A wine-cellar is to be built at the California State University for experiments on wines from various parts of the State. It is expected that such crops will do much to make known the localities best adapted to certain varieties of grapes.

The Canadian government has advanced the export duty on saw-logs from \$1 to \$2 per thousand feet. It is expected that the Canadian government will prevent the exportation of saw-logs to the States for manufacture and to compel Americans who have timber limits in Canada to erect mills in that country.

There are "smart" men outside of Yonkers. A deeply scientific German man not long ago invented a new food for cattle, which he advertised as strength food, and which soon had a large sale. It has recently been analyzed, and was found to consist of 300 shillings of corn, 200 shillings of ivory turnings and twelve per cent. of common salt.

A farmer's wife living up among the New England hills had a longing for her old-fashioned butter churn. A neighborly town, and she harnessed up her old horse and eagerly jogged over the rough roads. When she stood in front of the cage where the huge beast in the mill, she said: "My ain't he plain?"

Wood intended for paper pulp is shaved so finely by an ingenious machine devised for the purpose that it takes 75° thickness to make an inch. The fineness of the cutting can be appreciated when it is understood that 300 shillings of corn, 200 shillings of ivory turnings and twelve per cent. of common salt.

Recent experiments seem to justify the belief that sponge-raising in the waters of Long Island Sound is likely to become an important industry in the near future. There are at present several varieties of native sponges in the Sound, and the frequent finding of them by men who dig for round clams has induced scientific men to plant young sponges from Florida off Starbuck Point, Conn., where there are a long row of sand bars, and a nature suitable for sponge growing.

Miss BRYANT, the Misses FOX, Miss Croxon and L. P. Fox went to New Cadillac Saturday and repeated the entertainment of Thursday evening, given here. They report a good attendance and a joyous time.

The election and musical entertainment given by Miss Bryant, assisted by the FOX cousins, Thursday evening, was a pleasant entertainment, but the attendance was not such as might have been expected.

The Niles Republican last week devotes considerable space to an introduction of Roscoe D. Dix as candidate for State Land Commissioner on the Republican ticket. The connection with the land business makes him peculiarly fitted for the position.

ED. WEAVER took advantage of cheap rates from Nebraska to make a visit to his people in Buchanan this week. He reports things flourishing out there with corn at 8 cents per bushel.

Mr. CASS DEANSTOX, of Dayton, has gone to Ann Arbor for treatment at the University hospital, for nervous prostration. Some of his friends tried to make him think he was insane but a few weeks of rest will likely find him all right.

LANSBURG has an ordinance requiring gutters to be cleaned every Friday morning. In Buchanan they are cleaned every Friday morning without ordinance. Business men (or their clerks) doing the work voluntarily.

The Board of Supervisors has ordered the highly ornamental fence that has for a century or less encircled the Court House yard to be removed. We fear there is danger of some of the county officers straying away.

The board of Supervisors have chosen Geo. A. Lambert, Supervisor of Niles, to represent Berrien county on the State board of equalization. The board could not have made a better selection.

A MEETING of citizens was held in John Dick's office, Monday evening, to discuss the celebration question, and as funds enough to guarantee a good interesting celebration had already been promised, committees were chosen to carry out the details, and Buchanan will celebrate.

The village authorities are troubled because of so many street lamps being broken by the boys with their slingshots. There are a few youngsters about 8 to 15 years of age who need bringing up standing, and the work cannot be begun too soon, and with too great precision.

INDEPENDENCE day will assert her rights in Buchanan this year, with clatter of guns, orations, picnic and fun. As the glorious Fourth comes on Sunday this year, Saturday, July 3, will be the noisy day. Come to Buchanan to hear the eagle scream.

The stone abutment at the east end of the river bridge is a good and substantial improvement that ought to have been made before the new bridge was built. The same ought to have been done at this end, and then the bridge made long enough to rest on them at each end.

J. LIMOFF and J. F. PECK went to their farm in Gallen township this morning, but before they got out of town they had a little kicking matinee by the colt they were driving. A broken harness, a bent dish a scratched and badly scared colt, make up the list of damages.

The Union Spy and Specialty Company came to this place last week and gave their entertainment, Friday and Saturday evening, under a tent that was pitched on the grounds at the Pad Factory. They met with rather poor business. The company started from Battle Creek, and this was the first place they pitched their tent.

DON MORRISON announces that he expects to have his new paper launched at St. Joseph about the first of July. It will doubtless fill "a long felt want," as Berrien county is sadly in need of more newspapers, there being only seventeen or eighteen now.

YESTERDAY forenoon Dr. Henderson tried to lead his horse up Front street, by a neck strap, without a bridle, and hitched to his carriage. The result was a lively little circus, but no damage other than a few scratches on the horse.

The Supervisor of Royalton, Berrien county, reported the births for that township for 1885 in the illegitimate column, and now there is not a married woman in the township that will speak to him.—Dowagiac Times.

The county of Berrien was organized in March, 1831. At that time there were less than 50 voters in the county. In December of that year the first term of court was held, and the first legal notice was published in the Detroit Free Press, there being no newspaper published in western Michigan at that time.—Dowagiac Times.

Mr. BLISS is now prosecuting his reform in short measures by publishing the names of dealers and the amount each measure lacks of being up to full count. He finds some who were using gallon measures that lacked three-quarters of a pint of being correct.

The send off the Palladium gives the Howard Pleasure Party is an interesting record to travel on. They left three of their party, two of them ladies, at that place without a cent, and a hotel bill. They paid their bills here but had no money left for salaries. The advertisement is one to be appreciated.

Mr. BULLINGAME, a preacher at Berrien Springs, has invented a furnace for churches and other large buildings, and the Edwardsburgers have held a meeting to see about forming a company to manufacture them. A few of his furnaces were made at the Star Foundry in this place last year. He is also the inventor of a heating stove that is said to be a pretty good thing.

In a review of the situation in the gubernatorial contest, telegraphed the Detroit News, from Coldwater is the following: "Hon. Wm. Chamberlain is not saying a word, but is trotting right along, with his spotless reputation and general excellence of public record ever ready as a bridge to help him over sticking points." While Mr. Chamberlain would perhaps like best to be governor of Michigan, there are a good many Republicans in Berrien county who would prefer to see him go to Washington in the place now occupied by Hon. Julius C. Burrows. He is certainly the most available and strongest candidate Berrien county has for that position, and this is the year for Berrien county to secure that nomination. We want to try to have a Republican elected to Congress on an "off year," and there is but one way to do it—nominate the man who can gather in the Republican votes.

FOLLOWING are the committees of the Board of Supervisors for the year: Claims—Groat, Comings and Martin. Judiciary—Lambert, Glavin and Stewart. Finance—Lawrence, Keith and Babcock. Assessments—Kingsland, Franklin, Lawrence, Storms and Beers. County Poor—Glavin, Lewis and Smith. County Buildings—Alexander, Sylvester and Whitcomb. Roads and Bridges—Lewis, Brant and Stover. Per Diem and Mileage—Sterns, Babcock and Stewart.

ON Saturday evening some boy threw a bunch of lighted fire-crackers under Henry Scott's team, which was hitched on Main street. The horse took fright and ran up the street, leaving a long trail of fire. A building somewhere along the route. At the M. C. railroad depot they ran into a freight train which stood across the road and turning ran toward the Commercial house where they were captured by R. B. Stevens and handed over to Will Scotten who soon arrived. The horses were somewhat injured by the collision with the freight train.—Niles Star.

ONE of the most terrible runaway accidents that has been known in this town occurred on Second street Saturday noon. Charles Evans had for a few days had in his possession a horse, taken from Marion Shin on a chattel mortgage, and that forenoon drove to Gallen with him, and as he came to the wagon factory, on his return, the horse became frightened and ran down Second street, across Portage and into Waldermer Wood's lot, throwing Charles out just as he was going through the gate at Mr. Wood's, in such a manner that he struck his head and shoulder against the gate post or a heavy timber lying beside it, crushing the right side of his head and his shoulder. He was carried immediately to his home and medical assistance called, but nothing could be done for him and he lived but an hour and fifty-five minutes after the accident. The funeral was held at the Oak Street Church Monday afternoon, under the auspices of the G. A. R. Post and Masonic Lodge, of which he was a member, and was attended by a large crowd of friends. Charles Evans was a useful and active man in the community in which he lived, and had a large circle of friends. He was 47 years of age, and leaves a wife and son.

AMONG business done by the Supervisors at their late Session was the adoption of the following resolutions. It is most likely that when the county concludes to want the expert testimony of Dr. McLean or some other man of his calibre it will either get along without his services or the first part of these resolutions will be "busted."

Resolved, That the persons and offices designated for the services herein-after mentioned shall receive the compensation following, that is to say: Expert testimony for same spent in attendance on any trial or investigation before any court or officers authorized to receive testimony or take depositions—For each day, \$3; for each half day, \$2.50.

Lawyer's fees and mileage: Assisting Prosecuting Attorney in Circuit court, for preparation of cases per day, \$3; for trial of case per day, \$12.50.

In Justice's court—For time actually spent in examination of cases not cognizable in such court per day, \$5; for trial of cases when cognizant per day, \$5.

All bills for such services should be accompanied in all cases where the said services were performed in Circuit court by a certified copy of the order of the court appointing such claimant for the performance of such services, and in case of services performed in Justice's court, by the written certificate of the Prosecuting Attorney showing that such services were performed at the request of such Prosecuting Attorney.

For services looking up testimony on the written order of the Prosecuting Attorney per day, \$3 and reasonable expenses.

All bills for such services rendered in looking up testimony shall be accompanied by the written order of the Prosecuting Attorney.

All officers shall present carefully itemized bills showing the number of miles actually travelled in rendering such services, and in case of mileage incurred by them, and all bills shall be accompanied by proper vouchers where money has been expended for assistance or paid for services rendered or for supplies purchased for the use of Berrien county.

And that all rules heretofore passed by this board regarding this matter be and are hereby repealed.

Some of the Portage Prairie farmers complain that within a short time the Hessian fly has shown its work in the wheat fields in a ruinous manner. Henry Vito and Frances Wells have fields that are badly crinkled down on account of this insect and the crop practically ruined. Generally the crop where the fly has not injured it is filled in good condition, the weather during the ripening season having been the best that could be for that crop. Later we learn that the work of the fly is by no means confined to the Prairie, but is pretty thoroughly distributed, the clay land being most free from it.

The shipment of strawberries Monday night was the largest of the season, being about ten thousand cases. A severe wind storm is reported near Stevensville at five Wednesday evening. The roof of John Gast's barn, on Lincoln avenue, was blown off and several rows of fruit and several windows were blown in at A. H. Conkley's, near by, with other damages of less extent. A number of trees in Capt. Broder's orchard, at the Niles road, were also blown down by the same storm.

[Niles Mirror.]

A son of Adam Evick shot a gun on Friday last, and what of it? Nothing, only it kicked his collar bone to pieces. Orville Huggins, a lad of 12, was picking cherries for G. W. Fetter on Monday and both limbs on which he stood broke and he fell to the ground and broke his right wrist joint.

The M. C. R. R. may not build a depot here until after the C. W. & M. R. R. bonds are all paid. Niles paid \$25,000 to get this road started and has already been ten times that amount of damage to the business community. Trade from the north and south is cut off, and stations and elevators are erected at every cross-roads, and grain delivered at them.—Niles Star.

RESOLUTIONS.

WHEREAS, It has pleased our Heavenly Father, the Supreme Architect of the Universe, by a sad accident, to call from labor to refreshment our Brother Charles Evans. Therefore,

Resolved, That while we, the members of Buchanan Lodge No. 68, F. & A. M., bow in humble submission to the will of Him who doeth all things well, we also deplore the loss to our membership of a faithful and worthy Brother, and sincerely and reverently direct their thoughts to Him who has promised to be a husband to the widow and a father to the fatherless, for consolation.

Resolved, That our Lodge room be draped in mourning for thirty days; that a page be set apart in our journal for these resolutions; a copy be given to the Buchanan Record and Independent for publication, and a copy properly engrossed to the family of our deceased brother.

The following we find in The Leslie Local of June 18:

One of the most pleasant and enjoyable events that ever happened in this vicinity was the one celebrated last Saturday afternoon and evening, in honor of the 53th annual wedding day of two of the Jackson county pioneers, Mr. and Mrs. Charles Evans, at their residence, one-half mile west of No. 1 corner. A few gathered there in the afternoon, and by 7 o'clock the house and lawn contained a crowd of 143 relatives and friends. The children to greet their aged parents on the occasion were Mr. and Mrs. Amos Evans, or Buchanan, Mich., Mr. and Mrs. George Evans, Mr. and Mrs. George Faught, and Mr. and Mrs. Freeman Evans, of Leslie. Also a host of grandchildren. The presents bestowed on the occasion were as follows: Two cane rockers and an extension table, by a number of friends; a pair of gold spectacles for Mrs. Evans, Mrs. George Faught; a pair of gold spectacles and cane for Mr. Evans, George Evans; a silver mounted granite ware teapot, Amos Evans; a set of knives and forks, Freeman Evans; a silver hand-dial cake dish, Mrs. Fred Vaughn; set of spoons, Chas. Evans; a pendant spoon holder, Mrs. Millie Wood. A splendid repast was gotten up for the occasion to which all did ample justice. It was a musical and mirthful time until near midnight, when the company departed, wishing the aged couple many returns of the day.

Two men claiming to be agents for a Detroit wholesale house have been canvassing the county for the delivery of groceries at wholesale prices and have succeeded in obtaining a number of orders. It is said that the man in whose interest they claim to travel buys the goods from wholesale houses and forwards them to fill orders making a handsome profit. The men have been arrested for selling goods without a license and will be tried before Justice Day next Wednesday. When will people learn it is better and safer to trade with their home merchants, who not only spend their money here, pay their taxes, and aid in the building up of our country, but who also are ready to warrant their goods, and do not misrepresent them. The desire to be humbugged seems to be spreading, however, in some people.—Allegan Journal. The same fellows operated in this section, but we do not know how many orders they took. The Journal is right, however. Home merchants and business men deserve your patronage, and by giving it to them you help them, your town and yourselves.—St. Jo. Herald.
