## Berrien Co. Record.

JOHN G. HOLMES, Editor.

THURSDAY, MARCH 9, 1882.

Seven unsuccessful attempts have been made to kill Queen Victoria.

An attempt is being made to move the capitol of Wisconsin to Milwaukee.

The decrease in the public debt for the fiscal year is \$140,000,000, or at the rate of \$1,000,000 a month.

More than one of the "solid" southern States will go Republican in 1884, and the number will increase as the years go by.

Brother-in-law Scoville has given up the Guiteau case and will leave the culprit in the hands of Deity and the hangman.

Conkling's nomination to the supreme bench was confirmed by the Senate last Thursday. He has declined to accept.

The official statistics show that 769,919 bushels of potatoes, valued at \$488,461, have been imported in the United States since last March from Ireland, Scotland, Nova Scotia and Canada.

An attempt was made to assassinate Queen Victoria, by a lunatic who fired a pistol at her March 2, but missed his mark. The would be assassin was promptly arrested.

Rather a queer state of affairs when the United States Supreme bench goes begging for men with ambition low enough to accept a seat.

President Arthur appointed Senator Edmunds to the place on the Supreme bench left vacant by the failure of ex-Senator Conkling to accept the appointment, Tuesday, but he promptly declined.

A bill now before congress to extend the Illinois and Michigan canal from Hennepin, Ill., to Rock Island is being fought over with a vim that denotes the existence of valuable interests.

Gambling halls in Chicago are not safe property since the Inter-Ocean opened the eyes of the people to the vastness of the crime. The officials are making a warm reception for all who dare to keep such places open to the public.

People living along the lower Mississippi have been accustomed to general inundations during the past two weeks. The Bolivar levee, a few miles above Greenville, Miss., broke last Thursday and overflooded the whole country around.

It has been discovered that the Kentucky election rolls contain about 7,000 names that there are male citizens over 21 years of age. This is accounted for in two ways: The State is decidedly democratic, and the registrars receive fifteen cents for each name put on the list by them.

The Indiana Supreme Court has decided that dogs are not considered property in that State, therefore no crime against property is committed when you shoot your neighbor's dog. Not so enviable a condition for the dogs as for the State. An increase in the sheep raising industry in that State may be looked for.

## ADDITIONAL LOCALS.

We think that if people usually understood that the number of pupils belonging to Mrs. Welch's room is from 100 to 120, they would not send their babies there for to take care of, as has been done a number of times this winter. It ought to be as easy to take care of one at home as of 120 at that school-room.

List of letters remaining unclaimed in the post-office at Buchanan, Mich., for the week ending March 9, 1882: Mr. Frank J. Crane, A. F. Hayes, Mr. Jacob Longfellow, Mr. Frank Starckewitz, Miss Bessie Tate, Mr. Morgan Wynn, Postal Cards—J. B. Vinch, Mrs. C. C. Wells, Drops—L. George Doyle, Abe Dempsey, James Maldon.

**Teachers' Examinations.**  
Notice is hereby given that an examination of Teachers for the County of Berrien will be held at Benton Harbor, Saturday, March 25, 1882, commencing at 9 a. m., Berrien Springs, Friday, March 31, 1882; Niles Saturday, April 8, 1882. By order of Board of School Examiners.

A SNEAK-THIEF prowls around west Front street during dark nights, and we warn those who live there to keep their cellars well locked. It has cost the Kalamazoo seven quarts of canned fruit and four of canned apple syrup to learn this, but are willing to let their neighbors benefit of it free. We think we know who the fellow is, but will leave others to catch him the same as we did. He came twice before he succeeded in getting in.

A FIRE proof tin thimble where the stove pipe goes through the chamber floor in H. N. Mow's house burned out this morning. The dust had worked down into the chamber from the floor above and had filled it so that the heat from the pipe set it on fire. Persons in the room saw the flame coming up through the air holes in the thimble, and with some water extinguished the fire before any damage was done.

The camp fire by the G. A. R. Post, in Rough's Opera House last evening is pronounced a success in every particular. The receipts amounted to \$71.05 and gives the Post about \$36 clear. Here is a suggestion to the Library and Lecture Association as to where to go for an attractive and talented company for their next entertainment. The fund raised in this way is to be expended in the celebration of Memorial day, May 30, in securing a good speaker and for other arrangements for that day needing money.

The proposition of the telephone company to connect this city and Niles is one that should be seriously considered by the citizens of both places. There is a great deal of business done between the two cities and would be a great deal more with a telephone connection established. To build such a line will cost a large sum of money, yet all the company asks is for those interested to subscribe a certain amount for which tickets will be issued them which will entitle them to do an extra amount of business over the line. In short they simply ask them to pay a certain amount of tolls in advance. The regular toll, should the line be built, will be 25 cents for the first mile, and 10 cents for each additional mile. We have no sufficient interest will be taken by the business men of both places to secure the line.—*South Bend Tribune.*

## Fight With Indians.

SANTA FE, N. M., March 7.—Governor Sheldon received news from Taos Pueblo yesterday, which, if substantiated, is serious. It is to the effect that, four days ago some Taos Pueblos became drunk, and were arrested and placed in jail. They escaped, and Deputy Sheriffs Miers and Martinez started them. They and their posse were met by fifty armed Pueblo Indians, and a fight ensued, in which Deputy Miers was killed and Deputy Sheriff Martinez was mortally wounded. The murderers are not yet captured. The Taos Pueblo is one of the richest and largest in the Territory, and heretofore the best feeling has existed between the Pueblos and the surrounding Mexican towns. Of late too much whisky traffic has been going on, which the United States authorities should stop. Governor Sheldon has sent to Taos for the latest information and news is hourly expected.

## Reading Notices.

## No. 51.

A Scotch minister once said no woman could bear pain as well as a man. That is not so. The fact is generally the other way. Mrs. Edward Mayers, of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking either an anesthetic, or uttering a cry. The lady's disease was Erysipelas, and afterward the Doctor gave his "Favorite Remedy" to cleanse the blood. Mrs. Mayers is now well and strong.

## A Novel Cure for Scrofula, Salt Rheum, Cancer, Etc.

A discovery has recently been made which will cure Scrofula, Salt Rheum, Cancer, Etc. It is an extract from the Red Clover Root, and is called "The Great Purifier." It is a simple, safe, and reliable agent to employ against all such and pains, which are the forerunners of more serious diseases. It acts speedily and surely, always relieving suffering and often saving life. The protection it affords by its timely use on rheumatism, neuralgia, sciatica, all such pains, wounds, cramping pains, cholera morbus, diarrhoea, coughs, colds, catarrhs, and disorders among children, makes it an invaluable remedy in all cases of Scrofula, and every home. No person can afford to be without it, and those who have once used it never will. It is absolutely certain in its action, and will always cure when cures are possible.

Call at D. Weston's and get a memorandum book giving more full details of the curative properties of this wonderful medicine.

## How to Secure Health.

It seems strange that any one will suffer from derangements brought on by impure blood, when SCOVILLE'S SARSAPARILLA AND SYRUP can be had at every drug store. It is the BEST BLOOD PURIFIER ever discovered, effectually cures Scrofula, Syphilis, Disorders, Erysipelas, Rheumatism, Gout, Malnutrition, all Nervous Disorders, Debility, Bilious complaints, Diseases of the Blood, Liver, Kidneys, Stomach, Skin, etc. It cures indigestion. A single bottle will prove to you its merits as a health renewer, for it ACTS LIKE A CHARM.

BAKER'S PAIN PANACEA cures pain in Man and Beast. Use externally and internally and find relief.

DR. ROGERS' VEGETABLE WORM SYRUP instantly destroys WORMS and removes all Secretions.

Have You Ever Known any person to be seriously ill without a weak stomach or inactive liver? Kidneys? And when these organs are in good condition do you not find their possessor enjoying good health? Parker's Ginger Tonic regulates the impure and inactive organs, makes the blood rich and pure, and strengthens every part of the system. See other column.

Permit No Substitution. Insist upon obtaining Fluorine Cologne. It is pre-eminently superior in performance and rich delicacy of fragrance.

PILES! PILES!! PILES!!! A Sure Cure Found at Last. No One Need Suffer.

A sure cure for the Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. Williams (an Indian Remedy), called Dr. Williams' Indian Ointment. A single box has cured the worst cases in less than 30 days standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, Instruments, and Electrodes are more harmful than Dr. Williams' Ointment absorbs the tumors, allays the intense itching (particularly at night after getting warm in bed), acts as a powerful stimulant, and induces relief, and is prepared only for Piles, itching of the private parts, and nothing else.

Read what the Hon. J. M. Coffinberry, of Cleveland, says about Dr. Williams' Indian Ointment: "I have used scores of pills that it affords me pleasure to say that I have never found anything which gave me such immediate and permanent relief as Dr. Williams' Indian Ointment."

## Marriages.

July 1, 1882, at the residence of Mr. Archie Young, by Rev. J. D. McLeod, Mr. WALLACE MURLEY and Miss NETTIE JORDAN, all of Buchanan.

She has gone, noble daughter, from earth called away.

The loss of her presence is felt every day. By the sad and lonely—the dear ones at home, For at long time of life she has left them to mourn.

At home with the angels, the good, gone before— Freed from earth and its cares evermore; With kindred of angels she may greet their fears, And her hallowed presence dry all their tears.

G. T. S.

Died, Sunday morning, Feb. 25, 1882, in the bed of the river, Mrs. SARAH A. ALKANDER, wife of Alexander M. Alkander, aged 82 years.

She had lived together 56 years. She was born in Trenton, N. J. Her whole life was pure and spotless, and she was universally beloved.

She is gone, our greatest mother— She is sleeping in the grave.

Now her pilgrimage is over— She has crossed life's troubled wave.

For over fifty years she cheered Our father's heart and home, And when he died she laid him out, And she was in the tomb.

Our father's heart is saddened now— He sheds affliction's tears, O, may the grace of God sustain His lone declining years.

We miss her presence everywhere, And earth looks sad and drear; When forced to think of her no more We meet our mother dear.

But O, we do look to that blessed home, When the dead saints shall come From out of their dusty beds To dwell in Eden's happy home.

'Tis then we'll meet our loved, our lost, When parting is no more; With her to praise our Savior's name Forever round his throne.

The Grand Army boys of Berrien Springs are preparing themselves to give an entertainment on Friday evening, March 17.

The residence of Mr. S. E. Cadwell was the scene of a gay party Saturday evening, March 4, that being Mr. C's 45th birthday.

The village election at Benton Harbor Monday resulted in the election of A. M. Worden, President and L. A. Jones, Clerk, both Republicans.

Mr. W. J. FOLK has bought the property on Clark street, now occupied by W. H. Talbot, for \$1,000, and now Mr. Talbot is looking for a place to live.

PEDESTRIANS are charged \$5 to \$25 per day in Benton Harbor, and as a consequence the inhabitants are not obliged to keep so many bull dogs.

TREAT & REDDEN sold one of the finest lot of dishes ever sold in Buchanan in one lot, this week. The set consisted of 182 pieces and brought \$52.

PROF. WURZ, of Niles, will be in this place to-morrow afternoon for the accommodation of those who wish to employ him as instructor in instrumental music.

A POSTAL CARD recently received from Mr. E. A. Smith announces that he started Monday for his home in Ashland, Nebraska, where he purchased a farm last fall.

MR. GEORGE H. ROUGH will go next week to Crete, Nebraska, to spend a few months with his brother-in-law and recruit his health, which has been not the best for some time.

A SPECIAL to one of the Detroit dailies says that L. J. Merchant started the Benton Harbor Palladium in 1868. One would hardly think by his appearance that Mr. Merchant was so old.

MR. A. J. CAROTHERS has rented the Dempsey building, now occupied by Howe's furniture store, and will probably open a saloon in that building about May 1, unless he thinks better of the prospect before that time.

MESSRS. REDDEN & BOYL are now in Chicago buying a stock of new goods for their store, soon to be opened in Redden's building in this place. The more first-class stores the more trade will come to town.

A WATER POWER of one-half more power than the one at South Bend can be made in the river at this point with at least one-third less expense. A more natural place for a dam and race could hardly be made.

A PARCEL of boys with their daily game of marbles at the rear of the Arcade clothing store make their presence a nuisance by the continual use of vulgar and indecent language. It ought to be stopped.

MESSRS. FISK & WAGNER received a thirty-horse power engine and boiler from the Bromley Machine Works in Laporte, Monday. It will be used to furnish power for their saw mill, about two miles south of this place.

THE St. Joseph Republican publishes an "un item" for the benefit of some of the inhabitants of Benton Harbor that is either false or the editor of that paper is a criminal in knowing of the crime and not prosecuting the guilty parties.

A BRIGHT, large light was seen at the east of this place Tuesday evening that indicated that there was a fire at some place in the vicinity of Niles. We are unable at this time to learn of its whereabouts.

THE annual village election at Three Oaks Monday resulted in the election of James L. McKie, President; E. H. Vincent, Recorder; Peter Streible, Treasurer; Stephen Martin and Calvin W. Conner, Trustees.

HENRY A. SMITH, of Royalton township, died at St. Joseph Sunday evening of dropsy, aged 65. Mr. Smith was born in New York in 1817 and came to St. Joseph from Illinois in 1850, and remained there till his death. He leaves a wife and four children.

IT cost \$480.72 to run the village of Berrien Springs the past year, of which it took \$50.82 for street work. This place must be very much larger than that, for it cost us over \$5,000 to run this village the same length of time, of which \$2,110.68 was for street work.

YE EDITOR returns thanks for a package of fine oranges from a box sent to the families of L. P. Alexander and Samuel French, by H. C. French, from Florida. They were delicious, and led to wonder why it is that such oranges can not be bought in this market.

THE leading feature in the programme of the Young People's Social, which is to take place in Dayton Hall on Friday evening next, March 10, is taken from the 2d canto of "Marmion," Scott's poetical works, which also is worth the admission fee—10 cents. Everybody come.

MESSRS. A. B. CROFOOT & CO. have commenced business at the Fulton stand, and are closing out the old stock to make room for a new one. They commenced Saturday afternoon by an auction sale of the groceries. See their large advertisement on second page of this paper.

THE second institute of the Berrien Sunday School Association will be held at the M. E. church at Dayton, Friday afternoon and evening, March 17, 1882. An interesting programme has been prepared, practical topics have been selected, and none can attend but to be profited. A large attendance is desired.

MR. PHILLO SMITH was in Chicago Monday to buy an engine and boiler for the pleasure boat of Smith, Powers & Carothers, and made arrangements to have one made to order at an expense of \$410. The machine will be here about the middle of April and will be put in position at once, when an excursion to St. Joseph and return will be in order.

THERE are some places in this village where slops and filth have been thrown in close proximity to living quarters, during the winter, that ought to be attended to at once, unless the inmates want to keep a doctor and an undertaker in steady employ next summer. Some of these places are in a terrible condition.

THE work of constructing the telephone line between this place and Niles is being done now, and will be completed in a few days. The manager was here on Tuesday and arranged with John Morris to care for the switch board, and attend to the business of the company at this place. The telephone will be placed in a room for that purpose in Morris' restaurant, and we can soon talk to our friends in Niles. The line will be continued direct to Berrien Springs.

WITH its last issue the Berrien Harbor Times and Palladium changed proprietors, W. H. Marston stepping down and Messrs. Rose & Miley up. We had heard of this change some time since, but as it was but a short time since Mr. Marston said that the paper was not for sale and we thought that perhaps he meant it. He staid in the business just long enough to put the office in good shape for some one else to work with.

THE RECORD finds it necessary to once more call attention to the abominable condition of the roads on the township line, the first half mile east of the south west corner of this township. It is probably the worst piece of road in the county, but can be very easily made better by opening the ditch to drain the marsh the road runs through. It can be made better now and with little expense. Will the Buchanan commissioner of highways take a pleasure drive down that way and just see the condition it is in? It will do his heart good.

## ACORNS FROM THREE OAKS.

March 7, 1882.

Sickness very much on the increase in this vicinity.

Our election passed off very quietly, resulting in the election of the south side candidates, and the entire board is composed of men from that side.

Our pool man has closed his doors by request of the city authorities. We understand that he is going to New Buffalo to operate.

We were at New Buffalo the other evening and heard the band play, and why that can get a good round sum appropriated for their harbor is beyond my finding out.

Masters Howard Martin and Artie Chatterton are quite sick from lung troubles.

Law suit from New Buffalo to-day before Esquire Hens. Some boys have been acting naughtily in church. About twenty-five witnesses from there came up on the train this morning.

We notice Elder Parry, from Bridgman, on our streets yesterday.

Elder Miller filled the pulpit at the Baptist church last Sabbath.

Henry Bratt has returned from Missouri and intends to remain in this country for a while at least.

Quite a number of changes will take place this spring in the way of moving.

Dr. Sovereign will get in his new office this week.

The primary departments in our schools are having a vacation this week.

Our roads are again assuming a passable condition. They have been—bad.

Hon. Wm. Chamberlain has returned from Lansing and reports favorably from that location.

John Vickerman, of the lake shore, died last Saturday night.

George Fisher is shipping shade trees to Chicago this spring by the wholesale.

Our Prosecuting Attorney, J. A. Kellogg, is with us to-day looking after the interest of peace and prosperity.

Deputy Sheriff Sterns, of Galien, is in town.

## HEATHEN CORNERS, March 5, 1882.

EDITOR RECORD:—The above named place is not dead, but has been "possuming." District Court holds bi-weekly sessions. Two law firms are well established viz: L. V. Spaulding & R. H. Coveney, and G. W. Reese & L. Q. Spaulding, both doing a very lucrative business of a high order. Blackstone is a very diminutive affair in comparison with either of these firms. Judge Townsend presides with great dignity and judicial acumen. Neither jury nor witness required to swear except to their own advantage. The status of crime permanently fixed. Murder and breach of promise cases have been tried, and the decisions rendered are of such gravity that such crimes can never occur again. The following is the future calendar:

U. S. vs. Utah—Polygamy.

Vanderbilt vs. Gould—R. R. Gout.

Venor vs. the weather—Tresspass.

The world is looking anxiously for the result of these trials, and all may know now why E. M. Plimpton left Buchanan and why Turner left Berrien Springs. They both saw the sunnion coming.

OBSERVER.

[Berrien Springs Journal.]

Prosecuting Attorney Kellogg reports 220 cases prosecuted in this county last year. Geo. Graham had weighed last Saturday, three short loads of Durham cows, the largest of which weighed 1,700 pounds, and the two smaller ones, 1,550 each. John Andrews, a colored man, aged 107 years, who has been a pauper at the asylum for the insane for three years past, died Feb. 24, and according to the new law, his body was shipped by express to the medical college at Ann Arbor.

## Central Berrien County Fair.

Pursuant to the notice previously published in these columns a large and enthusiastic meeting was held in Berrien Springs on Thursday, March 2, for the purpose of discussing the question of the organization of an Agricultural Society that shall hold annual fairs at Berrien Springs.

The meeting was organized by the selection of Hon. L. P. Alexander as President, and Geo. H. Murdoch as Secretary.

The President stated the object of the meeting, and Mr. L. P. Fox read the law in regard to the organization of agricultural societies.

Mr. Clark, of Buchanan, then addressed the meeting in favor of organizing a central agricultural society, and concluded with a motion to that effect.

Hon. J. Eastman Johnson, of Niles, addressed the meeting, and said he hoped that a society could be organized that would prevent horse racing, gambling, pool selling, and that the fair would be one that would be elevating in its nature.

The motion to organize a society was carried unanimously.

Mr. Parkerton moved that a committee be appointed to draft articles of association, which was carried, and the president appointed the following as such committee: G. N. Parkerton, R. V. Clark, G. H. Murdoch, Chas. F. Howe, N. Hamilton, John Claypool and J. Eastman Johnson.

The following were appointed as a committee to secure grounds: B. F. Chamberlain, Burns Helmick, B. F. Case, Darius Brown and George Graham.

The committee on articles of association made a report which was adopted.

The following officers were then elected for the ensuing year:

President—Charles F. Howe.

Vice Presidents—Levi Sparks, A. Sherwood and Miles Davis.

Secretary—George H. Murdoch.

Treasurer—George Graham.

Directors—E. F. Harding, Niles; R. V. Clark, Buchanan; Henry Feather, Ononago; Henry Chamberlain, Three Oaks; W. Haelet, Bertrand; N. Hamilton, Buchanan; N. Nims, Berrien; Robert Hollywood, Royalton; Samuel Mars, Lake; B. Helmick, Ononago; G. N. Parkerton, Buchanan; B. M. Pennell, Niles; Aaron Van Patten, Ononago.

On motion of Mr. Alexander, the board of directors were authorized to adopt suitable laws for the association.

Mr. L. P. Fox moved that a committee of five be appointed to confer with the Berrien County and Northern Berrien County Agricultural Societies, asking them to join with this association and have one fair in Berrien county.

Mr. Geo. H. Richards moved to amend by instructing the officers of the society to perform that duty when permanently organized. The amendment was adopted.

On motion, the association was organized on the plan of a stock company of 400 shares at \$5 each, \$2 to be paid in as soon as the shares shall have been subscribed and the remainder upon the call of the society.

Subscription books were opened at the meeting and a large number of shares subscribed by those present.

This enterprise starts off with decidedly encouraging prospects, and it is the wish of the RECORD to see a first-class fair that shall excel any other county fair in the State, and all that is necessary to make it so is for all who are interested to take hold of the work properly and make it move along.

## HILL'S CORNERS ITEMS.

March 7, 1882.

Wm. Gardner and wife have shut up shop and are visiting friends in Indiana.

Talk of another church being built at the Corners, and if built will be called "Union Forever."

M. J. Morley intends moving on his farm some time next month and will sell the hotel stand cheap for cash.

Plenty of sickness in this section, but not all crop as reported by Morris. He says Ephraim Gates' adopted daughter, R. M. Shaffer's youngest daughter, Amanda Simpson, Ida Mutchler, Henry Washburn's daughter all had and have the above disease, cynanche trachealis. Now the daughter of Mr. Gates died with diphtheria last night, and R. M. Shaffer's daughter died a few days since with the same complaint. Amanda Simpson had scarlet fever and is getting better, Ida Mutchler sore throat, Henry Washburn's daughter had diphtheria and is well. So all did not have or are having the croup. Morris had better use common terms until he understands technical phrases better.

Timothy Potter, residing two miles north-east, by the yellow mill, was leading a horse out of his barn, Monday forenoon, when suddenly the horse grabbed him by the arm and shoulder, raised him and shook him, and then threw him down and stamped on him with his fore feet. Mr. Potter, by a

strong pull on the halter strap, drew his head so near to him that he struck him in the nose with his fist, which made him dodge back and he jumped up, but found his right leg was broken and knee badly injured. He succeeded in making his escape. His shoulder and arm are badly injured.
