## REPUBLICAN TICKET.

FOR PRESIDENT,  
**JAMES C. BLAINE,**  
OF MAINE.

FOR VICE PRESIDENT,  
**JOHN A. LOGAN,**  
OF ILLINOIS.

### Republican State Convention.

A Republican State Convention to nominate candidates for state officers and electors for President and Vice-President of the United States, and for the transaction of other business, will be held at Whitney's opera house in the city of Detroit at 11 o'clock a. m., on Wednesday, August 10, 1884. In accordance with a resolution adopted at Grand Rapids, May 16, 1884, every county will be entitled to one delegate for each 500 of the total 500 votes cast for Governor at the last state election (in 1882) and one additional delegate for every fraction of 300 votes, and each organized county will be entitled to at least one delegate.

Under a resolution of 1883 no delegate will be entitled to a seat who does not reside in the county he proposes to represent. In accordance with a resolution adopted at a meeting of the State Central Committee at Detroit, June 23, 1880, the Secretary of each County Convention is requested to forward to the Secretary of the State Central Committee, by the earliest mail after the delegates to the State Convention are chosen a certified list of such delegates as are entitled to sit in the State Convention.

P. T. VANZELLE, Chairman.  
A. W. SMITH, Secretary.  
DETROIT, June 21, 1884.

Mrs. O. W. Rose has gone for a visit with her parents and daughter, at Gaines, New York.

Hon. J. C. Burrows has gone to Maine for the opening of the campaign in that State.

The present Chicago Convention has the honor of having more positive candidates than any like gathering ever held.

Grant & Ward's receiver, after casting a balance, finds the firm's indebtedness to be \$10,702.047, with \$67,173 assets.

Senator John A. Logan has been invited to speak at the Soldiers' and Sailors' reunion at Battle Creek next month, and will probably accept.

An Ohio delegate looks upon nominating Tilden as being like "Touching a match to what there is left of a sky rocket after it has been fired off eight years before."

The Denver & Rio Grande railroad having failed to meet its interest account, the holders of the bonds of the company have called for appointment of a receiver.

The vote in the Senate to pass the Fitz John Porter bill over the President's veto 27 to 27. Failing to receive two-thirds vote, the bill was lost and Fitz is at the end of his string.

France is in an uproar of excitement over the appearance of the cholera in her leading cities. Marseilles and Paris are in the midst of a panic on account of the disease.

Congress adjourned Monday, after a long session in which practically nothing was done outside of the regular routine business which was rushed through during the last few days of the session.

There appears to be some trouble for the Democrats to decide whether they are for a tariff for revenue only, or tariff only for revenue, only tariff for revenue, or a tariff for only revenue. The word "only" is their worst stumbling block.

A first-class bull fight with all of the first-class Mexico-Spanish attachments, was held in Dodge City, Kansas, on the Fourth. This is the first outrage of the kind ever had in America, and it should be the last.

The Southerners at the convention tell the New York Democrats that unless they agree on their candidate, the South is likely to and will insist upon his nomination. Keep a sharp lookout for Jeff. Davis in such an event.

The plea of "drunk when I did it," as an excuse for all kinds of crime, is receiving its merited setback at the hands of juries. There is no excuse for a man to be "drunk when he did it," and the sooner it becomes positively to be understood that that excuse will have no weight, men will quit getting drunk in order to commit their crimes, with the expectation that they will free them from punishment.

Citizens of South Bend were somewhat surprised to learn that one of the cars in the train bearing the New York county Democracy to Chicago was devoted entirely to a bar. It is strange that the citizens of so enlightened a city as South Bend should be so devoted to a bar. It is strange that the citizens of so enlightened a city as South Bend should be so devoted to a bar. It is strange that the citizens of so enlightened a city as South Bend should be so devoted to a bar.

The health officers in the large American cities are ordering a general house cleaning as a precaution against the spread of Asiatic cholera, which is just now on a rampage in a number of places across the sea. Notwithstanding the recent discovery of a sure cure it is more pleasant to prevent the disease by cleanliness.

As usual, the London papers are with the Democratic party in American politics. The Pall Mall Gazette denounces James C. Blaine elected President of the United States because "he will endeavor to replace English influence and trade by American." To this the Baltimore American makes the following pertinent inquiry: "What better inducement for Blaine's election could any sensible voter want than that?"

They have things at a fine point in Detroit. A few days since a man was seen to fall upon the sidewalk and die in a few minutes, and it was not until a post mortem examination was made and a .38 caliber Smith & Wesson bullet found in his brain, that the authorities could determine whether he was shot or had a nail hole in his head.

At a meeting of the Massachusetts delegation Monday night Ben Butler made a speech in which he said he could be depended upon as a loyal Democrat and would support the nominee, whoever he may be, and if necessary take the stump for him. This must be encouraging news for the Greenbackers and Anti-monopolists who always vote for principles, whether any one else votes with them or not.

The representative of the Fourth District in Congress voted first for the bill to reinstate Fitz John Porter in the army and pay him back pay from the time he was adjudged a traitor to his country. Then for a bill to reinstate him without the back pay, and to pass the bill over the President's veto. He voted straight with the crowd of Democrats, however, and perhaps we ought expect nothing better.

Senator Conger has accepted an invitation to attend the reunion at Battle Creek next month, and will be heard from. It is probable that Senator John A. Logan will also be present. The citizens of Battle Creek are preparing to accommodate from 60,000 to 100,000 people, and every convenience will be furnished to make this the most pleasant and the largest reunion the association has ever held. A competitive battalion drill, sham battle and artillery drill have been added to the usual program.

The work left by congress at its adjournment was in a very incomplete and unsatisfactory condition. The action of the entire session has been to plainly show that there was no intention of completing any of the work. Appropriations were cut down, only to be made up in the form of deficiencies at the next session, and an attempt at making a show of economy to go into the campaign with the democratic house has made a miserable failure. Only an average of two bills out of each hundred submitted to congress became laws. The Democrats in the house has spent the greater part of their time on the tariff and whisky bond question, and by their own votes killed both the bills and the term's work.

### ADDITIONAL LOCALS.

We see quite frequently mentioned in connection with the Republican nomination for Lieutenant Governor, the name of Hon. Wm. Chamberlain of Three Oaks. Mr. Chamberlain is strongly in favor of Cyrus C. Luce for Governor. Why would not the two make a good team?

A little ground sparrow was discovered in this place skipping about in the editor's cabbage patch, making a good dinner off the worms. He would go down into the center of the plant, catch Mr. Worm and come out to the edge of the leaf and eat him, and go for another until he was satisfied with his feast.

Mr. Wm. Burns has left at this office a stock of timothy, taken from his field, that measures five feet and four inches in length and with head 10 1/2 inches in length. Mr. Wm. Mead found a head 10 1/2 inches long, indicating the enormous growth of that kind of grass in this vicinity.

A TELEPHONE dispatch from Benton Harbor, this morning, announces that Hon. A. R. Riford, the postmaster at that place, died at two o'clock this morning. Mr. Riford was an old resident of this county, and has been prominently connected with its business and political interests. He was a member of the Legislature in 1869, 70, 71 and 72.

Mr. W. H. Mason has returned to Berrien county and will have charge of Hotel Oronoko, at Berrien Springs, which means that Berrien Springs will have at least one first-class hotel, for Mr. Major knows just how to keep that kind, and his most excellent wife knows as well her part of the hotel work as does he. Berrien Springs may congratulate herself on her new acquisition.

At last the fever has struck Buchanan, and there is a strong probability that a skating rink will be built in this place, and so arranged that public meetings, dances and amusements of different kinds may be held in it. In fact to take the place of a public hall in all except a finely arranged stage scenery is necessary. An ordinary building of this kind in a one-story building for these purposes would undoubtedly be a profitable one, properly managed.

There promises to be a large crowd to accompany the Sunday School excursion to Michigan City, July 23, given by the Oak Street Advent Sunday School. All schools in Berrien Springs, Buchanan, Dayton, Galien Three Oaks and New Buffalo have been invited to participate. The excursion includes a visit to the State prison, a picnic dinner at the city, and a variety of sports that will be instructive and amusing to the little ones. The managers calculate that it will require the sale of 300 tickets to cover the expenses of the trip, and there should be no loss in an enterprise of that kind.

Timothy a dispatch to the Chicago Times, sent by the Berrien Springs correspondent, the story is being handed about the country that the failure of the arrangements for the extension of the narrow gauge railroad was owing to the inability of Buchanan parties to pay for stock they had subscribed for. The statement is false, and it is the duty of that correspondent to make such a correction as he can. The cause of the break was a failure to agree in regard to the basis of settlement of the security for the payment of the mortgages on the present ten miles of road, which is held by Buchanan parties and had nothing whatever to do either with stock or subscriptions.

WHILE druggists are loudly complained of for carelessness in allowing their liquors to pass over their counters, they in turn complain of the false statements made to them in order to procure the stuff. For instance, a man comes into the drug store with a pint bottle and asks for alcohol to make some camphor gum and takes that alcohol, to some drunken sot who cannot buy liquor either at the drug store or saloon, makes himself liable to punishment for obtaining liquor under false pretenses, besides that for furnishing the liquor to the drunkard, and the druggists in this place are getting in a condition of mind that they propose to prosecute such violations.

One of the saddest sights of citizens was a woman driving a horse in a buggy with one child on her knee, another on the seat beside her, and a third on the seat behind her, and a fourth on the seat Quite a number have gone to Chicago this week to keep the Democratic convention straight.

There were no very extensive celebrations in this county on the Fourth. Niles indulged in a few sports and a short speech by Mayor Beaver.

The army of dogs adds \$104 to the village exchequer this year. One would think by the racket they sometimes make on the street there were nearer a million of them in town.

Rev. O. L. Severson, of Great Bend, Pennsylvania, who is here for a visit with his brother, Mr. W. A. Severson, will preach in the M. E. Church next Sunday morning.

Notwithstanding the fears of a failure in the wheat crop, we may expect to hear of some enormous yields and of the best quality of grain. The few fields that missed the winter killing have made the best of the opportunity.

There is some loud complaint of the lawlessness of those who broke into the churches, last Thursday night, to ring the bells. A reminder that the law provides a pretty strict punishment for house-breaking might cause parties who do that kind of business to be a little careful another time, especially in the destruction of property.

The McCrone murder case is said to have cost the county upwards of \$6,000. This amount can be charged up to the credit side of the liquor account. Both parties were full of whisky when the fracas occurred, and but for this the murder would not have occurred. The man who sold the liquor is not punished.

The St. Joseph Traveler-Herald opens a small sized boom for Sam. Hanon of that place for Sheriff. The present appearance is that there will be a sort of quadrilateral contest for that place. Up to last year there were a number of years passed without any wool market in Buchanan. A market was then opened by Redden and Whitman, who bought 10,000 pounds as their first venture. This year they have improved upon that record by taking in over 32,000 pounds.

We would like to have those who have been making a horse-racing course of the west end of Front street, and who contemplate to continue to do so, to distinctly understand that there are people living in that part of town who will arrest the first fellow they catch at that kind of business, and prosecute him to the full extent of law, and with no respect for persons. It is a kind of amusement that will be put up with just to the extent that the citizens of that part of town are obliged to and no more. There was an exhibition there last Thursday evening that should not be repeated.

Geo. M. Valentine, of Benton Harbor was in this place yesterday morning. He has an idea that he would make a pretty good Prosecuting Attorney and is trying to find out what other people in the county think about it. There is but little chance for dispute about it.

Constantine Wolkins, a German farmer living in Weesaw township, attempted to end his mortal career, last Thursday, by way of a shot-gun, and it was by a lack of skill as a marksman that he failed. His aim was at the vicinity of the heart, but the charge took effect in the shoulder and neck too high to be fatal in its effect. The cause given by this rash act is partial insanity caused by trouble, and is said to not be the first attempt he has made.

Saturday forenoon Amos Stoner, living a few miles west of town, was in Jap Murphy's barber shop to get shaved, and when the work was done Jap induced him to go to the drug store and buy some alcohol for him, and as Marshal Shook had been on the watch a number of days for just this kind of performance, Stoner was arrested for furnishing liquor to a drunkard. He pleaded guilty and was sent to jail for ten days and fined \$25, in default of which he stays in jail one more day. This is a kind of nuisance that has formed a prominent part of the liquor business in this place for some time, and it is high time some one were punished for it, but it is rather unfortunate that the punishment should fall upon such a case when there are others that are a great deal more guilty who have thus far been able to avoid detection. If the drinker in this case might have gone with Stoner it would have had more the appearance of complete justice, as it has been the practice for Jap to induce those whom he thought ignorant of the penalty, to get his liquor for him, the bulk of the crime rests on his shoulders.

Not Guilty.—Mention was made in these columns a few weeks since of the arrest of Dr. George H. McLin at Cadillac, charged with rape of a little girl in Muskegon. The circumstances as learned since are, that the girl described the fiend, who committed the crime as a short man with black whiskers and dark clothes. A number of men bearing this description were taken before the girl but released upon her seeing them, and the Doctor, who had gone from Muskegon to Cadillac that evening was followed by the Deputy Sheriff and taken back to Muskegon for inspection. The following card from the Justice of the Peace before whom he was taken explains the remainder of the story so far as Dr. McLin is concerned:

Muskegon, June 24, 1884.  
To Whom it May Concern:  
This is to certify that Dr. George H. McLin was arrested and brought before me for rape, that after a thorough investigation by the Prosecuting Attorney, Thomas L. Delano, and myself, he proved himself entirely innocent of the charge made against him, and was by me promptly discharged.  
Wm. McLaughlin,  
Justice of the Peace.
