplain and L. H. S. not yet appointed.

MR. EDITOR.—Efforts are making to form a Library and Lecture Association in our village. The executive committee, consisting in the main of active and able business men, intend to secure only the very best talent, and to endorse no lecture or entertainment without a close scrutiny into its nature and character. The committee is negotiating for the services of some of the best lecturers, readers and concertists in the market. Mrs. Laura E. Dainty, renowned as a reader and elocutionist, has been engaged for the opening night, Monday, Nov. 14. The committee guarantee one of the finest entertainments of the kind that ever visited Buchanan. The officers of the Association are giving their services to this work free, and will bend every energy to make it a success. Let every one who wishes to see a superior class of entertainments succeed in our community, aid us both by his presence and money. J. F. JORDAN, Pres. A. F. ROSS, Sec.

MR. AYERS, agent of the Michigan managers of the Bell Telephone, is in this place to-day looking after the probability of raising enough funds in Buchanan to pay for connecting Buchanan, Niles, and Berrien Springs. His plan is to build the line and put it in operation on the guaranty of \$1,100 worth of business over the line at the rate of fifteen cents for five minutes' use of the instrument. This amount he wants to have subscribed to the amount of \$400 here, \$400 at Niles, and \$300 at Berrien Springs. When the full amount is subscribed the company will construct the line and collect the subscriptions and give in return tickets that will be received by the company as fees for the use of the line. Berrien Springs and Niles have subscribed their shares of the amount, and we trust that Buchanan will do the same. From this we expect an exchange to be established here and connection had with the entire State in a year from this time. This is the first opportunity offered Buchanan for obtaining the benefit of this invention, and it must not be allowed to pass unimproved. As soon as this line is established, Mr. Ayers will look after the connection between Niles and Kalamazoo, including Dowagiac, Decatur and Paw Paw; and Kalamazoo being connected with the circuit of towns in the eastern part of the State will give us the benefit of that also.
