DURING the past year 354 teachers' certificates were granted by the examiners in this county. Of these 348 were third grade, five second, and one first. This is not a most excellent showing for either the ambition or ability of those who teach our schools. Either they have not the ability to secure higher than third grade certificates, or they have not the ambition to go higher so long as that grade grants them power to teach. Which?

THERE was a little case of careless abstraction of personal property in Dayton last Thursday. A sachel was missed from Curtis Lamb's store. Mr. Lamb followed home one of the men who had been in the store, and after a careful search of his premises discovered the sachel, but a dress that it had contained had been taken out. Next morning that was found by a neighbor of the man, in an outhouse, and returned to the owner. No arrests were made.

EDNA CURTIS whose parents live near Osceola, while in attendance at the South Bend fair, on Wednesday of last week, undertook to step over a revolving shaft in Machinery hall, when her clothes were caught by it and she was twisted about it fifteen or twenty times before the engine could be stopped. Her body was swung in the air and against the ground with force enough to indent the trodden earth. Her face and shoulders were pounded to a jelly and she lived but a short time after the accident. She was sixteen years old and a great favorite in her home neighborhood.

ELTON FOX died at the home of his mother in this place, Sunday. He had suffered severely during the past nine years from a bruise that led to necrosis of the bone of the left thigh. He kept about work until a few weeks since, when an abscess formed about the diseased bone and it became necessary to amputate the leg, which was done Sunday. The wound had gone too long and he did not recover from the shock, dying a few minutes after the operation. The funeral was held Tuesday. Under the circumstances it was a sad case.

WILLIS WOODWORTH, wanted for stealing fishing tackle from a St. Joe fisherman, arrived here this morning in charge of Deputy Sheriff Palmer, and was given over to Marshal Shilladey for safe keeping until the marshal of St. Joe arrived and in company with the St. Joe officer he was taken to the latter place for examination. Woodworth has just finished a 90 days' sentence, and had returned to his home in Buchanan when recaptured. He has been arrested many times before, been fined and received sentences of imprisonment, but he seems to be a natural born thief and does not try to refrain from pursuing a wayward course. A short visit was paid to Mr. G. A. Blakeslee, by Mr. E. L. Kelley, of Kirtland, Ohio, on Friday of last week. Among the many sensations in this place, last week, was a Democratic row which created some surprise, because the father of the town was the chief participant. He becoming infuriated and even assumed the pugilistic attitude, his rebellious arm fell heavily upon a certain young man, for which our town father was arrested and taken before Justice Alcott, pleaded guilty, fined \$5 and cost, but peace was restored, by the interposition of Republicans.

A very enthusiastic Republican meeting was held in the Town hall, on Tuesday evening, the questions of the day were discussed by the Hon. Messrs. Edwards, Hamilton, and Senator Babcock for this District. The occasion was enlivened by Niles glee club and Galien band.

Waterbury Record.

The eleven-year-old son of James Polmanear had the misfortune to cut one of his toes off with an axe, last Monday. The National Democratic Committee have sent us a circular containing an extract from a letter written by Bishop Hays to the effect: "In support of the prohibition party, and the National Democratic Committee request us to publish the same in our paper. Now then there are several reasons why we decline to publish the extract. First, we are not a third party prohibitionist. We would be a third party prohibitionist if there was no better plan for dealing with the liquor traffic. Second, we question the motives of the National Democratic Committee in sending out prohibition documents; it is to much like fusion. There is some hypocrisy in the thing it seems to us. Third, we do not allow any political party or committee to furnish us matter for publication."

SHERIFF STERN'S to-day served the preliminary papers in a \$3,000 suit for damages against John Shaffer, Conrad Kummer and Wm. E. Fick, the plaintiff, Mrs. Sarah Butler, of Cassopolis, being represented by attorneys Hendrix & Howell, of Dowagiac. The suit is for damages on the life of the husband of said Mrs. Butler, who it is alleged, was brought to his death by the drink sold him by the defendants in St. Joseph. The latter are cited to appear on the first day of the October term of the circuit court at Berrien Springs. Falltown, Tuesday.

The Western Rural and American Stockman, of Chicago, makes its weekly visits to our section, and we are afforded much pleasure and profit in its perusal. The Rural is not only one of the largest and best Journals of its class, but the handsomest in its dress from every type.
