Charles M. Groswell, Ex-Governor of Michigan, died at his home, in Adrian, Monday morning, after an illness of ten days, aged 61 years.

Gov. Alger has issued a proclamation forbidding the shipment of cattle from Cook County, Ill., into or through this State, on account of the existence of pluro-pneumonia in that county.

Emmanuel Leininger, a farmer living near Elkhardt, Ind., committed suicide Monday evening by hanging to a tree near his home. The supposed cause was grief at the loss of a child, who had died suddenly.

Future Democratic Ministers to Mexico will be required to sign the total abstinence pledge before being appointed. This is done simply as a matter of protection to the Administration.

The rapid redemption of the three per cent bonds and the high price of the four per cents, is driving national banks into the State system. The Concord, Jackson county, bank has just taken this change.

The Marshall Statesman devotes a column to the interests of Rev. Edmund B. Fairfield for United States Senator. Mr. Fairfield is one of the most popular men, where he is known, in Michigan and would make a good Senator. His wealth is in brains.

Queen Vic has ordered that no papers containing accounts of the Campbell divorce case be delivered or read at the Windsor castle. It may be a good thing for England when she and others begin to appreciate the true character of the worthy scions of royalty.

Ten days ago A. B. Garner, "a tough," fired a shot through the door of a dwelling at Wabash, Ind., wounding two of the inmates. Tuesday he was tried before a jury, who returned a verdict of guilty, fixing the penalty at thirty days in jail and a fine of \$50. The community is amazed at the light sentence, and well they may be.

Shall the Prohibitionists of Michigan circulate petitions to the legislature to submit a constitutional amendment prohibiting the manufacture, importation and sale of intoxicating liquors as beverage? Most emphatically no!

Jeff Davis has been so highly pleased with the cordial reception and good treatment given his daughter in her visit to the North, that he has written a letter of thanks, mingled somewhat with surprise, and has in turn been invited to come North himself and learn something of his old enemies.

The appointment of Dalney, the Andersonville stockade guard, to the medical board in the pension department, is raising a loud growl among the veterans, and especially by the boys who had their lives ruined by confinement in that hell-hole. Such appointments will go far in deciding which of the two great parties will have the appointments to make after 1888.

A daring band of three robbers boarded an express train at Bellevue station, Texas, Saturday, and gathered up the valuables of the passengers, saying such as were concealed by the ladies. They took, among other valuables, five revolvers. There were forty brave men on the train, including five soldiers of the regular army.

Secretary Manning, in his report, recommends the retirement of all greenbacks and bank notes of less denominations than \$10, and that no paper money of such denomination shall be issued excepting coin certificates. This is not the part of the administration the Greenbackers voted for, and as a bill has already been started in congress, providing for these measures, they are likely to realize just the opposite to what they have clamored for all these years.

A scheme is said to have been planned by Washington Democratic politicians, which if carried into effect, will make Indiana a solidly Republican State. It is for all of the Democratic State Senators to resign, to prevent the election of a United States Senator. The Ohio Democrats tried about the same kind of a game, but it failed to materialize to suit them. Such subterfuges for party gains will never gain victory for the party in whose interest they are undertaken.

The Detroit Gazette is a new paper that has been started for a double purpose; first, for the success of the Knights of Labor, and second, and most important, the preservation of the political faith of the Democrats within the order. There appears to be a solicitude on the part of some one lest some of the faithful may stray from the party fold, through the medium of this order. Well, perhaps there may be reason for it. Prominent among the teachings of the order, is the favor of protective tariffs, according to Republican teachings, and the Democrats are accused of entertaining ideas quite aversive to these.

With Christian-like fortitude, for which editors are so much noted, we have been wrestling for the past week with a load of green basswood donated on subscription. From personal experience with the stuff we can give a written guarantee that as a fire-producing agent it is perfectly harmless; and further, if applied in sufficient quantities it is our honest opinion that it would extinguish the fires of hell in 30 minutes.—Midland Sun.

FROM DAYTON.

Dec. 13, 1886. Our saw mill started up last week. They have a contract for sawing 1,000,000 feet of railroad ties. This, with custom work, will furnish employment for six months.

Mr. Lamb has moved his goods into his own store building, which has been newly fitted up and greatly improved. The M. E. Sunday School is to have a Christmas house, on Christmas eve. A good time is expected.

Mr. Rev. Trench is enjoying a visit from her father, Leonard Thomas, of Kerwin, Kansas, who came rather unexpectedly, on the 11th.

Married.—At the M. E. parsonage, Dec. 4, 1886, by Rev. E. Trench, Mr. Stephen A. Norris and Miss Nellie M. Hagley, both of Weesaw.

Our village school is doing well under the able management of Prof. Proper, who gives evidence of being the Proper man for the position.

FROM NEW YORK.

Dec. 13, 1886. Mr. John English has moved into town and will occupy, for the present at least, the upper story of English's store.

Dr. Weaver has a new clerk. The drug business must be improving. A Mr. Blakeman, of Bridgman, is here buying oak logs for parties at his place.

The High School gives a dramatic exhibition, Dec. 22. All are invited to attend.

The graduating class of '87, from our high school room, will consist of nine members—seven girls and two boys. This means just that many more teachers to serve Berrien county.

Mr. G. F. Glidden, of Buchanan, was here visiting with his old friends today.

Christmas tree at the Brethren church, Dec. 24.

B. Hinchman, of Sawyer, was in town Saturday.

Pulaski Epley has moved into the front part of Mrs. S. L. Morley's building.

Mr. F. H. Morley, our miller, reports a very busy week past. Work until Henry gets those rolls, and then they will need a railroad sure.

Mr. Wm. Pierce is getting out the down timber on the Sherwood lot and hauling it to market.

Frank Needham gave us a visit yesterday, also Doc Ballegee, of Benton Harbor.

Our old friend and neighbor, Mr. Henry Ballegee, will move back to Troy in a few days, as the Shakers have sold the farm on which he has lived for the past four years.

Mr. H. L. Potter has been a resident of Weesaw township for twenty-six years, and of the class of '80 is the last to leave New Troy.

Mr. Jacob English is stocking up for the holidays, at least he has a good supply of clerks.

One week's vacation at the school house this month.

Mr. H. L. Potter resigned his position on the School board, and now there is a chance for some liberal minded fellow to start in political life.

Though not a politician or used to many devious ways, yet as a simple and unknown member of the Republican party, would ask that great and victorious political organization to send the U. S. Senate, the farmer from Coldwater, Cyrus G. Luce. What do you say, brothers?—Sawyers.

The American Iron and Steel Association has issued a bulletin making the following recommendations to congress:

1. Reduce the surplus by repealing all the war taxes on tobacco. No American industry can suffer from a repeal of the tobacco taxes, while the farmers and the small manufacturers of tobacco and cigars would be greatly benefited, and, of course, consumers would be.

2. Do not reduce the sugar. Why meddle with them? Sugar never was so cheap as it is now. Why cripple our cane-sugar industry? Why destroy our infant beet-sugar industry and our promising sorghum-sugar industry?

3. Annual the one-sided Hawaiian reciprocity treaty, which annually adds millions of dollars to the profits of California sugar speculators and correspondingly reduces the receipts of the United States Treasury, but does not reduce the cost of sugar to the people of the Pacific coast. The treaty is a fraud.

4. Reduce no duties on foreign commodities which compete with American products; increase duties which do not now sufficiently protect American industry.

5. Give careful consideration to the Blair educational bill. The poor people of the South need help to educate their children. Let them have it. The country can afford to give it.

6. Regulate immigration by establishing consular supervision over the character of intending immigrants and their ability to support themselves.

7. Extend the same liberal aid to the building up of a American commerce with Great Britain, France, and Germany have given to their mercantile marine. In this way only can our surplus products find their way in increasing quantities into foreign markets.

8. Increase the navy and strengthen the country's fortifications. In time of peace prepare for war.

9. Scotch the Mormon iniquity by effectually prohibiting the importation of ignorant converts from European countries. A nation has the right to protect itself against any foe to its peace and safety.

The Indiana Middle.

The Hoosier Democrat is the ideal Bourbon of a Bourbon party. He is first and always a Democrat. A few months ago the Hoosier Democrat, indignantly and collectively saw the prospect of one more year of the public crib when the Lieutenant Governor was given an appointment by the President, and at once it was decided that the office of Lieutenant Governor was to be vacated.

One Sunday in August at Carmel, Eaton county, Anna Kunkel's twin brother didn't know it was loaded, and discharged a gun at his sister, the shot taking effect in her thigh. The girl has suffered greatly, and on Monday the leg was amputated to save her life. The twin brother knows more now.—Detroit Journal.

The Neganee Herald declares that there was treachery on the part of the Democratic leaders in the recent campaign, inasmuch as it was arranged that Yapple was to be made Senator immediately after the election and Cressy was to be Governor.

Submit the Amendment. The next legislature of Michigan will be largely Republican. The responsibility of the session's work will rest upon the Republican party. The men sent to Lansing to make, amend and unmake laws are representatives of the people, and as such are bound to heed the petitions of the people.

who stood on that stockade and looked down on them and witnessed their misery with a fenshish glee, now placed in a position where he can pass upon the application for assistance from the government by the men he and his associates assisted in rendering miserable for life.

A great many union soldiers voted for Cleveland in 1884, because they wanted "a change". This is not the kind of a change you expected, boys, nor the kind you deserve.—South Bend Tribune.

State Items.

An eighteen year's old Ionian looms up to 6 feet 11 inches.

A Coldwater firm is manufacturing toboggans.

The State Grange is in session in Lansing.

There were only four suicides in Michigan Monday.

Marquette's saloon tax nearly runs the city.

The editor of the Mt. Pleasant Tribune has been whipped three times this year and still continues his wickedness.

There appears to be something of a disposition in Dowagiac to interfere with the confirmation of Mr. Moon as postmaster at that place.

Some Detroit people think a \$1,000,000 hotel ought to be built there. Well all they have to do is build it. They have the cash.

During the five days just before Thanksgiving, six tons of poultry were shipped from Hudson to Boston, realizing \$15,000.

A tramp professes to know something of the uncertainties of life in Lenawee county. For just three weeks he lived on raw corn and frozen apples, in that land of plenty.

Senator C. W. Jones was severely injured by being thrown from a carriage by a runaway horse in Detroit, Thursday. A close attention to the business of his office in Washington would have avoided this.

Antoine Hergeselle, of Ludington, went to Milwaukee last week to attend the funeral of a relative. He retired to rest in good health after carefully blowing out the gas, and was found dead next morning.

Henry Taylor, colored, living near Pontiac, loaded a gun with powder and buckshot yesterday, placed the muzzle against his face, touched the trigger with the ramrod and blew off the top of his head.

A farmer in Erie township, Macomb county, has a cow on whose side is an exact representation of Daniel in the den of lions. The Mt. Clemens Monitor is responsible for this lion item.

Another clew in the Cronet murder tragedy has been unearthed. F. M. Hopkins, of Homer, who was with Foy at the time of shooting young Schuler at Union City, has been traced to the Columbus, Ohio, prison by Detective Ballard and has squealed some thing, what, is unknown. It is noticeable that all these "important links" in the chain that it is hoped will convict somebody of the foul crime, are furnished by questionable characters.

Hopkins has been a tramp, a butcher, chimney sweep, thief, burglar and safe blower, and he had to be cornered before he would confess what Ballard wanted to know.

The case is set for trial at the January term.—Palladium.

Dr. F. B. Brewer.

"This celebrated physician has continued to visit this city regularly for many years, and many and remarkable are the cures which he has effected. He is called everywhere by the title of the 'harbinger of glad tidings,' for through him they see almost sure relief from disease. Few and far between are the cases which he does not relieve. If you are afflicted with any chronic ailment, let Dr. Brewer be for him to need enjoinments at our hands."

Dr. Brewer makes his next visit for consultation with persons suffering with rheumatism, kidney or other chronic ailments, at the Bond House, in Niles, the 11th of January.

Maine has during the last year put up 101,000 cans of corn, over 840,000 cans of succothash, and over 144,000 cans of lima beans. Three Portland firms have done most of the business.

Consumption Cured. An old physician, retired from practice, having placed in the hands of an East Indian missionary the formula of a simple vegetable remedy and permanent cure for consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility, and all nervous complaints, after having tested his remedy on many of his patients, thousands of cases, has felt his duty to make it known to his suffering fellows. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this receipt in German, French or English, with full directions for preparing or using. Don't Experiment—6 You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first only a cold. Do not permit any dealer to impose upon you with some cheap remedy, but get the King's New Discovery. It is a simple vegetable remedy and permanent cure for consumption, coughs and colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free, at W. H. KEEFER'S Drug Store.

1887. Harper's Young People.

AN ILLUSTRATED WEEKLY.

Harper's Young People has been called "the model of what a periodical for young people ought to be" and the justice of this commendation is fully sustained by the large circulation it has attained both at home and in Great Britain.

It is a weekly of good things to the boys and girls of every family which it visits.—Brooklyn Union.

It is wonderful in its wealth of pictures, information, and interest.—Western Advertiser, N. Y. City.

TERMS: Postage Prepaid, \$3 00 Per Year. Vol. VII., commences Nov. 2, 1886.

Single Numbers, Five Cents each. Remittances should be made by Post-Office Money Order or Draft to avoid chance of loss.

MR. AND MRS. HARRY RICHARDS were over from Niles for Sunday.

PREACHING at the U. B. Church, Sabbath evening next.

CHARLES J. SPENCER, of Coloma, was granted a pension, Monday.

It is not too late to plant large holiday advertisements, to receive big returns.

THE Tom Hare assault and battery case mentioned last week has been settled.

CHAS. DAVIS, colored, for being drunk and disorderly, goes to Berrien for 15 days.—The Star.

TRENBETH will not be outdone by other dealers, and advertises holiday goods.

DON. MORRISON edits the St. Jo. department of the Benton Harbor Palladium, and he does it right well, too.

MR. A. B. MORSE, foreman of the Decatur Republican, was in this place Friday, and made the RECORD a call.

FRANK E. ROUGH and WILLIE WOMER have gone to Naperville, Ill., to take advantage of the school facilities of that place.

AMONG the pensioners granted Michigan men, Thursday, the only one to come into Berrien county, was to John Stevens, of Watervliet.

THE next of the Galien lecture course will be by Prof. J. W. Simmons, of Dowagiac, tomorrow; subject, "Fourteen hours in Mammoth Cave."

WE have added more new names to our list this month, without any special solicitation, than is usual for the time.

WASL HARMAN has moved to Berrien Springs preparatory to assuming the duties of his office as Register of Deeds, Jan. 1.

OUR merchants, especially those who advertise, are having a big holiday trade. Some of them say they are selling more goods than ever before.

THE Star says interest in the Salvation Army in Niles is on the wane. Perhaps they will not be mobbed any more if that be the case.

A knife and pitch-fork case from Weesaw brought a number of citizens of that part of the county to town, Saturday. The case was discontinued.

MR. L. W. BRISTOL has bought the George Churchill property on Portage street, for \$700. Mr. Bristol has recently received a pension that helps him to a home.

GEO. MAGOON, of St. Joseph, who has been in the employ of the C. & W. M. R. R., has been promoted to the office of General Agent, with headquarters at Muskegon.

THE Palladium says Florus Plimpton is the youngest school teacher in the county, and that a number of his young friends gave him a surprise at the home of his father, Friday evening.

MR. T. BAKER has put in a new feed grinder at his mill, for his own use, and proposes to grind for his neighbors, if they want work of that kind. He has a good power there.

THERE will be a Christmas tree at the Oak street Advent church, also at the Christian, Presbyterian and U. B. churches. All are invited to contribute to the fruit of the trees.

There is great rejoicing in New York. The ladies have inaugurated the fashion of removing their hats while at the opera or theatre.

THE street lamp question is being agitated in St. Joseph. At a late meeting of the Council the Marshal was instructed to gather in all the old ones he could find.

WILLIAM ROUSE, whose injury by the West Michigan train is mentioned in another part of this paper, is a nephew of Allen and Gideon Rouse of this place, and has made his home here for some time.

FRANK SIMCOX, near Warren Centre, south of this place, met with what may prove a fatal accident, Friday forenoon. He and his father chopped down a tree for a cone, and when the tree fell it threw a dead limb so as to strike young Simcox on the head, cracking the skull from temple to temple.

Mrs. W. L. GEORGE, an old and well known citizen of Benton Harbor, died Saturday afternoon, after a sickness of several weeks, resulting from congestion of the brain.

HAVE you a relative or friend who has "gone west"? Send him the RECORD for a year as a Christmas present. It would be better than a letter from home each week.

THE Berrien Journal gives a Boston firm \$2.60 worth of advertising for a five-cent calendar. If you want advertising cheap, send the Journal a calendar.

ONCE more we call the attention of farmers to the National Stock Journal, published in Chicago, as standard authority in all stock matters. We receive subscriptions.

THE readers of the Niles Star will look with expectancy for an account of the arrest of a feminine vag, recently made in that city. Tell 'em about it, Fred.

AN improvement has been made in the street lighting in this place, by setting the lamp-posts on the outside of the walk, out of the line of the shade trees.

If any one enters into competition with Galien and Weesaw townships on muddy roads they surely will get left. The town line road between those townships is entitled to the blue ribbon.

THE M. J. R. R. Co. will sell excursion tickets to all stations, on Dec. 25 and 31, 1886, and Jan. 1, 1887, good to return not later than Jan. 3, for one fare the round trip.

THERE will be a meeting of Buchanan Grange No. 40, on Thursday, Dec. 23, at 10 A. M., for the election of officers. A general invitation is extended to all members of the order. Dinner in the hall.

SUBSCRIPTIONS for all of Harper Bros' publications taken at this office. See prospectus in this paper. On subscriptions for other periodicals the RECORD subscribers are given the benefit of our commissions.

THE Lakeview House, at St. Joseph, has been sold to T. A. Walker, the popular Benton Harbor landlord, and will be managed by his son, Will Walker, who has had several years experience with his father.

THE January number of Arthur's Home Magazine shows a number of marked improvements in this old and popular magazine. It is much larger but still retains the old price of \$2. Published by T. S. Arthur & Son, Philadelphia.

IT is now currently stated that the Cincinnati, Wabash and Michigan railroad has been sold to the Cincinnati, Hamilton and Dayton Company; possession to change Jan. 1, and the road to be extended until the two connect.

IT may not be necessary but we will state that our authority for the marriage of Wm. Crocker and Frances Hanover was the Three Oaks Sun, and the Sun's authority was some Galien man who deliberately lied about it.

SOCIAL.—There will be a social at Mrs. Geo. Scott's next Friday evening, and everybody is invited to come and have a good time. Proceeds for the benefit of U. B. Sunday school. Supper, 10 cents.

COL. WELLS wishes it understood that all of the citizens of Michigan are invited to attend the dedication services of the new Soldiers' Home, at Grand Rapids, Dec. 30. All railroads will carry passengers for that occasion, for one fare the round trip.

WHILE walking on the Chicago & West Michigan railroad track near Riverside, Saturday night, Wm. Rouse was struck by the train and had both legs badly mangled and one hand had to be amputated Sunday. He was 25 years of age. He cannot recover.

INSTALLATION.—The officers of Buchanan Lodge No. 68, F. & A. M., will be installed at the regular meeting to be held Monday evening, Dec. 27. It is hoped that every member who can possibly attend will do so. Visiting brethren cordially invited. By order of W. M. B. D. HARPER, Sec.

BLACK & PIERCE have greatly increased their facilities for the manufacture of the garden plow, by putting in an engine, the one that formerly did service in this office, and a new punch and other machinery. They have done a good business since starting and deserve a continued success.

DR. HARRY, of St. Joseph, noted more for keeping himself picketed with whisky than for his medical skill, was found dead upon the floor near his bed at the home of Mrs. Cynthia Hunt, near Summerville. He was convenient in giving almost constant employment to the St. Joseph police while he remained there.

THE Niles Republican appears to think that if the question of removal of the county seat be agitated at this time, it may result in converting our "two streaks of rust" into a standard gauge railroad. Perhaps. Try a little agitation, and see how the patient operates.

THE RECORD acknowledges the receipt of an invitation, from Col. Wells, to be present at the opening of the Soldiers' Home, at Grand Rapids, Dec. 30, but as our pass to Grand Rapids does not include board, we shall be under the painful necessity of not attending.

NEW FIRM.—George Samson has sold his hardware stock to Wood & Hoffman, the members of the new firm being S. A. Wood and Charles Hoffman, formerly part of the firm of Scott & Hoffman. George expects to leave this place with his family soon after the holidays, and wants those who have been accommodated with credit to call at once and liquidate.

REV. S. L. HAMILTON invites the attendance not only of his regular congregation, but of occasional and non-church-going, to the services next Sunday evening, as a subject of more than ordinary interest will be discussed.

NILES complains of having too many worthless dogs. Just double up the tax on dogs, as was done in Buchanan, and you will have less dogs. Very few people will be found in your city with little enough sense to pay double tax on a worthless pup. That's the way it works here.

THE citizens of Dayton speak highly of their post-office. They think but few fourth-class offices can, besides keeping the postmaster busy, employ four clerks and then require the whole community to help themselves to the mail. Well, that is pretty good for a small town. But is that true of Dayton?

THE Watervliet Record says: "It is reported that one school girl of Watervliet village is the proud possessor of seventeen nicely dressed dolls, and that another girl of this village officiates as proprietor over a good looking family of thirty-six dolls of various sizes and styles. What town can beat Watervliet for doll loving girls?"

THE factories in this place are all running with good force and having a lively business. The old-time wagon and sleigh trade of Buchanan, that has been allowed to lag during the past two or three years, is being rapidly rebuilt, and the large factory of Rough Bros. once more getting a good trade and a solid basis.

TUCKER & BROWN'S Metropolitanans have been playing to rather small audiences at Rough's opera house, commencing Monday with "The Phoenix." Tuesday they gave "Van, the Virginian," and last evening "Called to Account." This evening the bill is "The Pearl of Savoy." This company is one of the best that has visited us, and deserves larger audiences than it has been receiving. The admission is low enough to warrant full houses. Go and see them. They remain the rest of the week.

CARD OF THANKS.—In this public way, we would most sincerely thank our friends, who so kindly remembered us last Saturday evening, with a liberal donation of \$37.77. Special thanks to our many friends in town, who are outside the church.

REV. AND MRS. J. G. KNOTTS.

REPORT reaches this place that the question of extension of the Vandalia railroad to Benton Harbor, in the spring, is being made a subject of lively discussion in that place. It is also said that by spring the St. Joseph valley railroad—please don't ring the chestnut-gong—will have fewer owners than, and will either have something done with it or else will not, which we think is most likely a true rumor. Buchanan is interested in both of these enterprises, somewhat.

THERE is said to be some prospect of one of the State commissioners coming into this county. Hon. Wm. Chamberlain, of Three Oaks is among the possible candidates for railroad commissioner, but in case he is not appointed, it is understood that Hon. Thomas Mars, of Berrien Center, will be made State Oil Inspector. Mr. Mars was one of the first in the State to advocate the election of Luce for Governor, and to work for him faithfully to the election.

AT a meeting of the stockholders of the Berrien County Agricultural Society, held at Niles, Monday afternoon, the following officers and directors were elected for the ensuing year: President, Chas. Agar. Vice-President, Thos. Mars. Secretary, E. P. Ely. Treasurer, J. B. Thompson.

DIRECTORS. S. C. Thomson, Asa Hamilton, Jas. Trull, Ed. Storms, Jacob Brenner, Geo. Correll, W. A. Palmer, A. H. Young, Thos. Evans.

LIST of letters remaining uncalled for in the post-office at Buchanan, Mich., for the week ending Dec. 16: Robert Graham, E. D. Miller, Mrs. Effie Perry, Prof. D. C. Pierce, Mrs. D. E. Pierce, Mrs. Ella W. Rhea, D. Starrett, Mrs. Nettie Weaver, Mrs. Ida C. Wilson. Postal Cards—Mr. Fred Crane, Chas. Kramble.

J. L. RICHARDS, P. M.

WE have received a letter from W. W. Graves, regarding our mention that the last report of his atlas was that it would be out before the expiration of this century, stating that he had it all ready but getting the subscriptions so that he can have a guarantee of remuneration equal to the cost. There is but one way to get subscribers for such a work. However valuable it may be, people, as a rule, are not going to flock around a solicitor and beg him to take their names. We meant no harmful insinuations, or that could in any way injure the prospects of Mr. Graves' work, but the success of such an enterprise depends largely on promptness.

A LITERARY and dramatic entertainment will be given at the high school room, New Troy, on Wednesday evening, Dec. 22, with the following programme, interspersed with music: 1. Class exercise, "The Months." 2. "Two Ghosts in White," a comedy-drama based on boarding-school life. 3. "Country Justice," a very amusing county-law suit. 4. "Wide Enough for Two," a farce in one scene of ludicrous fun from beginning to end.

An admittance fee of 15 cents will be charged.

THE WEATHER.—Following is our record of the temperature, as shown by our self-registering thermometer, for the week ending at 6:30 this morning: Max. Min. 6:30

THE Commissioner of pensions asks for the post-office address of all soldiers and sailors, late of the Union army or navy who were at any time prisoners of war. The information sought for is to be used in perfecting the "Prisoner of War Records." The names and addresses can be handed to John C. Dick and he will forward the same to the Commissioner.

Since our comments of a few weeks since, of the benefits of a Chautauqua circle, two literary societies have been formed in this place. One, a general literary society, dealing with general literature, and participated in by both sexes, and the other a Ladies' History Society, to which ladies only are members. The former holds weekly meetings, and for the present, the latter semi-monthly. Besides the benefits derived in an educational way, there is great profit in the meetings, socially.

A weather signal service station has been established at Niles, and the flags are being floated to the breeze in that place each morning. The only expense attending the station is the purchase of flags, and of some one to attend to it, as the reports of indication are received each morning by telephone free. Our worthy postmaster has a flag staff, and has indicated his willingness to attend to the changes of flags each morning, if furnished with flags. The reports will be the same as given in the morning papers and will be the indication for the following twenty-four hours, for the locality in which the report is made. Will we have the benefit of these government prophesies?

WHAT looks from this distance as a bargain for any one who has the means to handle it is a farm, four miles from Elk Point, Dakota, about thirty miles from Sioux City, Iowa. It contains 1250 acres of fine land, with two-story frame dwelling with wing, nearly new, and in the best of repair, and surrounded by a grove, barns and shed room for 500 cattle, two windmills with tanks, a creamery for 125 cows, ice house, 640 acres under fence, 200 acres under cultivation. The farm produces 1500 tons of best hay per year. No poor land. 15 acres in close wire fence, for hog pasture, with pipes leading to the creamery. All for \$10 per acre, if sold before March 1, 1887. Some live man with \$25,000 at his command to pay for and operate the farm, will find it a bonanza, and should write or call upon Mrs. W. I. Himes at Elk Point, who has the place on sale.

THE following item came from the home of Howell F. Strong, at Nonpariel, Neb.: The surprise party, at the residence of Mrs. H. F. Strong, on the evening of the 3rd inst., given to Mrs. Strong and Miss Mary Bowen in celebration of their birthdays, was the most brilliant social event of the season. From first to last the plan of surprise was a complete success. Those present were the best of the town and neighborhood. Singing, music, and chit-chat were indulged in for about two hours, when the guests sat down to one of the most delicious lunches. The spread being over, Attorney Simonsin, in a unique speech, on behalf of the many friends of Mrs. Strong and Miss Bowen, presented each with a beautiful toilet set. The popularity of these two ladies proved to be enthusiasm, as all, throughout the evening, seemed so fully enjoy themselves that at 12, when the party disbanded, one could hear or all sides, "didn't we have an elegant time?"

THE Stickney district school building, in Berrien County, has been sold for \$3 cash in hand paid; which argues well enough for the economy of the district, but rather poorly for the judgment that allowed such a place to be sued for a school.—Detroit News.

Readers will please bear in mind that this item refers to only a very small part of Berrien county.

WM. MITTEN, of Buchanan, has added an extra Mitten to the population of that place, by marrying a young lady of Buda, Ill. That's right, William, the cold weather is now with us, and two Mittens are decidedly better than one.—Coloma Courier.
