If any one tells you he never knew a winter like this, tell him that it is simply the result of a short memory. Less than ten years ago ripe strawberries were picked from the south side of the Michigan Central railroad bank, at the "sink hole" between this place and Dayton, in January, and we have in our possession the tail of a rattlesnake captured by John Redden during the same month.

The Detroit Free Press is accusing Niles of indulging in shoe socials, a contrivance in which the ladies are arranged behind a screen, their feet being the only visible portion, and the gentlemen are expected to select partners from this display, and the fellow who is not satisfied with a Niles foot goes hungry.

BAINTON BROS. finding that their water power is not sufficient at all time to furnish power for the work they want to do, are arranging to put in a large Corliss engine. There are times each year, when the amount of water that runs down McCoy's creek is not sufficient to do any great amount of work, excepting when converted into steam.

BENTON HARBOR and St. Joseph appear destined to be the greatest railroad center in Michigan. The Pennsylvania Company is trying to get there by a line through Sturgis, Constantine, Cassopolis and Dowagiac, and the Baltimore & Ohio is also steering for the same lake port. Neither of these roads touch Michigan now. It is the latter that we want to go through Buchanan, if possible to secure it.

The eleven young men arrested for the Dayton charity business, as mentioned last week, were before Esquire Dick Friday, with the exception of Henry Tolman, who failed to come as he agreed to, but betrayed the confidence imposed upon him and skipped. Of the ten all but two, Cass Rozell and Lester Dempsey, have given bonds in \$200 each to appear for examination January 2. These two waived examination and gave bonds to appear at the circuit court, for trial.

Last Thursday Frank Merson received a letter inquiring after the whereabouts of Harry Paul, from an attorney in New York, stating that his uncle in Scotland had died and left an estate for Harry and his brother valued at \$8000 each. Harry has been in such circumstances that he will be able to thoroughly appreciate such a windfall. He still cuts meat at the old stand.

CHRISTMAS was celebrated in the usual manner by the several churches in this place. There was a tree at the M. E. and Presbyterian, an old fashioned fire place at the Christian church, Jacob's Ladder at the A. C. church, a supper at the church of the Larger Hope, an Elephant at the U. B. church, and a Christmas dinner at the Evangelical church, all accompanied by appropriate exercises by the children of each.

EDDIE WOODRUFF has received as a Christmas present from Art Lee, a Chinaman, formerly of this city, now of Watertown, Wis., a Chinese sword. It is made of Chinese coin, and is a very neat piece of work, much prized by Ed.—*Niles Star.*
