

Lake navigation has been commenced for the spring.

St. Joseph county, Ind., has sixteen divorce suits on the docket.

Washington Territory is soon probable to be admitted as a State.

John Chinaman is the principal subject of discussion in Congress at the present time. The feeling that the Chinese must go grows no less.

The colored doctor in Elkhart who committed murder in an attempt at abortion, has been sent to the penitentiary for eight years. Cheap enough, surely.

During the recent labor strikes at Omaha, one of the strikers was bayoneted to death by the militia, brought out to quell the riot. No more trouble was made after that happened.

Petitions for the pardon of Sergeant Mason are being circulated in all the cities, and being signed by everybody. President Arthur will probably have presented to him the longest petition ever gotten up.

At the recent election in Bangor, Maine, the Republican ticket was elected by about 900 over Greenback and Democratic opposition. Last year the opposition won by about 1,000.

Judge Blatchford, Judge of the United States District Court for the southern district of New York, has been appointed by President Arthur to the vacancy on the United States bench.

The Mississippians who were injured by the inundation were prompt in applying to Congress for aid and have been prompt in receiving it. States rights are nowhere in such emergency.

A delegation of Indian chiefs, representing the Chippewas of northern Michigan, left last Sat. Marie for Washington, March 6. They go for the purpose of finding out what money balance is due by the treaty of 1835, and to inquire into the disposal of an Indian reservation in the southern portion of Chippewa and the northern portion of Mackinac counties.

The work of the extra session of the legislature closed last Saturday, all having been done in a satisfactory manner. The tax bill proposed by the tax commission was passed with but few changes, the fire sufferers cared for, and the appropriation made, besides a large number of bills of local importance were passed.

Sergeant Mason Sentenced.
Sergeant Mason, the soldier who shot at the assassin Guitan, has been sentenced by the Court Martial which tried him, to be dishonorably discharged from the services of the United States with the loss of all pay and allowances now due or to become due to him, and to be confined at hard labor in such penitentiary as the proper authorities may direct, for eight years. This sentence heartily meets the approval of the miserable dog he shot at, while he whines terribly at his own sentence for shooting down, in a cowardly manner, the Chief Executive of the Nation. We have failed to read a single line in the great dailies approving the sentence, and we doubt if one hundred persons in the whole land will say it is just. On the contrary, all are sorry he failed to accomplish his purpose, and thus save the country the humiliation of the farcical trial that took place in Washington and the expense incurred in the same. The Inter Ocean speaks the truth when it says that "It is not up to the vote of the people of the United States to give money to free by a majority of over 50,000,000 votes."

Is it now, or not until next spring, with sugar makers?

FRANK MOLSBERG's mother, aged 83 years, went to Niles last Saturday on the train, it being the first time she was ever aboard the cars.

The fellow who does the work of putting in those black walks, if he does good work, will have a bonanza in this place the coming summer. Nearly everybody needs a new walk.

REV. M. M. CALLEN of St. Joseph and Rev. W. I. Cogshall of this place exchange pulpits next Sunday. Rev. Mr. Callen will preach at the M. E. Church morning and evening.

THE St. Joseph County Agricultural Society at South Bend starts business with \$12,000 capital, and is working in the right way to have the best fair in the county.

PLANT some shade trees. Nothing adds to the beauty of a place more than a fine growth of maples along the streets. The expense is small as compared with the pleasure derived from them.

THE G. A. R. Post of Buchanan will run a special train to Berrien Springs tomorrow, March 17, to give parties an opportunity to attend the Camp-Fire of Kilpatrick Post No. 30. Fare, round trip, 50 cents. Will leave Buchanan at 6:30 P. M.

THE caucus for which a call was published in these columns last week, was held in Rough's Opera House Saturday evening. The caucus was organized by appointing Henry H. Dodd, chairman, and John C. Dick, secretary, after which the following ticket was placed in nomination: President, Wm. R. Rough; Trustees, Hiram N. Mowrey, John Weisberger, Ezra M. Griffin; Treasurer, George Churchill; Assessor, C. E. Howe; Marshal, Julius M. Russell; Caucus committee, John G. Holmes, Wm. Osborn, John R. Hill.

CARD OF THANKS.
We feel called on to say that we were not only very much surprised at meeting so many friends, on the anniversary of our wedding day, but that we were also very grateful for the numerous gifts, and still more so for the good will thereby shown. We hope ever to remain worthy of the confidence and good wishes of our many friends, and pray that the richest blessings from Heaven's storehouse may rest upon them all.

MR. AND MRS. J. W. R. LISTER.

THE Niles Republican, in its remarks about the organization of the Central Berrien County Agricultural Society, carries the idea that it must necessarily be a slim affair without horse-racing and the accompanying gambling and rowdism. The Republican may be right about it, but there is one section in the constitution of the company, prohibiting horse-racing, pool selling and all kinds of gambling on the grounds of the association during any of its meetings, and the Record predicts that the association will be well patronized and will prosper.

On last Thursday, March 9, when Rev. G. W. Sackatoose and wife returned to their home from the village of Buchanan they were surprised to find their sitting-room occupied by friends from the Mount Zion church. After a friendly greeting, well filled baskets were brought from their hiding places, the table loaded with the good things of earth, and we were invited to sit down and participate with them in satisfying the demand of nature. They also made our hearts glad by leaving with us, in cash and produce, to the amount of \$21.75. During our revival meeting the same people made Mrs. Sackatoose a present of \$47.5 in cash. We wish thus to express our warmest expressions of gratitude to the generous givers.

G. W. S.

THE Farmers' and Manufacturers' Bank of this place has been the subject of a little game. The bank of Nashville, Ill., sent them a draft on the Chemical National Bank of New York, for \$5, that had been presented there for payment, but the draft was gotten up in such poor style that the cashier mistrusted that all was not right, and so held the fellow until word could be had from Buchanan. The chap was a printer by trade, and had either stolen some stamped paper or made an electro of the stamp and printed the drafts, stamp and all, and made them out at his own convenience. A. F. Ross' name was signed but not as he writes it. Joliet prison has another candidate.

At This Point and Preserve It.
The blood is the life. Keep the fountain-head and disease will soon vanish. Red is now all the rage, especially Red Clover Blossom, as prepared by J. M. Loos & Co., Monroe, Mich., who prepare it in a peculiar manner, known only to them. It has long been known by the medical profession as a great remedy for Cancer, Rheumatism, Scrofula, Salt Rheum, etc., and many in their practice are only too glad to avail themselves of its present form. Prepared in pure fluid and solid extracts, pills and dried blossoms. Ask your druggist, D. Weston, about it. See list of testimonials and try it. Correspondence with patients and practicing physicians respectfully solicited.

When you feel a cough or bronchial affection creeping on the lungs, take Ayer's Cherry Pectoral, and cure it before it becomes incurable.

No. Sir:
A Scotch minister once said no woman could bear pain as well as a man. This is not so. The fact is generally the other way. Mrs. Edward Meyers, of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking either morphine, opium, or anything of the kind. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was Erysipelas, and afterwards she gave the "Favorite Remedy" to cleanse the blood. Mrs. Meyers is now well and strong.

A Novel Cure for Scrofula, Salt Rheum, Cancer, Etc.
A discovery has recently been made which will cure all the above named diseases simply in an extract from the Red Clover Blossom, as extracted by J. M. Loos & Co., Monroe, Mich. The cure is so simple and so largely in order to supply the increasing demand for it, we have decided to publish a slight testimonial.

J. M. Loos & Co., Monroe, Mich. Gentlemen—My wife has for some time been afflicted with something like scrofula, and found no relief until she gave your Extract of Red Clover Blossom. It has cured her in a few days. I am very glad to say she has experienced great relief. It is a slight testimonial of my appreciation of your efforts in behalf of humanity, which you are welcome to use for their benefit. I am very respectfully,
H. ARMS.

BAKER'S PAIN PANACEA cures pain in Man and Beast. Use externally and internally and find relief.

DR. ROGERS' VEGETABLE WORM SYRUP instantly destroys WORMS and removes all Scarcities.

Have You Ever
Known any person to be seriously ill without a weak stomach or inactive liver or kidneys? And when these organs are in good condition do you not find their possessor enjoying good health? Parker's Ginger Tonic regulates these important organs, makes the blood rich and pure, and strengthens every part of the system. See other columns.

Permit No Substitution.
Insist upon obtaining Foreston Cologne. It is pre-eminently superior in permanence and rich delicacy of fragrance.

PILES! PILES! PILES!!
A Sure Cure Found at Last. No One Need Suffer.

A sure cure for the Piles, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. Williams (an Indian remedy), called Dr. Williams' Indian Ointment. A single box has cured the worst chronic cases of 25 and 30 years standing. It cures in five minutes after applying this wonderful soothing medicine. Lotions, Instruments, and Electrodes do more harm than good. Williams' Ointment cures the tumor, allays the intense itching (particularly at night after getting warm in bed), acts as a poultice, gives instant and painless relief, and is prepared only for Piles, itching of the private parts, and the itching of the skin. Read what the Hon. J. M. Coffinberry of Cleveland, says about Dr. Williams' Indian Pile Ointment: "I have used cases of pile cures, but I find no pleasure in saying that I have never found anything which gave such immediate and permanent relief as Dr. Williams' Indian Ointment."

ABOUT four inches of wet, heavy snow fell Tuesday night in half as many hours, and disappeared the next day. Disagreeable while it lasted.

SEE Wm. Trenbeth's new advertisement in another column. He has built up a fine trade during his residence in this place, and he deserves it.

MESSRS. WOOD & SAMSON, the hardware dealers, have a few words of interest to you in this paper. They come to the point with a few words.

DIED—Mr. Jacob Rough, father of County Treasurer Geo. W. Rough, died at his home on Portage Prairie, yesterday afternoon, aged 82 years.

MR. JOHN ARTHUR has bought a lot of Mr. Elias Eaton, in the north part of town, and we expect to see a new house spring up there in a short time.

AMONG the death notices in this paper may be found a sad bit of intelligence received from Mr. R. L. Moon, who moved from this place last year for a trip through the West.

THE RECORD at one time had a first-class correspondent at Benton Harbor, but as we have not heard from him in a long time we mistrust he must be dead. Trust he may not.

PROF. WURZ will visit Berrien Springs for the purpose of giving instruction in instrumental music, to-morrow forenoon, and will be here in the afternoon.

MR. PATRICK KENNEY has sold his house and lot, on Second street, to Mr. J. M. Stetler, price \$800, and is now looking for some place where he can do better.

MR. C. C. WILSON, well-known in this place, has opened a restaurant in New Buffalo and is doing a fine business. His many friends here will be pleased to learn of his success.

The young folks of the Advent church will give a wax social at the residence of Mr. L. P. Fox this evening. Amusements of various kinds will be furnished. All are invited.

MRS. S. COLVIN, of Berrien Springs, daughter of A. Tieche, died this morning of consumption, aged 31 years. Funeral services will be held at the house Saturday.

PROF. MILLER, of Grass Lake, was here on Monday looking after the job of managing our school next year. It will be very satisfactory to the district if the board can keep the present management another year.

OWING to a delay in the arrival of a part of the poles, the telephone company are delayed in the work of building the line to Berrien Springs, but they will soon have the line in operation and ready for business.

UNLESS different arrangements are made at the top of some of the smokestacks in this place, this town will get a scorching to be remembered, before this year is gone. The symptoms are not of an encouraging nature.

WILL some one please start a canning factory in this place? A building of sufficient size and strength is all ready, with power already in, and arrangements should be made at once to secure the necessary vegetables.

THROUGH the efforts of Gen. L. M. Ward of this county, a bill has been passed authorizing the State Military authorities to loan a supply of tents to the South Western Veterans Association for encampment purposes next summer.

LIST of letters remaining uncalled for in the post-office at Buchanan, Mich., for the week ending March 10, 1882: Mr. Jefferson Arbogast, G. W. Gallick, Mr. Willie Smith, Postal cards—Thos. Kenny, C. H. Lamb.

MR. H. C. FRENCH and family returned Tuesday from their Florida trip, considerably worn by the southern sun but apparently much improved in health. They brought home some valuable curiosities from the land of flowers.

A CHANGE was made in the running of the train on the St. Joseph Valley railroad yesterday. The afternoon train does not leave this place until after the mail train from the east arrives, at 3:10 P. M., and returning leaves Berrien Springs at 5:40 instead of 5, as heretofore.

THERE are a number of families looking for houses in this place, with a view to living here some of whom have been living here a number of years, but look in vain. Will some of those men who have vacant lots and fat pocket-books build some houses this spring?

ROUCH BROTHERS have sold two lots south of the Michigan Central railroad, to John Holliday, price \$175. Also 30 feet from the east side of the Rice lot on Second street, to O. S. Tourje, price \$170. Also the house and lot next north of the Old Advent church, to Jacob Hahn, price \$600.

MRS. LARROCK of Jackson, delivered a (emphatic) lecture in Rouch's opera house, Tuesday evening, to a fair sized audience. The change made in the date of her engagement had some influence on the size of her audience. The lecture is pronounced by those who heard it as one of the best.

SETTLED—The United States District Court has decided against granting a new trial of the case of Sarah Ashcraft vs. the Village of Buchanan, which settles the case, all but the execution. The whole affair is a \$3,000 case of blackmail, and as unjust as anything can be.

JUST at the present time the United States Government is paying two parties for carrying the mail to Berrien Springs, and only one is doing it. The star route from Niles has not been discontinued, and hence draws regular salary, while the narrow gauge railroad is doing the work and getting the pay. The Niles fellows have the softest part of the job for the present.

MR. S. G. KRICK, of Niles, has bought the real estate occupied by him as a wagon factory during the past few years, of the First National Bank of that city; price \$14,000. This is the branch factory the Mirror said Sol. Rough was going to start in Niles. He went over there to sell the building and sold it.

A LAWSUIT between S. Grice and J. B. Metzgar, about a hole in the ground dug by Grice on Jacob Long's farm, for a well, but which failed, was decided by Justice Dick, Tuesday, in favor of Metzgar, the defendant. The cause of the controversy appeared to be the fact that Metzgar dug another hole close by and succeeded in making a well of it. The well is 190 feet deep.

OWING to the petty pestering of the Grand Trunk railroad company by the South Bend people, since it became evident that the company's shops were not to be located there, the company has sent a corps of engineers there to survey a line about a mile south of the city limits to straighten their track, and leave the city at one side to enjoy itself as best it may. The city is now ready to forgive and forget.

SHARPEN up Towners' teeth for immediate use. The Pontiac Bill Poster furnishes the following information: "And still another swindle. An agent calls upon a granger with samples of carpets to sell at a very low price, and the farmer signs what he supposes is an order, but which turns out to be a negotiable note which the swindler gets cashed and the farmer has to pay. Beware of the man who wishes to obtain your name under any pretense whatever, and purchase your goods of some reliable dealer."

SAMUEL WISE, (we think he will be wiser before he gets through with the venture) has started a new paper at Coloma, called the Weekly Review. There are now sixteen papers published in Berrien County, a greater number than any other county in the State except Wayne. And yet with all these evidences of civilization the school district at the county seat refused to vote \$2,000 for educational purposes. —Berrien Springs Journal.

What use of school houses any way with so many papers?

OUR old friend and patron, R. Mc Cumber, is to be pitied. He tells us that his daughter Mary has gone to Marshal to take care of a sick aunt, while Louisa has gone to Illinois to visit her sister. He is left at home alone with the baby and feels very lonesome.

A CARD.

We take great pleasure in thanking the members of the Christian church and many others for their friendly visit on Tuesday evening of last week. We were made happy and greatly encouraged by your presence with us, and our hands much strengthened by the material aid you bestowed upon us. Our prayer is that you may be blessed in giving as well as ourselves in receiving, and thus may we all continue to gather with Christ and to work in the Lord's great vineyard with the blessed assurance that He is able to keep that which we have committed to Him.

W. P. BIRDSELL, A. D. BIRDSELL.

This election Tuesday passed off quietly, there being but little contention. There were 331 ballots cast, which lacks considerable of being a full vote. Following is a list of candidates, with the full number of votes received by each:

FOR PRESIDENT: Wm. R. Rough, 111; John D. Ross, 237. FOR MARSHAL: Julius M. Russell, 334. FOR TREASURER: George Churchill, 346. FOR ASSESSOR: Charles E. Howe, 326. FOR JUSTICES: Hiram N. Mowrey, 389; John Weisberger, 347; Ezra M. Giffin, 38; William Powers, 293.

MONDAY afternoon, March 13, was the occasion of a very pleasant surprise to Mr. and Mrs. J. W. R. Lister of this place, it being the fortieth anniversary of their wedding day. They were invited to spend the afternoon at the house of their intimate friends, Mr. and Mrs. John Weisberger, who with others, had arranged the surprise. On their arrival they found the spacious rooms well filled with friends who had come to greet them, and to express their kind feelings and good wishes by many gifts, ornamental, useful and valuable. A time-tried and true marriage is worthy of celebration. The visit was a pleasant one for all present. Remarks appropriate to the circumstance were made by several. The social intercourse was very agreeable, and a table well spread with the staff and luxuries of life gave its proper share of the enjoyment of the occasion. The appropriate song of "Forty years ago" was sung as a solo, and was followed by another of anticipation "The Sweet Bye and Bye," and no doubt all present joined in the earnest prayer that they might share in the felicities of the "Marriage Supper of the Lamb," of which the true earthly marriage is a type.

[Niles Mirror.]

Mrs. Hart Norton, of Okagon, fell dead at the station, last Monday evening, as she was about to take the Kalamazoo accommodation for home.

[Niles Democrat.] Geo. Smith, residing south of the depot, made a narrow escape with life on Monday last. He was out cutting wood in the woods, and while in the act of falling him back, a large limb broke off and coming down with great force, struck him on the left arm and leg, knocking him down, but fortunately nothing more serious resulted than considerable bruises.

[Niles Republican.] The workmen engaged in getting out gravel from the hillside just west of the dam, have, within a few days, taken out several human skeletons. Dr. Simpson has two of the skulls at his office, and he says that their formation indicates that they were of the Indians, and this leads to the supposition that they were French. The similarity and peculiarity of the teeth, well preserved, in two of them, indicate that they were the skulls of brothers.

This spot is supposed to have been the battle ground of the French and Indians in early days. George Bessemer, Jr., son of Geo. Bessemer, who lives in the hillside neighborhood, there, near south-west of the city, Bertrand township, met with an accident last evening that resulted in his death this morning. Young Bessemer, who was 17 years old, started to the field about 1 o'clock to bring in the horses. The horses coming in without him, and one of the colts being bridled, some one of the family started in search, and soon found the unfortunate young man lying on the roadside, unable to get up, and lying on the side of the head and face, Dr. Horn was called out and remained with him until 1 o'clock this morning. One side was paralyzed, the result of the injury on the head, side and side. The young man was too seriously injured to give any account of the accident, and did not rally from the stupor in which he was found. The supposition is that he was riding a colt, it was thrown to the ground by the animal. He died this morning at 8 o'clock, and will be buried in this city on Sunday next.
