W. TRENBETH, THE TAILOR.

HAS A FINE STOCK OF

Foreign and Domestic Cloths and Suitings,

And will make them up in the latest styles at very low prices.

Come and Examine.

For a few weeks we shall send out a large number of extra Records, with a view to substantially increasing our subscription list.

Mrs. Moox, of Crestline, Ohio, is here for a visit.

NILES 13, Buchanan 12, in Niles, Tuesday.

CHOLERA is said to be doing bad work among Niles boys.

A young child of Mr. and Mrs. Ellis died Friday of cholera infantum.

Mrs. N. J. SLATER and Mrs. STRAY went to the poor house this morning.

ELD. RUSSELL, of Paw Paw preached in the Christian Church, in this place, last Sunday.

There were more people in Buchanan on Saturday than at any one time before in three months.

THE RECORD is thankful to Peter Weese for some excellent pears, plums and grapes.

SPECIAL examination of teachers at Berrien Springs next week Friday August 27.

WE want a good live correspondent in every town in the county not already represented.

Mrs. W. F. RUNNER is enjoying a visit by her mother from Vicksburg, Mich., this week.

PEOPLE who do all their hard work with the mouth, are now called jawsmiths in the "Rowdy West."

Mrs. ROBERT took her Sunday school class of twenty-five little girls out for a picnic yesterday.

MR. LLOYD BARTMESS, is at home for a short vacation from his school at the Agricultural College at Lansing.

Mrs. GEO. MORGAN, of Chesterton, Ind., visited last week with relatives in Bakertown and this place.

BUCHANAN and vicinity was well represented at Crystal Springs camp-meeting Sunday.

BERRIEN County Prohibitionists will nominate their county ticket at Berrien Springs, September 2.

WILLE, son of Col. Wells, of Grand Rapids, is here for a visit with his old playmates.

THE Mirror, under its temporary commander, refers to itself as the people.

No one here remembers that we ever wanted rain until he goes into his garden to dig a few early potatoes.

THE new cement walk along the Rough property, on Main street, is a long felt want well filled.

MISS CLARA and ARTHUR HARPER started Tuesday noon for a two weeks' visit with their grandmother, uncle, and cousins, at Pine Lake, Ingham Co.

THE hand business is good in Berrien Center, at least the hand at that place has amassed fortune enough to build a new hall.

JAMES E., son of Mr. and Mrs. W. F. Runner, died at his home in this place Saturday, of cholera infantum, aged four months.

THE old cemetery has melted, and is now fast assuming a presentable condition. Another long felt want provided for. Now let it be kept so.

This immediate vicinity was treated to a good shower Friday night and again Sunday, so we can not complain of dry weather for a short time at least.

MR. M. H. BAUM and wife, and Mr. E. H. Vincent and wife, of Three Oaks, drove to Buchanan last Sunday.

THE School Period will be published again this year. It is a good thing for the school, and should receive a liberal support.

JOHN VITE and Mr. J. D. Ross were each the losers of a valuable horse Saturday morning. The latter was the family pet.

KALAMAZOO Republican convention wants Luce for Governor, Roscoe Dix for State Land Commissioner, and J. C. Burrows for Congress, and the RECORD hopes it will get them all.

MR. WM. BURRUS, celebrates his sixtieth birthday by a pleasant entertainment to his friends at his home west of this place, this afternoon. He has lived at his present home since 1842.

MR. GEORGE GRAHAM has a tame chicken hawk lariatied in his front yard. The spring chickens running about the yard appear on friendly terms with his hawkship.

SOME young lads captured a blue crane alive, about Bainton Bro's mill pond, Thursday morning last. It had been crippled in the wing by some one's shot gun.

Mrs. DR. ROYCE, of Lake township, was prostrated by a stroke of paralysis on Wednesday of last week, and is now said to be failing and with but little hope for her recovery.

In going to the fire Saturday night, Mr. Levi Redden had the misfortune to fall in front of the horse cart which ran over him, considerably bruising him, but no bones were broken.

New steel rails are soon to be put in by the Michigan Central, east from this place. The St. Jo. Valley road still considers the iron rail good enough for its heavy traffic.

ROCKY BRO. have nearly completed their improvement of the Kingery & Marble water power, and will soon be using that power for the wind mill works. There may be economy in the arrangement.

MR. WA. GOODRICK has a pair of Grade Norman colts sired by "Prince Henry", belonging to Henry Holmes, that he is proud of. They are four months old and weigh 502, and 525 pounds respectively.

The Palladium thinks it would do President and Mrs. Cleveland good to sit on the dry good boxes, swing their feet and see the melon crates pass down street. Queer ideas some people have of statesmanship.

UTR statement of the yield of Dan'l Holmes' wheat was correct and not quite right either. The yield was 35 bushels per acre, threshers' measure, but it overweighed four pounds per bushel, bringing the actual yield up to 38 bushels.

The burning of the barn on J. V. Beistler's lot, on Chicago street, called out the fire department Saturday night. No one was occupying the premises, and the fire is supposed to have been the work of tramps or boys. The loss amounts to about \$200.

THE Watervliet Record has the prospect of a libel suit by a Coloma minister, who claims to have had his spotless character besmeared. Either his character is not spotless or there are a number of other papers in that end of the county subject to the same kind of suits.

DR. M. W. STOCUM, of this place, has secured the appointment as examining surgeon for pension applicants, which will necessitate his being in Kalamazoo on Wednesday of each week.

Under present regulations special delivery stamps are sold for mail going to certain cities of 5000 or more inhabitants, by which parcels bearing them are delivered immediately by special messengers. An order is soon to be issued allowing these to be used for all post offices.

SEE here, youngster, school will begin two weeks from next Monday, which will soon be here, and then you must be on hand, ready for a nine months' of hard work. Don't forget where your books are, but keep the place you were ticketed for at the close of last term.

THE boys in blue are having their annual good time in Kalamazoo this week. Those from this vicinity went yesterday and Tuesday. They about all date as much on the reunion as on having their meals regularly, and some of them take the reunion in preference to their meals.

PROF. ALESHIRE is in receipt for Buchanan High School, of a large chunk of bark from one of the famous red wood trees in California, sent by mail by Mr. Roland S. Black. It is a curiosity to denizens of this part of the great world, and will be a valuable addition to the High School Museum.

MARSHAL SHOOK, while at work cleaning up the old cemetery yesterday morning threw his watch from his pocket when throwing some brush up on the fire, but did not miss it until some time afterwards. It was found in the afternoon with the silver chain melted, but the watch not seriously injured.

COMPLAINTS of fruit thieves come from the north end of town quite numerously. It is a pleasant state of affairs when a poor man works a whole season to raise a few grapes and pears, must sit up nights and watch his hard earned fruit for a lot of lazy vagabonds from stealing it, but such appears to be the case.

WE have a pass to Mexico and return, but do not expect to use it until the Mexicans get past the idea that it is their holy right and proper duty to punish American editors for comments made about Mexican citizens. Don't know whether we ever mentioned one of the critters or not, but we propose to take no rash chances.

THEY have a good "goak" on Brink Duncan about being in the fly paper business. Call on Brink, and if he wants you to know he will tell you all about it, or he may kick you out of the store.

We had a long, tedious quarrel to get some street lamps planted in this town, and succeeded in getting thirty-six of them. This is all very good, so far as it goes, but as many more, properly located, would be just as much better.

THE war in the arctic region still continues with undiminished vigor, but with the flat changed to the south side of "the flat" and a change of contestants. The last bloody battle was by a couple of female married women last Thursday evening, and was about as entertaining as the previous engagement.

The same dissatisfaction is being heard from Lapeer and other northern parts of the State, regarding the transactions of the itinerant grocers who have been doing business in this State, that was heard here. The quality of goods offered for delivery is what is complained of. The most of the victims swallow the dose and record it as one more sell.

LIST of letters remaining uncalled for in the post-office at Buchanan, Mich., for the week ending Aug. 19: Mr. Fred Aldrich, Jas. A. Cook, Esq., L. L. Douglas, M. R. Ghanst, B. F. Isbell, Miss E. M. Mator, Miss Minnie Switzer, Mrs. Christian Anna S. Smith, Postal Cards—Mr. Darius Case.

JOHN O'BRIEN was arrested Saturday evening by the marshal, charged with being drunk and disorderly. He staid in the cooler over Sunday, and at the preliminary examination Monday pleaded not guilty, and was released on \$50 bail to appear for trial next Monday.

THE Democratic convention appointed John Mansfield a member of the county committee. They didn't appoint him for any of the offices he asked for. No, John would never do for anything of that kind, but when the party wants any hard work done they always call on John.

A LARGE portion of the soldier boys, who went to the reunion at Kalamazoo, returned almost as soon as they could, and thoroughly disgusted with the entire arrangement. They say that, instead of being a reunion of old soldiers, it is simply a dress parade of the State Militia, who are there, and are given front seats at all of the first tables and entertainments.

SEVERAL days since some arrests were made by Deputy Sheriff W. J. Jones, for alleged disturbance of the Pentecost band a few miles from Berrien Springs, which has caused considerable feeling against him in that vicinity, some of the good people thinking that a little authority has made him altogether too officious, while others say he has told great big lies about them. THE RECORD has received letters from some of the aggrieved parties, but prefers to not publish them.

THE series of Gospel Meetings at the Presbyterian church, led by Rev. Harold F. Sayles, will begin next Sunday, Aug. 22, at 10:30 a. m. For program during the week, see the first page of "The Helping Hand," which can be had free, of J. M. Stetler, J. H. Roe or Robt. Rogers. Messrs. Holmes & Hamilton Organ, have tendered one of their magnificent instruments for the use of the meeting. Come and help make this effort a success.

THE following appeared in the Inter Ocean, Monday morning: ALBERT LEA, Minn. Aug. 15.—J. G. Ham, registered at the Hall House as from New York, while under the influence of liquor, to-day insulted the wife of W. South, Police Judge of Philadelphia, here on a hunting expedition. South threw Ham to the floor and held him there for a time. When released Ham attacked South with a knife, severely gashing his face, but not inflicting any dangerous wound. Ham was arrested.

SOME items of the above point strongly toward the Buchanan lad, but it is to be hoped that the facts may be otherwise.

THE GRAPHIC News, the great Western pictorial paper, will, in its issue of August 21st, devote a double page to the Kokomo (Indiana) Division of the Knights of Pythias, who captured the first prize in the drill of that body recently at Toronto. The men will be shown in full regalia, and a picture of Howard Douglass, the Supreme Chancellor of the order and Grand Commander of the Uniformed Divisions, will occupy the center. Every Knight of Pythias should get a copy of this edition.

ACKNOWLEDGEMENT. Nothing in our past acquaintance with the people of Buchanan has begun to draw our hearts toward them as has their sympathy and aid extended to us in our sore bereavement. While we are far from wishing you any similar experience, we earnestly hope that if to any of you it does come you may find among friends as much consolation as we, while comparative strangers, have received at your hands.

THE reunion has great attractions. One person who has been supported by the town over a year was seen to start for Kalamazoo yesterday, with high colors flying. There is, of course, no way to keep anyone who wants to, from going to the reunion, so long as they pay their own bills. The question that worries a Supervisor is just how to compel people to invest their small earnings in the necessities of life, instead of such nonsense as reunions, whisky, alcohol, morphine and other kindred enterprises. To hold the office of Supervisor and have the management of this class of human-kind, one or two years, will have a strong tendency as anything to weaken one's estimation of the human race in general, and the prodigal class, in particular.

SURVEYING is being done on the projected standard gauge railroad from Berrien Springs to Eau Claire or Berrien Center on the Wabash road. The money Berrien Springs people will be called upon to put into that road will build the narrow gauge to St. Joseph, and the amount that St. Joseph will give to have it come there will put it in good operating condition, when it will be a profitable property that would do all of the business and have enough to do. That they will not do however, so long as the title to the ten miles remains as it is. The sooner that mortgage is foreclosed and the title placed in the hands of some one who can do something with it the better for the owners and for the community.

THE State board of equalization is at work at Lansing. We suppose our representative has been busy since his appointment gathering statistics and fortifying himself with all obtainable information necessary to properly presenting and defending the interests of this county. We note that Wayne, Kalamazoo and some of the other counties that are in possession of the bulk of the wealth of the State, have been making great preparations for the event, with the intent to unload a portion of their proportion of the State tax onto the shoulders of the poorer counties and at the same time retain their wealth. If our representative allows himself to be overrun by these nabobs we promise to not support him for member of the legislature, a position for which he is said to entertain great aspirations.

PROHIBITION CAUCUS. A Prohibition caucus will be held at Good Templar's hall, in the village of Buchanan, at 3 P. M., Saturday, Aug. 28th, for the purpose of selecting delegates to represent said township in county convention, to be held at Berrien Springs, Sept. 2nd, to nominate candidates for the various county offices. All citizens, regardless of sex, race or color who favor prohibition of the liquor traffic through a party pledged to remove the blighting curse of intemperance from our fair land, are especially invited to be present.

THE Republican county convention convened at Berrien Springs last Thursday. E. L. Kingsland, of Hagar, was made chairman, and W. J. Gilbert of Niles, secretary. After the usual preliminary work of committee on credentials and order of business, the committee divided into district conventions, each to present nine names to be elected to each the State and Congressional conventions. Those selected were:

First District—L. C. Efte, St. Joseph; W. H. Brewster, Benton Harbor; A. N. Woodruff, Bainbridge; Thos. Mars, Berrien; W. A. Baker, Watervliet; T. L. Wilkinson, Oroonok; C. H. Farnum, Hagar; W. A. Hess, Pipestone; Geo. M. Valentine, Benton.

Second District—L. A. Duncan, Niles; J. J. Van Ripper, Buchanan; Wm. Chamberlain, Three Oaks; J. J. Bonnell, Lake; Chas. A. Clark, Gallien; W. L. Babcock, Niles; Joel H. Gillette, Bertrand; L. P. Alexander, Buchanan; H. L. Potter, Weese.

Third District—A. H. Morrison, St. Joseph; S. G. Antislade, Benton Harbor; M. N. Lord, Lincoln; Geo. S. Stewart, Bainbridge; Chas. T. Bell, So-dus; F. A. Woodruff, Watervliet; Geo. Graham, Oroonok; R. J. Collier, Royalton; J. L. Keigley, Berrien.

Fourth District—T. A. Lowry, Niles; G. W. Bridgman, Lake; L. P. Alexander, Buchanan; J. J. Van Ripper, Buchanan; Ana Hamilton, Niles; B. R. Sterns, Gallien; Geo. Correll, Bertrand; Wm. Chamberlain, Three Oaks; J. A. Kellogg, Niles.

A county committee of one member to each township and ward was selected, and the convention adjourned.

GALLIEN ITEMS. Montross, shops are closed for repairs.

Mrs. Jacob Norman, one of the old settlers of Berrien county, died here Monday, after a long illness. She was highly respected and is mourned by many relatives and friends.

The musicals at the Methodist church last Sunday evening was well attended and received.

Budd Gove and family, were camping on Lake Michigan, last week.

We had a grand rain Sunday night doing much good.

Prof. Proper, Misses Georgia Emery and M. E. Gallivan are attending the Teachers' Institute at Niles.

G. A. Blakeslee is taking a trip through Ohio.

Several of our citizens went to Carlisle, Monday to see the game of ball between the champions of Canada and the Carlisle boys. Score 9 to 0 in favor of Canada. Words are unnecessary.

Prof. Proper has been engaged to teach the Dayton school.

The "Athletics" of Gallien cross bats with the "Black Legs" of Carlisle on 21st. Our boys play great ball.

A large number from Gallien are attending the soldiers' reunion at Kalamazoo.

John Penwell has given up going to Kansas, and has rented the old Penwell farm for a period of five years, paying \$1000 cash for same.

HILLS' CORNERS ITEMS. No rain needed in this locality. Farmers nearly through threshing, and some estimating their probable wealth.

The farmers are now down in the mouth because of investing in the traveling grocery.

Montross, of Gallien, and Rough, of Buchanan, are in a squabble over a nice piece of timber near this place. We hope one of the parties will get it.

John Babcock lately dedicated his new house to the service of his country by having a public dance, nearly one hundred numbers being sold.

The County Grange met at this place last Tuesday, and was generally attended by farmers from various parts of the county.

A goodly number of people from this township are attending camp meeting.

Dedication of the new Disciple church will take place soon, as the building is nearly finished.

Our merchant, A. Adams, talks or selling out, and will go back to Mecosta county, Mich., should he dispose of his effects.

FROM NEW TROY. August 16, 1886. Miss Dell Morley, of Chicago, is here visiting with her friends and relatives.

Mr. Geo. Bridgman was in town today.

Mr. and Mrs. Albert Morley, of Chicago, are visiting their county friends.

Mr. DeLapp is entertaining a daughter from Lansing.

Mr. and Mrs. R. B. Jennings, accompanied by Miss Hope Miller, have started for the south. They carry with them their new home the best wishes of their many friends here.

H. L. Potter has gone to the institute to spend his sweet apple money. He says luck is in his favor for once.

Mr. A. W. Pierce has built him a new barn. He bought some knot holes of Potter, and L. P. Fox kindly donated the remainder.

Among the many bills against Mr. Lewis Wharton now in the Probate office, I notice one belonging to my editor of the Independent. Of course it is for actual necessities, for Bro. Hill is too conscientious to do otherwise. But every ten dollars counts.

Lost, a heart; for further particulars enquire at the post-office.

Several cyclones have visited our village during the past week, but only one of our citizens had cause to show any sign of distress, and he is none the worse for the battle.

The Fryar boys are at work at the bridge west of New Troy.

It seems as if the more laws we obtain, which are restrictive to liquor selling, the more lax the people become in enforcing them. Many of our country druggists sell without giving any bonds to the county, as provided by law, and some even go so far as to retail liquor by the drink; and in the ratio I think with prohibitory laws there would be no restraint whatever, as some good moral people are always of the opinion that laws will enforce themselves.

THE FIRST edition of long-looked-for showers put in an appearance on Monday morning; although entirely too small a quantity of water fell, to supply our needs, we feel thankful for what we did receive, and anxiously await the second edition.

Two of our most important men left this week, for Grand Rapids, to attend the State convention to be held there this week; one of them to cast a vote in the Democratic box, and the other, to guide the National State convention as he does the Nationals of Berrien county. We say to this big man: Go in, and convince the world that bowels weigh as much as brains! Just tell to the State convention what a grand county convention assembled to choose you as a representative of so great a party! You can't fail to astonish everybody.

We have some men here who are firm believers in the Morrison prophecy, and are going so far to imitate the prophet, as to have their names enrolled in the same record; while others "go back" on the old man and the subject of his prophesy. After the return of the Republicans from the late county convention, there were some harsh remarks made about some of the delegates, who did not see the inspired man's points, in favor of his candidate.

The western part of the second district of Berrien are not proud of the "unit rule," and remind Niles that there will be a day of reckoning, when they will truly be weeping, wailing, and begging for mercy. Let us knock the handle out of our political hatchet, gentlemen, and pass the Dunker's kiss along the line.

A large delegation of the Chamberlain family, intermixed with Crosby and Warren families, plied on the lake-shore, Saturday last. They make quite a show, when they all turn out.

Three Oaks has had yellow fever, scarlet fever, smallpox and the Michigan itch scare, and this last week we had a small attack of the Salvation Army, and still live. The captain of that order made us a visit, and looked over our boys, and determined that there were none of them worth saving, and left us in doubt. Rev. Hicks is bound to save them.

We learn that one of our high-toned mothers has taken a Chinese baby to bring up on a bottle.

Our smooth-topped M. D. has repented of his misdeeds, and con-dex his wife to return and make his home happy again. She puts in an appearance this week.

The members of the Lakeside Anti-Horse-hitch Association are making large arrangements for their picnic, which will be held at or near Lakeside, Chikaming township, Aug. 31. We are informed that a general invitation is extended to everybody, and his family. Our village had quite a rest last evening, for a few hours, as most of our young "bloods" left town, and made the home of their Sunday-school teacher, Mrs. Drew, hideous, until about midnight. Drew says that he thinks it was intended for a Green-back county convention, as it was the only call he has seen. Brace up, A. I., don't get lonesome, as we will return the same company almost any evening, and you may rest assured that you will get an unanimous vote from them.

Samuel F. Pinnell, of Chikaming, has been getting his musical voice tuned up, preparatory to the fall campaign. When Sam gets in earnest, he can stump two towns at the same time. One business firm here keeps a salt barrel ready for Sam to mount when he comes to town, during a political canvass. It beats a monkey show, to draw a crowd. Sam is in trouble now, as he is in doubt who to "rab" for, Burrows or Bonine.

The Widow Andrews, of Chikaming, celebrated her 88th birthday yesterday, the 17th inst. She had entirely forgotten the memorable day, until reminded by the arrival, at her modest home, of her entire family, including a sister whom she had not seen for years, together with all of Chikaming, who went there to see about some carpeting, of course. Such a supper as was provided by the company astonished the oldest inhabitant. Her presents were so numerous, and took the old lady so much by surprise, that for a time she could not give utterance. We trust she may outlive the shock.

[Berrien Springs Era.] A census taken at Crystal Springs showed 144 tents and cottages, 354 families, with a population of 510. W. H. Miller's plum orchard demonstrates that this is the correct climate for that vegetable. The trees are so loaded that the branches are necessary to put from four to eight prongs under the limbs of each tree.

[St. Joseph Republican.] Deputy Sheriff Jones arrested some young men for disturbing the meetings of the pentecost band at the Hinckman neighborhood last Monday.

Attention boys in blue. The annual reunion of Co. I, 10th Michigan Infantry, will take place at St. Joseph on Saturday, Sept. 4th, 1886.

The contractors are pushing the government work on the harbor at this point. So far their efforts have been directed towards repairing the damage to the north pier, and at the present rate of progress they will soon have that structure as sound as ever.

The Michigan State Horticultural Society has in preparation (to appear in the forthcoming volume of its transactions), a History of Horticulture in Michigan, in which it is the purpose to give an authentic account of the rise and progress of Tree, Plant and Fruit Culture in the State, together with the present condition of the interests, and their future prospects.

It is also the purpose to devote a large space to each county, separately considered, giving as full an account as possible of the origin, progress, and present condition of these interests in each, with their adaptation to such purposes, as indicated by location, soils and climate.

We therefore, strongly urge that any and all persons possessed of information of this character, or of the facilities for collecting it will lend their aid to the work of supplying the useful information by their own contributions to the subjoined inquiries, and forwarding the same to the undersigned, at an early date.

1. When, where and by whom was the first settlement made in your county?

2. Was it made for agricultural, lumbering or other purposes?

3. Are there any notable plantations or preserved groves of trees, for cemeteries, parks, or other ornamental purposes, whether public or private?

4. Attention, generally, any notable or interesting circumstances within your knowledge, pertaining to horticultural history of the State, or any section of the same.

We appeal to all to lend effective aid to this object, and, in so doing, to assist in putting the earlier history of their own section into authentic and permanent form.

Any and all persons supplying information in aid of this object will be entitled to receive a copy of the volume containing the proposed history, when published.

Harvest Excursions West. Now is the "Merry Harvest Time" when the magnificent crops of wheat, corn, oats, barley, hops, fruit, vegetables, and herbs of fat cattle, horses, sheep and swine in Illinois, Iowa, Minnesota, Dakota, Missouri, Nebraska and Kansas can be seen to the best advantage. To facilitate the wishes of Eastern friends, who desire to acquaint themselves with the vast productive capacities of the West, the management of the CHICAGO, ROCK ISLAND & PACIFIC RAILWAY announces that tickets will be sold on September 8 and 22, 1886, to principal points in Minnesota, Dakota, Missouri, Kansas, Nebraska at GREATLY REDUCED RATES, and stop-over privileges. For further information apply to your nearest ticket agent, or to E. A. Holtbrook, General Ticket and Passenger Agent, C. R. I. & P. Ry., Chicago, Ills.

W. P. Grannis, formerly of Paw Paw, located at Bozeman, Mont., last spring, and "just for fun" invested in an abandoned mine. The abandoned creature turns out \$96 in gold and \$9 in silver to the ton; and Mr. Grannis believes, he has struck a bonanza. He has refused \$5,000 for the claim.—Detroit Journal.

Locals. Farmers, Attention! I am now satisfied, by observation and experience, that the Mediterranean Hybrid wheat is the best wheat that we can get. It has been raised in the eastern part of this State for two or three years, and is selling there for \$3.50 per bushel. I have quite a quantity of it for seed, which I now offer for \$1.50 per bushel, or if farmers prefer, I will take two bushels for one, in order to have it generally introduced.

L. P. FOX. The man who hired out Jack Screws, about a month ago, will please return them at once and oblige.
