

BUCHANAN RECORD.

THURSDAY, FEBRUARY 17, 1887.

Printed at the Post-Office, at Buchanan, Mich., as Second-Class Matter.

W. TRENBETH, THE TAILOR.

HAS A FINE STOCK OF

Foreign and Domestic Cloths and Suitings,

And will make them up in the latest styles at very low prices.

Come and Examine.

Mrs. R. A. DEMORE, of South Bend, is visiting in this county.

DENNIS BROWNFIELD and family moved to South Bend yesterday.

CHARLES F. ROGERS, of Niles, was granted a pension, Thursday.

REPORTED that the School Period is likely to be discontinued.

THERE were a large number of visitors to the river Sunday.

Mrs. LEROY H. DODD has gone for a visit with her brother in schoolcraft.

THERE are two diphtheria patients at Joseph Blake's on Front street.

THE weather bureau risked its reputation on the prediction of a rain or snow storm Tuesday.

REV. and Mrs. C. G. THOMAS, of Dowagiac, are here for a visit with friends.

MUSICAL entertainments by local talent are becoming quite popular in Niles.

MRS. ALPHEUS ROE, of Washington Territory, is here for her first visit to Buchanan and her parents-in-law.

THE St. Joseph river is said to have reached a higher point last Thursday than before in a number of years.

BUCHANAN people always did like to "sit down on" anything from Niles, anyway.—Niles Star.

COMPLAINTS of high water come from Benton Harbor and St. Joseph, as well as from up stream.

THERE is likely to be an earnest fight on the Prohibition amendment question.

A \$5,000 residence is to be built in Benton Harbor, the coming season, by T. M. Terry, of that place.

MR. LEVI REDDEN has commenced the erection of a barn on his front street lot.

BENTON HARBOR people are going to play Dickens, and about half of the community is on its stars.

THE new charter asked for by Benton Harbor, will provide for a city government.

MR. and MRS. J. W. SNYDER, of North Manchester, Ind., are here for a visit.

NEXT Monday evening, is the date of Dr. Villers' lecture. "Funny People we meet."

TELEGRAPHING has been added to the course of studies at the Benton Harbor Institute.

WE learn that a party of young musicians from this place, gave a concert at the Coveny school house, last Friday, to an appreciative audience.

FRIDAY and SATURDAY the river was up over the flat at the Wabash railroad in Niles, so that trains could not pass.

PRETTY near time for village election. Do you want to be elected Marshal or member of the Common Council?

MR. JOSEPH FULLER objects to the report started by the Era that he is dead. He is worth a county full of corpses, yet.

THE article in the Record last week, regarding the remarks of Capt. Wallace, on the extension of the Vandallia road, should have been credited to the Era.

MARRIED.—In Buchanan, at the residence of the bride's parents, Feb. 13, by Rev. S. L. Hamilton, John H. Paul, and Miss Ella E. Antiss, both of Buchanan.

THE Buchanan Record recorded its 21st birthday last week. Mr. Holmes has made it a better local paper than it ever was in its earlier days.—South Bend Tribune.

WE hear the St. Joseph paper works are to be removed to Watervliet, the excellent water power there making the location a desirable one. This will set that village up a peg or two.—Berrien Springs Journal.

In the list of pensions granted yesterday, are the names of Jesse Fisher, of Berrien Springs, and Wm. H. Keller, of Gallien, while Elbert Pearshall, of Benton Harbor, and Edward Schrauder, of St. Joseph, have to submit to an increase.

C. A. SIMONDS & Co. expect to open their stock of boots and shoes in Niles tomorrow. Buchanan friends wish Charley success in his new venture.

THE Niles Republican has lived 21 years under its present management. The Record can tell the same story with the figures transposed.

GREENLY, the Arctic explorer, has been nominated to be Chief of the Signal Service vice Gen. Hazen who recently died. We can expect more regular weather hereafter.

THE Supreme Court is accused of deciding that hard cider is not an intoxicating beverage. It will make a man drunk as a lord, any way.

A NEW church organization with forty members has been formed in Benton Harbor and a building will be erected the coming season.

THE egg business appears to be growing in popularity. In Niles and Dowagiac, the Salvation Army catch the shower, and in Eau Claire it is the Pentecost band.

THE sports who indulged in a cocking main recently at Marshall were fined \$13 each. This is a good item to read in Niles and St. Joseph.

THE high water at the mouth of the river, washed a number of fish shanties with their contents into the lake, and a part of the north pier has been carried away. The fishermen lose about \$2,000.

Mrs. N. Johnson & Slavin ministers, the company with which Frank Brown, of this place, has for some time been associated, played in South Bend, Tuesday evening. Frank Martindale solo of the company.

THE Republican Convention being held in Berrien Springs to-day, will most likely determine who shall be the candidate on the Republican ticket in this district for Circuit Judge, and on his depends somewhat the success or failure of the ticket.

In the predictions of the weather bureau are as accurate in all parts of the country, as they have been for this section while the flags have been displayed, it would be no hardship to the country if Congress would abolish the whole institution.

THE marble player has returned from his annual migration to a warmer climate, and with the other song birds his gentle voice will be among the common sounds about town as he warbles his ditty of comma keeps.

THE black walnut is nearly all out of the country now, but once in a while a large tree is heard from. A few days ago J. G. Stephenson bought from Mr. McClellan, in Pipestone, a log 12 feet long, that scaled 1,248 feet. Berrien Springs Era.

THE old saying that you never miss the water until the well runs dry, is fully appreciated in the case of the narrow gauge railroad, on convention days, or at other times when it is necessary to reach the County Seat.

TOM O'HARA has once more made public his good sense in declining to be considered a candidate of any party for the Circuit Judgeship. As he says in his letter to the Palladium the man to fill that office should be the best lawyer in the district and not a novice.

A GEOGRAPHICAL SOCIAL will be held at the residence of Mrs. W. A. Palmer, by the ladies of the M. E. church, on Friday evening, Feb. 18. All are cordially invited to attend. Supper will be served from 5:30 until 9 o'clock.

If some of our capitalists who are gazing about for something in which to invest some of their lucre, will just start a canning and evaporating establishment here, they will be investing in an enterprise that will be a source of profit and at the same time a great benefit to the town.

THE Farmers' Institute, at Three Oaks, last week, was the best thing Three Oaks has had in a long time, excepting, always, featherbone. There was a large attendance from all parts of the county, and the proceedings instructive and interesting.

IT will be five weeks next Saturday since Mr. B. D. Harper has been at his post as foreman in this office, he having been confined to his home with an attack of rheumatism, which, after twisting him into all the painful positions possible, has taken a turn to bilious fever. He has been quite sick, but there are now indications of improvement.

THE Benton Harbor Palladium wants to know what sense there is in calling all political conventions at Berrien Springs, when it is easier for people in all parts of the county to go to Boston or San Francisco. We prefer to answer something easier.

DR. J. JAY VILLERS, who lectures in Opera House, Monday, Feb. 23, is both a Humorist and Virtuoso, and in his lecture on "The Funny People we meet," will bring into exercise the wonderful powers he possesses in both these regards. Lecture, concert and comedy are combined in one entertainment.

HUMOR, pathos and instruction combined in Dr. Villers' lecture. Don't fail to hear him. Remember the time, Feb. 28. Remember the place, Rough's Opera House. Remember the admission, only 25c. Remember the subject, "The Funny People we meet."

ADDIS BROCKWAY, of Gaines township, Kent county, was killed in a drunken row several months ago, and the widow has brought a suit for \$5,000 damages against Robert Patterson, a saloon-keeper, who is charged with selling Brockway the liquor which made the man drunk.

WE copy the above from the Detroit Journal, for the benefit of the Benton Harbor saloon-keepers, who fear Wm. Keller, of Gallien, while Elbert Pearshall, of Benton Harbor, and Edward Schrauder, of St. Joseph, have to submit to an increase.

MR. FRED KAMM, of New Buffalo, has purchased the Kroger furniture works in that place, and will operate it. Mr. Kamm has been engaged in the feed trade in New Buffalo, and is a thorough business man.

ONE Bertrand township father has driven his son home from joining the Salvation army. Catholicism is the prevailing religion in that family, and paterfamilias thinks they can not mix well.

CLEM STUDEBAKER, after boring a well about 2,000 feet deep trying to strike something rich, is said to be getting discouraged. He has been getting nearly all the minerals and gases known, but not in satisfactory quantities.

LIST of letters remaining uncalled for in the post-office at Buchanan, Mich., for the week ending Feb. 17: Mr. Alfred Achenbach, B. W. Hepp, Esq., Will Hamilton, Mrs. J. B. Wilson, J. L. RICHARDS, P. M.

CHARLES HAMILIN, of Omaha, Neb., and Miss Grace L. Willard, of Dayton, Mich., were married on Monday, Feb. 14, Justice Hinderer tying the knot. The couple left immediately for their home in Omaha.—Niles Star. Wonder if the "Dayton" above should not read "Battle Creek."

THE high water in the river has had a bad effect at Berrien Springs. The high gravel road across the river that was supposed to have been well above high water mark has been overflowed, and is said to be badly washed. Another story of gravel will most likely be built on the road the coming spring.

THE Sunday school at Wagner's school house, has just been supplied with a new Mason & Hamlin organ, and a large share of the necessary funds for its purchase was contributed by those outside of the school, the members wish to tender their thanks for the assistance so rendered.

SOLD.—Mr. C. A. Simonds has sold his house and lot, on Chicago street, to Mrs. R. Phillips, price \$600. This relieves Mr. Simonds from property interests in this place, and by his removal Buchanan loses another good citizen.

OUR celestial fellow citizen, Quong Lee, visits Niles occasionally, and last Sunday drove across the iron bridge a little faster than the regular walk. The exploit cost him an extra trip to Niles and a fine of \$5 and cost. Total, \$10.00, and Chinaman is "mild."

THE seat of gambling in Buchanan, is said to have changed location, since the former proprietor became a high private in the Salvation Army. There is always a den kept open, the trick being to find it, as it shifts its location to accommodate different circumstances.

THE Record man seems to take it for granted that he will be a delegate to the republican state convention at Detroit on the 23d. He announced as much last week.—Journal.

CAN't an editor go to Detroit without being a delegate to that convention? ONE end of the Bertrand bridge, built at the same time as the new bridge at this place, has fallen into the river, the high water having underlain the abutment. Misfortune has befallen the approaches to the bridge just below the dam at Niles, built at about the same time.

BERRIEN county will vote up or down at the spring election a proposition to build a new court house. The good people of that county are not real happy unless annually or oftener they can free their minds of the county seat question.—Kalamazoo Telegraph.

No, Berrien county will do nothing of the kind. A SPECIAL pension agent visited this county last week, and arranged matters so that Mr. Wharton, of New Troy, over whom there has been so much discussion should receive his own pension, instead of having a guardian receive and hold it for him.

OUR State Senator, Mr. W. I. Babcock, has attracted quite a state attention, by a very neat, impromptu dinner, toast, on the Senate, delivered at a reception, given the Senate committee, at Marquette, last week. The committee was in Marquette to look after the state institutions of the upper peninsula.

THE communication received from Bridgman, Saturday morning, is not quite of a character proper to appear in the columns of a local paper. There is a state law covering the case in question, and a prosecuting attorney living in that neck of the woods.

SUPERVISOR Alexander went, Tuesday, with a load to the county house. A young man named Decker, recently from Massachusetts, who has the consumption, and Mrs. Chapman and her two children. As soon as arrangements can be made the children will be taken to the State school, at Coldwater, and the mother can then provide for herself, if she will wean herself from the morphine bottle.

THAT Dr. F. B. Brewer is skillful, able, and successful in the treatment of chronic diseases, is granted by all who have been his patients. We do not remember to have done business with a more thoroughly trained physician, practitioner. Very few are the chronic diseases which are curable or relievable that ever baffle him. Dr. Brewer's appointments for his next regular visit, will be at Niles, Mich., on Thursday, the 1st. of March.

JOHN WENDALL, aged 71, and Mary Keller, 30 years old, were married at Ohio, last week. By this Mary becomes the mother-in-law of her elder sister, who married Wendall's son several years ago.—Buchanan Independent. This makes Mary sister-in-law to her step-son and grandmother to her nephew, while Mary's sister would be half-sister to her nephew. The respective nephews in addition to being cousins and uncle and nephew. John will of course be brother-in-law to his own son and father of his sister-in-law. The relationship has not been exhausted, but this will do.—Niles Democrat.

Well, does that have anything to do with a man marrying his widow's sister, if he wants to and the girl doesn't like?

TEX of the Dowagiac teachers, visited the schools in this place, last Friday. While in the High School they had the benefit of a concert by the boys. There was a cornet solo by Clifford Meach, a clarinet solo by John Graham, a piano solo by Schuyler Smith, besides a number of combinations. The visitors left for Niles at noon, visiting the city schools during the afternoon.

WE have been asked if we would publish an article, written in reply to the sentiment expressed in an item copied from the Lansing Republican last week. The columns of the RECORD are always open to the intelligent discussion of any and all subjects of public interest, and no article will be rejected because it may advocate the opposite side of any subject to that taken by the editor.

A MEETING of friends of the Prohibition Amendment was held in St. Joseph, including delegates from nearly every township in the county. E. K. Warren, W. C. Hunter and S. T. Cooper were appointed a special committee to work for the amendment in Berrien county with a view to carry the county for the amendment. The committee requests all who will join in the work to address Mr. Cooper, at St. Joseph, who will have charge of the correspondence of the committee.

THE terrible railroad accidents and loss of life by fire has led Rev. J. V. Hickmott, of this city, to sketch a stove, the fire which cost the lives of two persons in a moment from any seat on the car. The plan has been registered at the patent office.—Niles Harbor Palladium.

That's all right as far as it goes, but when a fellow is going head first down a two hundred foot embankment, a million miles a minute, he is not going to hunt around very long for the fire brake.

THE WEATHER.—Following is our record of the temperature, as shown by our self-registering thermometer, for the week ending at 6:30 this morning:

	Max.	Min.	6:30
Friday	52	33	33
Saturday	53	35	35
Sunday	56	37	37
Monday	57	38	38
Tuesday	58	39	39
Wednesday	58	38	38
Thursday	58	38	38

THE Berrien Springs Journal strongly favors the nomination by the Democrats of J. C. Weaver, of Niles, for Circuit Judge. We know of nothing that would better suit the Republicans unless it be to nominate no candidate at all. We want no J. Logan Chipman in this district. The strongest man, the ablest man, the cleanest man the Democrats could nominate would be John R. Carr, of Cassopolis, but it is said that Mr. Carr, realizing that certain elements of the democracy, does not care to be the lamb for slaughter. The Republicans will put up a good man and elect him, too.—Dowagiac Republican.

THE business of Black & Pierce, in the Queen of the Garden plows, for this season is going to be a large one. They have manufactured 3,000 of the plows, calculating that by last years business, with a fair increase this would be enough to supply the demand, but if orders for ten or twelve dozen at a time continue to come in, they will be all gone before the season is half passed. They have the best tool of its kind, and there is no good reason why they should not build up a large trade in them.

THE Republican caucus was held in the Engine House, Saturday afternoon, in accordance with the call published in these columns last week. LEROY H. DODD, was chosen chairman, and W. A. Palmer, Sec. and the following delegates selected to attend the county convention in Berrien Springs to-day: L. P. Alexander, LEROY H. DODD, N. Hamilton, A. A. Worthington, John Hanover, Wm. Borrus, A. A. Jordan, Wallace Riley, W. A. Palmer, John Shook, Geo. Seares, Scott Whitman, S. A. Wood, I. M. Vincent, C. H. Baker, E. Kelsey, Wm. Pears, Benj. Chamberlain.

THURSDAY evening, Feb. 10, was the occasion of a very pleasant gathering, at the residence of Mrs. E. McCoy, on Front street. Mrs. M. is one of the earliest settlers of this village, and on Thursday evening a goodly number of her friends gathered at her home to greet her and bid her good cheer at her 60th mile post. Although the evening was very unpleasant, yet each brought with them a happy heart, and a good supply of cordiality which seemed willing to share with all present. The occasion was followed by Messrs. Hamilton and Fox, in singing some good old fashioned songs, assisted by the hostess, whose voice is still as clear as a silver bell, showing that the melody of her courting days of long ago, has not all departed with the passing years. After lunch, in which the culinary skill of Mrs. Donnelly and Miss Mattie were clearly evidenced, Mrs. Estes took a seat at the organ and led in several beautiful pieces in which several gentlemen and ladies joined, making the occasion one of great pleasure to all present. At about 11 o'clock the pleasures of the evening were concluded by prayer by Rev. Moore, and goodnight having been exchanged, the company dispersed, each through a drenching rain, which continued all night. Some of the guests leaving behind them some nice presents, as evidence of their esteem for their hostess and all feeling they had a very enjoyable time.

As down the western hills of life The shadows shorter grow, May peace within your bosom dwell, And God his love bestow.

The hand that's led you all along, Through life's most chequered way, Still may that hand, each want supply And be your constant day.

Until this glorious morn shall dawn, More radiant, and more bright; You with the loved ones here on earth May dwell in endless light.

To Mrs. McCoy, an one of her guests.
