THURSDAY, JUNE 7, 1894.

Bay City Republicans are making a determined effort to secure the state convention for that city.

The Sugar Trust has won in the first round at Washington. What were our representatives in Congress sent there for?

Congressman Reed, of Maine, is giving expression to his views on the subject of silver. We would not object ourselves if our subscribers would circulate it little more freely.

The American Yacht Vigilant, now owned by Howard Gould, has sailed for England to meet the Valkyrie in English waters. It is hoped that she will show the Englishmen as clean a pair of heels as she showed last fall.

The Marcellus News accuses us of writing poetry. No, no, Bro. Davis, we may do a great many things that we ought not to do, but we never got quite so low as that. It was the other fellow who wrote it, we simply survived the shock.

Banker Henry Clews, of New York, has a scheme to stop gold exports. It is a proposition for an international note currency. In other words the four great nations to combine in a \$400,000,000 issue of international notes, each nation to issue \$100,000,000, but all four to be mutually and equally responsible. This scheme would make the notes even more desirable than the gold, and also provide a substitute for gold in settling balances between nations. The scheme is worth serious consideration.

NEW TROY.

From our Regular Correspondent. June 4, 1894. The Brethren or Dunkards celebrated their annual feet washing at their church here Saturday and Sunday. Ten converts were baptised in the Galien.

The Macobees is starting a new lodge here with about 20 members and have rented English's Hall. They have some difficulty in getting the goat up stairs. Dr. Sober, of Hill's Corners, is the examining physician. He will throw out one or two on account of heaves and spring halt.

The frosts killed most of the strawberries, around New Troy, and about half and perhaps more of the raspberries. Some parties here who had two or three acres will not ship a case of strawberries. Also hurt the rye some, and a good deal of corn was planted over.

The Saints or Mormon church is plastered, and now for another festival. I wish they would get up one for the

ADDITIONAL LOCALS.

The Problem Solved.

The mooted question of furnishing the unemployed of Buchanan with work has been solved. Last Thursday Herb. Hanover was anxious to work, in fact he was pining for something to do, as he had done nothing in the way of work since he caught for the victorious base ball boys of the day before. He mentioned the fact to Mr. A. L. Green, who is here in the employ of the Electric Company of Detroit. Green thereupon offered him \$1.00 if he would come to his place, on Day's avenue and turn a grind-stone the next day for 10 hours, from 7 o'clock until 6 with an hour for dinner. The agreement was that the grind-stone should be placed in the front yard and simply turned. Hanover in his insatiable desire for work accepted the offer, and then found a couple of friends who knew his fondness for work so well, that they were willing to bet that he would not stick to it. Hanover was promptly on hand at 7 o'clock Friday morning, and commenced work as per contract. He had an number of callers during the day who were volunteering suggestions as to how the work should be done. At the window of the house one of the members of the family "kept tabs" on Hanover. At 6 p. m. Hanover finished his contract amid the plaudits of the assembled multitude, as it were. He says that the next time he sees a grind-stone he is going to start for Washington and join Coxe's army.

GALIEN.

From our Regular Correspondent.

The graduating exercises at the M. E. church, Friday evening, tested the standing as well as seating capacity of the church. Every item in the program proved to be one of great merit, and everyone participating acquitted themselves with much honor to themselves and their friends. The graduates, Misses Mattie Rees and Dora Babcock and Stanley A. Clark, deserve much credit for their meritorious productions and the mastery way in which they were delivered. The little Misses Etha Prince and Hazel Harris did their part very well, and carried many beautiful flowers and costly presents to the graduates from their friends. The whole affair reflects much credit on Prof. Milham and his management.

The graduating class of Buchanan attended the commencement exercises here, Friday evening, and although their conveyance was taken for a feather renovator by our citizens, it didn't detract from the gaiety of the crowd or make them less welcome when their identity became known.

Miss Jessie Milham, of Galesburg, spent last week with her brother, Prof. Milham.

Mr. and Mrs. W. A. Endley, of Walkerton, are visiting Mrs. Ruth A. Jones.

Mrs. Ida Baker, of Chicago, is visiting with Mrs. Mary J. Babcock.

Decorations Day was observed here, as usual, with appropriate exercises. In the morning the procession moved to Weesaw cemetery, where the graves of the dead heroes were strewn with flowers. In the afternoon the line was formed, consisting of the band, school children, veterans and citizens, after which they marched to the grove where an excellent program was carried out, composed of music by the band, M. E. male quartette, and an oration by Prin. W. M. Milham. The oration certainly deserves much praise, and was one of the finest ever delivered at this place. Considering the fact that it was Mr. Milham's maiden effort, the people have reason to expect much from this rising young man in the future. The day closed with the decoration of the graves at the Galien cemetery.

An interesting game of ball was played at the ball grounds, Wednesday afternoon, between two picked nines of this place. If the boys should leave out their swearing and prohibit fighting on the grounds, it would prove more interesting to many.

OBITUARY.

Wm. Brewer was born in New York state Oct. 9, 1815, and died in Galien, Mich., May 24, 1894, aged 78 years, 7 months and 15 days. He came to Washtenaw Co., Mich., in 1825; was married to Elsie McMath, in Adrian, Oct. 10, 1837, who departed this life, June 5, 1840. He was married to Almira Dutton, Feb. 13, 1850. He was converted under the preaching of Rev. Leonard Gurley, and united with the M. E. church when fifteen years old of which he has remained a faithful and constant member, until death claimed him. He was a patient sufferer for several months, and fully prepared for a triumphant entrance into a glorious mansion awaiting the faithful followers of Christ. He leaves an affectionate companion, two sons and a daughter to mourn their loss, but they mourn not as those without hope. He was a kind and loving father, and our loss is his eternal gain. The funeral services were held at the M. E. church, May 27, conducted by Rev. C. P. Birdsey, and interment took place at Niles.

BERRIEN CENTRE.

From our Regular Correspondent.

June 6, 1894.

If desire is prayer, then many are praying, earnestly praying for the good time to come when winter winds give way to summer breezes.

Tramps are numerous, and are on a strike for better quarters and more grub.

If all the highways in Berrien county are thronged today like the one leading from Berrien Centre to Berrien Springs, the old settlers' picnic will be immense.

Mr. J. A. Becker, of this village, is adding to the attractions of his pretty home here by erecting an ornamental fence around his premises.

After an absence of three years at Fair Plain and one year at Niles, Mr. A. C. Palmer has returned to Berrien Centre to make it his permanent home. Mr. Palmer broke ground yesterday for his new dwelling to be erected as speedily as possible.

Mrs. John P. Michael, daughter of the late Charles S. Brownell, was unable to attend her father's funeral, and is very feebly yet.

Mrs. Samuel Z. Waltz has been on the sick list for a number of days.

Mr. J. L. Bishop, Supervisor, and Mr. Zera O. Webster, Clerk of Berrien township, are numbering the people.

Mr. W. P. Harmon went to Warsaw Monday in charge of the remains of his father, who died at his home in Berrien Springs, Sunday night. The deceased was an honored and respected citizen for many years.

BERRIEN CENTRE, Mich., May 2, 1894.

Your committee, to whom was referred the expression of sorrow of Geo. G. Mead Post at the death of Comrade Chas. S. Brownell, respectfully submit the following:

WHEREAS, It has pleased the Supreme Ruler of the Universe who has in His wisdom seen fit to remove from our midst our worthy Comrade, Chas. S. Brownell. Therefore be it

Resolved, That while we regret the death of our Comrade, we bow in humble submission to the will of Him who doeth all things well, and whose chastisements are tempered with mercy;

Resolved, That we tender the family and friends the heart-felt sympathy of the Post, and commend them to Him who does not willingly afflict his children;

Resolved, That a copy of these resolutions be presented to the family of our departed Comrade, and the same be spread upon the records of this Post, and in token of our sorrow the Charter of our Post be draped in mourning for the period of thirty days, and a copy sent to the county press for publication.

BENTON HARBOR.

From our Regular Correspondent.

This city had a smallpox scare last week.

The Keeley Institute has been moved to the corner of Cherry and Pipe-stone Sts.

John Teetzel, an old resident, died at the home of his son, May 29th. He was 77 years old.

Some of the older firemen of the city are to be retired from active service as honorary members.

Attorney Victor M. Gore's address on Memorial day is spoken of very highly.

Edson Stone, formerly of Buchanan, is now a full-fledged policeman of this city.

Mr. Hakton, of Empire Ave., fell twenty-five feet from a lumber pile, a few days since, striking on his head. After many hours of unconsciousness, he is now recovering.

Nearly every one has laughed over Palmer Cox' "Brownies". He has now arranged them into an entertainment called "Brownies in Fairy Land." It will be given under the auspices of the M. E. church, June 12 and 13.

The steamer May Graham made her first trip up the river last Wednesday.

The ladies of the M. E. church gave a New England supper and Experience social at Conkley's Hall, last Tuesday evening.

People are complaining of the tramp nuisance. Benton Harbor should adopt Buchanan's method of dealing with them.

Work on the M. E. church is progressing finely. The additions made will increase the seating capacity about four hundred.
