MARY'S MISTAKE.

Mary had a little lamb, Its fleece was white as snow; It strayed away one summer day Where lambs should never go.

Then Mary sat her quickly down, And tears streamed from her eyes; She never found the lamb, because She did not advertise.

And Mary had a brother John, Who kept a village store; He sat him down and smoked his pipe And watched the window door.

And as the people passed along And did not stop to buy, John still sat down and smoked his pipe And blinked his sleepy eye.

And Mary came to the window, And still he lingered on his seat; And Mary came to drop with him A sympathetic tear.

"How is it, sister, can you tell Why other merchants here Sell all their goods so readily And thrive from year to year?"

Remembering her own bad luck, The little maid replied, "Those other fellows get their John, Because they advertise."

That powder never varies. A marvel of purity, strength, wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the methods of low cost, short weight and adulterated powders.

It is estimated that the tariff bill now before the House at Washington will reduce the government revenues \$71,000,000 per annum.

Carpenters are on a strike for eight-hour days, in Chicago, and in this connection the Inter Ocean remarks that Kansas farmers are sowing their oats by moonlight. Sixteen hours is a short enough day for them, and no three dollars a day wages either.

The world's fair bill passed the Senate by a large majority Monday. This places the bill two-thirds of the way through the gauntlet, with a first-class prospect for the other third. The President will not be likely to veto the bill.

The Michigan Supreme Court has just rendered a decision affecting the \$100 bounties due Michigan veterans. The effect of the decision is that the bounty claims are valid and should be paid. It will take \$694,000 to meet the bill, and no money is on hand to do it with.

The new tariff bill has been reported to the house. It makes a number of radical changes in the tariff schedule. One of them, and perhaps the most important, is that placing all low grade sugars on the free list, and providing a bounty of two cents per pound for all home-made sugars.

The railroad companies are already figuring on the National G. A. R. Encampment, which is to be held in Boston in August, and there is a probability that those who have a desire to go to Boston will have an opportunity to go very cheaply, at that time.

Senator Mitchell has placed before the Senate a concurrent resolution looking to an amendment of the constitution, so that United States Senators shall be elected by a direct vote of the people instead of by state legislatures. This would be a popular amendment and one which should be adopted.

Grover Cleveland and Mr. Dana, of the New York Sun, are having lots of fun. Cleveland says Dana is a senile old liar and a thief, and Dana says Cleveland is a cowardly liar, a half-drunk denier, a selfish politician, an unworthy husband, and the stuffed prophet of William street. They have both lived neighbors in New York long enough for each to be thoroughly acquainted with the other, and a large proportion of the public will feel inclined to take their word for it, without demanding corroborating testimony.

There is an organization known as the Farmers' Alliance, quite extensive throughout the west, which is going to take a hand in politics and in some states, notably Kansas, will go into the field with an independent ticket. They, so far as is yet announced, have one object in view—cheap money, and their plan is to have the government go into a general money loaning business with interest at two or three per cent, secured by real estate mortgages. The Alliance does not ask for any material change in the paper currency, but demands a largely increased issue of it and the loan method of distributing it among it. It would be hard to imagine a more disastrous undertaking possible for the government to enter into, unless it might be the unlimited issue of irredeemable paper as was demanded by the greenback party a few years since. It would not only practically go to giving away the money.

The Democratic candidate will likely rally around in the late Congressman Randall's chair. Chicago Inter Ocean.

The cry about the tariff being a tax is mere jabber. The tariff is not a tax (on the American people) but a protective tariff.

Tuesday, at LaPort, Ind., Mrs. Edith Smith was married to Harry B. Darling, "the boy editor of the West."

She is a Darling now, if never before.

The manager of Madame Noema, the Michigan beauty, who weighs 630 pounds, offers \$5 to the young man who will kiss her before an audience. There are times in a man's career when he would kiss even a Michigan woman before all the crowned heads of Europe for less money than that.—Tulsa Herald.

There are five teams engaged in hauling borax from the workings at Saline Valley to the railroad. In this newly discovered borax field lies the greatest natural deposit of borax now known to exist in any part of the world. It is only necessary to dig up the mineral and shovel it into wagons.—Inyo, Cal., Independent.

The Louisiana Lottery Company offers to pay to the State of Louisiana \$12,500,000 for the privilege of carrying on its business for a period of twenty-five years, and asks that the Legislature submit it to a vote of the people. Now if there is any organization in Louisiana that desires to engage in burglary and highway robbery, it would save time to submit the question to a vote at the same time.—Chicago Inter Ocean.

Silcott stole \$75,000 belonging to Congressmen and sent it to Canada. Those Congressmen having it in their power to do so voted \$75,000 of the people's money to make good the defalcation and now will themselves pocket the money. Suppose Silcott had taken the money from men not members of congress, would the members have taken that amount from the public treasury to make the loss good? When Davy Crockett was a member of congress he voted with other members to pay \$12,000 out of the public treasury to a citizen of Washington whose house caught fire and burned down. When he went back to his district he was told by a plain republican farmer that he had no more right to vote this money to a citizen of Washington than a citizen in any other part of the country to vote for him. The congressmen who voted that money to make good their loss through Silcott's stealings, are no honester than the salary grab Congressmen of 1872.—South Bend Tribune.

The Decatur Republican office received a severe scorching Friday evening. Probably spontaneous combustion.

GEORGE CHERBELL and his son W. O., of this place, are taking considerable interest in the relics of prehistoric ages, and have probably a large and valuable collection of relics as is to be found in the county. A few weeks since Mr. Churchill took a walk down the St. Joseph Valley railroad, and in the embankment at the Dragoo place, or what is known as Protopotom flat, discovered a piece of pottery protruding from the embankment, and by careful digging unearthed nearly the whole of a large earthen pot perhaps a foot in diameter, but crushed. Within this pot was a well preserved skull directly upon the side facing the east, and lying in front of the mouth, a few inches away, was a small earthen cup about three inches in diameter, also broken. A quantity of other bones were there, but slaked like lime in a short time after being exposed to the air. The arrangement of the skull within the pot bore the appearance that the pot had been shut down over the head of the corpse at burial and buried with it. He has the whole find at his office.

LOOK out for traveling bait wire fence swindlers. They offer to put up an eight wire fence with iron posts for eight cents a foot. When the victim comes to settle with them he will find that it is eight cents a foot for each wire.—B. S. Era.

ALL the Michigan Central people ask Niles to do, to get a new depot, is to give a bonus of \$5,000 and the name of a street.—Detroit Journal.

Niles people ought to be able to get along without a new depot as long as the Michigan Central people can. Would Michigan Central people give Niles a \$5,000 bonus for the building of a nice city hall? There would be as much good sense in one as the other.

The rate for youth bread consumers this year will be 50 cents per hundred at private houses. There will be no season or monthly contracts made. The wholesale rate until the 1st of May is used will be 30 cents per hundred. After that it will be advanced to 40 cents, and may even be higher. It will cost from \$10 to \$15 to fill a butcher-shop refrigerator.—B. S. Times.

Dutchers in this place were sharp enough to pack their own ice, and will not have to pay such prices.

FROM SAWYER. Miss Alma Bowerman, of Denton Harbor, spent a few days at Sawyer with her parents.

Mr. John Hanover and wife, of Hill's Corners, spent Sunday with Abner Spaulding's.

Sarah Edinger has gone to Niles, to live with Mrs. Ed. Glavin for an indefinite length of time.

Miss Jessie Spaulding has gone to Hill's Corners for a few weeks.

Miss Minnie Mann is at home again, after an absence of several months.

The farmers around Sawyer are nearly all busy setting out strawberry plants.

The ladies of Sawyer have organized an Aid Society. They meet at Mrs. Ackley's on Wednesday afternoon, April 23. A cordial invitation to all.

State Items. The trial of the two toughs charged with the murder of policeman Schoemaker, of Detroit, is now being had in that city.

The Calumet News says there has been continuous sleighing in that city from the 4th of last November to the 8th of April.

Edward Little, of Marcellus, celebrated his one hundredth birthday last week. He is the father of twenty-three children.

A year from this time the State Agricultural Society will have grounds for a magnificent \$50,000 building on their grounds at Lansing.

Flint's new council is Democratic, and the majority has notified the mayor that no nomination he makes will be confirmed. Isn't that revolutionary?

All delinquent subscribers are hereby warned not to let their daughters wear this paper for a bustle, as there is considerable do on it and they might take cold.—Springport Signal.

Miss Flora Woodward Tibbits, of Ann Arbor, was one of a batch of university students admitted yesterday to practice in all courts of the state. She is the first lady to apply for admission to the bar of the supreme court.—Detroit News.

Holzhay, the bandit in the north state prison at Marquette, is trying to shorten his life's sentence by starving himself to death. He should be encouraged in so laudable an undertaking.

Albion college refused to admit the suspended Kalamazoo students who applied for admission. That argues well for Albion; we hope each college in the state will take the same ground. We care not for this particular case especially, but believe it to be the only right course for colleges to take in such matters.—School Moderator.

Brownstown went Democratic at the recent election, Albert Wagner being elected treasurer and J. R. Reed supervisor. Reed is an accommodating fellow, and he went on Treasurer Wagner's band. Then, as supervisor, he was called upon to investigate that bond, and knowing its worth, he accepted without a question.—Detroit Journal.

The people in the newer sections of northern Michigan evidently imagine that a railroad is built for the accommodation of the public. Consequently, the other day, when a settler had occasion to send a bunch of butter to Cope ish he planted himself in the middle of the track and waited for the express. As the engineer came around the curve he saw the farmer wild waving both arms, and brought the train to a standstill with a jerk. Thereupon the farmer picked up his basket, approached the conductor and with childlike innocence asked him to deliver it at the station n med. The package was delivered, but the laugh was on the brakeman, who, expecting a tip, asked the granger what there was in it. "Butter," truthfully replied the granger, as he turned and entered the wood, wondering why two carloads of people were laughing at him.

Burness Women in Religion. Burness women are treated well in family affairs. They have their say in all matters, and are not to be despised in religion. The Burness are Buddhists, and a Buddhist woman has no chance to go to heaven save by her own good works, and she is not a man. If she is wonderfully pious in this life such a transmigration may take place, and I note that the chief worshippers at the pagoda here are women. They are not to be despised in religion. Work on the plant will commence at once. The capital is \$100,000. A CONFERENCE of prohibitionists was held in Berrien Springs last Thursday, and steps taken for a thorough organization. ON Friday the executive committee of the Pioneer Association will meet at Berrien Springs to talk up the next Old Settlers' picnic. THE young ladies' quartet, led by the Mowrey sisters, gave a number of our citizens a pleasant serenade last evening.

THE new steel steamer, City of Chicago, which will run between Chicago and St. Joseph, is to be fitted with Pullman palace car berths instead of state-rooms. WE are pleased to announce that the report which reached us last Thursday, of the death of Mr. Joel Wright, proves to be untrue, and that he is improving in health. GRADUATES have commenced work in this place. Not on the new railroad to the south of us, but upon a spur from the St. Joseph Valley track to Bainton's flouring mill. NILES is talking on the old subject of waterworks, once more. Perhaps they might be induced to trade their waterworks for our railroad prospect, giving a good book. LIST of letters remaining uncalled for in the post-office at Buchanan, Mich., for the week ending April 22, '90: Mrs. Emma Johnson, G. M. Bird, C. A. Wood. JOHN GRAHAM, P. M. THERE was no opposing vote on the question of building a town hall in Bertrand township, and the hall will accordingly be built at some point to be decided upon in future. Probably not far from the Howe school house. FRANK THOMAS put on the boxing gloves with Thomas Barnes last week and had his nose broken in the friendly practice. Next day the sore nose led to other complications, and he has been under the doctor's care since. THE village assessor gives notice this week that the board of review will be in session at the Council room on Thursday, May 8, for the purpose of reviewing the roll. If you have any grievances that is the time and place to let them be known. THE MIRROR office in Niles wants a boy fifteen years old to come and learn the printer's trade. He will stay until some accident befalls him. Full particulars may be had of one of John Redden's boys, who was the last victim. SERVICES will be held next Sunday in the church of the Larger Hope, morning and evening, conducted by Miss Allen. Morning subject, "What is a Christian?" Taylor, of Three Oaks, has been granted a pension, and the pension of Dayton Fuller, of the same place, has been reissued and increased. JACOB BAKER finds that his trade has increased to such an extent that the room he has been occupying the past year is not sufficient to accommodate it. He has accordingly rented the rooms under Wilson's dental rooms, and will move into them in a short time. CURTAINS were drawn in J. K. Woods' boot and shoe store yesterday afternoon while an invoice is being taken for a sale of the stock of goods to J. Imhoff. All things working smoothly the stock is to be opened in Imhoff's block. SINCE the roads have become settled Mr. Helmick will make regular trips to South Bend and return, each Tuesday and Friday, with the wagonette, during the summer. Fare for the round trip or one way, fifty cents. Packages either way, twenty five cents delivered. Special trips for loads of ten persons. THERE should be \$5,000 invested in new sidewalks in Buchanan this year. There are a number of very poor wooden walks about town which should be replaced with new cement walks, not only for the improvement of the appearance of the town, but as a matter of safety. LOST.—An oxidized silver bracelet with two monogram coin bangles and one silver ring attached, was lost on the road between Dresser's corners and the Dunker church, Monday. The finder will please leave the same at Roe Bros' hardware store, in this place, and receive reward. P. M. KINNEY, of Benton Harbor, aged 52, died very suddenly of heart trouble Friday. The deceased was vice-president of the Farmers & Merchants' bank, president of the Building & Loan association, a member of the city council and has been prominent in affairs there for 25 years. A RATHER interesting case of breach of promise and bastardy, in which Paul Pius Malone, of Bertrand, was defendant and a Miss Higbee and their three-year-old daughter complainants, was decided in circuit court last week. The case has been in court about four years. Malone was charged \$3,000, and placed under bonds to remain within the limits of Berrien county.

CLIFTON HAMILTON was thirty-three years old last Monday, and Mrs. Hamilton took that as an occasion to give him a surprise party. About fifty of their friends were in full possession of the house when Clifton returned from his work. He takes his ease in a finely upholstered castor rocker since that time. FIRE.—G. C. Fuller's house, with nearly the entire contents, two miles north of this place, on the Berrien road, was burned Tuesday afternoon, supposed to have caught from a spark from the kitchen chimney. The Farmers' Insurance company of Ohio, by the agency of W. A. Palmer, carried \$300 insurance on the house and \$200 on the contents. A NOTION fakir bawled himself hoarse at the bank corner Friday, sold a few packages of the cheapest kind of writing paper, some cheap pencils and a few other notions, and paid \$1 per hour license for the privilege. He didn't get rich, nor did his customers get any better bargains than may be had at such of the stores as carry his line of goods. It is not common, however, for them to carry so poor a quality. Mrs. DUNGAN and Mrs. Berriek in the city some man drove against their carriage with a lumber wagon and broke down the fore wheel of the carriage, every spoke being knocked out but none broken. The wheel was built in one of the patent iron hubs. The pieces of wheel were taken to a wagon shop and put together, and by the time they were through with business was ready for them to drive home as if nothing had happened. NILES city council has elected the following officers for the present year: Marshall, Clement Shockley; Night-walker, Robert Shilladay; Attorney, J. Van Riper; City Physician, Dr. O. P. Horn; Chief of fire department, John Yachstetter; Sexton, C. H. Lafer, and they decided that liquor dealers must give bonds in the sum of \$4,000. Cheapest town in the county so far as heard from, on this question. THE Alpha C. L. S. C. will meet May 5 at Mrs. John Graham's. Lesson for the evening: Roll call, respond to questions asked from April Chautauquan on United States Postal Service, by Mrs. Graham. Latin Course in English, from page 247 to 277, conducted by Mrs. Dodd. Physics, from Hydrodynamics to chapter 6, conducted by Mrs. Henderson. Questions in March and April Chautauquans, on Engravings, conducted by Mrs. Whitman. BUCHANAN has been honored by the visit of a great neologist. A seer of past, present and future events. A seventh son of a seventh son of a seventh daughter, and his name is McCarty, seventh cousin to McGinty, born in the green stage of the moon, and great and wonderful are his powers, in consequence thereof. The spirit of departed heroes hover about him in greatest profusion, and he is able to single out any on the slightest warning. It is seldom that a small town is so highly honored. THERE is considerable interest just at present in the condition of affairs connected with our southern railroad project, or perhaps more correctly a lack of condition. The business appears to have come to a standstill, and no one appears to know why. While the project never bore the superficial marks of much soundness as a business venture, it was looked upon as much ahead of nothing, and it is to be hoped that it may prove to be so. While the effort has not cost the town many dollars, we are getting tired of having our expectations raised so high only to fall with a crash. THE St. Joseph Valley railway company has commenced suit in the circuit court, to compel the holders of the mortgages on that property to discharge the mortgages and accept the bonds, in accordance with the contract made one year ago with J. J. Burns. Manager McOmber informs the RECORD that suit will soon also be commenced in the United States court at Grand Rapids for \$100,000 damages, claimed to have been caused by the continued refusal to discharge these mortgages, claiming that the neglect to do so has been the cause of the failure to extend and improve the road, and therefore a damage to that amount. A REMINISCENCE.—From Mr. H. N. Hathaway we have the account of a cyclone, which passed through this place forty-five years ago to-day, starting in the vicinity of Michigan City and going as far east as White Pigeon, in the regular form of black cloud with a gilet point. The house now occupied by B. T. Morley was being built, the frame being up, but was blown down. A couple groups of about ten acres lying between what is now John Pears' house and Hazen lake, belonging to Mr. Hazen, was blown down, and but one tree, a hickory elm, left standing in the whole lot. The brick house on Wm. Pears' farm, in the bend of the river, had the roof twisted on its foundation, but not taken off. The roof was taken from Robert Mead's house and barn near the Mead farm on this side of Niles. Watson Roe was living on the farm now owned by Abram Brocous, and when the storm struck the house the door was standing open, and the wind caught a tablecloth from the table carrying it into the fire-place chimney, but it caught fire as it went through. One of his daughters was outside the house and seeing the burning tablecloth flying through the air, thought of the time when "Aaron called an earthquake up and fire from out the sky," supposed the world was coming to an end and fainted. The Millerian craze of 1843 had not entirely died out. There are a number of citizens still living here who will remember the storm and recognize this picture. Notice is hereby given that the assessment of and for the village of Buchanan, for the year 1890, will be completed and that on Thursday, May 8, 1890, between the hours of 8 A. M. and 6 o'clock P. M., the assessor of said village and two members of the common council of the said village of Buchanan, appointed for that purpose, will, at the council room in said village, review said assessment roll, and persons feeling themselves aggrieved by such assessment may then and there be heard. NEWTON E. SMITH, Assessor of village of Buchanan. Dated April 24, 1890.

The following appeared in the Benton Harbor Palladium under date of April 14:

Will you allow me space in your columns to reply to the BUCHANAN RECORD's comment on your correspondent's item regarding the farmers of this town. His wheat was as good as any raised in this township, but because it was white wheat the shipper at Buchanan did not want it, he was forced to sell it to the millers at 25 cents below the market price rather than haul it home. But the next day with two loads from the same bin he received 75 cents per bushel at Galien. The same is the experience of nearly every farmer in this vicinity that has hauled a load of white to Buchanan the past winter. I am thoroughly cognizant of the facts in the case and know whereof I speak. O. P. HORN.

The first of this was an open statement that Buchanan dealers were not paying market price for wheat, and that farmers who drew their wheat here were obliged to sell to the miller at five cents below what was being paid in neighboring towns, and no qualifications given the statement. When told in that way it was false. It now appears that the aggrieved farmer had white wheat. At that time Mr. Bishop was the only buyer besides the millers, and he was receiving red wheat as fast as the elevator capacity could handle it, or at the rate of from twelve to twenty thousand bushels per week, and had no bin in which to store white wheat. At Galien they happened, at that time, to have a white wheat bin. Mr. Bishop has been in this market for the purchase of grain, and all kinds of stock, about seven years, and we have yet to learn of a case where he has not been up to the market in price, or where there has been anything but perfectly square dealing. As the RECORD said, two weeks since, there is a great amount of poor wheat in the market which is light weight, some of it weighing as light as fifty pounds per bushel, and consequently not worth market price. This is especially true of the wheat which comes from the timber land at the north and west of town, the best wheat coming from the prairie.

- W. D. Shaw vs. Sarah L. Hill. Six cents for plaintiff. Ninety days to appeal. Jacob Cribbs vs. J. M. Swola. Defendant given costs. George H. Maunel, a native of Germany, settled in this town. Amos Stewart vs. W. A. Palmer. Continued. People vs. Peter Smith. Continued. Benton Harbor Milling Co. vs. Case Wisconsin. Defendants given costs. Joseph Honser vs. H. D. Webb. Sixty days to appeal. W. F. Ashoff vs. Frederick Van Brunt and Francis Lamunon. Laminon given costs. Sixty days to appeal. Eleanor J. West vs. O. Wickwire. Six cents for plaintiff. People vs. Stillman Shepard. Continued. Eldridge G. Studley vs. G. W. Platt. Judgment for plaintiff. People vs. Adrian. Larceny from store. Plead guilty. Two years at Ionis. People vs. John Arthur. Larceny from store. Plead guilty. Nine months at Ionis.—B. S. Eya. LET it be recorded that from present indications there will be no railroad from this city to Buchanan and through Benton Springs to Benton Harbor, as had been hoped for and talked over. The Lake Shore's getting a controlling interest in C. W. & M. to Benton Harbor, gives them all the facilities they desire for the present. A spur from Buchanan to Warren, connecting with the Vandallia, is also growing to be an uncertainty on account of the grasping disposition of some people of that place, of whom it may be purchased.—South Bend Times. WILL EGLESTON, employed at the Michigan Wood Pulp Mill Co., was engaged at the place yesterday afternoon when the sack coat he wore became entangled in a set screw of a four inch shaft, which makes about 25 revolutions a minute. The coat was drawn around and young Eggleston with it, and he was whirled over and over. His clothes from the waist up were torn entirely from the person, and Mr. Eggleston was thought to be seriously injured. A physician was summoned and an examination made, when it was found that no bones were broken, but only severe injuries were received. As it was Mr. Eggleston had a very narrow escape with his life.—Niles Star, Friday. A negro's home was burned in Bertram Thursday, and his wife and two children perished in the flames.
