A MAN named Heaton shot Kirk Pearl, on Roland Morrill's farm, a short distance south east of Benton Harbor, Sunday, using a 38 revolver. THE village council has bought the knoll of ground lying between the St. Joseph Valley road and the gravel bed here, and extending from the Niles to the South Bend roads, of Mr. Dumbolton, paying \$150 for the same. BENTON HARBOR is talking of a Union depot for the railroads running into that place. If the three roads running into the two month-of-the-river towns would put up a Union depot at the half way point, to accommodate the business of both towns, it would be the proper thing. It would be necessary to put a tight board fence through the middle, so the inhabitants of the two towns could not see each other, or have a chance to claw each other's eyes. There might also be some doubt of their both patronizing the same depot.

The present prospect is that we shall be able to learn by 1890 how many people there are in Buchanan. We received the compendium of the census of 1880, last month, but in 1880 the enumerators were allowed to divulge the figures as soon as the enumeration was completed, but it is not that way this time, the enumerators being bound to secrecy under some great penalty.

The Chicago people, mentioned last week, arrived by Day Express Saturday noon. Five mothers with small children in arms, and the balance little girls from six or seven to fifteen years of age. Two ladies are at Dr. Berrick's by invitation of the doctor's family, arriving during the forepart of last week.

There are quite a number of sidewalks in Buchanan that are in an abominable condition, and should be replaced with new at once. Along the west side of Lake street, along the north side of Front street, east from Portage; along Portage street, from Second street north; on the south side of Front street, east from Detroit, and a number of other places would present a much tidier appearance if good new walks were built, and some of these are in a condition dangerous to passers.

Do Buchanan people appreciate what a pleasant trip it is from here to Chicago, at this season, by way of St. Joseph Valley road, down the St. Joseph river and across the lake? You can leave Buchanan a few minutes after ten a. m., get dinner at Berrien Springs, leave that place at three p. m., arrive in St. Joseph in time for supper, take the Graham & Morton boat, which leaves St. Joseph at ten, go to bed, and awake next morning in Chicago. Fare for the three trips, \$1.85. About the same connections can be made on the return trip.

AL. WILLIAMS' horse was injured on Saturday evening, on Fourth street, by a collision with an outfit driven by one of the Moss boys; a thrill of the Moss cart penetrating the hip of Williams' horse. It was a horrible accident as the thrill passed through the hip and broke off, requiring the united strength of two men to remove it. Strange to say the animal will probably recover.
