The funeral was one of the largest ever held here.

THERE has been considerable talk the past few weeks of extending our telephone connections to Michigan City, New Buffalo, Three Oaks, Galien and Dayton, thus giving us direct connection with Chicago. When this can be done there is promise of a healthy growth of our local exchange, which will be as desirable to patrons of the exchange as the Chicago connections. We want one in the express office.

FOLLOWING is a short extract from a letter received at this office, yesterday, from W. I. Himes, at Elk Point, Dakota:

"I have been having a week of pretty weather. The coldest we've had, it is 34 degrees below. This is a delightful climate, were it not for the wind. Yet there have been no blizzards this winter thus far. So I've missed that sight. All well, and ready to welcome spring."

AT a special meeting of the Buchanan High School, held at High School building Monday, Feb. 11, 1884, the following officers were duly elected: President, Chas. J. Search. Vice President, Ada Spencer. Rec. Secretary, Zova Howe. Cor. Secretary, Clinton Bliss. Treasurer, Chas. Dodd. Marshal, Chas. Peas.

DR. A. K. WEBSTER, a prominent physician of St. Joseph, for a number of years employed as surgeon of the West Michigan railroad, died of paralysis, on Monday, Feb. 19, aged 60 years. WONDER if section 8908 of Howell's Annotated Statutes, which reads as follows:

"Sec. 1. The people of the State of Michigan enact, that any person who shall hereafter be a party to, or engage in any prize fight or any other fight in the nature of a prize fight, in this State, or who shall aid or abet therein, shall, on conviction thereof, be punished by imprisonment in the State prison for a term not exceeding five years nor less than one year, or by a fine not exceeding two thousand dollars nor less than two hundred dollars, or by both fine and imprisonment, at the discretion of the Court," has any reference to these moral and educational entertainments, where two men put cushions on their fists and proceed to pommel each other until one shall have become physically defunct, and lost \$25 and one-half of the door money? The three following sections have a bearing on the same subject, with special reference to the punishment of those who are willfully present at such entertainments:

THE Detroit Post & Tribune of Feb. 14 contained a communication from Battle Creek with the following item of interest in this vicinity:

"Apropos of the great King of the East, conducted by G. V. N. LeRoy and H. F. Leverens, to recover a large tract of land heretofore belonging to the Convis estate, Mr. Leverens declared here last night that new suits are to be commenced to recover about 3,500 acres on which the village of Augusta, Kalamazoo county, is located, and nearly 4,000 acres in Berrien county, including Bertrand, which latter, it is alleged, old Gen. Convis purchased of the Indian Chief Bertrand. Mr. Leverens claims that an examination of the records shows a clearer title than for the lands in Calhoun county.

The lands owned by the Indian Chief Bertrand were included in what is known as the Reserve. The reservation line extends from the St. Joseph river, on Samuel Rollings' place, north of the village of Buchanan, in a south-westerly direction to the State line, striking the Indiana line in the T. L. Borlen farm, in the southeast corner of Galien township, making the Reserve include all lands between this line and the river, and includes a large tract of as good land as there is to be found in the country. If Gen. Convis' heirs succeed in getting possession of this 4,000 acres they will have a good farm.

THERE was a double wedding at the residence of Mr. Thomas Miles, two miles east of Niles, yesterday. The contracting parties were Mr. Joseph Beistle, of this place, and Miss Lucy Miles, sister of Thomas Miles, and Mr. Edward Ailger, of this place, and Miss Emer Miles, daughter of Thomas Miles. Rev. H. Valette Warren, of this place, officiated.

A nephew of Jacob Troub, in Bertrand township, while wrestling on the school grounds, turned his ankle, breaking some of the bones. . . . Hills Smith, while at work in Kelly's yard, fell from a ladder and broke his leg in the same place. It was broken a year ago. . . . The entire helpless and faint hopes are entertained of his recovery. The progress is slow and as our physicians have had no previous experience in such cases, it is difficult to determine results from present symptoms. The muscles are hard and rigid, and softening up, a probable indication the parasite is becoming encysted.

Frank Leslie's Popular Monthly.

The March number is, we think, one of the best yet issued of this deservedly favorite magazine. The 128 quarto pages are filled with choice, entertaining and instructive literature; and there are over 100 handsome engravings, and a very tasteful colored plate frontispiece, "A Woodymph." The articles embrace various subjects, and are by popular writers. "Soudan and its Complications," "Napoleon's Marches," "Living Homer," "The New York Negro Plot of 1741," etc., are exceedingly interesting. Etta W. Pierce's serial, "A Dark Deed," is continued, and there are short stories, sketches, etc., by Niles and other authors, including H. V. Hastings, and others. There are poems of great merit, and a comprehensive miscellany of pleasant reading matter. The price is only 25 cents for a single copy, and a year's subscription \$2.50, postpaid. Mrs. Frank Leslie, Publisher, 55, 55 and 57 Park Place, New York.

DR. A. B. SPINNEY, of Detroit, will be at the Major House, on Thursday, at 10 o'clock, to give a special lecture on all forms of chronic diseases, particularly, catarrh, eye, ear, throat and lung diseases. Best of glasses always on hand. Fits guaranteed. Consultation free. 3w2

The visits of Dr. Brewer do not interfere with the regular practice of the local profession, as it is confined to chronic diseases which local physicians gladly surrender to those who, by constant study and long practice, can treat them with success. Dr. Brewer, by years of experience, understands the needs of such cases, and the best remedies required to cure them. The afflicted should avail themselves of the skill of Dr. Brewer who will be at the Bond House in Niles, on Saturday, the 8th of March.

Reputation with posterity has ever been esteemed one of the most powerful incentives to great men, and a modern school of philosophy recognizes as the only true immortality of man, the enduring beneficent influence of his virtuous actions. If, however, the fame of our civilization were to be perishing, it is plain that this particular stimulus to virtue would fail. But "Is our Civilization Perishable?" The question is asked in the North American Review for March, and is judiciously reviewed by our countryman, William E. Bear, editor of the Mark Lane Express. A Defenseless Sea-battle," by Gen. H. A. Smylie, is a description of the unprepared condition of the harbors and coast cities of the United States; and though the author employs none of the arts of the rhetorician, his statement cannot fail to awaken the people of this country to the necessity of being in peace prepared for war. "Neither Genius nor Martyr" is the judgment pronounced upon the wife of Cynvia by Alice Hyneman Rhine, whose contributions to the Century are characterized by much force. Published at 30 Lafayette Place, New York. Subscriptions taken at this office.

Opening the Fountain.

In numberless bulbs beneath the skin is secreted the acid substance which gives the hair its texture, color and gloss. When this secretion stops, the hair begins at once to become dry, lustreless brittle and gray. It is that condition of the hair which is called "Parker's Hair Balsam" at once, it will restore the color, gloss and life by renewing the action of nature. The Balsam is not an oil, not a dye, but an elegant toilet article, highly appreciated because of its cleanliness.
