REV. FRANCIS E. DREW, aged 61 years, died at the home of his daughter in St. Joseph Friday. He had been a minister in the Methodist church seventy years. The remains of both were taken to Grand Rapids and buried in one grave.

SHOT.—While Harry Smith was at the top of an electric light pole, Saturday afternoon, helping put up wire, a couple of lads, named Batchelor and Deeno, were shooting with a small rifle using 22 caliber along the river bank below the light station, and one of the bullets struck Harry in the thigh just hard enough to cut through the skin, but not enough to retain the bullet in the flesh. It was purely accidental, and the boys did not know what they had done until two hours later.

FATALLY INJURED.—Yesterday afternoon John Holliday fell from the top of a windmill derrick, at Robert Covenay's, four miles north of this place. He was climbing the ladder with a ladle of melted babbitt metal in his hand, and just before climbing through the platform attempted to change the ladle to his other hand when his foot slipped and he fell to the ground, a distance of forty feet, and struck on his back. His left arm was broken between the elbow and shoulder so that the bone protruded from the flesh, besides being injured internally. He died this forenoon. He has carried an insurance in the Modern Woodmen Lodge several years, but forfeited it seven months since.
