MR. J. J. ROE left last week for Larned, Kansas, to begin his Evangelistic work. Mrs. ROE accompanied him and expects to remain until his return.

EAU CLAIRE people think that to be just the place for the county seat, and Dennis Murphy offers to give five acres of land for the site, and it is not in a swampy either. We might as well talk about it at Eau Claire as anywhere. The fact is it is not going anywhere this spring, A. D. 1892.

SEVEN of the young ladies at the county capital gave a leap year ball Friday evening, that attracted company from both ends of the county.

THE contract for water works for the city of St. Joseph has been signed, sealed and delivered, and the next thing will be the works themselves.

CAPT. W. A. BOSWELL, of Benton Harbor, has been appointed deputy game warden for this county, in place of Colby who resigned a few weeks since.

NILES has a cooking club, founded by the young ladies of the town. Nothing could be more commendable. They meet and feast upon each other's cooking.

THE Walter Ransdell house, on Terre Coupe Prairie, near New Carlisle, was burned Saturday. The loss was estimated at \$2,500, or more, and no insurance.

NORTHERN Berrien County Agricultural Society starts into renewed existence with \$97.13 in the treasury, elected new officers and is going to try to live again.

THERE was another kerosene lamp explosion in Hotel Benton, Thursday night, which reminds one of the wonderfully brilliant legislature the Democratic party gave us.

STEAMERS which were sent to Grand Haven instead of St. Joseph, on account of the shallow water at the mouth of St. Joseph harbor, have been returned to the St. Joseph-Milwaukee line.

WILL U. MARTIN will be Buchanan on or about January 25, 1892, for his regular trip tuning and repairing pianos and organs. Orders for him may be left at Morris' Fair, or address by mail.

FRANK SEARIS filled up with budge last evening and proceeded to whip the Jones family stable forer. He met Mr. Jones the first thing, and did not go farther in the whipping, but is laid up to day for repairs.

BERRIEN county still stays at the front with twenty-two divorce cases on the calendar for this term of Circuit Court. The calendar contains 11 criminal cases, 17 issues of fact for a jury, 21 for the court, and 39 chancery cases.

WHEN you want some fun in Berrien county, all you have to do is to touch the trigger that holds the county seat bait. It will start up the animals at a more lively rate than anything else yet discovered, and do the least harm.

LIST of letters remaining uncalled for in the post-office at Buchanan, Mich., for the week ending Jan. 18, 1892: Miss Mary Harte, Mrs. Samuel O. Ecker, Mrs. Fannie Miller (card), Al Mitchell (drop), Mrs. Ella B. Williams. Call for letters advertised.

JOHN GRAHAM, P. M.

A good bunch of barn manure thrown about your peach trees, on top of the deep snow, may tend to give you a crop of peaches. The mulch must be deep enough to hold the snow from melting until late in the spring, thus keeping the trees from budding too early. Try it.

THE Press says another daily paper, which shall make a business of agitating similar pure democratic principles, is talked of in St. Joseph. Some people have an idea that all that people have an idea that all that is necessary to the success of a newspaper is a lot of type and a hand press, with the addition of a few principles.

THE annual election of the Farmers' Mutual Fire Insurance Company of Berrien county will be held in the village of Buchanan, on Saturday, Feb. 6, 1892, at 2 o'clock p. m., at which time there is to be elected a President for one year, a Secretary for one year and four Directors for three years each.

FRANK A. STRYKER, Sec.

The fire company was called out Monday by a small blaze in the roof of Treat Bros. & Co.'s bakery. It was stopped without much trouble or damage. A couple of small fire extinguishers are almost a necessary addition to our fire fighting appliances for such fires. They don't cost much and are awfully handy.

TUESDAY night was about the coldest thus far this year. The day was quite comfortable until dusk, when the mercury began to fall rapidly and ran down to eight below as shown by the Berrien's registering thermometer. Monroe Ingersoll reports eight below at his place early in the evening. As the coldest part of the night was about midnight, there must have been much colder weather there than here.

A DAYTON correspondent announces a pleasant surprise party at Mr. Burrus' last Friday evening, not mentioning which Mr. Burrus, and since there are at least four branches of the Burrus family in that immediate vicinity, the readers are left in doubt.

GEO. F. COMINGS, of St. Joseph, has been selected to represent the horticultural interests of Michigan, at the meeting of the Inter-state Horticultural society in Jackson, Miss., and has been invited to read a paper on peach growing in Michigan. Mr. Comings is as well equipped to do full justice to his assignment as any man in the county.

THE Rev. Jas. G. Inglis, of the Woodlawn Park Presbyterian church, Chicago, will speak in the Presbyterian church in this place, on Friday evening of this week. Mr. Inglis is a speaker of rare ability and power, and the people of Buchanan should not fail to hear him. All invited, especially business men and young people.

F. N. PRATT, for many years a citizen of this place, died at his home on Detroit street, at four o'clock this morning, of pneumonia following the grippe, aged 61 years. He leaves a widow, also quite sick, one son, Will in Chicago, and one daughter, Mrs. C. O. Hamilton of this place. The funeral services will be held in the Presbyterian church, at 10 o'clock Sunday morning.

It was reported in the state papers Saturday that Henry Edick, of St. Joseph, had died at the home of his son, in Crystal Lake, Iowa, at the advanced age of 102 years. He had lived with his daughter in St. Joseph up to the time of his one hundred and first birthday, when he went to Iowa and had remained there ever since. The Palladium says word was received there Saturday that Mr. Edick was still alive.

THE Alphas C. L. S. C. will meet at the home of Mrs. Levi Redden, Monday, 2 p. m., Jan. 25, 1892. History—King William's War, Queen Anna's War, King George's War, Mrs. Weaver, American Commonwealth. The absence of a Capital, Miss Samson. American Oratory, Mrs. Redden. The story of the Constitution to the bottom of 20th page, Mrs. Johnson. Questions in Nov. Chautauquan—Chili, Mrs. Dodd.

PROF. SWAIN has received notice from J. M. B. Sil, Principal of the State Normal school, that Buchanan school has been placed on the list of approved schools, and graduates of Buchanan schools may enter there without further examination, at any time within thirty months after their graduation. As this notice comes without solicitation, it is considered by those interested as highly complimentary.

ED. POWERS, colored, and Ed. McCormick, of Niles, had a prize fight Friday night. The mill was advertised to take place in G. A. R. hall, but the Mayor stopped it, and they went to Bertrand with it. Both daily papers published detailed accounts of the performance, but no word of condemnation of the proceedings, or any recommendation that the participants be punished. It has not yet been fully determined whether the next entertainment shall be a dog fight or cock pit.

AT last the long needed, much wished for improvements are being made in Rough's opera house. The narrow arch at the front of the stage is being cut out and the stage made about six feet longer, new scenery provided, the floors scrubbed, the dressing rooms cleaned, and more being done to make the room tenable than has been done before in a number of years. These are improvements that have been sadly needed for a number of years, and when once made there will likely be a greater willingness among our citizens to give it their patronage.

EDMUND RECORD. The young ladies of Chikaming and Weesaw took advantage of the fine sleighing and its being leap year last Thursday evening. Four of them secured a team, and with the merry chime of bells and the chime of happy voices they started for the homes of their best fellows. Some of their bravery failed, however, when "Fido" met them with his fierce welcome, and they wanted brother to accompany them to the door. Music and crayon work composed the evening's entertainment.

PRINTERS' INK is probably one of the best special trade journals in the country, dealing in the specialty of newspaper advertising. There is not an issue put forth, however, which does not write down the fraternity of newspaper publishers as a crowd of infernal fools, from a business point of view, and nothing we have seen more thoroughly does so than the article on the editorial page of the January 13 issue, headed, "Publishers vs. Agents." If publishers do not learn lessons of wisdom from such articles, it is not in them to learn.

THERE is a careless practice in this place which ought to be stopped, and that is the practice of people in leaving their post-office boxes standing wide open, so that any and every one may handle their mail. Granting that Buchanan is the most strictly honorable place in the universe, and that the boxes have been allowed to remain in this condition for years and no case of robbery been known, it is better for all concerned to keep them closed and locked. To begin with the boxes are miserable affairs, but that does not argue that they should be left open.

THE case against Ras Hamilton was tried Tuesday, and resulted in his being found guilty. The jury took four hours to decide the case. His attorney will ask for a new trial. Will Hamilton, implicated in the same case, has pleaded guilty to the charge of assault and battery. This fracas occurred on a Saturday evening a few weeks since, when about twenty young boys, fifteen to eighteen years old, were out on a drunk. The fellow who furnished the boys with liquor needs as severe punishment as any one in the town at that time, but nothing has been done to cover him.

SLIGH RIDE.—The first leap year sleigh ride of the season was planned by a few of our High school young ladies and took place last Saturday afternoon, going to the farm home of Mr. and Mrs. Norman Nims, near Berrien Centre. A. C. Mathews volunteered his team and services, and enjoyed himself as well as the others. The party took along oysters, etc., but when they saw the bountiful spread prepared by Mrs. Nims they thought they would not have missed the oysters if they had not taken them along. The whole party vote the home of "Uncle Norman" and "Aunt Leasa" the best place in the county to go for a good time.

MRS. E. MURRAY has caused to be served upon Mayor Coolidge an injunction, restraining him from issuing the \$15,000 city bonds recently voted to raise money with which to buy manufacturing establishments. Both Niles dailies have decided the case in favor of the city, because the vote calling for the election was recorded as if they were for streets and bridges. When the hearing comes on the injunction case, it will be an easy matter to show where the city council appointed a committee to come over here and try to buy one of our factories, and that that committee reported in favor of making the purchase, and that the committee has been hanging around here two-thirds of the time ever since, more or less, trying to consummate the purchase, that it was plainly stated in the daily papers that this is what was to be made of the money. There is but little more question of the illegality of the whole performance than there is of the illegality of one man helping himself to another man's horse. It would seem that Niles ought to have profited by the failure of Benton Harbor to make the same thing work. Such work may be done by the unanimous consent of all, and it is difficult to get the unanimous consent of 4,000 people to an illegal act where there are so many lawyers in the lot wanting a job, as there are in Niles. The mayor of the city will most likely conclude that the best way to fight that injunction will be to not fight it.

THE Buchanan Record had better investigate the facts a little before talking too much about the expense of that special meeting of the Board of Supervisors. They agreed to pay half the expense of that meeting on account of their own dam project, and have not yet done so.

YOU are just as badly mistaken as is possible. There were two meetings held to discuss Benton Harbor dam matters, and our change of township boundary line. Buchanan paid the expense of the first meeting—\$150, raised by subscription in about one hour's solicitation. The Benton Harbor matters were not ready to present at that time, and they could not secure a special meeting so short a time before the June meeting without having our business, which failed to pass at the meeting we paid for, to be added. If Buchanan promised, as you claim, why did Seely McCormick and Dr. Bell assume the entire bill?

THE next entertainment in the People's Lecture Course will be by Miss Julia F. Lee, reader and impersonator, next Wednesday evening, January 27. Season tickets for the remaining three entertainments are being sold for sixty cents. Single tickets for one entertainment, 25 cents. Miss Lee has received the highest of recommendations. Ex-Congressman S. S. Cox, New York, says:

It is with infinite pleasure that I bear my testimony to the grace, skill and culture so admirably illustrated in the recitation of Miss Julia F. Lee. I had the satisfaction of hearing her in dramatic, pathetic and humorous recitations; it is hard to say in which she succeeds best. Her power of memory is exquisite, and her sensibility to the feelings of others gives to her expression the deepest sympathy. Having no acquaintance other than that of an evening of entertainment, I can only speak of the artist and not of the woman, who bears a reputation at once beautiful and good.

Tickets of either kind may be had at Lough's jewelry store, at M. E. Barmore's, or at the post-office.

QUEEN what ideas are propagated by the agitation of this county question. St. Joseph Press says:

Niles and Buchanan will of course go in to keep the county seat in the woods simply to prevent its coming to St. Joseph or Benton Harbor, knowing that it is useless to make a bid for it themselves.

And Niles people know beyond all doubt that the only reason Benton Harbor and St. Joseph had for opposing it before was to keep it from going to Niles.

Mortuary.

Buchanan lost another of her old residents in the death of Caleb C. Ingersoll, which occurred Monday, Jan. 18, 1892, at his home on Oak street, in this place. Mr. Ingersoll was born in Conroy, Ontario county, New York, September 28, 1799. When twelve years old he shipped as cabin boy on a schooner, on Lake Ontario, which was burned and the crew captured by the British and after being kept prisoner three months in an old hulk, was released, and walked to his home. He again shipped on Lake Ontario and followed the lake as cabin boy, owner and captain, until 1836, when he came West with the intention of going to Illinois, but bought 100 acres two miles west of Niles, and has ever since lived in this immediate vicinity. In 1836 he married Celinda Cary, with whom he lived until her death, in 1868. Was again married in 1875 to Jane A. Simmons, who survives him. To the first marriage were born ten children, four of whom are still living, Mrs. D. S. Dutton and Monroe Ingersoll of this place, Mrs. J. E. Barnes of Benton Harbor, and a daughter living in Illinois. Mr. Ingersoll held the office of postmaster in Buchanan for the term of four years, and of Indian agent five years. He became a member of the Masonic lodge at the age of twenty years, a special permit being required to admit him before being twenty-one years of age, making him perhaps the oldest member of that Order at the time of his death, in the state. The funeral services were conducted this afternoon from the M. E. church, under the auspices of Buchanan Lodge No. 68 of which he was a member.

MORRIS' THE FAIR.
DEALER IN
ALMOST EVERYTHING,
BUCHANAN, MICH.

A PETITION is to be opened asking the county to build a \$50,000 court house on the site of the present court building. We presume there are some interested parties who would rather have the people taxed to build a new court house than to let Niles do it for them. There's Bro. Holmes, of Buchanan, for instance. He would rather hump himself through the mud and over the hills to Berrien Springs, or run the risk of breaking his neck on the Valley railroad and pay his share of \$50,000 besides, than to allow Niles to build a court house here for the county. It ought to be plain to him that the more we thus expend the less we will have to induce Buchanan enterprises to move here.—Niles Recorder.

Really, now, would it not be as well to wait until you get out of the woods with your junction suits before you talk so boldly about building county seats and other liberalities?

OLD SOLDIERS.

In going through the store this morning we were astonished to find so many old soldiers. What we mean by old soldiers are goods that have been on hand a long time; so long they become familiar and say "Good Morning" as we pass by. Well, we just concluded to call them into line and ask them some questions:

First—We gave them the manual of arms: Shoulder Arms! Present Arms! Right Shoulder Shift! Carry Arms! Order Arms! Parade Rest!

Second—How long have you been here and where did you come from? All here that want to leave, hold up your right hand. What! None of you want to go? Why? "Well," they said, "this is a nice warm store, with plenty of water and matches; besides we have always been well treated here."

Well, we told them: "We have tried hard to sell you and make money, but it's no go. You are rusty and old style; you will have to make way for the young and new goods, so make up your mind to it, for go you must."

There is a row of Standard Prints which will now go at 8 cts. and Indigo Blues at 4 cts. Standard Twill Crash, 2 1/2 cts.

In Dress Goods stock: All-Wool double-fold Plaids will go for 30 cts., for they did not sell well at 50 cts. All-Wool 54-inch Ladies' Cloths, we let you go at 50 cts., although you ought to bring \$1.00. Plaid and Stripe Cotton Warp and Wool Filling Serges, 12 1/2 cts. Sold elsewhere for 25c.

In our Hosiery: A surplus of regular made, black, All-Wool Hosiery, all sizes, 5 to 9 inches, we let you go, two pair for 25 cts. You were out to sell at 25 cts. per pair.

We have cut the soldiers out in every department and out the price. As soon as the goods arrive we shall open and make a special sale of Table Linens and Napkins at a special price.

Take a look at our goods and prices. We don't charge anything for that. If you
