AN item in these columns last week regarding the arrest before Justice Dick of four young fellows for being drunk and disorderly, does an injustice to a young man named Earl Wright, that name having been mentioned instead of Carl Wright, the one arrested. A difference of one letter only, but Earl takes serious objections.

THE friends of Levi Lister will be pained to learn that he has been sent to State prison at Jackson. The pain will be somewhat relieved, however, when it is further learned that he has gone as teacher of the prisoners, and gets about \$1,000 per year for his services. Inspector Drew, of Chikamingo, was instrumental in securing the position for him.

OUT OF SAND.—There was an extensive sparring match in South Bend Friday evening, as the closing exercises of a series of lessons by Prof. James M. Harmon of Indianapolis, and participated in by a number of celebrities, among whom was our own and only Prof. Geo. W. Long, whose part in the entertainment is thus described by the Tribune of Saturday:

"George W. Long, the well known boxer of Buchanan, formerly of this city, was down on one knee as one of the participants, and was in the audience, but refused to put on the gloves with Harmon, although that gentleman came forward to the ropes and gave him a kind invitation to do so."

L. P. ALEXANDER, P. M.

A YOUNG man named Fred Lewis, about seventeen years of age, of St. Joseph, was killed by the accidental discharge of his gun while out rabbit hunting Monday, the ball passing through his lungs. He lived twenty-four hours after being shot. The gun was discharged by striking the hammer while climbing over a log. This is the second death by rabbit hunting in the immediate vicinity of St. Joseph this winter.

LYCEUM ENTERTAINMENT.—The High School Lyceum proposes giving a public entertainment, at Rough's Opera House, at the close of the school term, consisting of original essays and orations, interspersed by good music. Proceeds, if any, to be devoted to the construction of a library in the high school. Being for the exclusive benefit of the school, we hereby solicit the aid of the public.

C. H. BRISS, Cor. Sec.

The company advertised to play in Rough's Opera House Friday and Saturday nights, for the benefit of the cornet band, are highly spoken of by the press where they have been. They had full houses in St. Joseph and Benton Harbor, in this county, and the papers of those places pronounce them the best company that has visited those places this winter. The St. Joseph Herald says: "It will pay you to go and hear Rip Van Winkle and Mrs. Partington. Keane is a host in himself, and he is well supported by Mrs. Keane and a good company generally go and hear them. Lots of fun."

The following encouraging correspondence from Benton Harbor appeared in the Post & Tribune Saturday:

"The principal fruit growers here report prospects good for fruit this season. The earliest and tender varieties of cherries have been injured considerably, but the late and more hardy kinds will probably yield well unless killed by late spring frosts. Apple buds, with the exception of Baldwin, upon young trees, are in good condition. Pears and quinces are looking well. Strawberries, raspberries and other small fruits will be a good crop so far as can be ascertained at present. Blackberries have been badly killed except where laid down last fall. Vineyards are all looking well; none of the different kinds are injured to amount to anything, except Delaware and Isabella. Only a small part of the vineyards, however, contain these varieties, and their loss will not affect the crop but a little. People generally are looking forward to a prosperous year through this entire fruit region."

THE village election in this place Tuesday was of the usual quiet order, and resulted in the usual amount of disappointments. Following is a statement of the votes cast:

GALLEN ITEMS.

March 12, 1884. The donation party for Elder Docking netted over \$36. Harmony prevailed, and all hearts were happy.

The Teachers' Institute was well attended. Eight pupils of the State Agricultural College participate in the exercises. Drs. Pardee, of New Troy, and Henderson and Smith, of Dayton, were present and left valuable aid to the discussions. Dr. Pardee knocked the wave theory of sound just a mile high.

Daniel Babook will sell off his loose property on March 19, preparatory to going to Texas. He thinks there is a hen on down there, and if his activity and restlessness don't prove the death of him, he may catch the brood. Our village election took place last Monday, resulting as follows: Pres. B. R. Sterns; Trustees, Richard Butler, Frederick Burger, Edward H. Prince; Clerk, Charles A. Clark; Treas. T. N. Chilson, Assessor, Timothy Smith, Scret Com, William A. Robe; Constable, Frank P. Green.

Miss Anna Boyle's school, in Laporte county, has closed, and she returned home last Monday evening. The roller skating craze has struck this town, and hard, too, judging from the bruises received by those who have tried to make wheelbarrows of themselves.

A.

FROM BERRIEN CENTRE.

Every one is cordially invited to attend, as it is meant to make the evening enjoyable and profitable, by speeches, songs, chalk talks and dialogues and brief lectures.

The Maple Grove Sunday school was reorganized last Sunday, after a brief vacation. A full corps of enthusiastic and zealous young people have been elected to the several offices of the ensuing year. It is to be hoped that they will be faithful to the trust given them by admiring friends.

J. W. Fifield goes to Wheaton College on the 17th inst. to attend school during the summer term.

The Central Berrien County Teachers' Institute will convene at Grange Hall Saturday, March 22, at 9 A. M. There will be a morning and afternoon session, and teachers and every one are most earnestly invited to be present. Especially is it desirable to have the presence of patrons and school officers.

Several of our neighbors and their families went to Niles to hear and enjoy the McGibeny entertainment.

He was a former resident of this place, and has been a member of the M. E. church for about sixty-eight years.

NEW TROY ITEMS.

Mr. Gus Keenan, having failed to find the land of Utopia, has returned and now says Troy is not the worst place in the world.

Mr. John Shetterley and Mr. A. A. Morley have completed their investigations regarding the lumber prospects of the South, and returned home. They report that, as far as they were able to judge, the South presents some of the most undeveloped business to be found in any part of the States; that the energy of the natives lies dormant, and that they do not realize the value that to-day stands for miles in unbroken forests upon the banks of their num berless water courses. Furthermore, it requires only a small capital, associated with northern enterprise, to make the South bloom as in the days of yore.

Mr. Charles Brodbeck, of South Bend, but formerly of this place, gave his relatives and many friends a pleasant surprise, Sunday, by appearing to them in person.

Mr. Frank Carpenter was at home Saturday.

Rev. J. A. Docking will hold services at the M. E. church, at the usual hours next Sunday morning.

The Smith Brothers now have complete control of the wagon and blacksmith business in Troy.

I take pleasure in informing Brother Hill that the "little boy" who was made the subject of that thrilling temperance article in his last issue, was a young man eighteen years old, and one of the seniors in the high school room.

Several changes are about to occur in the social life of our village.

The temperance organization of this place will make another attempt to remove the pool table, and it ought not to be denied but that success should crown their labor.
