DEPUTY SHERIFF BLAKE picked up Jim Dempsey Tuesday for being drunk and disorderly, and started for the cooler with him, but Jim made good promises and was let go. Jim was pretty mad the balance of the day, but made less a nuisance of himself.

THE planet Jupiter has swung around so near to this mundane sphere, that on a clear evening her four moons may be plainly seen by means of an ordinary field glass. A few in this place have been taking advantage of this and are studying astronomy on a small scale.

MORE hitching room is needed in Buchanan. The available room was all filled, Saturday, and there was considerable complaint that sufficient room could not be found. One party went home because no hitching room could be found near the business part of town.

A special meeting of the Common Council was held Monday forenoon, but nothing done. Another meeting followed in the evening, at which Abiel Hathaway was elected village treasurer and Wm. Osborn assessor, in place of Chas. Pears, resigned, who held both offices.

WM. WELCH's family expect to leave to-morrow for Argos, Ind., where he has established in business. They have sold their home on Berrien street to a Mr. Yost. They have been at home in Buchanan a long time and will be missed by all.

HENRY BESWICK, a workman on the new paper mill in Niles, fell from the top of the building, about thirty-five feet, in the mud in the bottom of the flume, yesterday morning, striking on a joist about two-thirds of the way down. No bones were broken, but he was quite badly shaken up.

THERE seems to be a misunderstanding about the loss of the buggy, while coming from the fair at Berrien Springs. Charley Hoffman says it was Al. Pierce who lost the buggy, and Mr. Pierce says it to Mr. Hoffman. That lets us out, and we shall let them decide for themselves.

THERE is to be a school at the Indian settlement near here presided over by a teacher from Lawrence, Kansas. It will probably commence week after next. A number of pupils from Custar, Mich., will attend.—Waterfall Record.

HON. THOMAS MARS tells the Niles Sun the following story:

"Mr. Isaac Light, superintendent of the County farm, last spring sprayed the trees in the county farm orchard, an orchard that has not yielded a good crop of apples in twenty years, and but few apples any one year in that time. This year, beyond doubt the result of spraying, the trees in this old heretofore worthless orchard are literally loaded down with fine, healthy looking apples. Mr. Henry S. Robinson tried the experiment last spring of spraying one side of a plum tree. The side that was sprayed is filled with nice, luscious plums, and the side that was not sprayed is yielding very little fruit, and this of a very poor quality, knotty and wormy."

MR. JACOB WELAND, of Riverside, while digging a well on his farm last Saturday, unearthed several pieces of wood about four inches in diameter which bore unmistakable evidence of having been gnawed from the limbs of a tree by beavers. The wood had doubtless lain in the ground many years.—B.H. Palladium.

She will arrive this evening, and will after this be ready to please all our old customers and as many new ones as will be pleased to give us a call. KOMPASS, STONE & STOLL of this place, through Carmi Smith of Niles, will furnish the tables for the new depot for the Michigan Central in Niles and while the building and all its furnishings are supposed to be of the finest, the tables bought in Buchanan will be fully up to the standard, as they finish their tables as nicely as any one's piano. They are shipping a large lot of tables to Cleveland, St. Louis and Chicago markets this week, and are having all the work they can do in the room at their command, which they expect to increase shortly. A new sticking machine of the best pattern has been ordered, and will soon be in position in their room, now occupied by the windmill works.

THERE is one evil which is perhaps no worse in Buchanan than elsewhere, and that is the looseness with which parents manage to keep their children in school. The grades in all such schools are so arranged that each pupil has all he can do every day, and parents should manage to keep their children there, but instead of doing so every outside attraction is allowed to interfere, and the child is allowed to go at all times and in all directions, regardless of school work, and when time for promotion or graduation arrives, these same parents raise the roof if their child do not pass. Do wagiac fair, last week, took a number from nearly every department of Buchanan schools and spoiled two days' work for each absent pupil and nothing is gained in its place. There is likely to be some sorely disappointed people in this district next June, as it is the policy of present management to allow no more delinquents to pass.
