A SON was born to Mr. and Mrs. Daw Monday morning. Grandpa and grandma Graham bear their honors with composure.

In the list of changes in salaries of post-offices, last week, Berrien Springs is changed from \$1,600 to \$1,500. This is the only change made in this county.

The Palladium contains an account of the suicide of Mrs. Y. G. DeFuy, a former well known citizen of St. Joseph, who left that place for Callifore in 1880.

The circus that came to this town last week is probably the first one that ever left more money here than it took away, and was therefore a profit to the community.

A Buchanan high school girl thought it wicker to cremate people unless they killed them first.—Berrien Springs Journal.

You may hold up your thumb hand and be sworn to that, please. Such slanders on our high school girls must be substantiated.

THERE remains to Buchanan one means of keeping itself from any seasons, if that be what is wanted, and we think it is, "The village is supposed to have the right to impose a tax upon the traffic, at least it has done so, and it is felt that right there is no limit to the amount. The Council has established the amount this year at \$400. While this may not be enough to be prohibitory, double that amount most likely would be.

"The saints of the most high God" announce a meeting at Berrien Springs to begin July 18, "if the Lord wills," and to continue "as long as the Lord wills." "Bring your victuals with you," is the admonition given. Five saint aiders will be in attendance. These saints are not supposed to be of the Quaker persuasion.

IT is curious to note the crowd of people who went from this place to Dayton to patronize the East Indian necromancer. He did a much better business with Buchanan people while in Dayton than while here. The fraud with mystery connected with it always has attraction for a certain class.

Mrs. DARIUS SMITH is enjoying a visit by her two brothers, William and Henry Cook, of Rochester, N. Y., and Chicago. This is the first time she has seen William in over thirty-three years, and the first time the two brothers have met in over forty years. They are 73 and 67 years old, respectively.

JOHN MCGIRK, whose liquor bond was rejected by the City Council, has manifested the Council and the case was argued before the Supreme Court, at Lansing, this week, T. G. Beaver appearing for McGirk and Worth Landon, City Attorney, for the Council.—Niles Republican.

Mrs. L. A. DUNCAN and a number of other printers in this county still have a balance of \$7.20 due them for printing the Glavin report of the poor house last year. The work amounted, at legal rates, to \$12.20, and a bill was presented for that amount. The board, however, cut it down to \$5, and paid that. Several other papers were served in the same way, and the RECORD among others. It is most likely the bills will be paid, as they are legal charges and collectable.

A CASE of forgery of a postal money order for \$3 has been brought against one Milroy Miller, who got possession of a blank from the post-office in Dowagiac, filled it out against some town in Illinois, and went there to collect. Soon the Dowagiac office was short, a clerk in the office was suspected, but finally Miller was arrested, and Saturday was taken before United States Circuit Court Commissioner, at Niles, for examination on the charge of forgery.

Two business places in Buchanan, according to the St. Joe Republican, have been burglarized to the extent of \$2 each. They ought to make a raid on the editors over there, especially Pa Hill, if they want boodle. Don't you think so, Mr. Holmes?—Niles Star.

It is the new man who carries the boodle now. He hasn't been in the business very long. He'll be as safe from burglars as the rest of us in six months.

The next best thing to being a Democrat is being a Prohibitionist.—Enterprise.

This of course refers to third party Prohibitionist, and fully agrees with our statement of the situation. To vote that ticket is equivalent to voting Democracy, and is so considered by high Democratic authority. It is so seldom that Democrats are found frank enough to admit so much that we cannot fail to note this. Thank you.

THE BUCHANAN RECORD is kicking because the Fourth of July committee had the sheet poster work done at Cincinnati. As a good job was done we don't see any reason for the Holmes being displeased.—Niles Democrat.

None of our business, thank 'ee. You Niles printers appear to be used to such treatment. We are not.

WHILE in Ottawa, Ill., last Saturday morning, we were kindly shown about the Ottawa Flint Glass and Bottle Works by Mr. Armstrong, a quill driver on the Ottawa Free Trader. Besides learning how bottles are made, we also learned from Mr. Armstrong, who is a full-fledged Democrat, that among the 500 or 600 men employed in the several glass factories of Ottawa, all are protectionists, and all but a very few are Republicans, and that among the proprietors there exists one single Democrat.

The Fourth of July was the quietest that has been known in Buchanan in many years. The only celebration was when some of the boys tied a bunch of firecrackers to Frank Lister's dog's tail, and he ran into the livery stable with them snapping; and the ice-cream festival by the band, on the old school house ground in the evening. Those who staid for the celebration here doubtless feel better this morning than those who sought livelier sports elsewhere. The festival gives the band about \$30 for its trouble. More easily earned than by playing for some grand celebration all day.

The boys who work about the station at Dayton have been having lots of fun with each other with new crackers. Tuesday evening just as Henry Sebastian raised up from his chair to reach for something across the telegraph table John Gogge threw one of the full grown crackers in the chair under him. Luckily it exploded before he sat down else there might have been a first class funeral in Dayton by this time. As it is Sebastian has been obliged to have his pants newly half soiled and sits standing until his posterior wounds heal. A piece of the cracker flew across the room and struck Gogge on the side of the leg, out a hole in his pants and scorched his leg quite badly. Those boys will not fool with the large sized fire crackers at close range again until they forget about this fracas.

The village of Buchanan has a prominent prospect for a law suit on its hands, as Mr. A. J. Carothers is asking the Supreme Court for aid in securing the acceptance of his bond, as presented to the council. The questions upon which the Council may pass are the form and sufficiency of the bond. They have decided by a tie vote that they are not satisfied as to its sufficiency. Now will arise the question of whether they will be any better satisfied after a suit at law, or whether the Court can make them satisfied or not. Upon this decision will probably rest the question of whether Buchanan shall have a saloon this year or not.

The Common Council of Buchanan has placed \$8000 on the 1st of July, and the amount of \$8000 is still available. The Council.—Niles Republican.

It is probable that the above tactics will keep Buchanan free from a saloon. We occasionally hear of some crank who must have his will and goes to some other town to trade, or moves out of town, but his place is filled by some man whose happiness does not depend upon the beer barrel, and the town is the gainer.

At the regular meeting of the Common Council, last Friday evening, every member was present. Bills to the amount of \$200.55 were allowed, which amounts the pay of the fire department for the first six months of 1888. Lumber, killing labor, etc. A. J. Carothers again presented his liquor bonds, with Solomon Rough and Jacob Imhoff as sureties, and on a motion to approve the same the Council stood a tie. A petition was presented asking the extension of Berrien street to the South Bend road, which was referred to the street committee. The question of extending the money raised at a concert given last winter for the benefit of Oak Ridge Cemetery, was reported up by the cemetery committee, who will endeavor to raise more funds by contributions from lot owners. They want enough to erect a windmill and large tank, and run water mains in all parts of the grounds.

At a special meeting of Engine Co. No. 1, held July 3, 1888, the following resolutions were read and adopted. Whereas, in the fulfillment of the Divine Command, "Thou shalt not art and unto dust thou shalt return," we have lost one of our noblest, brightest, and most congenial members, Ed. Morgan, and Whereas, in submitting to the decree of Him who doeth all things well, we cannot but feel the great loss of one who aided us in thought, helped us in purpose, and left in our hearts the riches of legacies—the record of a good officer. Therefore, be it Resolved, That while we mourn with those who mourn, and cherish a lively recollection of our deceased Brother, That we try to imitate his character, both in purpose and deed. And, Furthermore, That we extend to the bereaved wife and family the sympathy of Engine Co. No. 1 in this our common loss.

INSTALLATION.—The following officers of Buchanan Lodge No. 75, I. O. O. F., were installed Tuesday evening: Wm. F. Harbutt, N. G. Lew. Wright, V. G. Jos. M. Bliss, R. Sec. Allen Emerson, Treas. John G. Dick, P. Sec. Wallace Riley, W. M. B. Gardner, Com. John Hanover, R. S. N. G. Geo. Bush, L. S. N. G. Orrin Main, R. S. S. Jos. P. Anstiss, I. S. S. B. S. Crawford, I. G. H. G. Wagner, O. G. Dr. R. Henderson, R. S. V. G. C. Mathews, L. S. V. G. N. J. Slater, Janitor.

It is learned that a Boston asylum is sending another lot of children into the neighboring towns for adoption. While there may be nothing wrong in getting these little waifs into good families, it should be remembered that the State of Michigan supports a school that always has on hand not far from 300 children who want these homes, and those wanting children to adopt should apply there. There is another phase of this orphan business. When these children have been disposed of in this state they become at once dependents upon this state, and in case of any dissatisfaction, that takes them out of the family that holds them, they at once drift into the State School at Coldwater, or are allowed to go to ruin, unless the Boston institution voluntarily take them back. There is no means of compelling them to do so. For these reasons, it is a matter of interest to the state, as well as to allow Boston to take care of her own paupers until our supply runs out, when we may go to Boston for a new crop, a situation not likely to be known.

The citizens of Buchanan and vicinity were shocked by the announcement, Friday morning, that Edwin Morgan had been found dead in his bed at four o'clock. He had been about his business all of the day before in apparently the best of health, and retired Tuesday evening without any complaint. The physicians summoned pronounced his death caused by paralysis of the heart. Edwin Morgan was born in Elkhart County, Ind., in 1840; came to Buchanan township with his parents in 1869, settling on a farm one mile west of town, and with the exception of a short time, when he lived in Kansas, lived with them up to 1882, when he moved into town and engaged in the grocery trade with his brother-in-law, Frank W. Mead. He was married to Miss Alma C. Mead in 1875. To them were born two children, a son and daughter, the former of whom was buried last year. His wife and daughter survive him. He was considered by all who knew him as an exemplary citizen, honored by all. The funeral services were held from the house, Sunday, under the auspices of the Masonic lodge, of which he was a prominent member. The fire department of which also he was a member, attended in a body, also citizens of the community, making up one of the largest gatherings of the kind held in Buchanan in many years.

Niles Democrat. On Friday morning at two o'clock, Mr. Dana, who occupies the south-west room in the Stebbins (Larimore) house, on north Fourth street, was surprised more than startled by seeing a man come in the window. He watched him to be a former boarder at the house who desired a place to sleep, he addressed him familiarly, telling him to light the lamp, etc., and it was not until he was overpowered by a storm of profanity, had his throat clinched and a pistol was cocked that he realized the nature of the call. The first visitor was followed by two others who riled Mr. Dana's clothes, securing a valuable gold watch and other articles, and then proceeded to the next room, occupied by Mr. Reed, from which they secured a silver watch and other property. The trio went down the ladder and the unfortunate victims came down town and reported to the police. Up to the present time no discoveries have been made of either property or thieves.—Mrs. Philip Neib, died at the residence of Wm. Fug, on Tuesday evening last. The funeral was held on Wednesday from the German church at 2 P. M.

THREE OAKS ITEMS.

July 5, 1888.

To-morrow our town is to put on her best behavior.

One of our young clothing merchants has put himself in bad order with one of our widow inhabitants, and she is seeking to create an ill-feeling between him and his best girl. The widow met his girl in a crowd, the other day, and details some of the young gent's short comings to her, and gave her a warning.

Our band boys have again put themselves together, and are now ready to blow for Blye, Lockwood, Harrison, Cleveland, Streeter, or anybody else who has money enough. The boys hope for a campaign with money, as one of the principle elements.

Some of our Republican friends returned from Chicago disgusted at Alger's defeat. How can Michigan ever ticket while she is so solid for the Republican ideas? Let us give you a pointer: Let the Democrats carry the state two or three times, then bring up your Michigan man and you will get him, whether it is Alger or some other favored son.

Circuit Court.

Since our latest issue the following business has been disposed of in the Circuit Court: Fletcher vs. McGuirk, case. Continued. People vs. Klute, malicious trespass. Fined \$15 and 10 days in jail. Well vs. Peck, replevin. Judgment for plaintiff for the goods. In re. Est. of Harriet Niles, deceased. Will sustained and ordered to be probated. Teft vs. Hinchman, on call.—B. S. Journal.

Supervisors.

The Supervisors met in special session last Monday, and adjourned Wednesday. L. P. Alexander was elected temporary chairman and E. L. Kingsland was made permanent chairman. The usual committees were appointed as follows: Judiciary—Alexander, Landon and Gowdy. Assessments—Lawrence, Keith, Groat, Brant and Peck. County Buildings—Lewis, Halliday and Smith. Finance—Gillette, James M. Babcock and John Babcock. County Poor—Bell, Miller and Thompson. Roads and Bridges—Gillette, Stover and Miller. Per diem and mileage—Groat, Thompson and Stover.

The bill of L. A. Duncan for printing report of special committee on poor house investigation was allowed by judiciary committee but rejected by the Board.

The committee on county buildings asked for an appropriation of \$200 for repairs.

The Clerk was instructed to solicit bids for printing 1,000 copies of proceedings of the Board of Supervisors 1888-9.

Clerk was instructed to publish the bill of Spencer A. Lansing, for constabulary fees, in full.

T. W. Ranson's bill as deputy fish warden for services for \$197, was allowed at \$125.

Supr's of Poor asked the Board to purchase a wood lot of 33 acres adjoining the county farm. Referred to Supervisors Bell, Miller and Thompson, who meet with the superintendents next week.

One hundred dollars appropriated for paying the various deputy fish wardens, of Berrien county, for services for one year.—B. S. Journal.
