

BUCHANAN RECORD.

JOHN G. HOLMES, Editor. THURSDAY, AUGUST 27, 1901.

Hammond, Ind., has a saloon for each 150 inhabitants. The man who will sell pop corn on the World's fair grounds, has given \$60,000 for the sole privilege.

The latest thing in the line of trusts comes from the planters of the South, who propose to follow the example of the farmers with their wheat, and hold a corner on the cotton crop for higher prices.

Masons, millwrights and bricklayers in Wales, where they make the tin plate, have been selling some \$1.44 per day. In Western Pennsylvania, where they are already making some of the tin plate we do not import, the masons and bricklayers earn \$3.00 a day. And they get it—N. Y. Press.

American Tin. Chicago, Aug. 19.—To Editor Inter Ocean.—We are in receipt of an invoice and bill of lading for 140 pigs (a little more than four tons) of American pig tin, mined at the "Emesal mines, San Bernardino county, California.

This tin will be used in kinning plates made in the United States and the work will be done entirely by citizens of the United States. Respectfully, Norron Bros.

Hits Them Hard. The following letter, in the Fargo (Dak.) Republican, from the pen of the Hon. Charles A. Follock, the father of the present prohibition law, in answer to an invitation to attend a conference of prohibitionists...

Obituary Resolutions. WHEREAS, God, in His Providence, has removed by death Brother A. J. Norris and Sister Emma J. Morley, members of the Herrick County Pomona Grange, therefore

FROM GALENS. Mr. J. D. White has purchased the stock of furniture and undertaking goods owned by Mr. C. L. Harris, and will shortly move the building on the lot just north of S. Jackson's meat shop, where the business will be carried on as formerly.

REPORT COMES IN THAT HOGS ARE DYING WITH THE CHOLERA IN LARGE NUMBERS THROUGH THE COUNTRY AROUND HERE. It is also reported that grasshoppers are more numerous than ever before, and in some places are doing damage.

W. H. Phillips, our Vandalla agent, has gone to his home near Terre Haute, Ind., for a short visit. The bell for the M. E. church has arrived, and soon will be telling people when meeting is to be held.

A number attended the Horse Thief picnic at Lakeside, last Tuesday. Mr. Wilson McCormick has moved into the Commercial House, and announces that he intends to run a first-class hotel.

Mr. and Mrs. Wm. A. Niles are the happy parents of a nine pound daughter. The Experience school, conducted by the ladies of the Latter Day Saints church, held at the Town hall on Wednesday evening, Aug. 16, was a decided success.

THE RECORD would suggest that all meetings of the Council be held in the Council chamber, and that the proceedings be published in one or both of the papers. Up to the time of Mr. Soule's starting the National, the Record had been receiving \$1 per meeting for such service.

HER GIFT IS PATIENCE.

ELLA, THE WOMAN IN CHARGE OF A LADIES' WAITING ROOM.

For Post Is in the Grand Central Station, and She Sees Hundreds of Busy, Frantic, Rushing Women Every Day. Despite All the Haste She Is in Calm.

The presiding genius of the ladies' waiting room at the New York Central station at Forty-second street is named Bella. It is to be presumed she has also a family name, but no one knows what it is. In fact no one cares. For thirteen years she has been the friend and assistant of almost every child and woman living between New York and Poughkeepsie who travels on the railroad.

In the first place, most of the out of town shoppers have all their purchases sent to the waiting room, to be called for at their own times. These bundles are put away in a big closet, piled from floor to ceiling with packages containing every conceivable thing, from spring bonnets to cream puffs. From 3 to 6 is the time to watch reunions between the women who travel on the railroad. Half a dozen tired women and girls will charge into the waiting room at once, hastily inquire, "Where are my things, Bella?" and begin to rummage through the things that belong to her.

Every parcel has had the name, and every parcel is wrapped in paper, and every parcel is wrapped in paper, and every parcel is wrapped in paper. These are all handed over with a pleasant smile and just the slightest possible suggestion of one hand that the parcel is safe, which is dropped into a capacious bag in the closet.

Can he fight? So far as his own personal inclinations are concerned he would rather run ten miles than fight for a second time. It is an ability and a willingness to do what is necessary for the benefit of a gentleman, then John L. Sullivan's name should stand high on Ward McAllister's scroll of social fame.

It is a good thing that the good natured, easy going woman, who saunters in, asks "When does the next train go?" and calmly reads a magazine or the bell rings. This is the woman who leaves her small girl here while she pays calls. The small girls enjoy being left, and tells wonderful stories of her adventures all the way home.

Mr. J. D. White has purchased the stock of furniture and undertaking goods owned by Mr. C. L. Harris, and will shortly move the building on the lot just north of S. Jackson's meat shop, where the business will be carried on as formerly.

PLEASE FOR THE CUR DOG.

ONE OF LOW DEGREE THAT IS A GENTLEMAN AMONG DOGS.

A New Yorker Who Loves Dogs Because They Are Dogs Tells Why He Does Not. Making a Choice of a Fox for Himself.

"I wonder," said a New York gentleman who was in a dog show, but chiefly for those who, nobody else seems to care for, makes him rather unpopular in his neighborhood, "what constitutes a well bred dog? I don't mean Fox or pointer and breeder's point of view. We all know that the long haired, silky Skye, the smooth, bright eyed black and tan and the esthetic Yorkshire are supposed to be 'born in the purple' and have nothing in common with the yellow dog, the pointer, the black dog of demerit over one eye—the animal we call a cur."

"But what about the dogs themselves? Do you think it is fair to speak of the cur as a low degree? It is not his opinion, so far as I can gather, that by watching their actions and bearing toward each other, do not corroborate human sporting sentiment in the cur. We all know that the long haired, silky Skye, the smooth, bright eyed black and tan and the esthetic Yorkshire are supposed to be 'born in the purple' and have nothing in common with the yellow dog, the pointer, the black dog of demerit over one eye—the animal we call a cur."

It opens the eyes. "My daughter is losing her sight," said an anxious mother, "and just on the eve of marriage, too! What shall I do?" "Let her get married, by all means," responded the doctor; "marriage is a regular eye-opener. A man's eyes open on his wife, and a woman's eyes open on her husband. Health is the best friend of beauty, and the innumerable ills to which women are peculiarly subject, their weakness, their nervousness, their indigestion, their headache, their general debility, their dissatisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years."

Good Bye, Hog Cholera.

Found at last, a cure for Hog Cholera. Also used as a preventive. No more blind staggers. No more deaths. Fed a little every two or three weeks keeps the hog in good health.

TESTIMONIALS. Received by Mr. J. H. Adams, August 21, 1901. As a farmer and hog grower I have had a great deal of trouble with Hog Cholera. I have tried all kinds of medicine with no success, until I got some of Shaw's Hog Cholera Cure and Preventive, which I used and it gave me relief in three days time, and they got well right straight along. I am satisfied that medicine is a good thing.

THIS Noss Family is advertised for an entertainment in rough's opera house next Wednesday evening, September 2. This company has visited Buchanan twice before this, and gave as pleasing an entertainment as is usual to see here. They will doubtless have a hall full of listeners.

THE school board of Buchanan schools has adopted a rule, prohibiting loitering about the school grounds by any one excepting pupils living outside the district, either before the ringing of the first bell or after dismissal in the evening.

THE sixth annual meeting of the Roe and Zigler families was held on the fair grounds in South Bend, last Thursday. Elder Wm. Roe read a very interesting history of the Roe family, tracing the family back to the Norsemen of the thirteenth century.

A BRIGHT light seen southwest of this place, last evening about nine o'clock, indicated that some one was losing some property by fire, in the neighborhood of Terre Coupee. Up to day noon we are unable to learn what.

MR. ABRAHAM DICKE will sell a lot of personal effects, including a lot of live stock, at public auction, at his residence, a few rods south of the village of New Troy, on Wednesday, Sept. 2. John A. Babcock will wield the hammer.

MISS ELISE KINGERY commenced teaching in the Process school on Monday. Miss Ella Morley, another member of the class which graduated from the Buchanan H. S. school in June, has secured the Tichenor school, and will begin her work next Monday.

THE Superintendent of schools desires to see, at his office, on Saturday, those scholars who wish to do special work in the High school; also all new scholars who wish to enter any lower grade. Unless they come Saturday he will not be able to attend to them till Tuesday, Sept. 1.

BUSINESS CHANGE.—Al. Hunt has sold his furniture stock to George B. Richards. Mr. Hunt has conducted the business, either alone or with Mr. Meach, several years and has had a successful business, but he has suffered an attack of the grippe the past season and does not feel very ambitious. Mr. Orin Nash will take Mr. Richards' place in G. W. Noble's store.

FR.—The barn on Amos House's farm, in Niles township, occupied by Mr. Goodling, was burned Tuesday, including all of Mr. Goodling's grain and hay, and a pair of hogs. This loss will amount to about \$600. Insured in Berrien County Mutual for \$250. The barn business is coming into that company at a quite lively rate this season.

THE owners of Niles Electric Light plant, also of that at Bluffton, Ind., failed Monday for \$40,000 says the Inter Ocean.—Buchanan Record. Oh, no. Mr. Record; the Niles Electric company will pay all the claims that you or any other man holds against it at 100 cents on the dollar.—Niles Star.

Glad to hear it. Inter Ocean must be a little off.

THE school board have been very fortunate in securing the services of Mrs. Van Laird, as Preceptress in the High school during the coming year, in place of Miss Jennings who so suddenly decided to not come. Mrs. Van Laird had a considerable amount of experience in such places, having served as preceptress in Ludington four years, Cadillac three years, and in other places.

THE Modern Woodmen, at their meeting in Niles last Thursday, organized under the name of the M. W. A. Plein's Association of Southwest Michigan, and elected the following officers: President, W. C. Hicks, Benton Harbor; Vice Presidents, A. O. Kooontz, Buchanan, N. W. Roberts, Niles, A. Larchler, Dowagiac; Secretary, H. Grover, Buchanan; Treasurer, T. J. Edwards, Dowagiac.

ACCORDING to the Era, Berrien Springs people have invested quite generally in a portrait artist's promise to deliver some pictures to them. The orders and payments were made some three months ago, and they are still waiting to see the portraits. In vain thus far. Sorry for them, but those people who will persist in paying strangers for goods before they see the goods, must stand a loss occasionally.

IT is the earnest request of the school board and of the teachers, that all who have children to enter the first primary room in the village schools shall have them there on the first day of school, if possible, and then keep them there every day of the year. If you cannot take them there before the middle of the term, let them wait until the beginning of next term, as it is not good either for the pupil or school to have them come straggling in at all times during the year.

THE school board in this place were somewhat astonished, on Thursday, to receive a letter from Miss M. L. Jennings, with whom they had contracted to serve as Preceptress during the coming year, stating that she should not come, but giving no reason. It has since been learned that the reason is that she had received an offer from Grand Rapids of a somewhat larger salary, so she has voided her contract with the Buchanan board, nine days before her work was to have commenced here.

THE feud that has suddenly arisen between this place and Niles is assuming shape that is likely to lead to trouble. So long as they confine their thumping to those who are in the thumping business, there will not be much complaint made, but when it comes to such a pass that those who never enter such circles may not go to Niles without being set upon by a gang of roughs and mobbed, as was done Monday evening, it is time to call a halt. Such this is not pleasant at best, and may be made decidedly unpleasant.

A condition of affairs is growing that will cause fashionable calls between this place and Niles to be highly unpopular, among the boys. The condition is such that when one from either town happens into the other he is pretty apt to get whipped, the only question being asked, "Is he from Buchanan or Niles?" This is a nice state of affairs, but if it keeps the boys at home, perhaps the effect will be for the best.

MR. MILLER, who was to have purchased the Rough grist mill, came to the front last Saturday, but as the farmers' representative was not here went back to South Bend without closing the deal. The canvassers did not understand that they were to be here, but reported Tuesday that they had the required amount subscribed, and were prepared to do business. It is likely that the trade will yet be consummated. This will be a good job for Buchanan, as it will bring farmers here who never think of coming here now. They have contributed to this farmers' fund and will come here in order to reap the benefit of their donation. The Millers' were here again to-day.

COUNCILMAN RICHARDS went to Grand Rapids, last week, and in his interview with the broker who is expected to handle the water bonds of this place, discovered the importance of accuracy of all records, and every action of the Council, and the Council employed attorneys Gore, Worthington and Roe to examine their tracks to see if any might be discovered which were not in the straight path. This was done on Saturday and it was discovered, among other things, that sufficient notice had not been given of the special election, which invalidates the election. The law requires that notice be given by posting six notices in public places, not less than two weeks previous to the election, and by publishing in a newspaper the same length of time. The notices were not properly posted, nor the notices given sufficient time in the newspapers, which were published on July 10, and the election held July 21. While this is a small matter, it is just large enough to make the bonds unsalable and render another election necessary.

THE COUNCIL.—Just now there appears to be a considerable amount of criticism of the Common Council, which is hasty, and much of it by people from whom it comes with very ill grace. Some of them appear to think the world is going to stop revolving because a small error has occurred which a few days and ten dollars will set right, and no important part of the work on improvements be delayed, either. Every member of the Council is a business man who has affairs of his own sufficient to employ his entire time. There are plenty of men about town who are not so situated, but that is just the reason they were not wanted in the Council. The charter says they shall serve without compensation. To do the work imposed upon them without making mistakes requires a considerable amount of time, which not one of them can take. A new election will be held, of which due notice will be given, and it shall and doubtless will result in as decided a verdict as did the one in July.

Special Election Notice.

Notice is hereby given to the electors of the Village of Buchanan, Berrien County, Michigan, that a special election will be held on Monday, the 14th day of September, 1891, for the purpose set forth in the following resolutions of said Village:

The Common Council of the Village of Buchanan hereby Resolves, That there be held in Buchanan, Berrien County, Michigan, a special election, at Engine House No. 1, in said Village of Buchanan, on Monday, the 14th day of September, 1891, for the purpose of submitting to the electors of said Village, the following proposition:

Resolved, That the Common Council of the Village of Buchanan be and the Council be hereby authorized to borrow on the credit of the said Village the sum of fifty thousand dollars (\$50,000.00) upon the terms and in the manner following, to-wit: Said Council shall be and they be authorized to issue, fifty (50) municipal bonds of the said Village of Buchanan, to be designated "Water Works Bonds", each of said bonds to be of the denomination of \$1,000.00, and bear interest at the rate of 4 per cent per annum, payable semi-annually, said bonds to be ten-twenty bonds; that is, said bonds to mature in twenty years from their date, but said bonds shall be subject to the call of Buchanan the right to pay any and all of said bonds from and after ten years from the date thereof. Said bonds shall be negotiated by the Common Council of said Village, and the proceeds thereof used exclusively for the purpose of constructing and maintaining in said Village of Buchanan and in the streets, alleys, squares, common and public ways, a system of water works, including pumps, power houses, mains, hydrants of all kinds, and all apparatus and appliances that may be necessary or convenient for introducing and adequately supplying with water into said Village, and for supplying the inhabitants thereof with pure and wholesome water; for the extinguishment of fires, and for other extraordinary uses for dwellings, stores, shops, hotels, factories, manufacturing establishments, mills, public buildings, yards, streets, livary stables, barns and all other buildings and establishments, and for such other purposes as the Council may prescribe.

And Be It Further Resolved, That said Village of Buchanan acquire, purchase, erect and maintain such reservoirs, canals, aqueducts, sluices, buildings, engines, water wheels, dams, pumps, hydrants, pipes, distributing pipes, and other apparatus, appliances and machinery; and acquire, purchase, appropriate and own such grounds, real estate, rights and privileges as may be necessary and proper for the construction and maintenance of such water works.

Resolved, That the ballots cast at such special election shall be in the following form: The ballots in favor of voting said bonds shall read: For authorizing the Common Council of the Village of Buchanan to borrow \$50,000.00 upon the credit of said Village for the purpose of constructing a system of water works, with all appurtenances, in said Village. Those ballots opposed to said bonds shall read: Against authorizing the Common Council of the Village of Buchanan to borrow \$50,000.00, upon the credit of said Village, for the purpose of constructing a system of water works, with all appurtenances, in said Village.

Resolved, That the Clerk of said Village cause the notice of the passage and adoption of the foregoing resolutions by the Common Council and of the special election provided for therein to be given by posting six copies thereof in public places, and by causing the same to be published two full weeks; that is, three (3) insertions in the Buchanan Record of said Village. The foregoing resolutions having received a majority of the votes of the Common Council of the Village of Buchanan are declared adopted.
August 27, 1891.

WM. R. ROBERT,
President of the Village of Buchanan.
Clerk of the Village of Buchanan.

THE regular monthly meeting of the Common Council was held in the Council chamber, Tuesday evening. A petition was received from citizens living on Short street, asking for some improvement on that street; referred to the street committee. Another from three of the property owners on the west side of Portage street, between Chicago and Port streets, asking a reconsideration of the order for the sidewalk along that street. This was laid upon the table and Mrs. Mathews granted thirty days extension of time in which to build her portion of the walk. The committee on streets have been trying to do business with a man named Braunsdorf, in South Bend, regarding the construction of the culvert over the creek, on Day's avenue. He has commenced his work, and now neglects to attend to any communication sent him, either by telephone, letter or otherwise, and on motion of Mr. Richards, it was ordered that all of his papers, plans, specifications and letters be returned to him, and that no further business be attempted with him. Mr. V. M. Gore was employed as assistant attorney to act with Mr. Worthington in village business. The question of a new special election was discussed, and Mr. Gore instructed to draft a legal call for the same, asking for a vote upon the issue of \$50,000, in 10-20 bonds, that is, bonds which may run 20 years, but which may be paid by the village at any time after 10 years, and drawing interest at the four per cent per annum, payable semi-annually. A petition was received asking for a street lamp at the corner of Detroit and Third streets, which was granted, and the street commissioner ordered to erect the lamp. Bills for the work of the past month were allowed and ordered paid.

On Tuesday, the Niles Star contained the following communication, signed Citizen:
Last night three or four peaceable young men came here from Buchanan to attend the show. A lot of hoodlums set after them, and they had to call on the deputy-sheriff and marshal for protection. The other company that came from the most of the way home. This is an outrage that should be punished, and every citizen of Niles should see that such things should not occur again.

That was the second performance of that kind that has occurred in Niles within the past two weeks.

The twin cities at the mouth of the river are not enjoying at all the prosperity in the county. Niles and Buchanan are "in it." The former town has a new saloon and the latter boasts the arrival of a peripatetic photograph wagon.—B. S. Era.

Peripatetic is a good word.
