The Master of Riverview. BY LENA LAWRENCE. "A ball, Ethel, a real fashionable ball! Oh, won't it be glorious! Why, we were never at a real ball in our lives."

"Oh, you cruel, heartless thing! I won't stand it, I'll go to bed, Bella will help me. Bella, come here," she called to a young girl just coming up the stairs.

"I don't care," interposed Ethel, angrily. "You have told enough, I might have known where it goes. You had better give it to some lady vagabond than to your own sisters."

"I don't care," interposed Ethel, angrily. "You have told enough, I might have known where it goes. You had better give it to some lady vagabond than to your own sisters."

"I agree with you. I am a great lover of flowers myself. By the way, that reminds me. I have no button-hole bouquet. Will you make me one?"

"I don't care," interposed Ethel, angrily. "You have told enough, I might have known where it goes. You had better give it to some lady vagabond than to your own sisters."

BUCHANAN RECORD.

JOHN G. HOLMES, Editor.

THURSDAY, NOVEMBER 8, 1887.

Remenyi, the great Hungarian violinist, is dead.

On Friday of next week is the time set for the execution of the Chicago Anarchists.

Gen. Gordon, of Georgia, is doing a little Democratic electioneering in Ohio, and is having the finest picnic he ever attended.

Jenny Lind, (Madam Goldschmidt) the celebrated Swedish singer known in every country, is dead. She was 66 years of age.

A carriage shipped from New York to Studebakers, last week, was found to contain the body of a man who has since been found to belong in Pittsburg, and who is supposed to have been murdered and the body deposited in the carriage when the carriage was standing at that place.

Ben Butler's nothing if not original. His argument before the Supreme court for the Anarchists was that two of them were not amenable to the laws of the state because they were not citizens of this country. That is a queer idea that because a man is an alien he may commit any kind of crime, yet must not be punished.

The decision of the United States Supreme Court upon the petition for a writ of error in the case of the Chicago Anarchists, was announced yesterday afternoon by Chief Justice Waite in a carefully prepared opinion which occupied thirty-five minutes in the reading, denying the writ. The Court was unanimous in the opinion. Unless Gov. Oglesby should commute their sentence, (which he probably will not do), the men must hang one week from to-morrow.

BEAR BUTTE VALLEY, Oct. 25.

After three years of nearly or entire failure the farmers of Bear Butte Valley are rejoicing in good crops. Oats command 1 1/2 cents per pound, corn one cent and potatoes 7/8 cent and they would not go through an augee hole either. Mr. E. H. Springer, of Home Lawn Ranch, has raised potatoes, eleven of which weighed twenty-five pounds and numbers of beets weighing from fifteen to eighteen pounds each. Mr. Sellers had a squash that tipped the scale at ninety-one and one-half pounds. Watermelons have been a drug in the market.

On the night of October 7, we had a light fall of snow, but by night of the 8th, the ground was bare and pleasant weather followed. On the afternoon of the 22d it began snowing and continued till several inches had fallen. The weather turned quite cold, but after a couple of days grew gradually mild again. This spell is very unusual for the season, but all anticipate an Indian summer now and a milder winter than last.

Found an Old Friend.

COLOMBIA, Mich., Dec. 3, 1885.

GENTLEMAN—One of your circulars came to my notice to-day, and it reminds me of an old and valuable friend, one that saved my life 12 years ago, and because I had not needed his help since, I had almost forgotten it. I was 10 years old and suffering from menstrual derangement. I coughed continually and had chills every day; I was as miserable as anyone could be and live. A lady who knew the cause of my illness persuaded my mother to have me use Zoë-Phora—it was called Woman's Friend then. Before I had used one bottle my cough and chills ceased. I kept on and used two bottles and they brought me out all right. I afterwards married and am now the mother of three nice healthy children. I feel that I owe a great deal to Zoë-Phora. I hope it will become well-known, and that every woman and girl who needs it will use it. If you will send me some circulars I will give you the best references for adults.

My dear friend, the Nurseries Magazine which for fifteen years held the field for all competitors was purchased and incorporated with "Our Little Ones" and they have since been published as one magazine with the above title.

BRIDGMAN people are wondering where the depots will be on the new railroad that is expected to run about four miles east of there. They will probably be at Buchanan, Berrien Springs and St. Joseph. You can tell better when the road is built.

ROUGH's saw mill cut nearly 5,000 feet of pine, Saturday, in an hour, and Sol. thinks of moving up North to show the north-men how to cut pine. 50,000 feet in ten hours has something of a proportion to 150,000, the amount cut by the mills in that part of the state as a day's work.

THE meeting of the Citizens' Improvement Association, in Rough's Opera House, Monday evening, was well attended, and a good amount of interest shown in making improvements in the village of Buchanan. As there is at present but little probability that any more flouring or other kind of grinding will ever be done in the old mill that stands idle in this place, it is suggested that the village buy the lot and open it as a market square for wood, hay and other produce sold from wagons, and so take all of that kind of traffic off from Front Street.

It is a wonder that the Knights of Labor have not made a move on Three Oaks. Some of the business methods reported as being practiced in that village are what the K. of L. have denounced in other places as outrageous and in Chicago would have been made the subject of a dozen strikes before this.

THE adjourned meeting of the Berrien county press gang was held in Benton Harbor Monday, completed the organization, had a good time and arranged for the regular meeting to be held in Niles in January. Owing to a press of business the RECORD could not be represented.

HOWARD ROE has sold his house and lot on Oak street to Abel Hathaway for \$600, which is less than the cost of the house. This sale was made because Howard and John Nieb, who has been employed as tinner by Roe Bros. the past few months, have bought out the only tin shop in Niles, with a small hardware stock in connection. We are sorry to see these two families move out of town but wish them every success in their undertaking. Both are good workmen and hard work will bring them success.

THERE is a fellow who goes by the name of Bill Chambers, who has made his home in this place for some time, who is a fit subject for a coat of tar and feathers. His family here is left for the town to care for.

LIST of letters remaining uncalled for in the post-office at Buchanan, Mich., for the week ending Nov. 3: Mrs. Barbara Blake, Miss Ida Diehl, W. W. Gana, Esq., Samuel Johnson, Mr. James Lockwood, Miss Ella Mares, Mr. Wm. Sanford, W. F. Thomas, Mrs. Francis Whitney, Rev. Jacob Young, Postal Cards—W. H. House, W. S. Melford, Mrs. Maggie I. Ryder—2, Wm. H. Stubbs, Wm. A. Snyder, J. L. RICHARDS, P. M.

SATURDAY a subscription was made among the business men of this place and Homer Hathaway employed to put in a temporary bent in the break in the river bridge, which was completed at three o'clock Monday afternoon so that teams might pass, and between that time and five o'clock, two hours, seventy-one teams passed over the bridge. This is something of an index of the business between that section of Niles township and Buchanan village. It is also something of an argument in favor of the division of that township as is proposed.

CONSIDERABLE work has been done in putting in a large tile along the north side of Front street, from the bank east, to partially fill the unsightly gutter that has been there the past few years. There is but one proper way to fix that, and that is to build sidewalks and gutter to the grade, as they should have been from the first. The row of wooden buildings is too low by something like eighteen inches. There has been some talk in the Council about having them raised to their proper place, but while the other side of the street was built up to the proper grade, that has never been done, and will always remain an ungainly arrangement until they are raised.

THE M. C. R. R. will sell excursion tickets to Chicago, on Friday, Nov. 4, good for return until Tuesday, Nov. 8, inclusive; Tuesday, Nov. 8, good for return until Saturday, Nov. 12, inclusive; Friday, Nov. 11, good for return until Tuesday, Nov. 15, inclusive; Tuesday, Nov. 15, good for return until Saturday, Nov. 19, at one and one-half fare for the round trip, with 50 cents added for admission to the Fat Stock Show. Tickets good on all regular trains, except trains No. 6 (Chicago Express), No. 6 (East New York Express), and No. 8 (Atlantic Express). A. F. PEACOCK.

THE tax which every farmer and all others have to pay on glass ranges from 50 to 125 per cent. The tariff robbery is being looked into by the people.—Niles Mirror.

Yet the same glass that under free trade used to cost \$400 is now being sold for \$40. Queer, isn't it, how the dear good people are being robbed.

THE WEATHER.—Following is our record of the temperature, as shown by our self-registering thermometer, for the week ending at 6:30 this morning:

Table with columns: Day, Max. Min., 6:30.

MR. W. W. GRAVES was here Tuesday to deliver a few of his Atlases that are completed, and it shows better than any prospectus can represent. It gives all titles up to July, 1887, as shown by the abstracts, and is put up in the best manner of any similar work.

J. Miley, the undertaker and dealer in picture frames, etc., removes his stock of goods to Buchanan to-day, where he resides, and where he will continue his business. Mr. Miley came to this city in 1854, and has been in the present business since that time. He has seen Niles grow from a comparative hamlet to its present "city" proportions. Our citizens regret his departure, and we, with them, wish him every success.

Several members of the Gratiot county board of supervisors are momentarily expected to die of enlargement of the heart. They agreed to pay two county papers \$30 each for publishing the board's official proceedings.—Detroit Journal.

Berrien county supervisors can give Gratiot county several points on that score. They have been getting their proceedings printed the past six years just \$80 cheaper than that. Berrien county printers beat the world for liberality, however. There is probably not another county in the state in which the printers would be willing to give the county \$200 worth of advertising space for the privilege of doing a \$100 job of printing at cost or less. When the job gets once around that price will be likely to be at least doubled and the printer get two nothings for it.

LAST spring, it will be remembered that Zimri Moon, who lived by himself on his farm just north of town, was found lying dead by the fence of his yard and no theory for the cause of his death. Mr. Moon was known to have been a very vigorous and frugal old man, and was known to have had money about his premises. Since his death neither the money nor the evidence of indebtedness to him are to be found, and either he had them so well hidden that they could not be found or the house was robbed. There is a suspicion existing that the latter was the case and that the old man was foully dealt with. No inquest was held or any inquiry made into the surroundings, but it was apparently taken as granted that he died of heart disease or some other unknown complaint, and the remains buried without examination.

A HORSE attached to a single buggy, and driven by Mrs. Howe, of Buchanan, ran away on Main street, this forenoon, and overturned a buggy near Jefferson. He ran on dragging the upset vehicle and lady for nearly a whole block before he could be stopped. She was taken to G. A. White's residence and Dr. McAllister called to attend her.—South Bend Tribune, Thursday.

Mrs. Howe is still in South Bend, being unable to be moved to her home. She was badly bruised about the left side, but is in a fair way to recovery.

SURVEYOR GRAVES has completed the survey connecting this village with the line run for the Indiana & Lake Michigan R. R. After his profiles and estimates are submitted, the pleasure of the projectors must be awaited. The company made Berrien Springs a definite proposition, and it is hardly probable that they will go back on it. The road is built and the bonus asked from this place is forthcoming, it is altogether likely that the I. & L. M. R. R. will touch Berrien Springs.—Berrien Springs Era.

THREE OAKS ITEMS. Nov. 1, 1887. This morning Three Oaks furnished at least six more individuals to make up the great throng that is rushing to Southern California: Joseph Wyeth and wife and daughter, Chas. Cross, Jr., one of A. J. Phillips' sons and J. C. Emmons. Three Oaks will miss them, as they were all good citizens. We wish them a pleasant trip, and prosperity in their new home.

John Peters, at his examination, was bound over to answer in the Circuit Court, under bond of \$800. He could not furnish it, and was sent to county jail to await trial.

There is some talk of bringing our saloon keeper to answer a charge for selling his wares in an illegal manner. Such is life.

Circuit Court. Court adjourned Friday afternoon, October 21, until Tuesday last, at 1 o'clock P. M. The following business has been disposed of up to yesterday, at 2 o'clock: The fifteen additional jurors drawn were: Herman C. Leroy, Jas. Lockey, P. H. Myers, A. E. Morley, O. A. E.

Baldwin, Joel Blakeman, of Lake; Andrew Lemon, J. W. Beckwith, G. N. Parkerson, G. E. Finkel, J. W. Feather, Richard Mann, of Cronok; James Fulton, G. H. Scott, Ansel Scott, of Royalton.

People vs. John and Mary Stump. Pleading guilty to the charge of assault, fined \$100 each. People vs. Gilbert. Case continued until next term of court.

People vs. Hinchman, violation of liquor law, pleaded not guilty. Admitted to bail in the sum of \$1,000. People vs. Swartz. Pleading guilty and fined \$15.

People vs. Perry. Tried by jury and found guilty. Defendant given 90 days to settle bill of exception. People vs. Alexander and Noah Griffin. Tried by jury which found Alexander Griffin not guilty.

The escheated bond of Harry Samson heretofore ordered, was set aside. People vs. Harry Swartz, affray, plea of not guilty withdrawn and defendant pleaded guilty.

Court adjourned at 2 o'clock yesterday until 8 o'clock this morning.—Berrien Springs Journal, Oct. 28.

SCANDAL IN FRANCE.

THE TRAFFIC IN THE CROSS OF THE LEGION OF HONOR.

Cauffard, the Disgraced General, and His Part in the Matter—Alma, Limousin, the Real Chief Offender—Lamorin, Wilson and Others Only Her Accessories.

They are having a pretty row in France just now. In fact, to use a bit of slang that is surely allowable in this instance, France is "all torn up" over the Cauffard-Lamorin-Wilson scandal. It has involved the ministry, has caused Bonaparte's arrest, and may lead to the most serious complications. What is it all about?

Well, certain persons who have become nearly rich in France are doing some of the things that are wearing the cross of the Legion of Honor, a decoration of honor for the possession of which most would willingly sacrifice their lives.

According to the statistics of the Legion of Honor, it can only be conferred by a special order of the government.
