

Berrien Co. Record.

THURSDAY, OCT. 18, 1882.

Published at the Post-Office, at Buchanan, Mich., as Second-Class Matter.

SUBSCRIBERS' RECEIPTS.

We wish all our subscribers to be particular to send the date against their names upon their papers, and see that the accounts are right. We always give receipts for payments made on subscription and will send the same to the subscriber as soon as the receipt is received. If there is any mistake we will correct it at once. Never wait more than two weeks for the date to be changed after payment is made.

NOBLE!

Has received his stock of Spring Goods. A nice line of

Clothing.

For Men, Youths and Boys.

The finest line of

BOOTS & SHOES

he ever had in town.

Charles will make low prices to cash customers.

REGISTER.

REGISTER! REGISTER! REGISTER!

A good heating stove can be bought at this office.

Circuit Court is in session at Berrien Springs this week.

The wood market is beginning to liven up as cold weather approaches.

A St. Joseph man is named Sour beer, but he doesn't spell it that way.

Benton Harbor plow factory has stocked the market and shut down.

The usual autumn sign, sweet cider, does not put in an appearance this year.

Large quantities of potatoes are being marketed here at 35 cents per bushel.

Mr. Elias Eaton, Jr., is having an addition built to his house, on West street.

St. Joseph editors have just been treated to a mess of ripe strawberries. Fall crop.

Kingsley Olds, a highly respected citizen of Benton Harbor, died Sunday, aged 89 years.

E. Huxley's house, in Benton Harbor, was burned Sunday. Loss \$1,100; insured for \$400.

Have you seen the comet? If you have not, get up at 4:30 A. M., and see it. Then go and register.

Mr. E. S. Roe went Monday to Valparaiso, Ind., to attend school. He will be away four months.

REGISTER.

There has been more building done in Buchanan this year than in any one year in the ten just past.

The Rough Bros. Wagon Works' new building is about completed, and will soon be full of machinery.

The W. A. L. S. will meet at the home of Mrs. Emma J. Smith, on Wednesday evening, Oct. 25.

Mr. and Mrs. Wm. DeWing returned Tuesday afternoon, from a visit of three months in the east.

When you put up that stove be sure to have the pipes safely arranged, so there will be no danger from fire.

Eight new fonts of fancy job type and some other material have just been added to the Record job rooms supply.

There is to be a Greenback windmill here November 3, from Mendon, St. Joseph county, of the Demo patent.

REGISTER.

Word comes from Kellogg, Iowa, that Mr. N. Hamilton is quite sick at the home of Mrs. Della White, at that place.

The opposition met in Niles, Tuesday, and nominated Luther Beeson of that city, as their candidate for State Senator.

Died.—Mrs. F. Schmidt, of Dayton, who has been for a number of months a sufferer from dropsy, died last Thursday.

Shall Buchanan streets be lighted by electricity, or depend upon moonshine, as of yore? is the question that interests us all.

REGISTER.

No change in the scarcity of houses to rent in Buchanan. A number of families are waiting to move here as soon as a house can be had.

Every man in the county can support the Republican ticket with a clear conscience. There is not an unworthy man on the entire ticket.

Died.—Mr. Orrin Hallock, of Niles township, died Saturday morning, of peritonitis, after a sickness of about ten days. Aged seventeen years.

REGISTER.

We shall go to the bindery this week. Any one having pamphlets or magazines to bind, or old books to repair, should bring them in now.

REGISTER.

MR. ALEXANDER FRASER, of Cairo, Ill., a brother of Mrs. S. W. Redden and Mrs. B. Colvin, of this place, died at his home on the 16th inst.

MR. J. M. PLATT will please accept the thanks of the Record office corps for a basket of excellent grapes. They were pronounced by "fall hands" as the best they had seen this year.

The Greenies gave the Democrats their choice of three men, and they weekly chose as if their fate depended upon the choice. Such political actions are delightful.

FARMERS complain that fields of wheat sown Sept. 1 or earlier are being badly eaten by the Hessian fly, and in some parts of Portage Prairie the crop is being re-sown in those places.

By neglect, the work done last spring in clearing up the old cemetery, has come to be almost a total loss. The grass and underbrush are about as thick there as ever.

LAKEVIEW hotel, in St. Joseph, is closed for the winter, and because the Benton Harbor papers refer to it the St. Josephites think their town is being slurred.

MR. WEISSERBER is fast improving, and is in a fair way to be about in a short time. He stood upon his feet for the first time in a number of weeks, last Sunday.

REGISTER.

THANKS.—Our friends and neighbors who so kindly assisted us in the sickness and death of our son Ora, have our sincere thanks.

MR. AND MRS. C. HALLOCK.

The farmer who wants to know why he can never find an ear of corn with an odd number of rows, can find an explanation in the answer to the question, why the sun never rises in the west.

The streets of Buchanan are well filled with teams every day, and especially with that the case last Saturday, when Front street was so crowded as to make it almost impossible for teams to pass.

As will be seen by the proceedings in another column, the Board of Supervisors voted to increase the salaries of the Clerk and Prosecuting Attorney. Hereafter the clerk will receive \$1,000 and the attorney \$1,500.

MR. AND MRS. A. N. WOODRUFF, of Bainbridge, each delivered an interesting lecture in Grange Hall, in this place, last Friday afternoon, in the interest of the Grange. There was a good attendance.

SCOTT WHITMAN and Thomas Wright went Monday morning to the northern part of the State, for a deer hunt, and with a view, at the same time, to look up a location for their saw mill. Their first prospective point is Muller Lake.

SOUTH BEND is being lighted by electricity. They use the Weston lamp, and pronounce it first-class for brightness and steadiness. A good place for our committee on light to go would be on a trip to South Bend.

REGISTER.

A PINTER young man does not live in this district than Joel H. Gillette, the young farmer nominated by the Republicans for Representative in the Legislature. Give him your vote, and you will not regret it.

THREE OAKS feels good over having just passed through the trying ordeal of a successful agricultural fair. They report good exhibits, a large attendance, and everything satisfactory.

ABOUT fifty of the friends of Mr. and Mrs. W. A. Palmer gave them a surprise party last Thursday evening, the occasion being that of their twentieth wedding anniversary. Some valuable presents of china were left there by the company.

HARRY HANS had his "only greatest show in the world" at Berrien Springs the same day as the "opposition" show exhibited at the court house as a side show. It is not often that that quiet little town is treated to so much excitement in one day.

TEMPERANCE MEETING.—A temperance meeting will be held at the M. E. Church, on Saturday evening next, at 7:30 o'clock. An address will be delivered by Mr. Joseph Miller, of Mishawaka. A general attendance is desired.

MR. D. C. TOWNSEND will sell a lot of personal property at auction, on Saturday, Oct. 28, at his residence, on the farm known as the John Barber place, three-quarters of a mile east of the Coveney place. Levi Logan will furnish the "chin music."

MR. HARRISON wishes us to correct our notice of the change in the occupancy of the Good Templar hall, by saying that it was rented to Lodge No. 11 of Ancient Free and accepted Masons, instead of colored Masons. The notice stands corrected.

THE Buchanan Model Works have bought an engine, put in a gig saw and other machinery, and is now prepared to do a wholesale business on a small scale, with a probability of increasing to healthy dimensions. May success be theirs.

THE wedding of the opposition in this place, last Friday, was the most relishing piece of crow we have seen a set of men undertake to swallow. It went down considerably after the fashion of a dose of quinine—swallowed with the eyes shut.

By an oversight the dates of Dr. V. Clarence Price, on the 4th page, were not changed this week. He will be at Niles, Nov. 25, and at Laporte the 21st of Oct., and 10th of Dec. Dr. Price has received a large practice from this vicinity, and as he always treats his patients fairly that practice is constantly increasing.

REGISTER.

At the old school house grounds is the prettiest maple grove in town, but for the presence of an old dilapidated picket fence that spoils the entire beauty of the place. We move that the school board be a committee of six to have it removed.

THE Kalamazoo canning establishment put up over 150,000 cans of corn, beans and tomatoes this season. Buchanan is just as good a place to raise corn as beans and make tin cans as Kalamazoo. There is a vacant building here, well adapted to that business, with a slight change.

MR. JESSE LEGGETT sends a sample of his vegetable growing, from what he calls his swamp farm, in Chikaming township. The sample was three sweet potatoes, that weigh 5½ pounds. Mr. Leggett has an excellent farm that he bought at a bargain, and which will yield him a good return for his labor.

If you turn your horses out to pasture you want to put a bell on them that can be heard all over the country. Horse thieves are picking them out and not returning them. A horse was stolen from the Dye farm, just east of this place, Sunday night. No trace farther than this village.

THE planks have been torn up from the east end of the river bridge over two weeks, and no sign of a new bridge or anything to make it of. This leads the farmers who must cross the river to reach this place, to ask why is this thus?

CALLENDER'S MINSTRELS were given a full house at Rough's Opera House last night. This company is composed of twenty-four colored men, all of whom did their best to please, and we should judge from the applause that they succeeded admirably. Their brass band is one of the best that has visited this town.

THE first of the High School lecture course was by President Angell, of the State University, on China and the Chinese, Friday evening. The lecture was entertaining and instructive, and the room well filled. Some were disappointed that he did not mention the question of the political relations between that country and this, a question so prominent at this time.

THE party who went to Dakota on a prospecting trip, last week, returned Tuesday, well filled with Dakota statistics. Frank Munson brought home with him a basket full of Dakota samples, that are nearly as good as are grown here. The corn, oats and wheat look as natural as life. One turnip and a buffalo horn are better than the usual average of those crops here, but they are grown on the sod. The members of the party all agree that it is a nice country, but not the place for any man to go without a few hundred dollars.

BRO. HOLMES, of the Record office, wants a correspondent at Three Oaks. We send him the Sun every week, but it doesn't seem to contain the news he cares to copy and give us proper credit therefor.—Three Oaks Sun.

NO fault to find with the news contained in the Sun, but we do not care to make a practice to depend upon having it second handed and two weeks old, as it must necessarily be before it can be copied.

DIED.—Miss Gertrude, youngest daughter of J. A. Van Riper, and sister of Attorney General J. J. Van Riper, died Tuesday afternoon, Oct. 17, after a sickness of about two weeks, of inflammation of the brain, aged 22 years and six months. Miss Van Riper was born and reared in Cass county, and came to this place with her parents about two years ago, since which time she has been a great share of the time employed at T. M. Fulton's store, and later at Crofoot Bros', as clerk, where she made friends of friends, who deemed her a most estimable young lady. The funeral was held at the house this afternoon. Her people have the heartfelt sympathy of the whole community, in their bereavement.

THE telephone connection between this place and Elkhart, a few days since, worked so successfully that it leads us to long for a permanent arrangement of that kind. When we were working for the present arrangement we were given the promise of more extensive connection than we have, but they do not appear to develop very fast. We want to have the line extended from Berrien Springs to the St. Joseph Exchange, and from Niles to Kalamazoo, taking in the intermediate towns.

WE have been requested by one of the farmers living on the strip in Niles township, numbered by sections with Buchanan, to secure a list of those living there who would like to have the four sections on that side of the river made a part of Buchanan township, as it was originally intended. A list will be kept at this office, and all of those who wish for such a change are requested to hand in their names. If enough are found favoring such a move, a petition to that effect will be sent to the legislature at its next session, or to the Board of Supervisors.

GEORGE YAPLE will be here tomorrow to tell the people all about how Congress has been run and how it ought to be run. He will tell about the harbor and river "steal" about the first time he opens his mouth. He will probably tell how it costs this district \$60,000 to get a \$24,000 appropriation for her harbors, as stated by the Journal. His leather medal shall be ready for him. He will not say anything about why the Democrats voted solid to keep George Q. Cannon, with his four wives, in Congress as a representative from Utah, nor why they either voted solid against investigating the southern election frauds by which a dozen or more men held seats in Congress, through tissue ballots, stuffed ballot boxes and false returns, or refused entirely to vote on the subject, thus breaking the quorum. He will talk considerably about free trade, as that is his hobby this year. He is said to be an excellent speaker. Go and hear him.

REGISTER.

FROM NILES.
Death seems to have invaded our ranks with vigor this month. Yesterday John Niles, aged twenty-one years, son of an esteemed citizen, and a member of our fire brigade, was buried from the Lutheran church. There was an immense crowd of sincere mourners, as he was a favorite in the German society.
To-day Mr. Chad. Brown, of Bertrand township, died of apoplexy. He went to the barn to see about the work and not returning, was found unable to move. All care proved unavailing, and he died this forenoon.
Taking the benefit of the last excursion to Chicago, about one hundred citizens left on the early train to "do the city."

FROM BERRIEN SPRINGS.
Oct. 17, 1882.
We had a wet rain yesterday. It is fair and pleasant to-day.

Court is in session, which makes business look up, the restaurant men are glad, the landlords happy, and lawyers plenty.

To-day there was a meeting of the Democratic committee, with their nominees for office, to devise ways and means to secure the vote of the people in the coming election.

The farmers this side of the river are hauling their grain to Berrien Centre.

Worthy Putnam is decorating his yard by building stone pyramids.

Henry Howe has raised his house, dug a cellar, and is putting in a substantial stone wall, and otherwise improving his place.

Quite a number from here are spending a few days in Chicago.

FROM THREE OAKS.
Oct. 17, 1882.

Weather fine and wheat growing beautifully.

The Three Oaks fair was more than a success in every department. We saw some people here from Buchanan who will say the same.

We have a saloon in town again. There are those who belong to church who pass in on the sly.

The new Disciple church in this place was dedicated last Sabbath, Mr. Lord officiating. They have a very neat little church. There is a good deal of credit due the ladies for the furniture they have procured.

Mr. Charles O. Hess started for California this morning. His many friends will miss him.

John Martin, two and one-half miles south, is building a new brick house.

Mr. and Mrs. George Heckman, south-west of this place, buried a small child a few days ago.

Mr. and Mrs. J. F. Barmore, of Buchanan, were in town last night, calling on their friends. John organized a G. A. R. Post.

Hiram Fry started for Missouri to-day, with his farming implements. He went with his car of stuff. His family will go in about two weeks. Mr. Fry has been there and bought a farm before moving.

Mr. S. A. Munger, of Sturgis, Mich., spent the Sabbath here with friends.

Bertie McCann gave his young friends a party last evening, which was well attended.

The Temperance Alliance of this part of the county has been in session here to-day, with a fair attendance.

Ovid Wright, of Bement, Ill., is visiting friends here.

GALLIE ITEMS.

October 17, 1882.

Mr. E. J. Fairfield has returned from his western trip, much pleased with some of the western country.

Mr. Joseph Chevarie has just returned from an extensive trip through Kansas, but he thinks Michigan is good enough for him.

Porter Churchfield expects to return to his home from Dakota.

A terrible accident happened at the depot yesterday afternoon. Christ Beck, while attempting to board the train, missed his footing and was thrown under the car, and the hind truck passed over the left leg, mangling it in a frightful manner. Dr. Ballhand being at hand, corded the limb, and the poor fellow was carried to his home. Drs. Bonine & Belnap, of Niles, were telegraphed for, and came last evening and amputated the limb above the knee, but his injuries were such that he died about one o'clock this morning. He leaves a wife and three children.

Mrs. O. A. Hulet died on Thursday last, after an illness of several weeks. Funeral services on Saturday afternoon, which was attended by a large concourse of friends. Mrs. Hulet will be missed by the society of Gallie. She had been a resident of this place for a good many years, and was loved and respected by every one. She left a husband and four small children, an infant about six weeks old, which died on Sunday and was buried on Monday. The bereaved husband and children have the sympathy of their many friends.

G. A. Blakeslee is repairing his saw mill and handle factory.

Mr. Thomas M. Grigg and Miss Elia Boughey, of New Carlisle, Ind., were married at the Commercial House Sunday evening, by C. A. Witte, Esq.; also Wm. Miller and Miss Julia Ingle were married at the same place, by Esquire Ash, on Saturday.

Report says that Capt. Dr. vs. Detective Sam Jordan is going from among us.

Additional local on second page.

Locals.
